DEFINITIONS

The Evidence of Coverage uses certain defined terms. When these terms are capitalized, they have the following meaning:

Allowed Benefit means:

1. For purposes of Exclusive Provider Option with Medicare benefits:
 - a. When services are covered by both Medicare and CareFirst, CareFirst's basis for the Allowed Benefit is the Medicare Part A/B deductible/coinsurance/copayment.
 - b. When services are not covered by Medicare but are covered by CareFirst, CareFirst's basis for the Allowed Benefit is the same as the Allowed Benefit for Exclusive Provider Option benefits.
2. For purposes of Exclusive Provider Option benefits:
 - a. **Preferred Health Care Providers:** For a Health Care Provider that has contracted with CareFirst, the Allowed Benefit for a Covered Service is based upon the lesser of the provider's actual charge or established fee schedule which, in some cases, will be a rate specified by applicable law. The benefit is payable to the Health Care Provider and is accepted as payment in full, except for any applicable Member payment amounts, as stated in the Schedule of Benefits.
 - b. **Non-Preferred Health Care Providers:**
 - 1) Non-Preferred health care practitioner:
 - a) For a health care practitioner that has not contracted with CareFirst, except for an Ambulance Service Provider, anesthesiologists and emergency room-based health care practitioners, the Allowed Benefit for a Covered Service is based upon the lesser of the provider's actual charge or established fee schedule which, in some cases, will be a rate specified by applicable law. The benefit is payable to the Subscriber or to the health care practitioner, at the discretion of CareFirst. If CareFirst pays the Subscriber, it is the Member's responsibility to pay the health care practitioner. Additionally, the Member is responsible for any applicable Member payment amounts, as stated in the Schedule of Benefits, and for the difference between the Allowed Benefit and the health care practitioner's actual charge.
 - b) For an anesthesiologist that has not contracted with CareFirst, the Allowed Benefit for a Covered Service is based upon the practitioner's actual charge.
 - c) For an Ambulance Service Provider that has not contracted with CareFirst, the Allowed Benefit for a Covered Service may not be less than the Allowed Benefit paid to an Ambulance Service Provider that has contracted with CareFirst for the same Covered Service in the same geographic region, as defined by the Centers for Medicare and Medicaid Services. The benefit is payable to the Ambulance Service Provider who accepts an Assignment of Benefits and is accepted as payment in full, except for any applicable Member payment amounts as stated in the Schedule of Benefits.

- d) Non-contracted Emergency Services Health Care Provider, including emergency room-based health care practitioners and emergency room facility: the Allowed Benefit for a Covered Service is based upon the provider's actual charge, excluding any Copayment or Coinsurance that would be imposed if the service had been received from a contracted Emergency Services Health Care Provider.
- 2) Non-Preferred hospital or health care facility: For a hospital or health care facility that has not contracted with CareFirst, the Allowed Benefit for a Covered Service is based upon the lower of the provider's actual charge or established fee schedule, which, in some cases, will be a rate specified by applicable law. In some cases, and on an individual basis, CareFirst is able to negotiate a lower rate with an eligible provider. In that instance, the CareFirst payment will be based on the negotiated fee and the provider agrees to accept the amount as payment in full except for any applicable Member payment amounts, as stated in the Schedule of Benefits. The benefit is payable to the Subscriber or to the hospital or health care facility, at the discretion of CareFirst. Benefit payments to United States Department of Defense and United States Department of Veteran Affairs providers will be made directly to the provider. If CareFirst pays the Subscriber, it is the Member's responsibility to pay the hospital or health care facility. Additionally, the Member is responsible for any applicable Member payment amounts, as stated in the Schedule of Benefits and, unless negotiated, for the difference between the Allowed Benefit and the hospital or health care facility's actual charge.
- c. Non-Preferred Emergency Services Health Care Provider: CareFirst shall pay the greater of the following amounts for Emergency Services received from a non-contracted Emergency Services Health Care Provider:
 - 1) The Allowed Benefit stated in paragraph 2.b.
 - 2) The amount negotiated with Preferred Health Care Providers for the Emergency Service provided, excluding any Copayment or Coinsurance that would be imposed if the service had been received from a contracted Emergency Services Health Care Provider. If there is more than one amount negotiated with Preferred Health Care Providers for the Emergency Service provided, the amount paid shall be the median of these negotiated amounts, excluding any Copayment or Coinsurance that would be imposed if the service had been received from a contracted Emergency Services Health Care Provider.
 - 3) The amount for the Emergency Service calculated using the same method CareFirst generally used to determine payments for services provided by a Non-Preferred Health Care Provider, excluding any Copayment or Coinsurance that would be imposed if the service had been received from a contracted Emergency Services Health Care Provider.
 - 4) The amount that would be paid under Medicare (part A or part B of Title XVIII of the Social Security Act, 42 U.S.C. 1395 et seq.) for the Emergency Service, excluding any Copayment or Coinsurance that would be imposed if the service had been received from a contracted Emergency Services Health Care Provider.

 - (1) The dependent and the employee are otherwise eligible to enroll;
 - (2) When coverage was previously offered, the dependent had coverage under any group health plan or health insurance coverage; and
 - (3) The dependent satisfies the conditions of paragraph 2.2C.1.c.1), 2), or 3) of this section, and if applicable, paragraph 2.2C.1.c.4) of this section.
 - b) However, CareFirst is not required to enroll any other dependent unless the dependent satisfies the criteria of this paragraph 2.2C.1.b.2), or the employee satisfies the criteria of paragraph 2.2C.1.b.1) of this section.
 - c. Conditions for special enrollment.
 - 1) Loss of eligibility for coverage. In the case of an employee or dependent who has coverage that is not COBRA continuation coverage, the conditions of this paragraph 2.2C.1.c.1) are satisfied at the time the coverage is terminated as a result of loss of

eligibility (regardless of whether the individual is eligible for or elects COBRA continuation coverage). Loss of eligibility under this paragraph does not include a loss due to the failure of the employee or dependent to pay premiums on a timely basis or termination of coverage for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact). Loss of eligibility for coverage under this paragraph includes, but is not limited to:

- a) Loss of eligibility for coverage as a result of legal separation, divorce, cessation of dependent status (such as attaining the Limiting Age), death of an employee, termination of employment, reduction in the number of hours of employment, and any loss of eligibility for coverage after a period that is measured by any of the foregoing;
 - b) In the case of coverage offered through an HMO, or other arrangement, in the individual market that does not provide benefits to individuals who no longer reside, live, or work in a service area, loss of coverage because an individual no longer resides, lives, or works in the service area (whether or not within the choice of the individual);
 - c) In the case of coverage offered through an HMO, or other arrangement, in the group market that does not provide benefits to individuals who no longer reside, live, or work in a service area, loss of coverage because an individual no longer resides, lives, or works in the service area (whether or not within the choice of the individual) and no other benefit package is available to the individual;
 - d) A situation in which an individual incurs a claim that would meet or exceed a lifetime limit on all benefits; and
 - e) A situation in which a plan no longer offers any benefits to the class of similarly situated individuals that includes that individual.
- 2) Termination of employer contributions. In the case of an employee or dependent who has coverage that is not COBRA continuation coverage, the conditions of this paragraph are satisfied at the time employer contributions towards the employee's or dependent's coverage terminate. Employer contributions include contributions by any current or former employer that was contributing to coverage for the employee or dependent.
- 3) Exhaustion of COBRA continuation coverage. In the case of an employee or dependent who has coverage that is COBRA continuation coverage, the conditions of this paragraph are satisfied at the time the COBRA continuation coverage is exhausted. For purposes of this paragraph, an individual who satisfies the conditions for special enrollment of paragraph 2.2C.1.c.1) of this section, does not enroll, and instead elects and exhausts COBRA continuation coverage satisfies the conditions of this paragraph.

- 4) Written statement. The Group or CareFirst may require an employee declining coverage (for the employee or any dependent of the employee) to state in writing whether the coverage is being declined due to other health coverage only if, at or before the time the employee declines coverage, the employee is provided with notice of the requirement to provide the statement (and the consequences of the employee's failure to provide the statement). If the Group or CareFirst requires such a statement, and an employee does not provide it, the Group and CareFirst are not required to provide special enrollment to the employee or any dependent of the employee under this paragraph. The Group and CareFirst must treat an employee as having satisfied the requirement permitted under this paragraph if the employee provides a written statement that coverage was being declined because the employee or dependent had other coverage; the Group and CareFirst cannot require anything more for the employee to satisfy this requirement to provide a written statement. (For example, the Group and CareFirst cannot require that the statement be notarized.)

2. Special enrollment with respect to certain dependent beneficiaries:

- a. Provided the Group provides coverage for dependents, CareFirst will permit the individuals described in paragraph b.2) of this section to enroll for coverage in a benefit package under the terms of the Group's plan, without regard to the dates on which an individual would otherwise be able to enroll under this Evidence of Coverage.
- b. Individuals eligible for special enrollment. An individual is described in this paragraph if the individual is otherwise eligible for coverage in a benefit package under the Group's plan and if the individual is described in paragraph 2.2C.1.b.1), 2), 3), 4), 5), or 6) of this section.
 - 1) Current employee only. A current employee is described in this paragraph if a person becomes a dependent of the individual through marriage, birth, adoption, or placement for adoption.
 - 2) Spouse of a participant only. An individual is described in this paragraph if either:
 - a) The individual becomes the Spouse of a participant; or
 - b) The individual is a Spouse of a participant and a child becomes a dependent of the participant through birth, adoption, or placement for adoption.
 - 3) Current employee and Spouse. A current employee and an individual who is or becomes a Spouse of such an employee, are described in this paragraph if either:
 - a) The employee and the Spouse become married; or
 - b) The employee and Spouse are married and a child becomes a dependent of the employee through birth, adoption, or placement for adoption.

- 4) Dependent of a participant only. An individual is described in this paragraph if the individual is a dependent of a participant and the individual has become a dependent of the participant through marriage, birth, adoption, or placement for adoption.
 - 5) Current employee and a new dependent. A current employee and an individual who is a dependent of the employee, are described in this paragraph if the individual becomes a dependent of the employee through marriage, birth, adoption, or placement for adoption.
 - 6) Current employee, Spouse, and a new dependent. A current employee, the employee's Spouse, and the employee's dependent are described in this paragraph if the dependent becomes a dependent of the employee through marriage, birth, adoption, or placement for adoption.
3. Special enrollment regarding Medicaid and Children's Health Insurance Program (CHIP) termination or eligibility:

CareFirst will permit an employee or dependent who is eligible for coverage, but not enrolled, to enroll for coverage under the terms of this Evidence of Coverage, if either of the following conditions is met:

- a. Termination of Medicaid or CHIP coverage. The employee or dependent is covered under a Medicaid plan under Title XIX of the Social Security Act or under a State child health plan under Title XXI of such Act and coverage of the employee or dependent under such a plan is terminated as a result of loss of eligibility for such coverage.
- b. Eligibility for employment assistance under Medicaid or CHIP. The employee or dependent becomes eligible for premium assistance, with respect to coverage under this Evidence of Coverage, under Medicaid or a State child health plan (including under any waiver or demonstration project conducted under or in relation to such a plan).

MEDICAL CHILD SUPPORT ORDERS

3.1 Definitions

- A. Medical Child Support Order (MCSO) means an “order” issued in the format prescribed by federal law; and issued by an appropriate child support enforcement agency to enforce the health insurance coverage provisions of a child support order. An “order” means a judgment, decree or a ruling (including approval of a settlement agreement) that:
1. Is issued by a court or administrative child support enforcement agency of any state or the District of Columbia.
 2. Creates or recognizes the right of a child to receive benefits under a parent’s health insurance coverage; or establishes a parent’s obligation to pay child support and provide health insurance coverage for a child.
- B. Qualified Medical Support Order (QMSO) means a Medical Child Support Order issued under State law, or the laws of the District of Columbia and, when issued to an employer sponsored health plan, one that complies with The Child Support Performance and Incentive Act of 1998, as amended.

3.2 Eligibility and Termination

- A. Upon receipt of an MCSO/QMSO, when coverage of the Subscriber's family members is available under the terms of the Subscriber's contract then CareFirst will accept enrollment regardless of enrollment period restrictions. If the Subscriber does not enroll the child then CareFirst will accept enrollment from the non-Subscriber custodial parent; or the appropriate child support enforcement agency of any state or the District of Columbia. If the Subscriber has not completed an applicable Waiting Period for coverage the child will not be enrolled until the end of the Waiting Period.

The Subscriber must be enrolled under this Group Contract in order for the child to be enrolled. If the Subscriber is not enrolled when CareFirst receives the MCSO/QMSO, CareFirst will enroll both the Subscriber and the child, without regard to enrollment period restrictions. The Effective Date will be that stated in the Eligibility Schedule for a newly eligible Subscriber and a newly eligible Dependent child.

- B. Enrollment for such a child will not be denied because the child:
1. Was born out of wedlock.
 2. Is not claimed as a dependent on the Subscriber's federal tax return.
 3. Does not reside with the Subscriber.
 4. Is covered under any Medical Assistance or Medicaid program.
- C. Termination. Unless coverage is terminated for non-payment of the premium, a covered child subject to an MCSO/QMSO may not be terminated unless written evidence is provided to CareFirst that:
1. The MCSO/QMSO is no longer in effect;
 2. The child has been or will be enrolled under other comparable health insurance coverage that will take effect not later than the effective date of the termination of coverage; or

3. If coverage is provided under an employer sponsored health plan;
 - a. The employer has eliminated family member's coverage for all employees;
or
 - b. The employer no longer employs the Subscriber, except if the Subscriber elects continuation under applicable state or federal law the child will continue in this post-employment coverage.

3.3 **Administration**

When the child subject to an MCSO/QMSO does not reside with the Subscriber, CareFirst will:

- A. Send the non-insuring custodial parent ID cards, claims forms, the applicable evidence of coverage or member contract and any information needed to obtain benefits;
- B. Allow the non-insuring custodial parent or a Health Care Provider of a Covered Service to submit a claim without the approval of the Subscriber;
- C. Provide benefits directly to:
 1. The non-insuring parent;
 2. The Health Care Provider of the Covered Services; or
 3. The appropriate child support enforcement agency of any state or the District of Columbia.

TERMINATION OF COVERAGE

4.1 **Disenrollment of Individual Members**

The Group has the sole and complete authority to make determinations regarding eligibility and termination of coverage in the Plan.

The Group Health Plan will not rescind coverage under the Plan with respect to an individual (including a group to which the individual belongs or family coverage in which the individual is included) once the individual is covered under the Plan, unless the individual (or a person seeking coverage on behalf of the individual) performs an act, practice, or omission that constitutes fraud, or unless the individual makes an intentional misrepresentation of material fact, as prohibited by the terms of the Plan. The Group Health Plan will provide at least thirty (30) days advance written notice to each participant who would be affected before coverage is rescinded regardless of whether the Rescission applies to an entire group or only to an individual within the group.

Coverage of individual Members will terminate on the date stated in the Eligibility Schedule for the following reasons:

- A. CareFirst may terminate a Member's coverage for nonpayment of charges when due, by the Group.
- B. The Group is required to terminate a Member's coverage if the individual (or a person seeking coverage on behalf of the individual) performs an act, practice, or omission that constitutes fraud, or if the individual makes an intentional misrepresentation of material fact, as prohibited by the terms of the Plan.
- C. The Group is required to terminate the Subscriber's coverage and the coverage of the Dependents, if applicable, if the Subscriber no longer meets the Group's eligibility requirements for coverage.
- D. The Group is required to terminate a Member's coverage if the Member no longer meets the Group's eligibility requirements for coverage.
- E. The Group is required to notify the Subscriber if a Member's coverage is cancelled. If the Group does not notify the Subscriber, this will not continue the Member's coverage beyond the termination date of coverage. The Member's coverage will terminate on the termination date set forth in the Eligibility Schedule.
- F. Except in the case of a Dependent child enrolled pursuant to an MCSO or QMSO, coverage of any Dependents, if Dependent coverage is available, will terminate if the Subscriber changes the Type of Coverage to an Individual or other non-family contract.
- G. The Subscriber is responsible for notifying CareFirst (through the Group) of any changes in the status of Dependents that affect their eligibility for coverage. If the Subscriber does not notify CareFirst of these types of changes and it is later determined that a Dependent was not eligible for coverage, CareFirst has the right to recover these amounts from the Subscriber or from the Dependent, at CareFirst's option.

4.2 **Death of a Subscriber**

If Dependent coverage is available, in the event of the Subscriber's death, coverage of any Dependents will continue under the Subscriber's enrollment as stated in the Eligibility Schedule under termination of coverage Death of a Subscriber.

4.3 **Effect of Termination**

Except as provided under the Extension of Benefits for Inpatient or Totally Disabled Individuals provision, no benefits will be provided for any services received on or after the date on which the Member's coverage under this Evidence of Coverage terminates. This includes services received for an injury or illness that occurred before the effective date of termination.

4.4 **Reinstatement**

Coverage will not reinstate automatically under any circumstances.

CONTINUATION OF COVERAGE

5.1 Continuation of Eligibility upon Loss of Group Coverage

A. **Federal Continuation of Coverage under COBRA**

If the Group health benefit Plan provided under this Evidence of Coverage is subject to the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), as amended from time to time, and a Member's coverage terminates due to a "Qualifying Event" as described under COBRA, continuation of participation in this Group health benefit Plan may be possible. The employer offering this Group health benefit Plan is the Plan Administrator. It is the Plan Administrator's responsibility to notify a Member concerning terms, conditions and rights under COBRA. If a Member has any questions regarding COBRA, the Member should contact the Plan Administrator.

Additionally, if the Group health benefit Plan provided under this Evidence of Coverage is subject to COBRA, continuation of participation in this Group health plan must be made available to a Spouse following a divorce, if the Spouse's coverage was terminated by the Subscriber in anticipation of a divorce (or legal separation, if legal separation would trigger a loss of coverage under the terms of the plan) and as a result of the termination of coverage based on the anticipated Qualifying Event, the Spouse was no longer enrolled in the plan at the time the divorce became effective.

B. **Uniformed Services Employment and Reemployment Rights Act (USERRA)**

USERRA protects the job rights of individuals who voluntarily or involuntarily leave employment positions to undertake military service or certain types of service in the Natural Disaster Medical System. USERRA also prohibits employers from discriminating against past and present members of the uniformed services and applicants to the uniformed services.

If a Member leaves their job to perform military service, the Member has the right to elect to continue their Group coverage including any Dependents for up to twenty-four (24) months while in the military. Even if continuation of coverage was not elected during the Member's military service, the Member has the right to be reinstated in their Group coverage when reemployed, without any Waiting Periods or pre-existing condition exclusions except for service-connected illnesses or injuries. If a Member has any questions regarding USERRA, the Member should contact the Plan Administrator.

5.2 Extension of Benefits for Inpatient or Totally Disabled Individuals

This section applies to hospital, medical or surgical benefits. During an extension period required under this section, a premium may not be charged. Benefits will cease as of 11:59 p.m., Eastern Standard Time, on the Subscriber's termination date unless:

- A. If a Member is Totally Disabled when his/her coverage terminates, CareFirst shall continue to pay covered benefits, in accordance with the Evidence of Coverage in effect at the time the Member's coverage terminates, for expenses incurred by the Member for the condition causing the disability until the earlier of:

1. The date the Member ceases to be Totally Disabled; or
2. Twelve (12) months after the date coverage terminates.

B. **Definitions**

For the purpose of this section 5.2, the following terms are defined. The definitions of other capitalized terms are found in the definitions sections throughout this Evidence of Coverage.

Same Age Group means within the age group including persons three years older and younger than the age of the person claiming eligibility as Totally Disabled.

Substantial Gainful Activity means the undertaking of any significant physical or mental activity that is done (or intended) for pay or profit.

Totally Disabled (or Total Disability) means a condition of physical or mental incapacity of such severity that an individual, considering age, education, and work experience, cannot engage in any kind of Substantial Gainful Activity or engage in the normal activities as a person of the Same Age Group. A physical or mental incapacity is incapacity that results from anatomical, physiological, or psychological abnormality or condition, which is demonstrable by medically accepted clinical and laboratory diagnostic techniques. CareFirst reserves the right to determine whether a Member is and continues to be Totally Disabled.

- C. If a Member is confined in a hospital on the date that the Member's coverage terminates, CareFirst shall continue to pay covered benefits, in accordance with the Evidence of Coverage in effect at the time the Member's coverage terminates, for the confinement until the earlier of:

1. The date the Member is discharged from the hospital; or
2. Twelve (12) months after the date coverage terminates.

If the Member is Totally Disabled upon his/her discharge from the hospital, the extension of benefits described in paragraph A., above applies; however, an additional twelve (12) month extension of benefits is not provided. An individual is entitled to only one (1), twelve (12) month extension, not an inpatient twelve (12) month extension and an additional Totally Disabled twelve (12) month extension.

- D. This section does not apply if:

1. Coverage is terminated because an individual fails to pay a required premium;
2. Coverage is terminated for fraud or material misrepresentation by the individual.

COORDINATION OF BENEFITS; SUBROGATION

6.1 Coordination of Benefits

A. Applicability

1. This Coordination of Benefits (COB) provision applies to this CareFirst Plan when a Member has health care coverage under more than one Plan.
2. If this COB provision applies, the Order of Determination Rules should be looked at first. Those rules determine whether the benefits of this CareFirst Plan are determined before or after those of another Plan. The benefits of this CareFirst Plan:
 - a. Shall not be reduced when, under the order of determination rules, this CareFirst Plan determines its benefits before another Plan; and
 - b. May be reduced when, under the order of determination rules, another Plan determines its benefits first. The above reduction is explained in the Effect on the Benefits section of this CareFirst Plan Evidence of Coverage.

B. Definitions

For the purpose of this COB section, the following terms are defined. The definitions of other capitalized terms are found in the definitions section of this Evidence of Coverage.

Allowable Expenses means any health care expense, including deductibles, coinsurance or copayments, that is covered in whole or in part by any of the Plans covering the Member. This means that any expense or portion of an expense that is not covered by any of the Plans is not an Allowable Expense. If this CareFirst Plan is advised by a Member that all Plans covering the Member are high-deductible health plans and the Member intends to contribute to a health savings account, the primary Plan's deductible is not an Allowable Expense, except for any health care expense incurred that may not be subject to the deductible, as stated in section 223(c)(2)(C) of the Internal Revenue Code of 1986.

CareFirst Plan means this Evidence of Coverage.

Intensive Care Policy means a health insurance policy that provides benefits only when treatment is received in that specifically designated health care facility of a hospital that provides the highest level of care and which is restricted to those patients who are physically, critically ill or injured.

Plan means any health insurance policy, including those of nonprofit health service Plan and those of commercial group, blanket, and individual policies, any subscriber contracts issued by health maintenance organizations, and any other established programs under which the insured may make a claim. The term Plan includes coverage required or provided by law or coverage under a governmental Plan, except a governmental plan which, by law, provides benefits that are in excess of those of any private insurance plan or other non-governmental plan. This does not include a state plan under Medicaid (Title XIX, Grants to States for Medical Assistance Programs, of the United States Social Security Act, as amended from time to time).

The term Plan does not include:

1. An individually underwritten and issued, guaranteed renewable, specified disease policy;

2. An intensive care policy, which does not provide benefits on an expense incurred basis;
3. Coverage regulated by a motor vehicle reparation law;
4. The first one-hundred dollars (\$100) per day of a hospital indemnity contract;
5. An elementary and/or secondary school insurance program sponsored by a school or school system; or
6. Personal Injury Protection (PIP) benefits under a motor vehicle liability insurance policy.

Primary Plan or Secondary Plan means the order of benefit determination rules stating whether this CareFirst Plan is a Primary Plan or Secondary Plan as to another Plan covering the Member.

1. When this CareFirst Plan is a Primary Plan, its benefits are determined before those of the other Plan and without considering the other Plan's benefits.
2. When this CareFirst Plan is a Secondary Plan, its benefits are determined after those of the other Plan and may be reduced because of the other Plan's benefits.
3. When there are more than two Plans covering the Member, this CareFirst Plan may be a Primary Plan as to one of the other Plans, and may be a Secondary Plan as to a different Plan or Plans.

Specified Disease Policy means a health insurance policy that provides (1) benefits only for a disease or diseases specified in the policy or for the treatment unique to a specific disease; or (2) additional benefits for a disease or diseases specified in the policy or for treatment unique to a specified disease or diseases.

C. **Order of Benefit Determination Rules**

1. **General**

When there is a basis for a claim under this CareFirst Plan and another Plan, this CareFirst Plan is a Secondary Plan which has its benefits determined after those of the other Plan, unless:

- a. The other Plan has rules coordinating benefits with those of this CareFirst Plan; and
- b. Both those rules and this CareFirst Plan's rules require that this CareFirst Plan's benefits be determined before those of the other Plan.

2. **Rules**

This CareFirst Plan determines its order of benefits using the first of the following rules which applies:

- a. Non-dependent/dependent. The benefits of the Plan which covers the person as an employee, member or subscriber (that is, other than as a dependent) are determined before those of the Plan which covers the person as a dependent; except that if the person is also a Medicare beneficiary, and the result of the rule established by Title XVIII of the Social Security Act and implementing regulations, Medicare is:

- 1) Secondary to the Plan covering the person as a dependent; and

- 2) Primary to the Plan covering the person as other than a dependent (e.g., retired employee),

Then the benefits of the Plan covering the person as a dependent are determined before those of the Plan covering the person as other than a dependent.

- b. Dependent child covered by more than one Plan. Unless there is a court decree stating otherwise, when this CareFirst Plan and another Plan cover the same child as a dependent, the order of benefits shall be determined as follows:

- 1) For a dependent child whose parents are married or are living together:
 - a) The benefits of the Plan of the parent whose birthday falls earlier in a year are determined before those of the Plan of the parent whose birthday falls later in the year; but
 - b) If both parents have the same birthday, the benefits of the Plan that covered one parent longer are determined before those of the Plan that covered the other parent for a shorter period of time.
- 2) For a dependent child whose parents are separated, divorced, or are not living together:
 - a) If the specific terms of a court decree state that one of the parents is responsible for the health care expenses or health care coverage of the child, and the entity obligated to pay or provide the benefits of the Plan of that parent has actual knowledge of those terms, the benefits of that Plan are determined first. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but the parent's Spouse does, that parent's Spouse's plan is the primary plan. This paragraph does not apply with respect to any claim for services rendered before the entity has actual knowledge of the terms of the court decree.

The rule described in 1) above also shall apply if: i) a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, or ii) a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or coverage of the dependent child.

- b) If there is no court decree setting out the responsibility for the child's health care expenses or health care coverage, the order of benefits for the dependent child are as follows:
 - (1) The Plan of the parent with custody of the child;
 - (2) The Plan of the Spouse of the parent with the custody of the child;

- (3) The Plan of the parent not having custody of the child; and then
 - (4) The Plan of the Spouse of the parent who does not have custody of the child.
 - 3) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under the rules stated in 1) and 2) of this paragraph as if those individuals were parents of the child.
- c. Active/inactive employee. The benefit of a Plan which covers a person as an employee who is neither laid off nor retired is determined before those of a Plan that covers that person as a laid off or retired employee. The same would hold true if a person is a dependent of a person covered as an employee who is neither laid off nor retired or a person covered as a laid off or retired employee. If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
- d. Continuation coverage. If a person whose coverage is provided under the right of continuation pursuant to federal or state law also is covered under another Plan, the following shall be the order of benefits determination:
 - 1) First, the benefits of a Plan covering the person as an employee, retiree, member or subscriber (or as that person's dependent);
 - 2) Second, the benefits under the continuation coverage.

If the other Plan does not have the rule described above, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
- e. Longer/shorter length of coverage. If none of the above rules determines the order of benefits, the benefits of the Plan that covered the person longer are determined before those of the Plan that covered that person for the shorter term.

D. Effect on the Benefits of this CareFirst Plan

- 1. **When this Section Applies**
This section applies when, in accordance with the prior section, order of benefits determination rules, this CareFirst Plan is a Secondary Plan as to one or more other Plans. In that event the benefits of this CareFirst Plan may be reduced under this section. Such other Plan or Plans are referred to as "the other Plans" immediately below.
- 2. **Reduction in this CareFirst Plan's Benefits**
When this CareFirst Plan is the Secondary Plan, the benefits under this CareFirst Plan *may* be reduced so that the total benefits that would be payable or provided by all the other Plans do not exceed one hundred percent (100%) of the total Allowable Expenses. If the benefits of this CareFirst Plan are reduced, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this CareFirst Plan.

- E. **Right to Receive and Release Needed Information**
Certain facts are needed to apply these COB rules. CareFirst has the right to decide which facts it needs. It may get the needed facts from or give them to any other organization or person for purposes of treatment, payment, and health care operations. CareFirst need not tell, or get the consent of, any person to do this. Each person claiming benefits under this CareFirst Plan must give this CareFirst Plan any facts it needs to pay the claim.
- F. **Facility of Payment**
A payment made under another Plan may include an amount that should have been paid under this CareFirst Plan. If it does, this CareFirst Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under this CareFirst Plan. This CareFirst Plan will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.
- G. **Right of Recovery**
If the amount of the payments made by this CareFirst Plan is more than it should have paid under this COB provision, it may recover the excess from one or more of:
1. The persons it has paid or for whom it has paid;
 2. Insurance companies; or
 3. Other organizations.

The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

6.2 **Employer or Governmental Benefits**

Coverage does not include the cost of services or payment for services for any illness, injury, or condition for which, or as a result of which, a Benefit (as defined below) is provided or is required to be provided either:

- A. Under any federal, state, county or municipal workers' compensation or employer's liability law or other similar program; or
- B. From any federal, state, county or municipal or other government agency, including, in the case of service-connected disabilities, the United States Department of Veterans Affairs, to the extent that benefits are payable by the federal, state, county or municipal or other government agency, but excluding Medicare benefits and Medicaid benefits.

Benefit as used in this provision includes a payment or any other benefit, including amounts received in settlement of a claim for Benefits.

6.3 **Subrogation**

Subrogation applies when a Member has an illness or injury for which a third party may be liable. Subrogation requires the Member in certain circumstances to assign to CareFirst any rights the Member may have against a third party.

- A. The Member shall notify CareFirst as soon as reasonably possible and no later than the time the Member either submits a claim for damages to the third party, first or third party insurer or files suit, whichever first occurs, that a third party may be liable for the injuries or illnesses for which benefits are being paid.
- B. To the extent that benefits are paid under this Evidence of Coverage, CareFirst shall be subrogated and succeed to any right of recovery of the Member against any person or organization.

- C. The Member shall pay to CareFirst the amount recovered by suit, settlement, or otherwise from any third party or third party's insurer, or uninsured or underinsured motorist coverage, to the extent of the benefits paid under this Evidence of Coverage.
- D. These provisions do not apply to residents of the Commonwealth of Virginia who are Members of a self-insured Group that is not subject to ERISA. A Member can ask his/her group administrator if he/she is a member of a self-insured Group that is not subject to ERISA.

HOW THE PLAN WORKS

This health care benefits plan offers a choice of Health Care Providers. Payment depends on the Health Care Provider chosen, as explained below in the “Choosing a Provider” subsection below. Other factors that may affect payment are found in Referrals, COB, Subrogation, the Inter-Plan Arrangements Disclosure, Inter-Plan Programs Ancillary Services, Exclusions, and Utilization Management Requirements.

A. Appropriate Care and Medical Necessity

CareFirst works to make sure that health care is rendered in the most appropriate setting and in the most appropriate way. While ensuring that the Member receives the best care, this also helps to control health care costs. In order to make sure that the setting and treatment are appropriate, some Covered Services require review before a Member receives care. These services are marked throughout this Evidence of Coverage.

CareFirst will pay a benefit for Covered Services rendered by a Health Care Provider only when Medically Necessary as determined by CareFirst. Benefits are subject to all of the terms, conditions, and maximums, if applicable, as stated in this Evidence of Coverage.

B. Choosing a Provider: Exclusive Provider Option; Exclusive Provider Option with Medicare

1. Member/Health Care Provider Relationship

- a. The Member has the exclusive right to choose a Health Care Provider. Whether a Health Care Provider contracts with CareFirst or not relates only to method of payment and does not imply that any Health Care Provider is more or less qualified than another.
- b. CareFirst makes payment for Covered Services but does not provide these services. CareFirst is not liable for any act or omission of any Health Care Provider.

2. Preferred Health Care Providers

- a. If a Member chooses a Preferred Health Care Provider, the cost to the Member is lower than if the Member chooses a Non-Preferred Health Care Provider. Throughout the Schedule of Benefits, payments are listed as either “in-network” (for a Preferred Health Care Provider) or “out-of-network” (for a Non-Preferred Health Care Provider).

If a Preferred Health Care Provider refers a Member to a Non-Preferred Health Care Provider, CareFirst will pay the in-network benefit, but the Member will still be responsible for the difference between CareFirst’s payment and the Non-Preferred Health Care Provider’s charge.

- b. Claims will be submitted directly to CareFirst by the Preferred Health Care Provider.
- c. CareFirst will pay benefits directly to the Preferred Health Care Provider and such payment is accepted as payment in full, except for applicable Member amounts.
- d. The Member is responsible for any applicable Deductible and Coinsurance or Copayment, as stated in the Schedule of Benefits.

- e. Primary Care Provider (PCP) for Group Wellness Program.

Consultation and visits with a PCP is required to be able to satisfy the requirements of the Group Wellness Program Rider attached to the Evidence of Coverage.

- 1) For a Member in the CareFirst Service Area

A Member may identify any PCP from CareFirst's current list of a Preferred Health Care Provider. If the PCP is not available, CareFirst will assist the Member in identifying another selection.

- 2) For a Member outside the CareFirst Service Area

The Member must consult and visit a Health Care Provider who is a BlueCard® PPO network provider as defined in: Inter-Plan Arrangements Disclosure Amendment.

3. Medicare Participating Providers

Physicians and medical suppliers across the nation may sign an agreement with Medicare to become Medicare participating providers. Medicare participating providers agree to accept the Medicare approved amount as the total charge for services and supplies covered under Part B, commonly referred to as "accepting assignment." Other Providers may not have signed an agreement with Medicare but may accept assignment on certain services and supplies.

When an in-network Provider does not accept Medicare assignment, CareFirst will pay up to the Medicare limiting charge (15% of Medicare's approved amount).

When an out-of-network Provider does not accept Medicare assignment, the Member may be asked to pay the Health Care Provider at the time care is received. After the Deductible, Coinsurance or Copayment, CareFirst will pay up to the Medicare limiting charge. The Medicare limiting charge does not always apply.

It is to the Member's advantage to talk to his or her Health Care Provider and find out on what services and supplies the Health Care Provider will accept assignment.

4. Non-Preferred Health Care Providers

Except as otherwise authorized by CareFirst, if a Member chooses a Non-Preferred Health Care Provider, Covered Services may be eligible for reduced benefits. When Covered Services are provided by a Non-Preferred Health Care Provider, out-of-network benefits apply.

- a. Claims may be submitted directly to CareFirst or its designee by the Non-Preferred Health Care Provider, or the Member may need to submit the claim. In either case, it is the responsibility of the Member to make sure that proofs of loss are filed on time.
- b. All benefits for Covered Services will be payable to the Subscriber, or to the Non-Preferred Health Care Provider, or an Ambulance Service Provider who accepts an Assignment of Benefits, at the discretion of CareFirst.
- c. In the case of a Dependent child enrolled pursuant to a court order, court approved requirement, or a QMSO, payment will be paid directly to the State of Maryland Department of Health and Mental Hygiene or the non-insuring parent if proof is provided that such parent has paid the Non-Preferred Health Care Provider.

- d. Non-Preferred Health Care Providers are not required to accept the Allowed Benefit as full payment and will collect additional amounts from the Member up to the provider's actual charge. The Allowed Benefit may be substantially less than the provider's actual charge to the Member. Therefore, when Covered Services are provided by Non-Preferred Health Care Providers, Members should expect to pay additional amounts to providers that exceed the Allowed Benefit. Except for Covered Services rendered by an Ambulance Service Provider who accepts an Assignment of Benefits, the Member is responsible for the difference between CareFirst's payment and the Non-Preferred Health Care Provider's charge.

C. **Notice of Claim**

A Member may request a claim form by writing or calling CareFirst. CareFirst does not require written notice of a claim.

D. **Claim Forms**

CareFirst provides claim forms for filing proof of loss. If CareFirst does not provide the claim forms within 15 days after notice of claim is received, the Member is considered to have complied with the requirements of this Evidence of Coverage as to proof of loss if the Member submits, within the time fixed in this Evidence of Coverage for filing proof of loss, written proof of the occurrence, character, and extent of the loss for which the claim is made.

E. **Proofs of Loss**

In order to receive benefits for services rendered by a Health Care Provider who does **not** contract with CareFirst, a Member must submit written proof of loss to CareFirst or its designee within the deadlines described below.

1. Claims for medical benefits must be submitted within twelve (12) months following the dates services were rendered.
2. Claims for Vision Care Benefits must be submitted within twelve (12) months following the dates services were rendered.

A Member's failure to furnish the proof of loss within the time required does not invalidate or reduce a claim if it was not reasonably possible to submit the proof within the required time, if the proof is furnished as soon as reasonably possible, and except in the absence of legal capacity of the member, not later than one year from the time proof is otherwise required.

CareFirst will honor claims submitted for Covered Services by any agency of the federal, state or local government that has the statutory authority to submit claims beyond the time limits established under this Evidence of Coverage. These claims must be submitted to CareFirst before the filing deadline established by the applicable statute on claims forms that provide all of the information CareFirst deems necessary to process the claim. CareFirst provides forms for this purpose.

F. **Time of Payment of Claims**

Benefits payable under this Evidence of Coverage will be paid not more than thirty (30) days after receipt of written proof of loss.

G. **Claim Payments Made in Error**

If CareFirst makes a claim payment to or on behalf of a Member in error, the Member is required to repay CareFirst the amount that was paid in error. If the Member has not repaid the full amount owed CareFirst and CareFirst makes a subsequent benefit payment, CareFirst may subtract the amount owed CareFirst from the subsequent payment.

H. Assignment of Benefits

A Member cannot assign any benefits or payments due under this Evidence of Coverage to any person, corporation or other organization, except a Member may:

1. Make an Assignment of Benefits to a Non-Preferred Provider who is a physician, a Hospital-Based Physician, an On-Call Physician; or an Ambulance Service Provider or
2. Assign any other benefits or payments under the Evidence of Coverage only as specifically provided by this Evidence of Coverage or required by law.
3. Notwithstanding any permitted and valid Assignment of Benefits, CareFirst may refuse to directly reimburse a Non-Preferred Provider who is a physician, a Hospital-Based Physician or an On-Call Physician if:
 - a. CareFirst receives notice of the Assignment of Benefits after the time that it has paid the benefits to the Member;
 - b. CareFirst, due to an inadvertent administrative error, has previously paid the Member;
 - c. The Member withdraws the Assignment of Benefits before CareFirst has paid the Non-Preferred Provider who is a physician, a Hospital-Based Physician or an On-Call Physician; or
 - d. The Member paid the Non-Preferred Provider who is a physician, a Hospital-Based Physician or an On-Call Physician the full amount due at the time of service.

I. Evidence of Coverage

Unless CareFirst makes delivery directly to the Subscriber, CareFirst will provide the Group, for delivery to each Subscriber, a statement that summarizes the essential features of the coverage of the Subscriber and that indicates to whom benefits are payable. Only one statement will be issued for each family unit.

J. Notices

Notice to Members will be sent via electronic mail, if the Member has consented to receive such notices via electronic mail or by first class mail to the most recent address for the Member in CareFirst's files. The notice will be effective on the date mailed, whether or not the Member in fact receives the notice or there is a delay in receiving the notice. It is the Subscriber's responsibility to notify the Group, and the Group's responsibility to notify CareFirst of an address change.

K. Privacy Statement

CareFirst shall comply with state, federal and local laws pertaining to the dissemination or distribution of non-public personally identifiable medical or health-related data. In that regard, CareFirst will not provide to the plan sponsor named herein or unauthorized third parties any personally identifiable medical information without the prior written authorization of the patient or parent/guardian of the patient or as otherwise permitted by law.

L. Prescription Drug Rebate Sharing

CareFirst may be eligible for rebates from Prescription drug manufacturers upon negotiating directly with manufacturers.

CareFirst and the Sponsor agree to the extent to which any such rebates are shared.

REFERRALS

Referral Requirements

- A. Written referrals are not required.
- B. However, a Preferred Provider may refer a Member to a Non-Preferred Provider. Referrals made by a Preferred Provider to a Non-Preferred Provider are good for 120 days except as stated in Referral to a Specialist. A referral will specify the number of visits and types of services approved. Covered Services received by referral will be paid “in-network.” Covered Services Incurred after the expiration of the referral, or Covered Services beyond what is specified in the referral, will be paid “out-of-network.”
- C. Referral to a Specialist or Non-Physician Specialist
 - 1. Non-Physician Specialist means a Health Care Provider who is not a physician who is licensed or certified under the Health Occupations Article of the Annotated Code of Maryland or the applicable licensing laws of any state or the District of Columbia; and is certified or trained to treat or provide health care services for a specified condition or disease in a manner that is within the scope of the license or certification of the Health Care Provider.
 - 2. A Member may request a referral to a Specialist or Non-Physician Specialist who is a Non-Preferred Provider if the Member is diagnosed with a condition or disease that requires specialized health care services or medical care; and
 - a. CareFirst does not contract with a specialist or Non-Physician Specialist with the professional training and expertise to treat or provide health care services for the condition or disease; or
 - b. CareFirst cannot provide reasonable access to a contracted specialist or Non-Physician Specialist with the professional training and expertise to treat or provide health care services for the condition or disease without unreasonable delay or travel.
 - 3. For purposes of calculating any Member payment, CareFirst will treat the services provided by the specialist or Non-Physician Specialist as if the services were provided by a Preferred Health Care Provider.

UTILIZATION MANAGEMENT REQUIREMENTS

Failure to meet the requirements of the utilization management or to obtain prior authorization for services may result in a reduction or denial of the Member's benefits even if the services are Medically Necessary.

Most Prescription Drugs classified as Specialty Drugs require prior authorization; prior authorization applies to Specialty Drugs covered under the medical portion of this Evidence of Coverage (i.e., Specialty Drugs administered in outpatient facilities, home, or office settings). Specialty Drugs are defined in the Definitions section of this Evidence of Coverage. Preferred Health Care Providers will obtain prior authorization from CareFirst on behalf of the Member. Covered Ancillary Services that use Specialty Drugs which require prior authorization do not require an additional prior authorization/a Plan of Treatment. Failure to obtain prior authorization may result in denial of the claim.

A. Plan of Treatment

Certain outpatient services indicated throughout this Evidence of Coverage require CareFirst's approval of a Plan of Treatment before benefits for Covered Services are provided; a penalty may apply if such approval is not obtained.

1. A health care practitioner must complete and submit a Plan of Treatment.
2. CareFirst must approve the Plan of Treatment before benefits for treatment can begin or continue.
3. Approval for coverage of any service is based on Medical Necessity as determined by CareFirst.
4. Within the Service Area, a Preferred Health Care Provider will complete and submit a Plan of Treatment. Outside the Service Area, the Member is responsible for ensuring that the Plan of Treatment is submitted to CareFirst by a Health Care Provider, regardless of whether the provider is a Preferred Health Care Provider or a Non-Preferred Health Care Provider.
5. Services for which CareFirst must approve a Plan of Treatment:
 - a. Home Health Care

If the Plan of Treatment is not submitted, benefits will be denied.

If the Plan of Treatment is submitted late (forty-eight (48) hours after commencing Home Health Care), the same level of benefits will be provided for Covered Services upon CareFirst's approval of the Plan of Treatment, as if the Plan of Treatment had been submitted on time.
 - b. Hospice Care

If the Plan of Treatment is not submitted, benefits will be denied.

If the Plan of Treatment is submitted after commencing hospice care, the same level of benefits will be provided for Covered Services upon CareFirst's approval of the Plan of Treatment, as if the Plan of Treatment had been submitted on time.
 - c. Habilitative Services

CareFirst must approve the Plan of Treatment after the first (1st) visit.

If the Plan of Treatment is not submitted, benefits will be denied.

d. Rehabilitative Services: Occupational Therapy; Physical Therapy

CareFirst must approve the Plan of Treatment after the 6th day. Day limitation is per lifetime, per Member while covered by CareFirst.

If the Plan of Treatment is not submitted, benefits will be denied.

If the Plan of Treatment is submitted late, the same level of benefits will be provided for Covered Services upon CareFirst's approval of the Plan of Treatment, as if the Plan of Treatment had been submitted on time.

The requirements of this subsection d., do not apply to Occupational Therapy or Physical Therapy visit when the services provided on the same day as a surgical Covered Service.

e. Rehabilitative Services: Speech Therapy

CareFirst must approve the Plan of Treatment after the 1st day. Day limitation is per Benefit Period, per Member while covered by CareFirst.

If the Plan of Treatment is not submitted, benefits will be denied.

If the Plan of Treatment is submitted late, the same level of benefits will be provided for Covered Services upon CareFirst's approval of the Plan of Treatment, as if the Plan of Treatment had been submitted on time.

f. Spinal manipulation/Chiropractic services; Acupuncture
For chronic pain management, CareFirst must approve the Plan of Treatment after the 1st visit for in-network services.

If the Plan of Treatment is not submitted, benefits will be denied.

If the Plan of Treatment is submitted late, the same level of benefits will be provided for Covered Services upon CareFirst's approval of the Plan of Treatment, as if the Plan of Treatment had been submitted on time.

g. Private Duty Nursing

If the Plan of Treatment is not submitted, benefits will be denied.

If the Plan of Treatment is submitted after commencing private duty nursing, upon CareFirst's approval of the Plan of Treatment, benefits will be reduced 20%.

That is, benefits for outpatient Private Duty Nursing benefits will be denied if no plan of treatment is obtained. As stated above, the Member is responsible for ensuring that the Plan of Treatment is submitted to CareFirst by the Health Care Provider. If the Plan of Treatment is not submitted or is submitted late (at any point after commencing outpatient Private Duty Nursing Care) the Member will be penalized by a 20% reduction on the outpatient Private Duty Nursing benefit otherwise available.

h. Cardiac Rehabilitation

If the Plan of Treatment is not submitted, benefits will be denied.

If the Plan of Treatment is submitted after commencing care, the same level of benefits will be provided for Covered Services upon CareFirst's approval of the Plan of Treatment, as if the Plan of Treatment had been submitted on time.

B. Hospital Pre-Certification and Review

A Preferred Health Care Provider, in and out of the Service Area, will obtain Hospital Pre-Certification and Review. The Member is responsible for ensuring a Non-Preferred Health Care Provider obtains Hospital Pre-Certification and Review, both in and out of the Service Area.

1. Hospital Pre-Certification and Review Process

- a. CareFirst may perform the review or may appoint a review agent. The telephone number for obtaining review is printed on the back of the membership card.
- b. The reviewer will screen the available medical documentation for the purpose of determining the Medical Necessity of the admission, length of stay, appropriateness of setting and cost effectiveness and will evaluate the need for discharge planning.
- c. Procedures which are normally performed on an outpatient basis will not be approved to be performed on an inpatient basis, unless unusual medical conditions are found through Hospital Pre-Certification and Review.
- d. Pre-operative days will not be approved for procedures unless Medically Necessary.
- e. The reviewer will assign the number of days certified based on the clinical condition of the Member and notify the Health Care Provider of the number of days approved.
- f. CareFirst's payment will be based on the inpatient days approved by the reviewer.
- g. CareFirst will provide outpatient benefits for Medically Necessary Covered Services when the reviewer does not approve services on an inpatient basis.
- h. Hospital Pre-Certification and Review is not applicable to maternity admissions, and admissions for cornea and kidney transplants.

2. Non-Emergency (Elective) Admissions

- a. The Member must provide any written information requested by the reviewer for Hospital Pre-Certification and Review of the admission at least twenty-four (24) hours prior to the admission.
- b. The reviewer will make all initial determinations on whether to approve an elective admission within two working days of receipt of the information necessary to make the determination and shall promptly notify the attending Health Care Provider and Member of the determination.
- c. For Out-of-Network Covered Services:

- 1) CareFirst will not provide benefits for an elective admission which is not Medically Necessary. The Member is responsible for the entire admission.
- 2) If a Member does not follow the Hospital Pre-Certification and Review guidelines and the reviewer determines that the elective admission was Medically Necessary:
 - a) CareFirst will reduce benefits for room, board; and hospital ancillary charges by 20%;
 - b) The Member is responsible for this penalty.

3. Emergency (Non-Elective) Admissions

- a. The Member, the Health Care Provider or another person acting on behalf of the Member must notify the reviewer within twenty-four (24) hours following the Member's admission, or as soon thereafter as reasonably possible.

The reviewer may not render an Adverse Decision or deny coverage for Medically Necessary Covered Services solely because the hospital did not notify the reviewer of the emergency admission within twenty-four (24) hours if the Member's medical condition prevented the hospital from determining:

- 1) The Member's insurance status; and
- 2) The reviewer's emergency admission notification requirements.

- b. For an involuntary or voluntary inpatient admission of a Member determined by the Member's physician or psychologist, in conjunction with a member of the medical staff of the hospital who has privileges to admit patients to be in imminent danger to self or others, the reviewer may not render an Adverse Decision as to the Member's admission:

- 1) During the first twenty-four (24) hours the Member is in an inpatient facility; or
- 2) Until the reviewer's next business day, whichever is later.

The hospital shall immediately notify the reviewer that a Member has been admitted and shall state the reasons for the admission.

- c. The reviewer will make all initial determinations on whether to approve a non-elective admission within one working day of receipt of the information necessary to make the determination and shall promptly notify the attending Health Care Provider of the determination.

For non-elective admissions for which the reviewer receives notice but does not approve inpatient benefits, CareFirst will notify the hospital attending Health Care Provider that inpatient benefits will not be paid as of the date of notification.

- 1) A Member will have to pay:
 - a) All charges for any care received as of the date the Member receives notice by the hospital attending Health Care Provider, or CareFirst that further care is not Medically Necessary if the Member continues the inpatient stay; or

- b) Non-Preferred Health Care Providers if a non-elective admission results in payment denial.
 - 2) Neither the Member nor the Group will have to pay Preferred Providers:
 - a) If the Member is admitted and the admission is not Medically Necessary;
 - b) If a non-elective admission results in payment denial.
- d. For Out-of-Network Covered Services:
 - 1) CareFirst will not provide benefits for a non-elective admission which is not Medically Necessary. The Member is responsible for the entire admission.
 - 2) If a Member does not follow the Hospital Pre-Certification and Review guidelines and the reviewer determines that the non-elective admission was Medically Necessary:
 - a) CareFirst will reduce benefits for room, board; and hospital ancillary charges by 20%; and
 - b) The Member is responsible for this penalty.

Benefits will be provided subject to the terms of section B.3.a., above.

- 4. Continued Stay Review
The reviewer will make all determinations on whether to approve continuation of an admission within one working day of receipt of the information necessary to make the determination and shall promptly notify the attending Health Care Provider of the determination.
- 5. Discharge Planning
The reviewer will coordinate referrals for discharge planning activities if, in the discretion of the reviewer, a need for such coordination is indicated.
- 6. Program Monitoring
 - a. The Member's medical record will be reviewed by the reviewer.
 - b. The hospital may be requested to evaluate the medical records and respond to the reviewer if there is a delay in which care is not provided when ordered or otherwise requested by a Health Care Provider in a timely fashion or other delay.
 - c. During and after discharge, the reviewer may review the medical records to:
 - 1) Verify that the services are covered under the Evidence of Coverage; and
 - 2) Ensure that the Health Care Provider is substantially following the Plan of Treatment.
- 7. Notice and Appeals
 - a. Written notice of any Adverse Decision is sent to the Health Care Providers and Member.

- b. The Member or the Health Care Providers have the right to appeal Adverse Decisions in writing to CareFirst.
 - 1) If the attending Health Care Provider believes the Adverse Decision warrants immediate reconsideration, the reviewer will afford the Health Care Provider the opportunity to seek a reconsideration of the Adverse Decision by telephone within 24 hours of the Health Care Provider's request.
 - 2) For instructions on how to appeal an Adverse Decision, refer to the Claims Procedures of this Evidence of Coverage.

C. Second Surgical Opinion

A Member may seek a second opinion before undergoing any elective surgery, to assure that the surgery is necessary, and to learn of any alternative treatments. A Member may seek a second opinion when required by a hospital's utilization review program.

INTER-PLAN ARRANGEMENTS DISCLOSURE

Out-of-Area Services

Overview

CareFirst BlueCross BlueShield has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as “Inter-Plan Programs.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever Members access healthcare services outside the geographic area CareFirst serves, the claim for those services may be processed through one of these Inter-Plan. The Inter-Plan Programs are described generally below.

When a Member receives care outside of CareFirst’s service area, it will be received from one of two kinds of providers. Most providers (“participating providers”) contract with the local Blue Cross and/or Blue Shield Licensee in that geographic area (“Host Blue”). Some providers (“nonparticipating providers”) don’t contract with the Host Blue. CareFirst explains below how CareFirst pays both kinds of providers.

Some CareFirst products limit in-network benefits to certain services and/or cover only limited healthcare services received outside of CareFirst’s service area, e.g., Emergency Services. If applicable, any difference between benefits for care received in CareFirst’s service area and care received outside the geographic area CareFirst serves is stated in the Definitions.

Inter-Plan Arrangements Eligibility – Claim Types

All claim types are eligible to be processed through Inter-Plan Arrangements, as described above, except for all Dental Care Benefits, and those Prescription Drug Benefits or Vision Care Benefits that may be administered by a third party contracted by CareFirst to provide the specific service or services.

A. BlueCard® Program

Under the BlueCard® Program, when a Member receives Covered Services within the geographic area served by a Host Blue, CareFirst will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating providers.

When a Member receives Covered Services outside CareFirst’s service area and the claim is processed through the BlueCard Program, the amount a Member pays for Covered Services is calculated based on the lower of:

- The billed charges for Covered Services; or
- The negotiated price that the Host Blue makes available to CareFirst.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with the healthcare provider or provider group that may include types of settlements, incentive payments and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price CareFirst has used for a claim because they will not be applied after a claim has already been paid.

B. Negotiated (non-BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, CareFirst may process claims for Covered Services through Negotiated Arrangements for National Accounts.

The amount a Member pays for Covered Services under this arrangement will be calculated based on the negotiated price/lower of either billed charges for Covered Services or negotiated price (refer to the description of negotiated price under Section A, BlueCard Program) made available to CareFirst by the Host Blue.

If reference-based benefits, which are service-specific benefit dollar limits for specific procedures, based on a Host Blue's local market rates, are made available to a Member, the Member will be responsible for the amount that the healthcare provider bills above the specific reference benefit limit for the given procedure. For a participating provider, that amount will be the difference between the negotiated price and the reference benefit limit. For a nonparticipating provider, that amount will be the difference between the provider's billed charge and the reference benefit limit. Where a reference benefit limit is greater than either a negotiated price or a provider's billed charge, a Member will incur no liability, other than any related Member cost sharing.

C. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee that applies to self-funded accounts. If applicable, CareFirst will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

D. Nonparticipating Providers Outside CareFirst's Service Area

1. Member Liability Calculation

When Covered Services are provided outside of CareFirst's service area by nonparticipating providers, the amount a Member pays for such services will normally be based on either the Host Blue's nonparticipating provider local payment or the pricing arrangements required by applicable state law. In these situations, a Member may be responsible for the difference between the amount that the nonparticipating provider bills and the payment CareFirst will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network emergency services.

2. Exceptions

In certain situations, CareFirst may use other payment methods, such as billed charges for Covered Services, the payment CareFirst would make if the healthcare services had been obtained within CareFirst's service area, or a special negotiated payment to determine the amount CareFirst will pay for services provided by nonparticipating providers. In these situations, the Member may be liable for the difference between the amount that the nonparticipating provider bills and the payment CareFirst will make for the Covered Services as set forth in this paragraph.

E. BlueCard Worldwide® Program

If a Member is outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter “BlueCard service area”), the Member may be able to take advantage of the BlueCard Worldwide® Program when accessing Covered Services. The BlueCard Worldwide Program is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although the BlueCard Worldwide Program assists Members with accessing a network of inpatient, outpatient and professional providers, the network is not served by a Host Blue. As such, when Members receive care from providers outside the BlueCard service area, Members will typically have to pay the providers and submit the claims themselves to obtain reimbursement for these services.

If a Member needs medical assistance services (including locating a doctor or hospital) outside the BlueCard service area, the Member should call the BlueCard Worldwide Service Center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

- **Inpatient Services**

In most cases, if a Member contacts the BlueCard Worldwide Service Center for assistance, hospitals will not require the Member to pay for covered inpatient services, except for cost-share amounts. In such cases, the hospital will submit Member claims to the BlueCard Worldwide Service Center to begin claims processing. However, if the Member paid in full at the time of service, the Member must submit a claim to receive reimbursement for Covered Services.

Members must contact CareFirst to obtain precertification for non-emergency inpatient services.

- **Outpatient Services**

Physicians, urgent care centers and other outpatient providers located outside the BlueCard service area will typically require Members to pay in full at the time of service. Members must submit a claim to obtain reimbursement for Covered Services.

- **Submitting a BlueCard Worldwide Claim**

When Members pay for Covered Services outside the BlueCard service area, the Member must submit a claim to obtain reimbursement. For institutional and professional claims, Members should complete a BlueCard Worldwide International claim form and send the claim form with the provider’s itemized bill(s) to the BlueCard Worldwide Service Center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of the claim. The claim form is available from CareFirst, the BlueCard Worldwide Service Center or online at www.bluecardworldwide.com. If Members need assistance with their claim submission, they should call the BlueCard Worldwide Service Center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week.

INTER-PLAN PROGRAMS ANCILLARY SERVICES

A. Definitions

Ancillary Services means, with respect to Inter-Plan Programs, the following Covered Services:

1. Independent clinical laboratory tests (performed at non-hospital based labs);
2. Medical Devices and Supplies; and
3. Specialty Prescription Drugs (including non-routine, biological therapeutics such as injectables, infusion therapies, high-cost therapies, and therapies that require complex care).

Remote Provider means, with respect to Ancillary Services an Ancillary Services provider located outside the geographic area a Blue Cross and/or Blue Shield plan serves, with which a Blue Cross and/or Blue Shield plan may contract under its Blue Cross and Blue Shield Association license agreement for Ancillary Services rendered in its service area and which are considered local providers.

B. Member Payment

Member payment for Ancillary Services is determined by the relationship between the provider and the Local Plan (which may be CareFirst).

If an Ancillary Services Remote Provider contract is in place with the Local Plan, the Remote Provider is a Contracted Health Care Provider/BlueCard PPO Network Provider/BlueCard Traditional Network Provider.

If an Ancillary Services Remote Provider contract is not in place with the Local Plan, the Remote Provider is a Non-Contracted Health Care Provider/Non-Participating Provider.

The Member is responsible for the Member payment as stated in the How the Plan Works section or Inter-Plan Arrangements Disclosure section of this Evidence of Coverage.

C. Determining the Local Plan

For Ancillary Services, the Local Plan is determined as follows:

Out-of-Network Covered Ancillary Service	The Local Plan is the Blue Cross/Blue Shield plan in whose service area/state where the:	
Independent clinical laboratory tests	Specimen was drawn, if the referring provider is located in the same service area.	Referring provider is located, if the provider is not located in the same service area where the specimen was drawn.
Medical Devices and Supplies	Medical Devices and/or Supplies were: • Shipped to; or • Purchased at a retail store.	
Specialty Prescription Drugs	Ordering/prescribing physician is located.	

BENEFITS FOR MEMBERS ENTITLED TO MEDICARE (Medicare Complementary)

The provisions in this section apply to Members who are entitled to Part A and/or Part B of Medicare. A Member will not be terminated as a result of reaching the age of sixty-five (65) or becoming eligible for Medicare. Benefits not covered by Medicare will be provided as described in this Evidence of Coverage. Benefits that are covered by Medicare are subject to the provisions in this section.

CareFirst pays only for Covered Services. The Member pays for services, supplies or care which are not covered. The Member pays any applicable Deductible, and Coinsurance or Copayment. The Medicare Part A and Part B deductible and coinsurance is not the same as the Deductible or Coinsurance, defined in Definitions, which may be applied by CareFirst to Covered Services. Services that are not listed in the Description of Covered Services, or are listed in Exclusions, are not Covered Services.

When determining the benefits a Member may receive, CareFirst considers all provisions of this Evidence of Coverage, its medical policies, and its operating procedures; however, the Utilization Management Requirements of this Evidence of Coverage do not apply to persons for whom Medicare is the primary carrier.

Members shall agree to complete and submit to Medicare, CareFirst and/or Health Care Providers contracted with CareFirst, all claims, consents, releases, assignments and other documents required to obtain or assure such payment.

This coverage is not Medicare supplemental coverage. This coverage provides benefits for some charges and services not covered by Medicare. It is not designed to fill the "gaps" of Medicare.

For Medicare as Primary Members, the in-network level of benefits will be determined following the Medicare assignment of Yes. Otherwise, the in-network benefits will follow the CareFirst PPO network if the Medicare assignment is No. All other providers will be considered out of network.

Covered Services under Medicare Complementary are the same as under the Description of Covered Services. Only the manner of payment is different:

A. Coverage Secondary to Medicare

Except where prohibited by law, CareFirst benefits are secondary to Medicare.

B. Medicare as Primary

1. When benefits for Covered Services are paid by Medicare as primary, CareFirst will not duplicate those payments. When CareFirst coordinates the benefits with Medicare:
 - a. For any Health Care Provider who accepts Medicare assignment, the combined Medicare payment and CareFirst payment will not exceed the Medicare approved charge.
 - b. For any Health Care Provider who does not accept Medicare assignment, the combined Medicare payment and CareFirst payment will not exceed the limitation set by Medicare.
2. **For a Member who Elects Medicare Part B:** CareFirst will coordinate as described above and pay benefits based on Medicare's payment. For example, after meeting the Part B deductible, Medicare pays 80% of the Medicare approved amount for most doctor services; the basis for CareFirst's payment is the remaining 20% of the Medicare approved amount (the combined Medicare payment and CareFirst payment will not exceed the Medicare approved charge/limitation set by Medicare).

a. Numerical Example for a Member who Elects Medicare Part B:

Numerical example, assuming: Part B deductible has been met; CareFirst Deductible, if applicable, has been met; CareFirst Coinsurance of either 90% or 70%; and Medicare approved charge does not exceed limitation set by Medicare, if applicable		Member Pays:
Medicare approved amount	\$1,000.00	
Multiplied by 80% equals Medicare payment	\$800.00	
Basis for CareFirst's payment (remaining 20% of the Medicare approved amount)	\$200.00	
Multiplied by 90% CareFirst In-Network Coinsurance equals CareFirst payment of	\$180.00	10% Coinsurance (which in this example equals \$20.00)
OR multiplied by 70% CareFirst Out-of-Network Coinsurance equals CareFirst payment of	\$140.00	30% Coinsurance (which in this example equals \$60.00)

3. **For a Member who Does not Elect Part B:** CareFirst will reduce its payment to “carve-out” or reject the 80% coinsurance Medicare would have paid if the Member had elected Part B.
- a. If the amount Medicare would have paid is available, CareFirst will coordinate as described above, “carving-out” or rejecting the amount Medicare would have paid. CareFirst will base its reduced Coinsurance payment on the amount Medicare would have paid if the Member had elected Part B.
- b. If the amount Medicare would have paid is not available, CareFirst will base its Coinsurance payment on 20% of the Allowed Benefit. The 80% reduction to the Allowed Benefit represents the amount that Medicare theoretically would have paid if the Member had elected Part B.

c. Numerical Examples for a Member who Does not Elect Part B:

- 1) In the first numeric example below, CareFirst's Allowed Benefit is assumed to be the same as the Medicare approved amount in the above example for a Member who elects Medicare Part B. In this example, CareFirst's payment does not differ; however, the Member is liable for the difference between CareFirst's payment and the Allowed Benefit for a Participating Provider, and for the difference between CareFirst's payment and the Health Care Provider's charge for a Non-Participating Provider.

Numerical example, assuming: The amount Medicare would have paid is not available; CareFirst Deductible, if applicable, has been met; CareFirst Coinsurance of either 90% or 70%		Member Pays:
Health Care Provider's charge	\$1,500.00	
CareFirst Allowed Benefit	\$1,000.00	
Medicare payment	\$0.00	
Basis for CareFirst's payment is 20% of Allowed Benefit	\$200.00	
Multiplied by 90% CareFirst In-Network Coinsurance equals CareFirst payment of	\$180.00	10% Coinsurance plus the difference between CareFirst's payment and the Allowed Benefit (which in this example equals \$820.00)
OR multiplied by 70% CareFirst Out-of-Network Coinsurance equals CareFirst payment of	\$140.00	30% Coinsurance plus the difference between CareFirst's payment and the Health Care Provider's charge (which in this example equals \$1,360.00)

- 2) In the second numeric example below, CareFirst's Allowed Benefit is assumed to differ from the Medicare approved amount in the above example for a Member who elects Medicare Part B. Again, the Member is liable for the difference between CareFirst's payment and the Allowed Benefit for a Participating Provider, and for the difference between CareFirst's payment and the Health Care Provider's charge for a Non-Participating Provider.

Numerical example, assuming: The amount Medicare would have paid is not available; CareFirst Deductible, if applicable, has been met; CareFirst Coinsurance of either 90% or 70%		Member Pays:
Health Care Provider's charge	\$1,000.00	
CareFirst Allowed Benefit	\$500.00	
Medicare payment	\$0.00	
Basis for CareFirst's payment is 20% of Allowed Benefit	\$100.00	
Multiplied by 90% CareFirst In-Network Coinsurance equals CareFirst payment of	\$90.00	10% Coinsurance plus the difference between CareFirst's payment and the Allowed Benefit (which in this example equals \$410.00)
OR multiplied by 70% CareFirst Out-of-Network Coinsurance equals CareFirst payment of	\$70.00	30% Coinsurance plus the difference between CareFirst's payment and the Health Care Provider's charge (which in this example equals \$930.00)

SCHEDULE OF BENEFITS FOR NON-MEDICARE OPTION

CareFirst pays (on the Plan's behalf) only for Covered Services. Services that are not listed in the Description of Covered Services, or are listed in Exclusions, are not Covered Services.

The Member pays for services, supplies or care which is not covered. The Member pays any applicable Deductible, and Coinsurance or Copayment.

When determining the benefits a Member may receive, CareFirst considers all provisions of this Evidence of Coverage, its medical policies, and its operating procedures. Certain Utilization Management Requirements may apply. When these rules are not met, payments may be denied or reduced. See Utilization Management Requirements for these rules.

CareFirst has designed the below Schedule of Benefits to identify CareFirst's payment for Covered Services. Such payments typically depend on:

Type of Health Care Provider (e.g., hospital/facility vs. professional practitioner);

Covered Service(s); and

Place of service (e.g., inpatient/outpatient, emergency room/department, hospital/facility, office).

Generally, services rendered in a hospital/facility place of service result in claims both from the hospital/facility and from professional practitioners rendering care in the hospital/facility setting.

Additionally, certain Covered Services may result in claims for multiple services. For example, claims for mastectomy-related services could include, at minimum, diagnostic services and surgery. Instead of repeating the CareFirst Payment for diagnostic services and surgery, the CareFirst payment for mastectomy-related services indicates "Benefits are available to the same extent as benefits provided for other illnesses."

Unless otherwise stated for a particular Covered Service during a Benefit Period, including, as applicable, Covered Services under any attached riders:

HEARING CARE RIDER FOR NON-MEDICARE OPTION

This rider is issued by CareFirst to be attached to and become a part of the Evidence of Coverage. A Member's effective date of coverage under this rider and termination date of coverage under this rider are the same as the Member's effective date and termination date under the Evidence of Coverage.

Hearing Aid Allowed Benefit means the dollar amount CareFirst allows for the particular hearing device in effect on the date that the service is rendered.

Benefits are available for:

1. Screening examination to diagnose hearing loss.
2. Medically Necessary audiometric testing by a physician or an audiologist, if the physician who performs the screening exam refers the Member to an audiologist;
3. Non-routine services related to the dispensing of a covered hearing aid, such as assessment, fitting, orientation, conformity and evaluation, within six months of the audiometric testing;

 - c. The physician or audiologist certifies that the hearing aid provided by the hearing aid specialist conforms to the prescription.

CareFirst's payment for hearing aids is limited to the Hearing Aid Allowed Benefit. Due to the wide variation in hearing aid device technology, the Hearing Aid Allowed Benefit amount does not always cover the full cost of the hearing aid device(s) the Member selects. If the Member selects a hearing aid device(s) where the full cost is not covered by the Hearing Aid Allowed Benefit, the Member will be fully responsible for paying the remaining balance for the hearing aid device(s) up to the provider's charge.

Benefits are not provided for:

1. Hearing aids delivered more than 60 days after the Member's coverage ends under this hearing care benefit;
2. Hearing care after the date a Member's coverage under this Evidence of Coverage terminates.

CareFirst pays only for Covered Services. The Member pays for services, supplies or care which are not covered. The Member pays any applicable Deductible, and Coinsurance or Copayment. Services that are not listed in the Description of Covered Services, or are listed in Exclusions, are not Covered Services.

When determining the benefits a Member may receive, CareFirst considers all provisions of this Evidence of Coverage, its medical policies, and its operating procedures. Certain Utilization Management Requirements may apply. When these rules are not met, payments may be denied or reduced. See Utilization Management Requirements for these rules.

HEARING CARE RIDER FOR MEDICARE OPTION

This rider is issued by CareFirst to be attached to and become a part of the Evidence of Coverage. A Member's effective date of coverage under this rider and termination date of coverage under this rider are the same as the Member's effective date and termination date under the Evidence of Coverage.

Hearing Aid Allowed Benefit means the dollar amount CareFirst allows for the particular hearing device in effect on the date that the service is rendered.

Benefits are available for:

1. Screening examination to diagnose hearing loss.
2. Medically Necessary audiometric testing by a physician or an audiologist, if the physician who performs the screening exam refers the Member to an audiologist;
3. Non-routine services related to the dispensing of a covered hearing aid, such as assessment, fitting, orientation, conformity and evaluation, within six months of the audiometric testing;
4. Hearing aids if:
 - a. Basic standard model (behind the ear model);
 - b. The prescription is based upon the most recent audiometric exam and hearing aid evaluation test; and;
 - c. The physician or audiologist certifies that the hearing aid provided by the hearing aid specialist conforms to the prescription.

CareFirst's payment for hearing aids is limited to the Hearing Aid Allowed Benefit. Due to the wide variation in hearing aid device technology, the Hearing Aid Allowed Benefit amount does not always cover the full cost of the hearing aid device(s) the Member selects. If the Member selects a hearing aid device(s) where the full cost is not covered by the Hearing Aid Allowed Benefit, the Member will be fully responsible for paying the remaining balance for the hearing aid device(s) up to the provider's charge.

Benefits are not provided for:

1. Hearing aids delivered more than 60 days after the Member's coverage ends under this hearing care benefit;
2. Hearing care after the date a Member's coverage under this Evidence of Coverage terminates.

CareFirst pays only for Covered Services. The Member pays for services, supplies or care which are not covered. The Member pays any applicable Deductible, and Coinsurance or Copayment. Services that are not listed in the Description of Covered Services, or are listed in Exclusions, are not Covered Services.

When determining the benefits a Member may receive, CareFirst considers all provisions of this Evidence of Coverage, its medical policies, and its operating procedures. Certain Utilization Management Requirements may apply. When these rules are not met, payments may be denied or reduced. See Utilization Management Requirements for these rules.

B. CLAIMS PROCEDURES

These procedures govern the filing of benefit claims, Notification of benefit determinations, and Appeal of Adverse Benefit Determinations (hereinafter collectively referred to as Claims Procedures) for Claimants.

These Claims Procedures do not preclude an authorized representative of a Claimant from acting on behalf of such Claimant in pursuing a benefit claim or Appeal of an Adverse Benefit Determination. Nevertheless, the Plan has established reasonable procedures for determining whether an individual has been authorized to act on behalf of a Claimant, provided that, in the case of a Claim Involving Urgent Care, a Health Care Professional, with knowledge of a Claimant's medical condition shall be permitted to act as the authorized representative of the Claimant.

These Claims Procedures contain administrative processes and safeguards designed to ensure and to verify that benefit claim determinations and Rescissions are made in accordance with governing Plan documents and, where appropriate, Plan provisions have been applied consistently with respect to similarly situated Claimants.

C. CLAIMS PROCEDURES COMPLIANCE

1. Failure to follow Pre-Service Claims Procedures. In the case of a failure by a Claimant or an authorized representative of a Claimant to follow the Plan's procedures for filing a Pre-Service Claim the Claimant or representative shall be notified of the failure and the proper procedures to be followed in filing a Claim for Benefits. This Notification shall be provided to the Claimant or authorized representative, as appropriate, as soon as possible, but not later than five (5) days (24 hours in the case of a failure to file a Claim Involving Urgent Care) following the failure. Notification may be oral, unless written Notification is requested by the Claimant or authorized representative.

The above shall apply only in the case of a failure that:

- a. Is a communication by a Claimant or an authorized representative of a Claimant that is received by the person or organizational unit designated by the Plan or Plan Designee that handles benefit matters; and
 - b. Is a communication that names a specific Claimant; a specific medical condition or symptom; and a specific treatment, service, or product for which approval is requested.
2. Civil Action. A Claimant is not required to file more than the Appeals process described herein prior to bringing a civil action under ERISA or under State law, as applicable.

D. CLAIM FOR BENEFITS

A Claim for Benefits is a request for a Plan benefit or benefits made by a Claimant in accordance with a Plan's reasonable procedure for filing benefit claims. A Claim for Benefits includes any Pre-Service Claims and any Post-Service Claims.

E. TIMING OF NOTIFICATION OF BENEFIT DETERMINATION (Internal claims and Appeal process)

1. In general. Except as provided in paragraph E.2, if a claim is wholly or partially denied, the Claimant shall be notified in accordance with paragraph F. herein, of the Adverse Benefit Determination within a reasonable period of time, but not later than 90 days after receipt of the claim by the Plan or the Plan's Designee, unless it is determined that special circumstances require an extension of time for processing the claim. If it is determined that an extension of time for processing is required, written Notice of the extension shall be furnished to the Claimant prior to the termination of the initial 90-day period. In no event shall such extension exceed a period of 90 days from the end of such initial period. The extension Notice shall indicate the special circumstances requiring an extension of time and the date by which the benefit determination will be rendered.
2. The Claimant shall be notified of the determination in accordance with the following, as appropriate.
 - a. Expedited Notification of benefit determinations involving urgent care. In the case of a Claim Involving Urgent Care, the Claimant shall be notified of the benefit determination (whether adverse or not) as soon as possible, taking into account the medical exigencies, but not later than 72 hours after receipt of the claim unless the Claimant fails to provide sufficient information to determine whether, or to what extent, benefits are covered or payable under the Plan. In the case of such a failure, the Claimant shall be notified as soon as possible, but not later than 24 hours after receipt of the claim, of the specific information necessary to complete the claim. The Claimant shall be afforded a reasonable amount of time, taking into account the circumstances, but not less than 48 hours, to provide the specified information. Notification of any Adverse Benefit Determination pursuant to this paragraph shall be made in accordance with paragraph F. herein. The Claimant shall be notified of the benefit determination as soon as possible, but in no case later than 48 hours after the earlier of:
 - 1) Receipt of the specified information, or
 - 2) The end of the period afforded the Claimant to provide the specified additional information.
 - b. Concurrent care decisions. If an ongoing course of treatment has been approved to be provided over a period of time or number of treatments:
 - 1) Any reduction or termination of such course of treatment (other than by Plan amendment or termination) before the end of such period of time or number of treatments shall constitute an Adverse Benefit Determination. The Claimant shall be notified in accordance with paragraph F. herein, of the Adverse Benefit Determination at a time sufficiently in advance of the reduction or termination to allow the Claimant to Appeal and obtain a determination on review of that Adverse Benefit Determination before the benefit is reduced or terminated.

- 2) Any request by a Claimant to extend the course of treatment beyond the period of time or number of treatments that is a Claim Involving Urgent Care shall be decided as soon as possible, taking into account the medical exigencies. The Claimant shall be notified of the benefit determination, whether adverse or not, within 24 hours after receipt of the claim, provided that any such claim is made at least 24 hours prior to the expiration of the prescribed period of time or number of treatments. Notification of any Adverse Benefit Determination concerning a request to extend the course of treatment, whether involving urgent care or not, shall be made in accordance with paragraph F. herein, and Appeal shall be governed by paragraphs H.2.a, H.2.b, or H.2.c, herein as appropriate.
 - 3) Continued coverage will be provided pending the outcome of an Appeal.
- c. Other claims. In the case of a claim that is not an urgent care claim or a concurrent care decision the Claimant shall be notified of the benefit determination in accordance with the below "Pre-Service Claims" or "Post-Service Claims," as appropriate.
- 1) Pre-Service Claims. In the case of a Pre-Service Claim, the Claimant shall be notified of the benefit determination (whether adverse or not) within a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after receipt of the claim. This period may be extended one time for up to 15 days, provided that the Plan or the Plan's Designee both determines that such an extension is necessary due to matters beyond its control and notifies the Claimant, prior to the expiration of the initial 15-day period, of the circumstances requiring the extension of time and the date by which a decision is expected to be rendered. If such an extension is necessary due to a failure of the Claimant to submit the information necessary to decide the claim, the Notice of extension shall specifically describe the required information, and the Claimant shall be afforded at least 45 days from receipt of the Notice within which to provide the specified information. Notification of any Adverse Benefit Determination pursuant to this paragraph shall be made in accordance with paragraph F. herein.
 - 2) Post-Service Claims. In the case of a Post-Service Claim, the Claimant shall be notified, in accordance with paragraph F. herein, of the Adverse Benefit Determination within a reasonable period of time, but not later than 30 days after receipt of the claim. This period may be extended one time for up to 15 days, provided that the Plan or the Plan's Designee both determines that such an extension is necessary due to matters beyond its control and notifies the Claimant, prior to the expiration of the initial 30-day period, of the circumstances requiring the extension of time and the date by which a decision is expected to be rendered. If such an extension is necessary due to a failure of the Claimant to submit the information necessary to decide the claim, the Notice of extension shall specifically describe the required information, and the Claimant shall be afforded at least 45 days from receipt of the Notice within which to provide the specified information.
- d. Calculating time periods. For purposes of paragraph E. herein the period of time within which a benefit determination is required to be made shall begin at the time a claim is filed, without regard to whether all the information necessary to make a benefit determination accompanies the filing. In the event that a period of time is extended as permitted pursuant to paragraph E.2.c above due to a Claimant's failure to submit information necessary to decide a claim, the period for making the benefit determination shall be tolled from the date on which the Notification of the

extension is sent to the Claimant until the date on which the Claimant responds to the request for additional information.

3. Deemed exhaustion of internal claims and Appeals processes. If the Plan or the Plan's Designee fails to strictly adhere to all the requirements of this paragraph E. with respect to a claim, the Claimant is deemed to have exhausted the internal claims and Appeals process, except as provided in paragraph two below. Accordingly, the Claimant may initiate an External Review under paragraph K. of this section. The Claimant is also entitled to pursue any available remedies under section 502(a) of ERISA or under State law, as applicable, on the basis that the Plan or the Plan's Designee has failed to provide a reasonable internal claims and Appeals process that would yield a decision on the merits of the claim. If a Claimant chooses to pursue remedies under section 502(a) of ERISA under such circumstances, the claim or Appeal is deemed denied on review without the exercise of discretion by an appropriate fiduciary.

Notwithstanding paragraph 3 of this section, the internal claims and Appeals process of this paragraph will not be deemed exhausted based on de minimis violations that do not cause, and are not likely to cause, prejudice or harm to the Claimant so long as the Plan or the Plan's Designee demonstrates that the violation was for good cause or due to matters beyond the control of the Plan or the Plan's Designee and that the violation occurred in the context of an ongoing, good faith exchange of information between the Plan or the Plan's Designee and the Claimant. This exception is not available if the violation is part of a pattern or practice of violations by the Plan or the Plan's Designee. The Claimant may request a written explanation of the violation from the Plan or the Plan's Designee, and the Plan or the Plan's Designee must provide such explanation within 10 days, including a specific description of its bases, if any, for asserting that the violation should not cause the internal claims and Appeals process of this paragraph to be deemed exhausted. If an external reviewer or a court rejects the Claimant's request for immediate review under paragraph 3 of this section on the basis that the Plan or the Plan's Designee met the standards for the exception under this paragraph, the Claimant has the right to resubmit and pursue the internal Appeal of the claim. In such a case, within a reasonable time after the external reviewer or court rejects the claim for immediate review (not to exceed 10 days), the Plan or the Plan's Designee shall provide the Claimant with Notice of the opportunity to resubmit and pursue the internal Appeal of the claim. Time periods for re-filing the claim shall begin to run upon Claimant's receipt of such Notice.

F. MANNER AND CONTENT OF NOTIFICATION OF BENEFIT DETERMINATION

1. Except in the case of an Adverse Benefit Determination concerning a Claim Involving Urgent Care, the Plan or the Plan's Designee shall provide a Claimant with written or electronic Notification of any Adverse Benefit Determination.  - f. In the case of an Adverse Benefit Determination by the Plan or the Plan's Designee concerning a Claim Involving Urgent Care, a description of the expedited review process applicable to such claims.

 - b. Accordingly, decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) shall not be made based upon the likelihood that the individual will support the denial of benefits.

H. TIMING OF NOTIFICATION OF DETERMINATION OF APPEAL

1. In general. Except as provided below and in paragraph H.2, a Claimant shall be Notified in accordance with paragraph I. herein of the benefit determination on review within a reasonable period of time, but not later than 60 days after receipt of the Claimant's request for review, unless it is determined that special circumstances require an extension of time for processing the claim.
