Dear President Ferguson and Speaker Jones:

Pursuant to Chapter 39 of the Acts of 2021 (The Relief Act of 2021), the Department of Budget and Management (DBM) is required to prepare a bi-weekly report on the 33 programs funded through the Recovery Now Fund. Appendix 1 provides a listing of all the programs and a summary of the activity that has been undertaken by the relevant agency in the last two weeks on each program.

The Department of Budget and Management would like to share a couple of funding highlights from the last two weeks:

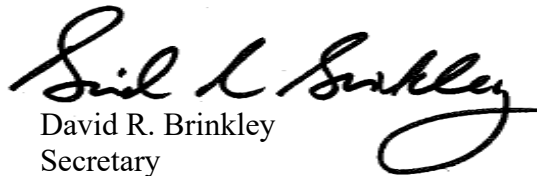

- The Comptroller processed \$1,000 payments to 27,181 individuals identified by the Department of Labor whose claim for unemployment benefits is pending a determination of eligibility and has been in adjudication for at least 30 days.
- DBM and the Comptroller's Office have processed the Disparity Grant Payments to Prince George's, Wicomico, and Dorchester counties. The funding, which totals \$5 million across the three counties, should be received in the next few days.

DBM is working with the Department of Information Technology to create a Recovery Now website. We are hopeful that this website will be operational prior to our next report submission of March 24, 2021. The website will include a summary page describing every program. This summary page will include information from each agency about where program funding stands. Information will also include detail about the number of recipients (individuals or businesses) served by the funding. Where possible this information will be provided at the zip code or county level.

The Honorable Bill Ferguson
The Honorable Adrienne A. Jones
