COMMENTARY

The Department of Budget and Management annually updates this 15 year summary of all State-owned and non-State owned capital improvement projects and programs that are authorized by the General Assembly, except for those of the Department of Transportation.

The capital improvements listed in this document are financed by five principal types of funding:

- 1) Maryland Consolidated Capital Bond Loan, which the Maryland General Assembly enacts to authorize the sale of bonds to finance improvements to a specific facility owned by a local government or nonprofit organization.
- 2) General Funds, which are used to finance projects which are not suited by nature or law to bond funding. When State revenues suffice, General Funds are also used to increase the scope and funding of the Capital Improvement Program. Appropriations of General Funds for capital projects are included in the State Budget Bill.
- 3) Special Funds, which are generated by activities of certain units of State government. Projects funded from this source are identified in appropriation language in the State Budget Bill.
- 4) Federal Funds, which are also appropriated for specific projects in the State Budget Bill.
- 5) Revenue Bonds, which are issued by certain State agencies, such as State higher education institutions, the Maryland Department of the Environment, and the Maryland Stadium Authority.

Abbreviations used in this document for these fund sources are as follows:

A.F.B.A.	Academic Facilities Bonding Authority (Revenue Bonds of the University System of Maryland)
B.B.	Bond Bills, also known as Legislative Initiatives
F.F.	Federal Funds
G.F.	General Funds
M.C.C.B.L.	Maryland Consolidated Capital Bond Loan
Q.Z.A.B.	Qualified Zone Academy Bonds
R.B.	Revenue Bonds
S.F.	Special Funds

The years shown in this document are calendar years, not fiscal years.

Chapter numbers for legislation authorizing funds for the capital projects described in this document can be found in the Historical Summary if the legislation was used to fund multiple projects, and following the description of the legislation if it was used to fund a specific project.

Unless otherwise noted, projects printed in italics indicate that appropriations have been cancelled or permitted to lapse. In either situation, the State Funds were not used for the project.

M.C.C.B.L.	2002	Provide funds for projects to remove nutrients at publicly-owned sewage treatment works, provided that \$1,000,000 of this authorization may only be expended as follows: the Maryland Department of the Environment shall conduct three types of wastewater system studies as recommended by the Governor's Task Force on Upgrading Sewerage Systems. First, the Department shall contract with the Maryland Environmental Service to conduct a comprehensive inflow and infiltration data study on every wastewater treatment system with an average wastewater discharge of under 12 million gallons per day. The study shall involve a statewide analysis using readily accessible existing data and shall determine whether there is an inflow and infiltration problem and, if so, determine the magnitude of the problem. Second, the Department shall contract with the Maryland Environmental Service to conduct between three and six comprehensive in-depth inflow and infiltration studies at selected wastewater treatment systems around the State that are representative of the inflow and infiltration problems around the State. Third, the Department shall contract with a qualified third party to conduct a utility rate study for each locality with a wastewater treatment system in Maryland with an average wastewater discharge of under 12 million gallons per day. This study will compare the local jurisdiction's utility rate to that necessary to financially support the jurisdiction's current wastewater treatment program, while ensuring that adequate funding is set aside by the local jurisdiction for a local capital improvement program;	17,832,000

M.C.C.B.L. 2010 Provide funds for the preliminary design and construction of a Secure Evaluation and Therapeutic Treatment Center (SETT). 1,150,000

NOTE: As amended by Chapter 424, Acts of 2013 based on a reevaluation of the scope of the project by the Department. Further amended by Chapter 463, Acts of 2014 to allow the authorization to be used for construction.

M.C.C.B.L. 2012 Provide funds to complete design of and construct a Secure Evaluation and Therapeutic Treatment Center (SETT), provided that no funds may be expended for project design until the Department of Health and Mental Hygiene provides the budget committees with a report that includes a detailed plan to alter the scope of the proposed SETT unit, including what the appropriate bed capacity for the facility should be. Furthermore, the report shall advise the committees on how the Department plans to utilize therapeutic treatment homes to meet its mission of serving individuals in the least restrictive setting, including whether these homes will be used as step-down units. The report shall include how many therapeutic treatment homes would be needed based on the modified size of the SETT unit, including operating costs to serve these individuals in therapeutic homes in comparison to serving individuals in the SETT unit. The Department shall advise on its efforts to work with community providers to establish therapeutic treatment homes in the State. The budget committees shall have 45 days to review and comment following the receipt of the report. Further provided that no funds may be expended for project design until the Department of Health and Mental Hygiene provides the budget committees with a report that provides total estimated project costs for renovating an existing SETT unit, in comparison to constructing a new 32-bed facility, including estimated operating costs associated with a fully operational facility. The report shall indicate how the renovations option will address concerns related to security and lack of vocational space posed by the existing facility and how renovations to an existing SETT unit will effectively meet the needs of the forensic population. Finally, the Department shall indicate how it plans to fund and administer the expansion of community-based homes to support a consolidated SETT unit, including whether providers operating these homes will be required to meet additional regulatory standards. The budget committees shall have 45 days to review and comment, following the receipt of the report.

NOTE: As amended by Chapter 424, Acts of 2013 based on a reevaluation of the scope of the project by the Department. Further amended by Chapter 463, Acts of 2014 to allow the authorization to be used for construction.

PUBLIC SCHOOL CONSTRUCTION PROGRAM

M.C.C.B.L. 2012 Provide funds to construct public school buildings and public school capital improvements in accordance with Sections 5-301 through 5-303 of the Education Article, provided that \$25,000,000 of this appropriation shall be used to fund projects that improve the energy efficiency of schools, including improvements to HVAC systems, lighting, mechanical systems, windows and doors, and any other type of improvement that is specifically designed to improve the energy efficiency of a school building, per standards to be developed by the Interagency Committee (IAC) in collaboration with the Maryland Energy Administration. Priority will be given to projects that maximize leverage, such as projects that only fund the incremental cost of energy efficiency improvements, as opposed to the full costs of the energy project. The funds may also be used to install renewable energy systems in schools, provided that \$25,000,000 of this appropriation is restricted and may not be expended until the IAC submits a report to the budget committees detailing the standards that will be used to allocate funds among projects that improve the energy efficiency of schools. The budget committees shall have 45 days from the receipt of the report to review and comment. 326,393,000

Further provided that any school construction funds allocated to an eligible project in a county that are not spent for the project may, within two years, at the county's option be:

(1) applied to another eligible project in the current fiscal year; or

(2) reverted to the contingency fund and reserved for eligible projects in the county in the next fiscal year, which shall be in addition to new funds allocated for eligible projects in the county in the next fiscal year.

Further provided that any school construction funds reserved for a county in the contingency fund that are not encumbered within two years shall become available to be allocated to an eligible project in any county.

NOTE: The projects funded by the Public School Construction Program in 2012 are listed individually by county in Part II. In accordance with HB 1391 (Chapter 144, Acts of 2012), \$2,800,000 will be allocated to the Maryland School for the Blind.

Q.Z.A.B. 2012 A grant to the Interagency Committee on School Construction or the Maryland State Department of Education for the allocation to eligible school systems under the Aging School Program for the renovation, repair and capital improvements of qualified zone academies, as defined in Section 1397E(d)(4)(A) of the Internal Revenue Code, as amended, and in accordance with the Aging School Program of the Interagency Committee on School Construction, as provided under Section 5-303 of the Education Article of the Annotated Code of Maryland, and to provide equipment for use at such academies as allowed under 1397E of the Internal Revenue Code, subject to the requirement that the grantee document the provision of a required Federal matching fund. The grant shall equal the lesser of \$15,324,000 or the matching fund provided. The matching fund shall comply with Section 1397E(d)(2) of the Internal Revenue Code, as amended. (Chapter 3). 15,324,000

M.C.C.B.L. 2013 Provide funds to construct public school buildings and public school capital improvements in accordance with Sections 5-301 through 5-303 of the Education Article, provided that \$25,000,000 of this appropriation shall be used to fund improvements to HVAC systems per standards to be developed by the Interagency Committee on School Construction (IAC) in collaboration with the Maryland Energy Administration. Further provided that \$25,000,000 of this appropriation is restricted and may not be expended until the IAC submits a report to the budget committees detailing the standards that will be used to allocate funds among projects that improve HVAC systems. The budget committees shall have 45 days from the receipt of the report to review and comment. 300,000,000

Further provided that any school construction funds allocated to an eligible project in a county that are not spent for the project may, within two years, at the county's option be:

(1) applied to another eligible project in the current fiscal year; or

(2) reverted to the contingency fund and reserved for eligible projects in the county in the next fiscal year, which shall be in addition to new funds allocated for eligible projects in the county in the next fiscal year. Further provided that any school construction funds reserved for a county in the contingency fund that are not encumbered within two years shall become available to be allocated to an eligible project in any county.

NOTE: The projects funded by the Public School Construction Program in 2013 are listed individually by county in Part II. In accordance with HB 1391 (Chapter 144, Acts of 2012), \$5,569,000 will be allocated to the Maryland School for the Blind.

G.F. 2013 Provide funds to construct public school buildings and public school capital improvements in accordance with Section 5-301 through 5-303 of the Education Article, provided that \$25,000,000 of this appropriation shall be used to fund projects that install air conditioning systems in schools that do not currently have centralized air conditioning systems. 25,000,000

PRINCE GEORGE'S COUNTY

M.C.C.B.L. 2013 Provide funds to the Department of Health and Mental Hygiene for the purpose of providing a grant to begin site acquisition, design, construction, and equipping of a new Regional Medical Center in Prince George's County. The Department will provide a grant to the owner/operator of the Regional Medical Center, provided that \$5,000,000 of these funds may not be expended until a Memorandum of Understanding (MOU) has been entered into between the new Prince George's County Regional Health System (PGHS), the University of Maryland, College Park (UMCP), and the University of Maryland, Baltimore (UMB) that, as part of the development and construction of the new regional medical system, includes preliminary agreements with any required State funding needed to align institutional assets in a manner that supports the viability of PGHS through the creation of joint educational programs, research collaborations, and advancements in the fields of health sciences. The MOU shall be planned in a manner that:

20,000,000

1) advances new and existing joint research efforts between UMCP and UMB and improves the health care status of citizens in the county through these programs at PGHS;

2) increases educational opportunities in the health sciences fields, and;

3) provides the basis for increased economic development in the county.

Further provided that the budget committees shall have 45 days from the receipt of the MOU to review and comment.

M.C.C.B.L. 2013 Provide a grant to the County Executive and County Council of Prince George's County to make capital improvements to existing health facilities within the Prince George's Hospital System. 10,000,000

NOTE: Entries between 2000 and 2012 originally listed under the heading "Prince George's Hospital Center."

M.C.C.B.L. 2014 Provide funds to the Department of Health and Mental Hygiene for the purpose of providing a grant for site acquisition, design, construction, and capital equipping of a new Regional Medical Center in Prince George's County. The Department will provide a grant to the owner/operator of the Regional Medical Center, provided that this authorization may not be encumbered or expended until the Board of Public Works certifies to the budget committees that the funds will be spent as part of a financially viable plan for the project. The budget committees shall have 45 days from the receipt of the certification to review and comment. Further provided that it is the intent of the General Assembly that the University of Maryland Medical System initiate the design process for the new Regional Medical Center in Prince George's County in fiscal 2015 utilizing general obligation bond authorizations made in the Maryland Consolidated Capital Bond Loan of 2013 and this Act. Further provided that it is the intent of the General Assembly that the State commitment for the new Regional Medical Center in Prince George's County will total \$200,000,000 in the period fiscal 2014 through 2018 and be distributed as follows: \$20,000,000 in fiscal 2014; \$15,000,000 in fiscal 2015; \$40,000,000 in fiscal 2016; \$35,000,000 in fiscal 2017; and \$90,000,000 in fiscal 2018. Further provided that the University of Maryland Medical System, Prince George's County government, the Department of Budget and Management, the State Treasurer's Office, and the Department of Legislative Services shall study alternative financing means instead of general obligation bonds for the State to make the remainder of its commitment to the cost of a new Regional Medical Center that provides a predictable funding stream and does not delay the timeline for the project's completion. A report shall be submitted to the budget committees by December 15, 2014, that outlines the alternative financing mechanisms that were examined, makes recommendations on an alternative financing approach, if any, and includes the statutory language and any budget language that would be needed to implement the recommendations.
