Agency Maintenance

An agency's ongoing, preventive maintenance should be reported and requested in the agency's budget submission under the appropriate Comptroller Object code. Higher education institutions should include all facility-related projects in their budget requests since these projects and funds are not administered by the Department of General Services (DGS).

DGS Administered Maintenance

Operating maintenance projects administered by DGS should not be included in an agency's budget request submission. All agency operating maintenance needs should be coordinated directly with DGS prior to the submission. All new or additional operating maintenance projects to be considered for funding should be sent directly to DGS at the address below. Your assigned DBM budget analyst, in conjunction with DGS, will review these projects. If you have any questions, please contact:
