Retiree Eligibility (hired prior to 7/1/11)

If employee's Hire Date is prior to 7/1/2011 and retirement directly follows State service with a Maryland State institution of higher education, will be eligible for health benefits if:

- has at least 5 years of creditable service; or
- ended at least age 57 with at least 10 years of creditable service;
- ended State service with at least 16 years of creditable service.

If employee's Hire Date is prior to 7/1/2011 but retirement does not directly follow State service with a Maryland State institution of higher education, will be eligible for health benefits if:

- ended State service with at least 25 years of creditable service.

Retiree Eligibility (hired on or after 7/1/11)

If employee's Hire Date is on or after 7/1/2011 and retirement directly follows service with a Maryland State institution of higher education will be eligible for health benefits if:

- ended at least age 57 with at least 10 years of creditable service; or
- ended State service with at least 25 years of creditable service.

If employee's Hire Date is on or after 7/1/2011 but retirement does not directly follow service with a Maryland State institution of higher education, will be eligible for health benefits if:

- ended State service with at least 25 years of creditable service.

Retiree/Dependent Eligibility

- Individuals who are not enrolled in Health Benefits as active employees still have the option to enroll as retirees as long as they meet the eligibility criteria.
- The same dependent eligibility criteria apply to retirees as well as active employees. See benefits guide for details.

How much Subsidy have you Earned?

State Subsidy

Maximum Subsidy Available if employee

- has at least 16 years of creditable service if hired prior to 7/1/2011 or 25 years of creditable service if hired after 7/1/2011.

Pro-Rated Subsidy if employee

- retirees with less than 16 years of creditable service if hired prior to 7/1/2011 or less than 25 years of creditable service if hired after 7/1/2011.

Dependent Subsidy if employee:

- retirees from a Maryland State institution of higher education must have 25 years of employment for a spouse and dependent children to receive the full state subsidy for health benefits.
There is no pro-rated health insurance subsidy for spouse and/or dependents. .

Calculating Pro-Rated Subsidy

Divide months of creditable service* by 192 months (16 years) if hired prior to 7/1/2011 or 300 months (25 years) if hired after 7/1/2011 (**retiree only**)

Example: (hired prior to 7/1/2011)

- 60 months (5 years) ÷ 192 months (16 years) = 0.3125
- 0.3125 (31.25%) of the maximum subsidy is what the State will pay toward benefits.

Retiree's monthly cost:

- 0.6875 (68.75%) of the maximum subsidy, **PLUS** the regular monthly retiree premium.

For estimates of premiums with pro-rated State subsidy, call the Employee Benefits Division

Retirement Options and Beneficiaries

- **Spouse (Opposite and Same Sex)**
 - Eligible dependents may continue the retiree's health insurance as long as they continue to receive a life time periodic distribution under the ORP.
 - Upon the death of an ORP retiree with 25 or more years of State service, the eligible dependents may continue coverage with the same subsidy.
 - Upon the death of an ORP retiree with less than 25 years of State service, the eligible dependents may continue coverage with **no subsidy**.

Plans Available to Retirees

- **Medical Plans (Behavioral Health/Vision included with Plan)**
 - CareFirst BlueCross BlueShield PPO & EPO
 - United Healthcare PPO & EPO
 - Kaiser Permanente IHM (non-Medicare only)
- **Prescription Plans**
 - Non-Medicare Eligible Retirees (Regular RX Plan)
- **Dental Plans**
 - United Concordia DPPO
 - Delta Dental DHMO
- **Term Life Insurance** - If enrolled at the time of retirement, continue or decrease coverage; may not enroll, increase or add coverage upon or after retirement. Coverage decreases starting at age 65 for retirees.

Plans NOT Available to Retirees

- **Flexible Spending Accounts** – Flexible spending accounts are not available to retirees. If you are enrolled in an FSA while an active employee, be sure to use your FSA dollars before retirement as expenses incurred after your last day worked are not eligible for reimbursement.
- **Accidental Death & Dismemberment Plan** - Can convert to a private policy with Minnesota Life within 30 days of ending active employment.

What is Medicare?

© Copyright 2018 State of Maryland. The information contained herein is subject to change without notice.

Medicare is...

Medicare is the federal program which acts as the primary insurer for eligible retirees and their dependents. The State medical plan acts as the secondary insurer for Medicare eligible individuals.

- If retired and Medicare eligible due to
 - Age (at age 65) or
 - Disability (at any age)
 - ESRD (End Stage Renal Disease)
- Parts A (hospital) & B (medical) are required for full coverage. ***Without Part B, member will be responsible for approximately 80% of claim costs that Part B would have covered.***
- Part D (prescription) is not required if enrolled in the State's EGWP prescription drug plan through 12/31/2018.

Medicare Parts A&B Enrollment

- Retiree should contact Social Security approximately 3 months prior to turning 65 to learn about enrolling in Medicare Parts A & B.
- Once enrolled, retiree and/or eligible dependents should contact EBD with Medicare Health Insurance Claim Number (HICN) along with the effective dates of both Medicare Parts A & B.
- Retiree group coverage is secondary to Medicare once you are eligible for Medicare coverage, due to age or disability, whether or not you are actually enrolled in Medicare Part B.
- There is a penalty for late enrollment of 10% for every 12 months the retiree delays enrollment in Medicare Part B past their date of eligibility.

Initial Enrollment Period (Medicare Part B)

The Initial Enrollment Period (IEP) for Medicare Part B is a seven month period for Medicare enrollment due to reaching age 65 as follows:

- If you reach age 65 on the 1st day of the month- Medicare eligibility begins the 1st day of the previous month.
- If you reach age 65 on the 2nd day through the last day of the month- Medicare eligibility begins the 1st day of the month you turn 65.

Initial Enrollment Period (Medicare Part B)

The Initial Enrollment Period (IEP) for Medicare Part B is a seven month period reaching age 65 as follows:

Month You Enroll	Month Part B Coverage Begins
1 st month	1 st day of month you reach age 65
2 nd month	1 st day of month you reach age 65
3 rd month	1 st day of month you reach age 65
4th (birthday) month	1st day of following month (1-month delay)
5 th month	Two-month delay
6 th month	Three-month delay
7 th month	Three-month delay

Special Enrollment Period (Medicare Part B)

There is a Special Enrollment Period (SEP) for Medicare Part B, when member is moving from an active employee-group to retiree-group coverage and does not turn age 65 within six months (before or after) the month employee-group coverage ends.

The penalty for delayed enrollment in Medicare Part B is waived.

EXCEPTION: If employee group coverage ends during the Initial Enrollment Period, Special Enrollment Period rules do not apply. Contact Social Security Administration in the first three months of the Initial Enrollment Period (the three months prior to reaching age 65) to find out how to make Medicare Part B coverage begin with retirement.

General Medicare Enrollment Periods

Medicare Part B:

- Enrollment Period: January 1st - March 31st
→ **Effective: July 1st**

If member was eligible but not enrolled in Medicare Part B and did not have health benefits coverage under an active group policy, the Part B premium will be penalized 10% for every 12 months the member was entitled to Part B but not enrolled.

Medicare Part D: (other than the EGWP Prescription Drug Plan through 12/31/18)

- Medicare Open Season: October 15th– December 7th
→ **Effective: January 1st**

If member was eligible but not enrolled in Medicare Part D, or had a continuous gap in coverage of 63 days or more at any point after the beneficiary's Initial Enrollment Period a Late Enrollment Penalty (LEP) is assessed at 1% of the national base beneficiary premium for the coverage year, times the number of uncovered months.

Notices Retirees May Receive Upon Retirement

- Mandatory Active Retroactive Adjustment invoice produced from the actual retirement date until your ORP retirement date.
- COBRA Notice/Direct Pay Enrollment Form
- “No Pay” letter from the EBD
- “Non Group Bill” from your health plan (a conversion bill on health plan letterhead)
- HIPAA Certificate

These forms are printed automatically due to the change in status from active to retiree.

Premium Payments

- Payments will be made by payment voucher and are due the first of every month with a 30 day grace period. Payments may be made by check, or money order through regular mail OR online through EBD's payment portal.
- Missed payments or payments not postmarked within the 30 day grace period will result in the termination of your coverage. You will not be permitted to re-enroll until the next Open Enrollment period.

Are you Moving?

- Please note: You will need to update your address with the Employee Benefits Division in writing in order to ensure delivery of annual Open Enrollment material as well as Explanations of Benefits from the health plans.
- You may use the Personal Information Change form found at www.dbm.maryland.gov/benefits or send a written notice with signature to Employee Benefits Division.

Now Do You Know?

- The Big Three Questions:
 - How much will I receive in my monthly pension check from the Maryland State Retirement Agency?
 - How much will my monthly premiums for health benefits cost if I meet the eligibility requirements?
 - Am I OR anyone on my account required to enroll in Medicare Parts A & B?
