## MISSION

The Office of People's Counsel (OPC) strives to provide effective and zealous representation for Maryland's residential utility customers. It is our mission to identify systemic issues that impact customers and pursue solutions that promote innovation, safety, and reliability of utility services at the lowest possible cost, considering the public safety, economic welfare, and environmental interests of the State and its residents, including the State's progress toward meeting its greenhouse gas emissions reductions goals. OPC is committed to educating residential consumers on issues pertinent to their utility services and changes in the energy markets.

## VISION

Maryland's utilities perform superlatively, providing monopoly services and facilitating competitive markets that produce innovation, low prices, and environmental benefits for Maryland's residential customers who have the education and resources to take advantage of those services.
