

Learn about your life insurance options upon retirement

Life insurance in retirement

Retirement brings many decisions and choices that can seem overwhelming. Your family's financial security is important and your group life insurance policy is an important part of your plan.

What coverage is available?

Retirees

As of January 1, 1995, State retirees who retire directly from State service may:

- Continue life insurance at the same coverage level, subject to the age reduction schedule
- Reduce life insurance coverage to a minimum of \$10,000, also subject to the age reduction schedule
- Convert coverage to an individual policy
- Cancel life insurance coverage

You cannot add new dependents or increase your life insurance coverage upon retirement or at any time after retirement. If you reduce or cancel life insurance coverage, you will not be able to increase coverage or re-enroll in the State Life Insurance plan.

Dependents

You may continue, reduce, or cancel your dependent life insurance coverage for your spouse and/or child(ren) who were covered under the life insurance plan while you were an active employee.

A dependent's life insurance can never exceed half of your life insurance coverage amount. Dependents of a deceased retiree can only continue life insurance coverage through a conversion policy.

Make sure your beneficiaries are up-to-date!

By naming a beneficiary, you are able to ensure that your life insurance benefit is passed on to those you want to help the most. Events such as marriage, birth/adoption of children, divorce, or death may dramatically change the intent of how you would want your life insurance benefit paid.

Reduction of benefits

Life insurance benefits for you and your dependents will reduce automatically based on your age.

New retirees who are at least 65 at the time of retirement, and their covered dependents, have an immediate reduction of benefits at the time of their retirement. The premiums are based on the reduced level of coverage and the current age bracket of each covered member.

The benefit amount lost at the time of the reduction can be continued by converting within 31 days of the reduction of coverage by calling Securian at **1-866-883-3514**. The reduction schedule is as follows:

Retiree Age	Benefits reduce to
65	65% of your original amount
70	45% of your original amount
75	30% of your original amount
80	20% of your original amount
