 - Commerce alerted the counties on April 1, 2021, that the Department will allow the use of a portion of each grant to cover *new* expenses incurred by their jurisdiction as a direct result of administering the grant programs. No more than 10% of grant funds may be used to pay for administrative costs. And the administrative costs paid from grant funds must be itemized in the final report submitted to Commerce describing the use of grant funds.

May 5 - Programmatic and/or Implementation Issues:

- Ensure local jurisdictions prioritize applicants who have not received State/MEDAAF funding.
- Some counties have not completed distribution of previously released funds. These funds must be allocated prior to receiving this grant program's funding. If there is a possibility that there are remaining funds, they can be rolled over into this grant program.
