Wellness Plan 2020

Health Benefits
Putting the pieces together to improve your health.
2020 State of Maryland Health and Wellness Program

Sharecare
Effective 1/1/2020, you must register with Sharecare, Inc.* to access your wellness program. Log in to your Sharecare account today to start earning. If you don’t already have a Sharecare account, visit carefirst.com/statemd and log in to My Account. Click Start here in the wellness program pop-up message. You’ll need to enter your CareFirst My Account username and password and complete the one-time registration with Sharecare.

Who is eligible
Employees, non-Medicare eligible retirees, and non-Medicare eligible spouses enrolled in the CareFirst BlueCross BlueShield (CareFirst) health plan can take advantage of the wellness program.

You can earn two rewards
If you completed any wellness activity in 2019, like choosing a primary care provider (PCP), completing an assessment or getting a health screening, it is carried over to 2020. Any incentive earned in 2019 (PCP copay waiver, specialist copay reduction or both) will stay in effect until 12/31/2020.

1. To earn free PCP visits you must:
   - Select a PCP and
   - Complete the RealAge® test (an online health assessment that helps you determine the age of your body compared to your calendar age).

2. To earn a $5 reduction to your specialist copay, complete one of the recommended screenings listed at carefirst.com/statemd-screenings.
   - The $5 reduction to your specialist copay will be activated after CareFirst receives a verified paid claim. The claim must meet certain requirements, including having gone through the CareFirst claims review process and having been paid. CareFirst will update your Sharecare account to show the $5 copay reduction has been granted. The entire process may take up to 45 days.

This wellness program is administered by Sharecare, Inc. an independent company that provides health improvement management services to CareFirst members. Sharecare, Inc. does not provide CareFirst BlueCross BlueShield products or services and is solely responsible for the health improvement management services it provides.
CareFirst Video Visit
See a doctor 24/7

When your PCP isn't available, CareFirst Video Visit allows you to securely connect with a doctor* whenever and wherever you want on a smartphone, tablet or computer. The copay for the video visit is waived once wellness activities are completed. If the wellness activities are not completed, you will be charged the PCP visit copay.

Get treatment for common health issues
CareFirst Video Visit is intended for the treatment of uncomplicated, non-emergency** health concerns including, but not limited to:

- Bronchitis
- Cough/sore throat
- Sinus infection
- Diarrhea
- Fever
- Pinkeye
- Cold/flu
- Respiratory infection

Video Visit doctors provide consultation, diagnosis and even prescriptions (when available and appropriate). They are all U.S. board-certified, licensed, credentialed and have profiles so you can see their education and practice experience. Register today so you’ll be ready when you want to visit. There are two easy ways:

1. Visit carefirstvideovisit.com or
2. Download the CareFirst Video Visit app from your favorite app store

Schedule visits for additional services
You can also schedule visits for additional services:

- Therapy/Psychiatry—Talk with a therapist or psychiatrist for help managing mental health issues including anxiety, depression and grief.
- Diet/Nutrition—Connect with a registered dietitian to get support with dietary and nutrition needs, from weight loss to food allergies and more.
- Breastfeeding Support—Speak with a lactation consultant who can advise you on breastfeeding topics like latching issues, milk supply and others.

The cost for these services varies based on your benefits, but your specific cost information will be shown to you before your visit begins.

Register today so you’ll be ready when you need care! Visit carefirstvideovisit.com or download the CareFirst Video Visit app from your favorite app store.

* The doctors accessed via this website are independent providers making their own medical determinations and are not employed by CareFirst. CareFirst does not direct the action of participating providers or provide medical advice.

**In the case of a life-threatening emergency, you should always call 911 or your local emergency services. CareFirst Video Visit does not replace these services.
Mental Health Support
Well-being for mind and body

Living your best life involves good physical and mental health. Emotional well-being is important at every stage in life, from adolescence through adulthood.

It’s common to face some form of mental health challenge during your life. CareFirst is here to help. Our support team includes specially trained service representatives, registered nurses, clinical social workers and licensed behavioral health specialists who, based on your individual needs, will:

- Help you find the right mental health provider(s) and schedule appointments
- Connect you with a care coordinator who will work with your doctor to create a tailored action plan
- Find support groups and resources to help you stay on track

When mental health difficulties arise for you or a loved one, remember you are not alone. Help is available and feeling better is possible.

CareFirst members have access to specialized services and programs for depression, anxiety, drug or alcohol dependence, eating disorders, and other mental health conditions.

If you are in crisis, help is available 24/7 at 800-245-7013.

If you or someone close to you needs support or help making an appointment, call our support team at 800-245-7013, Monday-Friday 8 a.m.–6 p.m. ET. Or for more information, visit carefirst.com/mentalhealth.
Health Coaching
Partnering with a health coach gives you personalized support

Available only to individuals with active CareFirst medical insurance coverage.

What is a health coach?
Sharecare health coaches are registered nurses and trained professionals who can help you understand your health status and provide motivating support over the phone to help you achieve well-being goals. They include exercise specialists, health teachers and diet and nutrition experts.

How can health coaching help?
A health coach can help you create a customized plan to reach goals like:

- Getting and staying active.
- Eating a healthy, nutritious diet.
- Managing stress.
- Staying on track with your doctor’s plan.

Who can work with a health coach?
If your RealAge test results and claims information indicate you could benefit from support or education on improving your well-being, and you haven’t already signed up for health coaching, you may receive a confidential phone call from a health coach inviting you to participate. All health coaching calls are voluntary and confidential.

How do I get started?
To take advantage of health coaching, you can take the first step by logging in to your Sharecare account. From the navigation bar, select Achieve. Next, select Rewards, then Blue Rewards Incentive Program. Select Take the RealAge Test.

To learn more about the coaching program, or to join, call 877-260-3253 and press option 7. On the first call, you will be asked questions to confirm your identity, ensuring your information is secure and confidential. Then, you will hear more about the program and get answers to your questions. Based on your schedule and availability, we’ll set an appointment for your first call with your health coach. Calls will last about 15 minutes each and will be tailored to your needs.

What happens after I sign up?

Scale Back Program
Small changes for living well

Over 84 million Americans are at risk of developing type 2 diabetes\(^1\) in the next few years, and many don’t even realize it. But there is good news! Prevention programs like Scale Back have been shown to cut the risk of developing diabetes in half.

Scale Back is an interactive, phone-based lifestyle change program offered at no cost through Sharecare. Using a science-based diabetes prevention program developed by the Centers for Disease Control (CDC), Scale Back helps participants lose 5–10% of their body weight and significantly reduce the risk of developing type 2 diabetes and associated chronic diseases.

With Scale Back, you get a 12-month program consisting of:

- 26 interactive lessons
- Support and guidance from a personal health coach
- Tools and resources for your weight loss success—including a free digital scale
- Encouragement from fellow group members who, like you, are on a journey to better health

If you fully participate in two sessions over four weeks, you can receive a free Fitbit to help you easily track your physical activity, sleep patterns and more.

How can I participate?

Anyone who has either been identified as having prediabetes, or at risk of developing prediabetes (based on the online risk assessment) may be eligible to participate. To find out if you are at risk and eligible for the program, take the online assessment by logging in to, or creating your account with, Sharecare at carefirst.com/sharecare. From the Achieve section, select Programs, then click Prevent Diabetes to begin the assessment.

If you’ve already been diagnosed with diabetes, you are not eligible to participate in this program, but we encourage you to receive additional support to help improve your overall well-being by enrolling in disease management coaching at 877-260-3253.

Program FAQs

How long is the program?

Scale Back is a year-long program focused on long-term changes and lasting results. Sessions are once a week in the first three months of the program, then transition to every two weeks, and eventually every four weeks, as the program progresses. There are 26 sessions in total. Each session is one hour long.

What are the program requirements?

In addition to attending class each week, we suggest that you do the following three things to help you be successful:

1. Weigh yourself using your new, digital scale at least once a week.
2. Log pictures of your food daily.
3. Log your physical activity at least once a week and, once you get your Fitbit, wear it! This will ensure that your daily physical activity is logged.

All this information will also be clearly explained by your coach when you start the program.

\(^1\) https://www.cdc.gov/diabetes/basics/prediabetes.html, accessed September 2019
What can I expect on my first day of the program?

On your first day, log in to your Sharecare account and click on Achieve, select Programs, then Prevent Diabetes to access Scale Back on your computer, or through the Sharecare Scale Back app on your mobile device. Select Start My Appointment to meet your registered dietitian lifestyle coach and fellow group members. Each group has between 5 and 20 participants.

You will be able to see and hear everyone on your screen, and you will be visible on theirs. You can share and ask questions via live video discussion or by typing a message into the chat box. If you don’t have internet access, you can call into the class with your cell phone or landline.

How do I communicate with my coach?

You will be able to interact live with your registered dietitian lifestyle coach each week during class. In between live group video sessions, you can message your coach using the mobile app or a computer.

You also will receive feedback in the form of comments in your food journal as you log your meals and snacks. You can respond to these messages anytime to maintain an ongoing discussion with your coach.

Is my privacy protected?

Yes, CareFirst has partnered with Sharecare, Inc. to provide you with well-being improvement resources. Both CareFirst and Sharecare are committed to protecting the confidentiality of your information. We do not share individual data with your employer and will never sell your data.

If you have any questions, please call Sharecare support at 877-260-3253.

This wellness program is administered by Sharecare, Inc. an independent company that provides health improvement management services to CareFirst members. Sharecare, Inc. does not provide CareFirst BlueCross BlueShield products or services and is solely responsible for the health improvement management services it provides.
Quitting Tobacco Takes Work...But You Can Do It
Improve your chance of success with Craving to Quit®

You don’t have to quit alone, you have support.
Tobacco use is the leading cause of preventable death and disease in the United States. But quitting can be easier than you think with Craving to Quit, the Sharecare tobacco cessation program. Using proven methods, including the Craving to Quit app, telephonic support and online education, the program has helped thousands of people successfully quit tobacco products for good. You can choose the support that works best for you, as well as when and how you prefer to receive it. This voluntary, confidential program is included with your health benefits and has no additional cost.

Discover the proven way to quit
The 21-day program is based on the practice of mindfulness—a state of heightened or complete awareness of one’s thoughts, emotions, and experiences—to teach participants how to recognize and avoid tobacco cravings and habits. Developed and tested in conjunction with leading research universities, the program will help you master techniques to control your cravings and change your smoking habits.

Achieve the tobacco-free life you want
Whether you’ve already experienced the struggle to quit and remain tobacco free or need a jump start, Craving to Quit uses the science of behavior change to help you approach and react to your tobacco cravings differently. You’ll also get encouragement from a supportive online community of people like you who are on the same journey toward living tobacco free.

In addition, you’ll have the opportunity to:
- Participate in the program using your smartphone, tablet or computer.
- Create a personal profile and meet other community members.
- Connect with certified tobacco cessation coaches via digital chat.
- Track cigarette usage and savings.
- Set quit goals with your Quit Pact.
- Receive support messages and helpful emails to reinforce the behavior change practices.

Begin your journey today
Log in to your Sharecare account and navigate to the Achieve section, select Programs, then click Stop Smoking.

Is my information protected?
Yes, CareFirst has partnered with Sharecare, Inc. to provide you with wellbeing improvement resources. Both CareFirst and Sharecare are committed to protecting the confidentiality of your information. We do not share individual data with your employer and will never sell your data. However, due to the public nature of Craving to Quit’s online community, the information you share on the forums can be seen by others. For further details, please see the privacy policy during registration.

Financial Wellness is a Key Factor in Your Overall Health
Start taking control of your financial fitness today

You can steer your financial destiny
When it comes to managing your finances and preparing for your financial future, it may be difficult to know if you’re on the right track. If you feel overwhelmed—you’re not alone. Sharecare Financial Well-Being™, powered by Dave Ramsey, is a comprehensive online learning program that shows you how to take small steps toward big improvements in your financial situation. Whether you want to stop living paycheck to paycheck, get out of debt, save for retirement, or send a child to college, Financial Well-Being can help.

What is financial wellness?
Financial wellness is an important part of your overall well-being. It’s not about how much money you make. It’s about having control over your money and making it work for you to achieve your goals.

Access tips for budgeting, saving, and more
Knowledge is power, and that’s especially true when it comes to solving financial issues. Explore a range of financial topics from debt consolidation and budgeting techniques to basic investing and planning for retirement. It’s convenient, easy-to-follow and it doesn’t cost you anything. You’ll get:

- **Online videos** in which financial expert Dave Ramsey breaks down proven financial strategies in step-by-step lessons
- **Practical advice** to help you take control over your money and make it work for you
- **More online tools** like interactive financial forms, a smart and secure budgeting tool, workbooks, quizzes, and audio clips of 4,000+ financial questions and answers

Log in and navigate to the Achieve section, select Programs, then click Financial Well-Being.
Quitting Tobacco Takes Work...But You Can Do It

Why should I participate?
Many people have concerns about their finances—financial stress can have a negative impact on your physical and emotional health. Financial Well-Being delivers practical advice with a positive impact, helping you make small, incremental changes that add up to big results. The average person saves money and pays off debt in the first three months of applying the program’s lessons.

You’ll find answers to questions like:
- How much should I keep in an emergency fund?
- How do I get out of debt?
- How can I teach my children good money habits?
- What’s the best way to finance a house? A car?
- What kind of insurance should I have?
- How much retirement savings do I need?

How long does it take to finish?
The program is self-guided, so you can go at your own pace. Most people complete the course in about 12 weeks. Because each lesson builds on the next, it’s best to go in order. After you complete the introduction, you will have access to all the topics.

Is my information protected?
Yes, CareFirst has partnered with Sharecare, Inc. to provide you with well-being improvement resources. Both CareFirst and Sharecare are committed to protecting the confidentiality of your information. We do not share individual data with your employer and will never sell your data. You’ll use a username and password to access the online program. Plus, the information you record for Financial Well-Being is as secure as any banking site.

If you have any questions, please call Sharecare support at 800-260-3253

This wellness program is administered by Sharecare, Inc., an independent company that provides health improvement management services to CareFirst members. Sharecare, Inc. does not provide CareFirst BlueCross BlueShield products or services and is solely responsible for the health improvement management services it provides.
Make the Call, Take the Call

You know that CareFirst provides your health benefits and processes claims, but that's not all we do. We're there for you at every step of care—and every stage, even when life throws you a curveball.

Whether you are faced with an unexpected medical emergency, managing an acute illness or mental health condition, we offer one-on-one support programs to help. You may receive a call from a nurse or care coordinator explaining the programs and inviting you to participate.

These programs are confidential and part of your medical benefit. They can also play a huge role in helping you through an illness or keeping you healthy. Once you decide to participate, you can choose how involved you want to be.

Here are a few examples of when we may contact you about these programs. We encourage you to take advantage of this personal support.
