CAPITAL IMPROVEMENTS AUTHORIZED

BY THE

GENERAL ASSEMBLY

1995 THROUGH 2004

DEPARTMENT OF BUDGET AND MANAGEMENT

Baltimore, Maryland 21201

July 2004

COMMENTARY

The Department of Budget and Management annually updates this ten-year summary of all State-owned and non-State owned capital improvement projects and programs that are authorized by the General Assembly, except for those of the Department of Transportation.

The capital improvements listed in this document are financed by five principal types of funding:

- 1) Maryland Consolidated Capital Bond Loan, which the Maryland General Assembly enacts to authorize the sale of bonds to finance improvements to a specific facility owned by a local government or nonprofit organization.
- 2) General Funds, which are used to finance projects which are not suited by nature or law to bond funding. When State revenues suffice, General Funds are also used to increase the scope and funding of the Capital Improvement Program. Appropriations of General Funds for capital projects are included in the State Budget Bill.
- 3) Special Funds, which are generated by activities of certain units of State government. Projects funded from this source are identified in appropriation language in the State Budget Bill.
- 4) Federal Funds, which are also appropriated for specific projects in the State Budget Bill.
- 5) Revenue Bonds, which are issued by State higher education institutions and the Maryland Stadium Authority.

Abbreviations used in this document for these fund sources are as follows:

A.F.B.A.	Academic Facilities Bonding Authority (Revenue Bonds of the University System of Maryland)
B.B.	Bond Bills, also known as Legislative Initiatives
F.F.	Federal Funds
G.F.	General Funds
M.C.C.B.L.	Maryland Consolidated Capital Bond Loan
Q.Z.A.B.	Qualified Zone Academy Bonds
R.B.	Revenue Bonds of the Maryland Stadium Authority
S.F.	Special Funds

The years shown in this document are calendar years, not fiscal years.

Chapter numbers for legislation authorizing funds for the capital projects described in this document can be found in the Historical Summary if the legislation was used to fund multiple projects, and following the description of the legislation if it was used to fund a specific project.

Unless otherwise noted, projects printed in italics indicate that appropriations have been cancelled or permitted to lapse. In either situation, the State Funds were not used for the project

The revenue bond authority was effective July 1, 1995 only if the combination of funds provided in the FY 1996 capital budget was insufficient to cover the estimated \$13.8 million cost of the project. Chapter 131, Acts of 1995 repealed the revenue bond authority, reduced the estimated project cost to \$11.15 million and stipulated that the Department does not have approval to design any additional component of a proposed Public Safety Training Center.</p>			
S.F.	1996	Provide a portion of the funds to design, construct, and equip a Public Safety Training Center, provided that no funds may be expended unless a program plan detailing the various phases of the proposed Public Safety Training Center has been approved by the Departments of Budget and Fiscal Planning and General Services and the Budget Committees have reviewed and commented on the program plan or 60 days have elapsed from the receipt of the approved program plan by the Committees.	1,870,000
S.F.	1997	Provide a portion of the funds to design, construct, and equip a Public Safety Training Center.	4,746,000
S.F.	1998	Provide a portion of the funds to construct a Public Safety Training Center. It is the intent of the General Assembly that the total project cost of the Public Safety Training Center not exceed \$53,300,000. This is the estimated cost of the facility based on the approved program and funding schedule contained in the Fiscal 1999 Capital Improvement Program that indicates the final phase of the project receiving funding in fiscal year 2007. Should construction of the facility be expedited, it is expected that the project cost would be reduced in recognition of avoidance of additional inflation. It is further the intent of the General Assembly that the budget committees have 45 days to review and comment on any proposed major changes to the program plan. Major changes include, but are not limited to, addition or elimination of major function of facilities.	2,325,000
