## Competitive Grants Summary

To support the General Assembly's goal to promote the pursuit of funding opportunities that align with State priorities, the Department of Budget and Management has prepared a comprehensive report that summarizes all competitive grant opportunities pursued by the State from the Infrastructure Investment and Jobs Act (IIJA) and Inflation Reduction Act (IRA). The State will provide quarterly updates.

The report contains a list of agencies that pursued competitive funds from IIJA and IRA along with the status of the application, and any State match that is required. Information is presented in two ways: by the State Agency, to provide insight into how each agency has pursued funding and by Funding Source.

Please note, estimated state match amounts are reported based on the federal amount requested or awarded by each State Agency. For example, if a State Agency is required to contribute \$30,000 for a \$300,000 federal award, the state match is reported as 10% of the federal award.
