

Maryland

BUDGET HIGHLIGHTS FISCAL YEAR 2021

LAWRENCE J. HOGAN, JR., GOVERNOR
BOYD K. RUTHERFORD, LIEUTENANT GOVERNOR

January 15, 2020

The Honorable Bill Ferguson and the Maryland State Senate
The Honorable Adrienne A. Jones and the Maryland House of Delegates
The People of Maryland

Dear Mr. President, Madam Speaker, Members of the Maryland General Assembly, and Fellow Marylanders:

Today, I am submitting to you this Accountability Budget that reflects the urgent priorities of our state and the commitments our administration made to our citizens five years ago. We promised to hold the line on spending, to bring fiscal restraint back to Annapolis, and to fight to make Maryland a better place to live, work, and do business, and we have done exactly what we said we would do.

The result is an historic economic turnaround that shows no signs of slowing down. We have gone from losing 100,000 jobs to gaining more than 140,000 jobs. More Marylanders are working today than ever before in the history of our state, and we have lowered our unemployment rate to 3.6% – the lowest unemployment has been in Maryland in more than a decade. Maryland truly is open for business, and we are experiencing one of the greatest economic turnarounds in America.

To continue that historic progress, I am submitting a budget today that is 100% structurally balanced for the sixth straight year, maintains \$1.3 billion in reserves, and limits budget growth to 1%. Our proposed FY 2021 budget includes record investments in public education, public health and safety, and economic development, without shortchanging our obligations to preserve our environment and repair our failing transportation infrastructure.

This budget reaffirms and prioritizes our strong commitment to keeping Marylanders safe. To address the violent crime crisis in Baltimore City, we are providing \$6.9 million to support crime prevention prosecution and witness protection efforts, and \$2.6 million to fund 25 new prosecutors and support staff positions in the Attorney General's Office.

As we work together to launch the next chapter of education reform in Maryland, our budget provides an historic \$7.3 billion for K-12 education, again going above and beyond the legislative formulas. Every single school system in Maryland will again see increased investment from the state. Additionally, we are providing \$94 million to expand access to prekindergarten—under our administration, funding to expand access to prekindergarten has grown by 2,179%.

This budget advances the Building Opportunity Fund, which would allow us to provide an historic \$3.9 billion in school construction funding over five years. This represents the largest investment in school construction in Maryland history and would fulfill every one of the local funding requests for upgrades and repairs to aging schools. To meet that goal, our FY 2021 budget invests an unprecedented \$733 million for public school construction.

Our FY 2021 capital budget provides \$402 million for higher education projects. Our budget also provides historically high funding for Maryland community colleges, and we are again providing additional investment to limit any tuition growth at our universities and colleges to 2%.

Since taking office in 2015, our administration has been working on the critical project to allow double stacking in the Howard Street Tunnel. Our proposed budget includes \$80 million to finally make this transformative project, which will break a coast-wide bottleneck and create thousands of new jobs, a reality.

This budget also funds ongoing construction of the Purple Line, the largest transit project of its kind in North America. Our budget includes record funding for transit. Under our administration, transit operating funds have increased by more than 32% since FY 2015, while capital transit funds have increased by almost 60%.

As part of our commitment to skilled environmental stewardship, this budget fully funds Program Open Space and land preservation programs for the third consecutive year and fully funds Chesapeake Bay restoration efforts for the fifth straight year. Additionally, our budget proposes \$2 million to help large public institutions, including community colleges and universities, deploy solar arrays on existing infrastructure like parking lots and rooftops.

Our FY 2021 budget provides an additional \$862 million for mental health and substance abuse programs. To help us continue to combat the heroin and opioid epidemic, our administration has more than doubled statewide substance abuse funding.

Our proposed budget does all of this without raising taxes, without cutting services, and without raiding dedicated special funds, as had become a common occurrence for years.

We look forward to working with you this session to continue changing Maryland for the better.

Sincerely,

A handwritten signature in black ink, appearing to read "Larry Hogan". The signature is fluid and cursive, with a large initial "L" and "H".

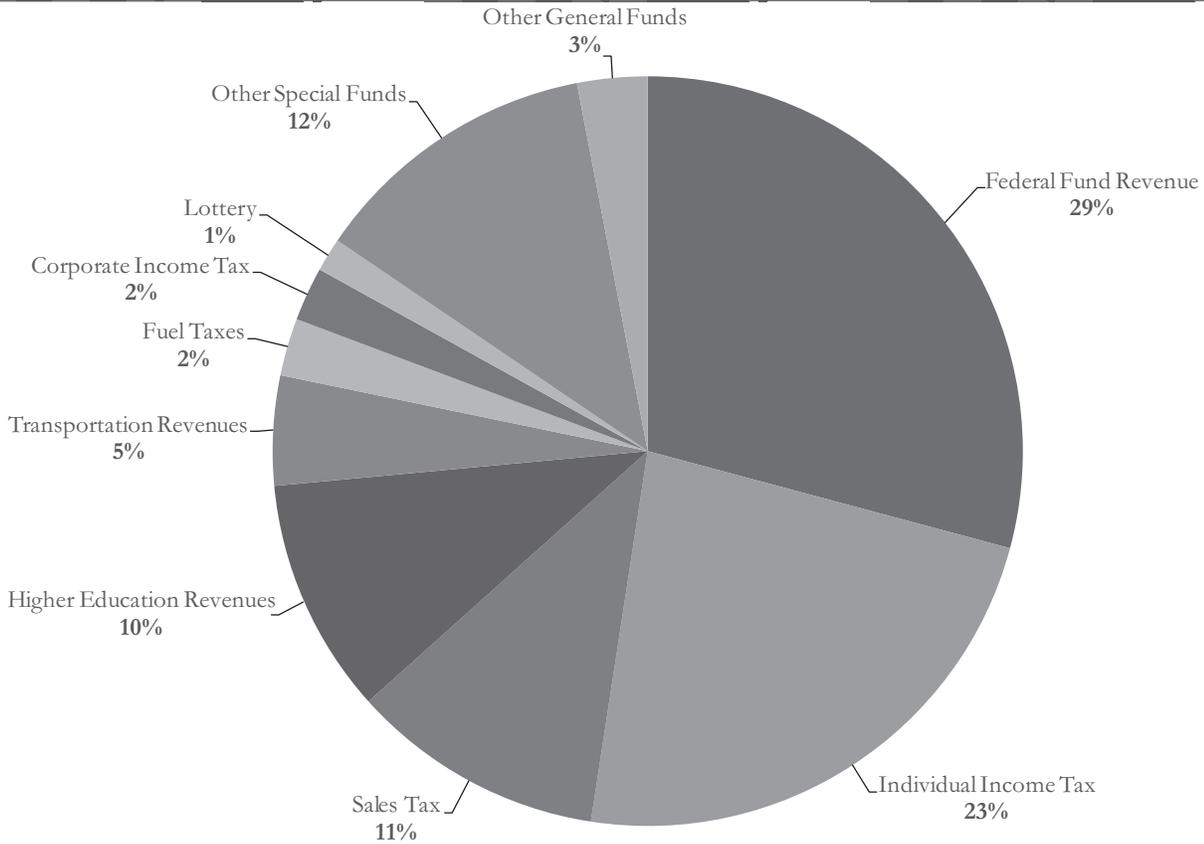

Larry Hogan
Governor

Budget in Brief

Governor Hogan's Fiscal Year 2021 budget again provides historic investments in K-12 education, health care, transportation, and the environment. This is accomplished through a fiscally responsible budget that protects the interests of taxpayers while being responsive to the priorities of Marylanders. Highlights of Governor Hogan's Fiscal Year 2021 budget include:

Continuing record funding for K-12 education for the sixth consecutive year--nearly **\$7.3 BILLION**

Investing nearly **\$3.9 BILLION** in school construction over the next five years

FULLY funding environmental programs, including required repayments of past transfers

Improving the state's transportation infrastructure and creating **THOUSANDS** of jobs

Providing **RECORD** investment to treat mental health and substance use disorders

Maintaining **\$1.3 BILLION** in reserves and keeping the state's AAA bond rating

Framing the FY 2021 Budget

The state closed the FY 2019 budget with a fund balance of \$974.2 million--almost \$256 million higher than anticipated.

The budget surplus was primarily the result of higher-than-estimated revenues; however, for the fifth consecutive year, state agencies also returned more funds to the treasury than estimated. This additional cash, along with modest upward revenue revisions in September and December, eased the short-term outlook of the budget compared to previous estimates.

The administration's FY 2021 budget plan recognizes that the economy is in a long period of sustained growth with potential spending pressures on the horizon.

As a result, the governor's FY 2021 budget proposal balances having reserves for the future with making targeted investments for the future.

Budget in Brief

Strong Financial Stewardship

- The FY 2021 general fund budget grows by only 1.0%, while total fund budget growth amounts to only 1.5%.
- The governor's budget exceeds the legislature's guidelines by leaving a Rainy Day Fund balance of 6.25% of revenues--\$242 million more than the statutory requirement--and a cash surplus greater than \$100 million.
- When combining the FY 2021 ending fund balance and the funds available in the Rainy Day Fund, the state has more than \$1.3 billion in reserves.
- Building on the Hogan administration's commitment to shoring up the pension system, for the fifth year in a row, the budget proposal includes a pension payment that is \$75 million more than is actuarially required. In FY 2021, pension funding totals \$1.69 billion. Currently, the pension system is funded at 72.9%, compared to 69.7% in FY 2015. This rate of growth puts the system well on the way to the 80% benchmark for a well-funded pension system.
- For the second year in a row, the revenue estimate is reduced to account for volatility in non-withholding personal income tax revenues. This approach is fiscally responsible and ensures the state budget relies on sustainable, ongoing revenue growth, rather than one-time spikes.

Investments in Maryland's Education System

- The FY 2021 budget includes \$250 million in funding to support the second year of the "Hogan Lockbox" to ensure that Video Lottery Terminal revenue supplements education funding.
- Since FY 2015, per pupil funding for K-12 education has grown from \$7,273 to \$8,157 (an increase of 12%).
- For the fifth consecutive year, Governor Hogan's education budget goes above and beyond statutory funding formulas to ensure that every jurisdiction receives more direct education aid than in the prior year.
- Governor Hogan's budget includes nearly \$94 million to support the expansion of pre-kindergarten. Under the Hogan administration, state funding to expand pre-kindergarten access has grown by more than 2,000%.
- More than \$100 million in additional funding above current law will be dedicated over the next two years to expand access to early support and interventions for children and their families, including high-quality, full-day pre-kindergarten for three- and four-year-olds.
- The governor has also committed more than \$30 million above current law over two years to fund Concentration of Poverty Grants to provide full-time coverage of health care practitioners and community school coordinators.

RECORD COMMITMENT TO EDUCATION

Sixth consecutive year of record funding--nearly **\$7.3 BILLION** in FY 2021

FULL funding of **ALL** education formulas **AND** Kirwan Commission recommendations

More than **\$350 MILLION** dedicated to Blueprint for Maryland's Future initiatives

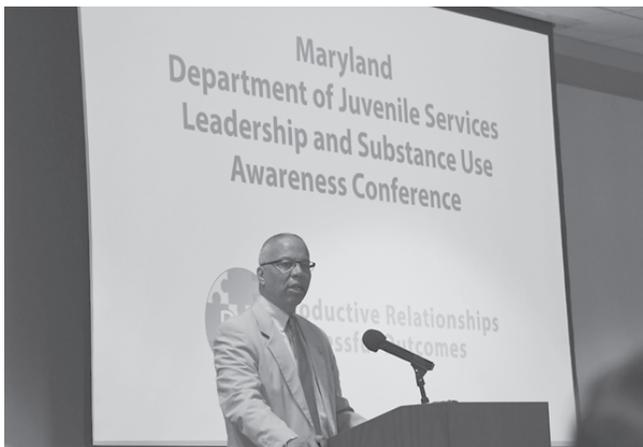

EVERY jurisdiction receives an increase in direct aid

Budget in Brief

- Governor Hogan's new budget continues the important investments in Maryland's higher education system to make sure that Marylanders have every opportunity to succeed.
- The FY 2021 budget again caps in-state resident tuition growth at 2% at the University System of Maryland, Morgan State University, and St. Mary's College. This is the sixth year in a row that the governor has continued to make college more affordable for Maryland residents.
- The FY 2021 budget also makes important investments in Maryland's community college network. Cade funding in FY 2021 for community colleges increases by \$18.2 million (or 7.3%). Since Governor Hogan came into office, funding per student at the community colleges has grown from \$2,070 to \$3,115 (an increase of 50%).

Assisting Vulnerable Marylanders

- Governor Hogan's FY 2021 budget provides funding to assist the state's most vulnerable residents, from the nearly 1.4 million Marylanders on Medicaid, to low-income seniors, to individuals receiving temporary cash assistance.
- The State Reinsurance Program has helped lower premiums in the individual market by 23.5% over the last two years.
- More than \$29 million is provided to expand treatment access for all individuals with the Hepatitis C virus.
- Recipients of temporary cash and disability assistance programs will see monthly benefit increases of 2.5% and 17%, respectively.
- \$4.6 million goes toward food supplement benefits for more than 28,000 senior households.

RECORD SPENDING ON MENTAL HEALTH AND SUBSTANCE USE DISORDER PROGRAMS

Under Governor Hogan, statewide substance use disorder spending has more than **DOUBLED**

Funding for Medicaid mental health treatment services has increased by **\$283 MILLION** (or 35%) under the Hogan administration

Residential treatment services for substance abuse has increased **\$57.5 MILLION** (or 500%) since FY 2016

Fourth installment of **\$10 MILLION** for the Opioid Operational Command Center

Budget in Brief

Preserving Maryland's Natural Resources and Environment

- The FY 2021 budget fully funds all transfer tax programs, including Program Open Space, and it also includes \$43.9 million to continue the repayments of past transfers.
- Programs supported by the Chesapeake and Atlantic Coastal Bays 2010 Trust Fund are fully funded for the fifth consecutive year--increasing nearly 7% over FY 2020 funding.
- Additional funding and positions are provided to support agricultural conservation practices to help Maryland farmers implement the Phosphorous Management Tool and meet Phase III Watershed Implementation Plan goals.
- Funding is included to extend and expand the state's tax credit for zero-emissions vehicles.
- Funding for the Comprehensive Flood Management Program is reestablished at \$6 million in FY 2021.

IMPROVED OUTCOMES FOR THE CHESAPEAKE BAY

Crab abundance in the Bay has increased **24%** since FY 2015

- - -

Acreage of submerged aquatic vegetation, a key indicator of Bay health, has increased **21.3%** from FY 2015

- - -

Nitrogen loads to the Bay have decreased **4.9%** since FY 2015

- - -

Phosphorus loads to the Bay have decreased **5.7%** since FY 2015

GOVERNOR HOGAN'S COMMITMENT TO TRANSPORTATION

Funded capital improvements to Howard Street Tunnel to increase business at the Port of Baltimore and create **THOUSANDS** of jobs

- - -

Funded construction of the Purple Line, which has spurred development and jobs in the region

- - -

Committed **\$167 MILLION** in additional funding to WMATA's capital program for the second consecutive year

- - -

Restored funding for local jurisdiction transportation needs

Improving and Enhancing Maryland's Transportation Infrastructure

- Governor Hogan's commitment to improving congestion in Maryland is unrivaled in terms of funding for highways and transit projects.
- In FY 2021, the State Highway Administration budget includes more than \$340 million in key safety and traffic congestion relief projects.
- The governor's transit budget includes record funding of almost \$1.4 billion in operating funding and more than \$941 million in capital funding.
- Transit operating funds have increased by more than 32% since FY 2015, while capital transit funds have increased by almost 60%.

Budget in Brief

Protecting Maryland's Taxpayers

- Reflecting the Hogan administration's commitment to no new taxes, for the 6th year in a row the FY 2021 budget does not include any tax or fee increases.
- Governor Hogan, as part of the FY 2021 budget, will introduce legislation to reduce the tax burden on Marylanders by expanding the Home-town Heroes tax credit, increasing the military retirement income exemption, and creating a new income exclusion for all retirees.
- For the fifth year in a row, Maryland businesses will have the lowest possible unemployment taxes allowed under state law.

Making Government Work

- The FY 2021 budget continues the administration's efforts to make state government more efficient. With this budget, there are almost 5% fewer positions in the executive branch than in FY 2015. The state government workforce is the smallest it has been since 1986 and at its lowest level per capita since 1972.
- While there are fewer positions in state government, Governor Hogan understands the importance of making sure the state workforce is fairly compensated. To this end, the FY 2021 budget provides employees with a 2% salary

increase effective January 1, 2021 and the possibility of a \$500 bonus if revenues over-attain.

- To assist in the compensation of hard-to-recruit positions, the FY 2021 budget includes over \$15 million to adjust the salaries of more than 3,500 positions. An additional 6,500 positions will become eligible to participate in the student loan repayment assistance program.
- The budget also includes \$8 million in funding over the next two years to compensate approximately 1,000 correctional officers who agree to defer retirement for 4 years.
- Between FY 2019 and FY 2021, most state employees will have received cost of living adjustments totaling 8.5%, as well as a \$500 bonus. The cumulative cost of all these salary increases and the annual salary revisions is in excess of \$1 billion.
- The FY 2021 budget includes \$30 million in funding to protect state government's information technology infrastructure.
- Over the next two years, nearly \$1.8 million is provided and 12 new positions are authorized for the expansion of the newly formed Office of State Procurement to continue efforts to modernize state procurement practices, get the best value for taxpayers, and make it easier for vendors to work with the state.

Economic Development and Jobs

More Opportunities and Jobs for Marylanders

Under Governor Hogan's leadership, Maryland has created over 140,000 new jobs and 6,500 new business establishments since 2015. To help continue this historic economic turnaround, the new budget makes the following allowances:

- Nearly \$47 million to attract businesses and promote economic development in Maryland;
- \$10 million in tax credits for companies that locate or expand in a Maryland Opportunity Zone--an incentive that will increase to \$24 million through FY 2024; and
- More than \$1 million to support programs like Main Street Improvement, Technical Assistance Grants, and Keep Maryland Beautiful, which help Maryland's local governments and nonprofit organizations achieve their community revitalization and economic development goals, bringing the cumulative total that has been dedicated to these programs during Governor Hogan's time in office to \$6.5 million.

Under the Hogan administration, more than \$225 million in state funding has been invested in business and industry sector development programs within the Department of Commerce.

The governor is also reintroducing the Building Opportunity Act, which is estimated to create 27,000 new jobs while simultaneously making the largest investment in public school construction in Maryland history.

Business Investment and Assistance

By helping foster the creation and growth of small businesses with the strategic investment of economic development funds throughout the state, the governor has slashed Maryland's unemployment rate by one-third from 5.4% to 3.6% in 2019--the lowest level since March 2008. The FY 2021 budget includes:

- \$28 million for the Maryland Economic Development Assistance Authority and Fund, the state's most powerful economic development tool;
- The next \$5 million installment to Marriott International as part of a multi-year, \$20 million commitment to ensure the company's headquarters remains in Maryland;
- The second year funding of \$1 million for TEDCO's Minority Pre-Seed Investment Fund, which provides financial and operational support for entrepreneurs from socially or economically disadvantaged backgrounds;
- \$1 million for the Second Stage Business Incubator program; and
- \$500,000 for a new micro-grant program to be administered by the Department of Housing and Community Development as part of the administration's Opportunity Zone initiative.

Economic Development and Jobs

Workforce Development

The Hogan administration has always been proud of the nationally recognized Employment Advancement Right Now (or “EARN”) program and its accomplishments in the field of workforce development. The governor’s budget expands upon these efforts by providing:

- \$7.5 million for the EARN program, which supports innovative and industry-led workforce development initiatives across the state;
- \$3 million for the state’s apprenticeship program, a new record;
- \$2.5 million for the Cyber Warrior Diversity program to train students at the state’s historically black colleges and universities and at Baltimore City Community College in skills necessary for computer networking and cybersecurity careers;
- \$2.1 million for the Baltimore City YouthWorks program, bolstering efforts to create job opportunities for Baltimore City youth to a new record level;
- \$1 million to implement the new Qualified Workforce Housing Tax Credit for housing projects located within Opportunity Zones;
- A two-year, \$1.2 million expansion of the Pathways in Technology Early College High School (P-TECH) Program, which leads to a new record level of funding of \$1.9 million in FY 2021 to provide graduates with a high school diploma and a two-year postsecondary degree in a STEM field from an accredited community college;
- \$750,000 for a new Law Enforcement Cadet Apprenticeship Program designed to help create career pathways in law enforcement;
- \$160,000 for the Cybersecurity Public Service Scholarship; and
- \$100,000 for the new Apprenticeship Career Training Pilot program for formerly incarcerated individuals.

Over the past four years, the governor has more than doubled funding provided for the state’s apprenticeship program, which has led to a 45% increase in the number of new apprentices receiving supervised and structured training on the job. It is anticipated there will be more than 10,000 active apprentices receiving skilled training in FY 2021.

Emerging Technologies

Maryland has always been at the forefront of research and development into new and game-changing technologies that will re-shape the world. Those efforts will continue in FY 2021 with the inclusion of:

- \$12 million for the Biotechnology Investment Incentive Tax Credit;
- \$10 million to continue the state’s investment in two University of Maryland Centers advancing education, research, and technology transfer in neuroscience, virtual and augmented reality, biomedical devices, data analytics, and cybersecurity;
- \$4.8 million for the Maryland Innovation Initiative;
- \$4.6 million for the Maryland Technology Incubator Program;
- \$2 million for the Cybersecurity Investment Incentive Tax Credit; and
- \$900,000 for the Cybersecurity Investment Fund.

Economic Development and Jobs

Higher Education

Governor Hogan knows that an economy can only be as strong as the workforce being trained to enter it, most of which takes place at Maryland's premier institutions of higher education. The governor's budget includes an additional \$69 million for public four-year higher education institutions, bringing total state support to a record \$1.69 billion in FY 2021.

For the University System of Maryland, the budget includes an additional \$12.5 million to limit tuition growth to 2%. The state is also providing the final \$10 million of a \$30 million commitment allocated across the institutions to support workforce development initiatives, along with \$5.5 million for new facility operating costs. Targeted enhancements include:

- \$4 million in additional state support for UMBC to help ensure the institution is funded at a level comparable to its peers;
- \$2.4 million to further efforts to integrate the University of Maryland, College Park and the University of Maryland, Baltimore via the MPowering Joint Steering Council;
- \$2.4 million for the University of Baltimore to support priority educational programs and community engagement activities of the University of Baltimore;
- \$500,000 to support the University of Maryland Eastern Shore's efforts to secure accreditation of its Physician Assistant program; and
- \$175,000 for Salisbury University's Entrepreneurial Center.

The governor's budget reflects a significant commitment to students at Morgan State University (MSU), with a 13% increase in state support for the school year over year. Since FY 2015, state funding for MSU has increased a total of 37%. The FY 2021 budget provides \$115 million in overall state support for MSU. Enhancement funding includes:

- \$5 million to be used for campus safety enhancements, including 20 additional campus police officers;
- \$4.7 million in operating and equipment costs related to the University's new Student Support Services Building; and
- Nearly \$700,000 to hold tuition growth for in-state undergraduates to 2%.

State support for St. Mary's College of Maryland in FY 2021 totals more than \$28 million, thanks in part to the permanent inclusion of the \$800,000 DeSousa-Brent Scholars Completion Grant, for which the College recently qualified.

Record funding is once again provided for the fifteen local community colleges funded through the Cade formula, this year reaching \$268 million. Since FY 2015, formula funding for the community colleges has increased by \$48.4 million (or 22%), while state aid per full-time equivalent student has grown by 50% since Governor Hogan took office. The capital budget includes \$4.2 million to assist community colleges in repairing and modernizing existing campus facilities, a \$400,000 increase over FY 2020.

The Sellinger program for Maryland's independent colleges and universities is funded at \$59 million for FY 2021. State support for the independent colleges has grown by 42% under Governor Hogan.

All in all, state support for higher education institutions has grown by more than 27%--an increase of over \$460 million--since FY 2015.

Economic Development and Jobs

College Affordability

The national student loan crisis has demonstrated what can happen when graduates are crippled by college debt. Governor Hogan continues to combat that crisis in Maryland by providing funding for several key initiatives in FY 2021, including:

- \$137.5 million in overall funding for a wide variety of student financial aid programs, \$88.1 million of which will go toward the Educational Excellence Awards (EEA)--the state's largest need based financial aid program--which will grant awards to more than 25,600 students this year;
- \$15 million for the Community College Promise Program to provide need-based scholarships to eligible Maryland high school graduates to help pay for tuition and mandatory fees towards associate degrees, certificate or licensure programs, and registered apprenticeship programs;
- \$10.1 million in state matching funds in both FY 2020 and FY 2021 to match eligible contributions to an estimated 21,000 Maryland accounts under the state's Save4College Contribution plan, an increase of \$3.7 million each year;
- \$9 million in 2019 tax credits to assist Marylanders burdened by student loan debt;
- \$2 million for Maryland Teaching Fellows Scholarships, established in support of the Kirwan Commission's K-12 recommendations, wherein recipients commit to work as teachers in Maryland schools where at least half the students are eligible for free and reduced meals.

For the fifth year in a row, Governor Hogan has limited resident undergraduate tuition growth to 2%, helping to make college more affordable for Maryland taxpayers. On top of that, since the governor took office, ten new student financial assistance programs have been implemented, representing a \$22 million increase in available awards to students. Overall student financial aid has increased by nearly \$33 million (or 31%) during the same timeframe.

Tourism and Arts Promotion

As "America in Miniature," Maryland possesses a wide range of activities for tourists of all sorts, whether they're looking for something to do on an afternoon or visiting as part of a longer trip. The FY 2021 budget spurs these activities by providing:

- \$10 million in film tax credits to attract film and video production to Maryland;
- \$1.5 million more for the Maryland State Arts Council, which has grown from \$16.3 million in funding in FY 2015 to \$26 million this year;
- \$1.0 million to support the operational costs of bringing the CIAA college basketball tournament to Baltimore City; and
- \$500,000 to enhance Tourism Board activities.

Visitor spending in Maryland has continued to grow every year since 2009. A report conducted by Tourism Economics has quantified that growth as a \$370 million increase, bringing visitor spending to \$18.1 billion and generating \$2.5 billion in state and local taxes. This saves every Maryland citizen \$1,140 in annual taxes.

Transportation Infrastructure

To help continue the state's economic resurgence, Governor Hogan is moving forward with multiple plans to improve Maryland's transportation infrastructure, including:

- The continuation of \$1.5 billion in new adjacent private development for the Purple Line, which is slated to create 6,300 jobs during construction and will support 2,620 jobs in Montgomery and Prince George's Counties by 2040;
- The \$466 million, multi-year Howard Street Tunnel project, which is estimated to create thousands of jobs and bring more than half a billion dollars in benefits to 25 eastern states; and
- The second year of the state's commitment to provide \$167 million annually to WMATA.

Quality of Life

K-12 Education

For the sixth consecutive year, the Hogan administration is providing record funding for K-12 education. The FY 2021 budget invests nearly \$7.3 billion in Maryland's public schools--fully funding state aid programs. Direct aid to local schools grows by \$230 million (or 3.7%). The governor's budget proposes more than \$350 million for initiatives to create a world-class education system in Maryland consistent with the Blueprint for Maryland's Future, including:

- \$65.5 million for special education grants;
- \$65.2 million for expanded community schools with enhanced services for students eligible for free-or-reduced price meals (FARM);
- \$64 million for pre-kindergarten supplemental grants;
- \$45.6 million for the expansion of early childhood initiatives;

Additional educational initiatives are supported with the following allowances:

- \$4.5 million for Learning in Extended Academic Programs (LEAP) to provide extended academic programming for at-risk students;
- \$2.5 million for Early Literacy Initiatives;
- \$2 million for innovative Career Technology Education programs;
- \$1.1 million in support of the administration's new legislation to provide low-income students in Maryland access to AP tests free of charge; and
- \$250,000 to expand teacher recruitment and outreach.

Governor Hogan's education budget goes above and beyond the statutory funding formulas to ensure that every Maryland jurisdiction receives more direct education aid than in FY 2020. Baltimore City receives an additional \$7.5 million, while nearly \$1.9 million is distributed among Garrett, Queen Anne's, and Dorchester Counties.

School Safety and Accountability

The governor's FY 2021 budget continues the administration's commitment to ensuring that no student needs to worry about their health or their safety when attending school by investing heavily in school safety projects and initiatives, including:

- \$30 million to provide grants to public schools to improve the health of school facilities, such as upgrades and replacements of HVAC systems, mold remediation, and water fountain replacements for lead remediation;
- \$10 million in capital grants to local school systems to make safety-related facility improvements, plus \$3.5 million for safety improvements at eligible non-public schools;
- \$10.6 million for local school systems to hire school resource officers and to implement other best practices, with \$400,000 slated to support school resource officers at the Maryland School for the Deaf; and
- \$2 million for upgrades and security personnel for schools and child care centers in Maryland deemed at-risk for hate crimes.

The administration is thrilled we can finally state that, as of today, every public high school in Maryland has either an assigned school resource officer or coverage coordinated with local law enforcement.

Quality of Life

The governor's budget continues to fund \$1.4 million and 11 positions within the Education Monitoring Unit and the Office of Compliance and Oversight, enabling the Maryland State Department of Education and the State Board of Education to investigate and evaluate allegations of misconduct and corruption in local school systems.

Early Childhood Education

Expansion of access to early childhood education programs continues under the FY 2021 budget, wherein the governor is investing:

- \$15 million for the Child Care Subsidy program, which is expected to cover 22,000 children in FY 2021 (4,000 more than before Governor Hogan took office);
- \$13.2 million in additional state funding to continue to expand access to pre-kindergarten throughout the state--funding that has grown by 2,179% under the Hogan administration; and
- \$3 million for local Head Start programs.

Total state funding for pre-kindergarten expansion under Governor Hogan reaches \$45.6 million this year. At the same time, child care subsidy rates have increased from the 10th percentile to the 60th percentile of the cost of child care, while income eligibility requirements have doubled.

Other Education Programs

Highlights of FY 2021 funding for other state-sponsored educational programs include the following:

- Direct aid to local libraries grows to nearly \$64 million in FY 2021.
- The Broadening Options and Opportunities for Students Today (BOOST) Program grows by \$3.4 million to \$10 million, restoring scholarship funding to help low-income students from areas with under-performing schools attend non-public schools.

- The governor's budget further expands the number of slots to provide services for children with autism, which will increase by 30% under Governor Hogan, by an additional 100 slots with the inclusion of \$1.9 million in new funding.
- Governor Hogan's budget fully funds the state aid formulas for the Maryland School for the Deaf and the Maryland School for the Blind. Additionally, it provides \$1.1 million for professional salary enhancements at the two schools.

Healthcare

Governor Hogan continues to ensure that Maryland's most vulnerable citizens have access to critical healthcare services. The FY 2021 budget includes:

- Nearly \$12.1 billion for Maryland's Medicaid program, providing health coverage to nearly 1.4 million Marylanders--including more than 146,000 children through the Maryland Children's Health Program;
- More than \$1.3 billion in support for developmental disabilities community services--a growth rate of 4% over FY 2020--including an additional \$26 million to expand services and reduce the waiting list;
- \$84 million to fund a 2% rate increase for behavioral health, developmental disabilities, and most other healthcare providers, plus \$4 million more to maintain physician rates at 93% of the rate paid by Medicare;
- \$29 million to expand treatment access for all individuals with the Hepatitis C virus, regardless of the stage of their illness;
- \$24.8 million in additional funding for Community First Choice services to keep elderly and disabled adults out of nursing homes;
- \$5 million to continue to provide dental benefits to adults under the age of 65 who are dually eligible for both Medicare and Medicaid;

Quality of Life

- \$3 million to improve access to small pharmacies in less populated areas of the state;
- \$2.5 million in additional funding for local health departments (\$1 million above normal formula growth), to help ensure that Marylanders in every locality are protected by state-of-the-art public health emergency practices and facilities; and
- \$1.6 million over two years to help uninsured women receive the best available treatment protocols for breast and cervical cancer.

Overall, under Governor Hogan, funding to support individuals with developmental disabilities in the community has increased by \$430 million (or 44%) and funding for local health departments has grown by a total of \$15 million (a 33% increase).

For the second year in a row, the State Reinsurance Program has helped lower health insurance premiums in the individual market in Maryland, with a decline of 23.5% over the past two years.

Mental Health and Substance Abuse

In FY 2021, more than \$862 million in state general funds are dedicated to various mental health and substance abuse programs, including:

- \$257.8 million for substance use disorder services, a \$17.5 million (or 7%) increase over FY 2020;
- \$118.4 million for non-Medicaid substance abuse disorder and addiction programs, a 13% increase and a new record level of funding;
- \$200.6 million for mental health and substance use disorder treatment for the uninsured population, another record-high investment resulting from a 10% increase over FY 2020 levels;
- \$10 million to fund the activities of the Opioid Operational Command Center, marking the fourth annual installment of the funds promised by Governor Hogan; and
- \$4 million for grants to local behavioral health authorities--\$1 million more than what was provided last year.

Due to the opioid crisis facing the state, substance abuse spending has more than doubled since Governor Hogan took office, with spending on substance use disorder residential treatment alone increasing by nearly 500%, since FY 2016. Funding for mental health treatment services specifically for the Medicaid population has increased by \$283 million (or 35%) since FY 2015.

We are pleased to announce that, while the fight is far from over, it appears the state's investment is beginning to bear fruit. The Opioid Operational Command Center has reported that Maryland experienced its first decline in opioid-related deaths in more than a decade in the first half of 2019.

Quality of Life

Health and Human Services Staffing and Infrastructure

In recognition of the critical role that the human element plays in providing healthcare treatment and human services, the governor's budget proposal provides:

- \$11.3 million to adjust the salaries of more than 2,700 positions (including social workers, direct care assistants, licensed practical nurses, psychologists, and geriatric nursing assistants), which will improve the recruitment and retention of key positions across state government;
- Thirty-eight new survey and licensure positions within the Office of Health Care Quality, representing the second installment of the governor's multi-year commitment to expand the office's ability to investigate allegations of neglect and harm at nursing homes and other healthcare facilities; and
- \$750,000 and five staff positions for the newly created Prescription Drug Affordability Board tasked with evaluating expensive drugs and recommending appropriate methods for addressing increasing costs.

On top of these investments, the governor's budget includes \$3 million for critical maintenance and facilities upgrades at state health facilities, bringing the cumulative total over the past four years for such projects to \$12 million.

The FY 2021 budget also maintains \$15 million in operating support for the University of Maryland Capital Region Medical Center to ensure Prince George's County residents have access to quality care.

Services for Vulnerable Populations

The Hogan administration recognizes that, even during this historic economic turnaround Maryland is experiencing, there will always be vulnerable citizens in need of state support, which is why the FY 2021 budget provides:

- \$931 million in federal Supplemental Nutrition Assistance Program (SNAP) benefits for more than 346,000 households;
- \$120.6 million to provide heating and electricity assistance benefits for 210,000 households;
- \$12 million for programs such as the Elderly Rental Program and the Rental Housing Production Program that allow for the rehabilitation and creation of affordable rental housing for low- and moderate-income families;
- \$6.3 million to help mitigate the impact of the "benefit cliff" for newly employed recipients of public assistance, a Hogan initiative that provides continued assistance for up to three months as clients transition to new employment;
- \$5.9 million for the Homelessness Solutions Program, which provided housing, emergency shelter, and outreach to approximately 300 youth in FY 2020--\$1 million of which will provide short-term rental subsidies and case management services for youth experiencing homelessness;
- An additional \$5.2 million in the budget for a 17% increase in the Temporary Disability Assistance Program (TDAP) monthly benefit;
- \$4.5 million for the Renter's Tax Credit--a new record--which helps disabled and elderly individuals to cover the cost of housing;
- \$3.5 million for the Baltimore Children and Youth Fund, in concordance with the Community Safety and Strengthening Act of 2019;
- \$3.1 million to fund a 2% rate increase for out-of-home residential service and foster care providers;

Quality of Life

- \$200,000 to provide additional food supplement benefits to families during the months that children are without access to free or reduced meals;
- \$100,000 for the Maryland Farm and Families Fund to expand the purchasing power of residents using federal nutrition benefits at farmers markets; and
- A 2.5% inflation-based increase in the monthly Temporary Cash Assistance (TCA) benefit.

Since 2015, the average monthly TCA benefit has increased by nearly 12%, and TDAP has provided benefits totaling more than \$136 million to low-income and disabled Marylanders.

Enhanced Services for Seniors

Governor Hogan's commitment to making sure that Maryland's senior citizens are taken care of when they require public assistance and that their dignities are respected during their time of need continues into the FY 2021 budget, which includes:

- \$25.6 million in state support to expand and develop community programs for Maryland's aging population, a 40% increase since the governor took office;
- \$4.6 million for food supplement benefits covering more than 28,000 senior households;
- \$2 million for the Maryland Access Points program, which works to ensure that the growing population of older Marylanders remain connected to services and programs that can help them stay in their own homes and stay out of nursing homes;
- \$1.2 million for the Durable Medical Equipment program to collect, repair, sterilize, and redistribute used equipment, such as wheelchairs, walkers, and adaptive devices, to those in need; and
- \$600,000 to expand Community for Life programs around the state, which provide home maintenance, transportation, and service navigation to older Marylanders living in defined geographic locations.

Under the Hogan administration, nearly \$18 million has been dedicated to providing enhanced food supplement benefits to households with seniors.

Improving Public Safety

The governor knows that citizens who feel safer in their communities spend more time out and about in their communities, spending their hard-earned money at local businesses and stimulating the local economy, which is why the FY 2021 budget continues to fund important public safety programs by providing:

- More than \$1.5 billion to house and rehabilitate a population of more than 18,000 inmates in correctional facilities, to detain arrestees and house pretrial offenders, and to supervise more than 84,000 individuals in the community;
- \$272 million for community and residential operations to provide direct care services to youth under the Department of Juvenile Services' supervision;

Quality of Life

- \$19.2 million for SLEOLA negotiated salary increases, including fitness and education bonuses, to address police officer recruitment and retention statewide;
- \$9.1 million to replace more aging police vehicles and equipment and bring down the average age and mileage of the patrol fleet, which has already decreased from ten years to four years and from 200,000 miles to just over 91,000 since Governor Hogan took office;
- \$5.3 million of the public safety savings realized since the enactment of the Justice Reinvestment Act to continue to research evidence-based strategies to decrease crime and reduce recidivism, a \$1.5 million increase over FY 2020;
- \$8 million across two years to launch a new correctional officers' (COs) retention incentive program that would provide a sign-on bonus of \$7,500 and a lump-sum payment of \$30,000 to retirement-eligible COs who commit to stay in their current position for at least four more years;
- Triple the FY 2020 level of funding for tuition assistance for Maryland National Guard service members; and
- First-time dedicated funding for state activations during emergencies.

Under the governor's direction, the Department of Juvenile Services is implementing a new comprehensive juvenile crime strategy that will align case

management resources with Baltimore City police districts to create a better service delivery model. This will also contribute to the work of the Justice Reinvestment Act, which has resulted in the average correctional population in Maryland dropping to fewer than 19,000 inmates in FY 2019, the lowest since 1992.

Supporting Local Law Enforcement

The violent crime crisis in Baltimore City is one of Governor Hogan's top priorities during the 2019 legislative session, which is why he has dedicated a significant portion of the FY 2021 budget to assisting law enforcement throughout the state fight crime in their communities. The new budget spends:

- \$74.5 million in police aid to local governments;
- \$38.7 million in direct local law enforcement grants;
- \$6.9 million for grants that support crime prevention, prosecution, and witness protection as part of the second year of the governor's Baltimore City Crime Prevention Initiative;
- \$3 million to fund initiatives to recruit and retain police officers at the local level;
- \$2.7 million for the Baltimore Regional Intelligence Center;
- Nearly \$2.6 million for 25 new prosecutors and support staff for the Attorney General to prosecute violent crime; and
- \$1.9 million for the Violence Intervention and Prevention Program.

Quality of Life

Environment and Natural Resources

Governor Hogan has stood as an ardent defender of the state's precious natural resources since taking office, and he continues the fight to protect the environment in the FY 2021 budget proposal by providing:

- \$250.5 million to programs funded by the transfer tax, which offer support for state and local land preservation programs, Maryland Park Service operations, and capital maintenance and development projects in state Parks;
- Record funding of \$57.2 million to the Chesapeake and Atlantic Coastal Bays 2010 Trust Fund, a 7% increase from the previous year, including a record-high appropriation of \$21.4 million for agricultural conservation practices and technical assistance, including \$1 million more for manure transportation to help Maryland farmers implement the Phosphorus Management Tool program;
- \$1.6 million and 53 new full-time positions to accelerate implementation of agricultural Best Management Practices that reduce nutrient flows to the Chesapeake Bay in an attempt to help the agricultural sector meet Phase III Watershed Implementation Plan (WIP) goals.
- \$2.5 million over two years to shore up funding for the Maryland Department of the Environment's Air and Radiation Administration

activities in light of declining Clean Air Fund revenues resulting from fewer fees and penalties being paid from sources of air pollution;

- Ten new positions within MDE to enhance lead poisoning prevention efforts consistent with legislation passed in 2019;
- Two new positions to the Maryland Department of Agriculture's Industrial Hemp Pilot Program, which establishes a regulatory framework for the commercial production of hemp in Maryland, and one more position tasked with leading efforts to combat the invasive spotted lanternfly.
- Two new positions to provide communities with technical assistance related to nuisance flooding and to support the expanded role of the Coast Smart Council to address climate resiliency for state capital projects;
- Continued funding for the Rural Maryland Prosperity Investment Fund and MARBIDCO, which includes the Next Generation Farmland Acquisition Program.

For the fifth year in a row, we are pleased to announce that the Hogan administration has fully funded Chesapeake Bay restoration efforts, and for the third year in a row, the state budget fully funds all transfer tax programs with no diversions of special fund revenue to the General Fund. In fact, the FY 2021 budget includes repayment of past transfers totaling \$43.9 million.

Governor Hogan remains committed to his pledge to fulfill the entirety of the Program Open Space repayment schedule, including funding from FY 2020 that was restricted by the General Assembly for other purposes.

Governor Hogan has also secured a commitment of \$200 million in support of Bay pollution reduction efforts through a landmark agreement with Exelon, the operator of the Conowingo Dam.

Quality of Life

Energy Programs

The administration is continuing to advance the state's long-term green energy goals with various initiatives backed by funding in the FY 2021 budget, including:

- \$29.9 million for renewable energy programs;
- \$11.8 million for energy efficiency programs;
- \$8 million to extend the sunset for the zero-emissions vehicle tax credit to 2025 and increase the amount of funding available by \$2 million;
- \$2.25 million program from the Strategic Energy Investment Fund for the purchase of electric vehicles for state agency operations to help reduce greenhouse gas emissions from the state vehicle fleet;
- \$2 million for the Jane E. Lawton Conservation Loan Program;
- \$2 million for solar projects on large public institutions in support of the governor's Clean and Renewable Energy Standard (CARES) initiative; and
- \$1.8 million of annual funding for the electric vehicle charging infrastructure rebate program.

Improving Government Services and Infrastructure

One of the governor's long-term objectives since taking office has been to bring more transparency to state government and make it easier for citizens to interact with agencies and obtain the services they need. For that reason, the new budget includes:

- Record funding of \$47.2 million in operating and capital expenditures to continue to reduce the backlog in the state's critical maintenance and facilities renewal programs;
- \$34.6 million to continue the development of Maryland's Total Human-services Integrated Network (MD THINK), a major IT initiative that is modernizing and improving service delivery for Marylanders by reducing application

processing time and eliminating redundancies within the eligibility determination process through a "no-wrong-door" approach;

- \$20 million for cybersecurity assessments to evaluate and strengthen the security of the state's information technology networks and systems;
- \$10 million for a new Security Operations Center to further consolidate and enhance IT security within state government;
- \$7.3 million to continue development of a One-Stop Portal that will convert the more than one thousand printable forms available on state agency web sites to online application formats--making the process more expeditious, user-friendly, and cost effective by reducing manual submission and review;
- \$5 million for critical maintenance to address aging infrastructure at the state's correctional facilities;
- \$3.5 million over two years to install and upgrade security systems in state-owned buildings to enhance the safety of employees and visitors;
- \$1.5 million for Project SEAN, which will accelerate tax credit-related operations and improve taxpayer services by making it easier to send and update application data--along with making the entire process more secure;
- \$770,500 in additional preventative maintenance funding for the Military Department's facilities; and
- Financial support and additional staff to establish a Tax Sale Ombudsman Office to help low-income, elderly, and disabled homeowners navigate the tax sale process and access services and benefits that could prevent the loss of their homes.

In a show of resounding success, the Hogan administration is proud to have slashed the project backlog in the state's critical maintenance and facilities renewal programs in half thanks to the increased investment over the past five years.

Maryland's Capital Budget

The FY 2021 capital budget totals \$5.4 billion. The capital budget funds the construction of buildings, infrastructure, and development of other long-term assets for the state. Governor Hogan's proposed capital budget reintroduces an historic initiative to fulfill every single local funding request for upgrades and repairs to aging schools. It also provides needed investments in public services, higher education, environmental quality, economic revitalization, and cultural resources.

Most of the capital budget, \$3.3 billion, supports transportation projects, including roads and mass transit. These are funded from fuel taxes, other transportation-related revenues, and federal funds. Highlights of the transportation budget include \$1.6 billion for roads and highways and \$1.1 billion for mass transit improvements, including \$167 million in dedicated funding for WMATA improvements.

The remaining \$2.1 billion is invested in education projects, environmental projects, healthcare-related projects, projects to spur economic development, and projects to support public services and communities throughout the state.

The five-year Capital Improvement Plan (CIP) contains the state share of the Howard Street Rail Tunnel expansion: a multi-year, \$466 million project

that will increase business at the Port of Baltimore and create thousands of new jobs.

A Fiscally Responsible Capital Plan

The FY 2021 capital budget proposes \$1.095 billion in new debt, an increase of less than 1% from last year. This matches the amount recommended by the legislature's Spending Affordability Committee, and it will keep Maryland's debt levels well within the threshold used by the Capital Debt Affordability Committee. Three-fourths of the new debt will be used to support education projects--the governor's top priority.

In FY 2022 through FY 2025, the CIP proposes to supplement the amount of new debt by \$50 million per year to accommodate the state contribution to the Howard Street Tunnel without delaying other important capital projects. This increase can be readily accommodated within the state's debt affordability criteria.

The FY 2021 capital budget also uses \$141.7 million in general fund pay-as-you-go (PAYGO) spending. This provides a valuable and prudent one-time use for a portion of the state's one-time surplus. The PAYGO funding will be principally used for the Washington METRO transit system, programs to promote affordable rental housing, and school safety improvements.

Maryland's Five-Year Capital Improvement Program (Millions of \$)

| | <u>FY 2021</u> | <u>FY 2022</u> | <u>FY 2023</u> | <u>FY 2024</u> | <u>FY 2025</u> | <u>Five-Year Total</u> |

* "Transportation" includes general fund contribution to Washington Metropolitan Area Transit Capital.

** "Other" includes general funds, special funds, federal funds, and revenue bonds.

Maryland's Capital Budget

The full amount of state transfer tax revenues available in FY 2021, \$156 million, is budgeted for its intended purposes of funding Program Open Space and other land preservation programs, recreational facility projects, and related uses. On top of that, \$44 million from state general funds are provided to repay a portion of the funds that were diverted from Program Open Space dating back to FY 2006. These paybacks will continue through FY 2030.

Other sources of capital funds include federal grants, revenue bonds issued by the University System of Maryland, and other, legally dedicated special funds.

K-12 Education

The FY 2021 capital budget for school construction totals a new record level of \$733 million. This year begins a new initiative to substantially meet the state's school construction needs over the next four years. The Building Opportunity Fund initiative will provide \$2.2 billion in new school construction funding. The proposed new funding is in addition to the \$1.6 billion in GO bond funding for school construction currently included in the state's five-year CIP. Over five years, the proposed state investment totals nearly \$3.9 billion.

The governor's proposed budget will use a portion of casino revenues to fund 30-year revenue bonds totaling \$2.2 billion for school construction projects. Beginning in FY 2021, revenue bonds will fund two initiatives that will supplement the \$329 million in GO Bond funding already planned for school construction: the Building Opportunity Fund and a revolving loan fund to assist local governments in meeting matching fund requirements. The revenue bonds will also fund the Healthy Schools Facility Fund and various school safety improvements.

The Building Opportunity Fund along with traditional school construction dollars, will provide

funding to cover all of the projects requested by local school systems from 2020 through 2024. The new construction projects are estimated to create more than 27,000 new jobs over the four-year construction period.

Maryland's Capital Budget

Higher Education

Maryland's strong and diverse higher education system is a key to our economic success. The FY 2021 capital budget includes \$402 million for higher education projects overall. \$115 million (or 42% of the \$274 million dedicated specifically to projects at state-operated higher education institutions) funds projects at Maryland's four Historically Black Colleges and Universities (HBCUs): Bowie State University, Coppin State University, Morgan State University, and the University of Maryland Eastern Shore. Major building projects at state colleges and universities include:

- \$62 million to continue construction of the Third Academic Building at the University of Maryland at Southern Maryland (formerly Southern Maryland Higher Education Center);
- \$61 million to continue construction of the School of Pharmacy and Health Professions at the University of Maryland Eastern Shore;
- \$35 million to continue construction of the \$93 million Education and Health Sciences Center at Frostburg State University;
- \$35 million for a new Auditorium and Academic Building at St. Mary's College of Maryland; and
- \$5.4 million for Morgan State University to continue design of their planned \$157 million Health and Human Services Building.

The budget also focuses on facility renewal and upkeep in higher education, including \$66.7 million for infrastructure and capital maintenance projects at colleges and universities, such as:

- \$12 million for facility renewal projects across the University System of Maryland's (USM's) eleven campuses, with \$16 million coming out of USM's fund balance for these projects;
- \$10 million to replace electrical systems at the University of Maryland, Baltimore;

- \$10 million for flood protection at the University of Maryland Eastern Shore;
- \$10 million for campus infrastructure at the University of Maryland, College Park;
- \$10 million for deferred maintenance at Morgan State University;
- \$6 million for utility upgrades at the University of Maryland, Baltimore County;
- \$4.4 million for campus infrastructure upgrades at St. Mary's College of Maryland; and
- \$4.2 million for various facility renewal projects at community colleges throughout the state.

Community colleges receive record-level capital funding in FY 2021, including \$84.5 million for eleven colleges through the community college construction program and \$4.2 million for facilities renewal projects at eight colleges. Major construction projects include:

- \$26 million to complete the Anne Arundel Community College Health Sciences and Biology Building;
- \$18 million for the Catherine and Isiah Leggett Math and Science Building at Montgomery College; and
- \$15 million for the Marlboro Hall Renovation and Addition at Prince George's Community College.

Maryland's Capital Budget

Another \$4.6 million completes the Loop Road project at Baltimore City Community College.

The capital budget also provides \$8 million for projects at three private institutions: Johns Hopkins University, the Maryland Institute College of Art, and Notre Dame of Maryland University.

Environment, Natural Resources, Energy, and Land Preservation

Maryland has committed a significant portion of its capital budget to protecting its natural resources. Environmental projects total approximately \$511 million in FY 2021 authorizations. Included in this total are:

- \$280 million for protecting the Chesapeake Bay and the quality of water for Marylanders through various programs;
- \$177.7 million to meet the goals of the Agricultural Land Preservation Program, Program Open Space, and Rural Legacy, marking the third year in a row that all state property transfer tax revenues are fully dedicated to their intended purposes of land preservation and recreation; and
- \$35 million for the Drinking Water Revolving Loan Fund and water supply assistance to local governments.

Healthcare and Vulnerable Marylanders

The FY 2021 capital budget devotes \$32 million to hospitals and other health care resources:

- \$10.5 million for the University of Maryland Medical System's new Cancer and Organ Transplant Center and for improvements to their Shock Trauma Center;
- \$9 million for the Community Health Facilities Grant Program and Federally Qualified Health Centers, which will help fund twelve projects for community-based providers in the fields of primary and preventive care, behavioral health, and disability services;
- \$6.6 million for the Maryland Hospital Association to assist eight private hospitals with capital projects across five jurisdictions; and
- \$6 million for other local hospital projects.

Public Safety

\$77 million is also provided in FY 2021 for capital projects related to public safety, such as:

- \$18 million to continue the replacement of the hot water system and perimeter security fence system at Eastern Correctional Institution in Westover;
- \$9.6 million to continue the development of the statewide Public Safety Communication System (the "700 megahertz" system);
- \$5.6 million for the ongoing demolition of the antiquated and dangerous Baltimore City Detention Center, with \$15 million set aside to begin the planning of the new Baltimore Treatment Center to be constructed on the site;
- \$11.6 million for three local jail projects in Frederick, Queen Anne's, and St. Mary's counties; and
- \$4.7 million for six public safety-related facilities in Baltimore, Carroll, Frederick, Montgomery, Prince George's, and Washington counties.

Maryland's Capital Budget

In addition to these projects, the five-year CIP launches an initiative to address the needs for accessible housing and facilities in state correctional institutions for the increasing population of inmates with disabilities.

Maintaining Public Assets and Modernizing State Services

The capital budget includes \$121 million for a wide range of improvements to government facilities or projects that provide services to citizens. Prior to the Hogan administration, the maintenance and upkeep of Maryland's public buildings and infrastructure had been underfunded for decades. The capital budget includes substantial increases in facility renewal and infrastructure funding, including:

- \$35 million for state facility renewal projects managed by the Department of General Services, including roof replacements and heating and cooling upgrades;
- \$18 million for utility projects, with \$7 million dedicated to state parks and \$11 million to other state facilities;
- \$9 million for critical maintenance projects at state parks and forests; and
- \$5 million to replace underground utilities at the State House complex.

Funding is also included in FY 2021 for building and renovation projects to provide modern facilities for ongoing state functions, such as:

- \$5 million for the National Guard maintenance facilities in Havre de Grace; and
- \$1.8 million for projects to improve the accessibility of state buildings for people with disabilities.

Economic Development and Jobs

The capital budget includes \$181 million for community revitalization and housing projects administered by the Department of Housing and Community Development and \$38 million for other projects to improve downtowns and promote tourism and the arts.

Project C.O.R.E. (Creating Opportunities for Renewal and Enterprise in Baltimore City) is a multi-year initiative to address blight in Baltimore. The first installment of Project C.O.R.E. funding provided \$75 million to accomplish the clearance, demolition, or stabilization of 4,000 blighted properties. The FY 2021 capital budget includes \$23 million to continue a second wave of Project C.O.R.E. funding, which will total almost \$50 million through FY 2023, making this a \$125 million initiative. In addition, the five-year CIP includes \$3.5 million in FY 2021--and \$7 million over the next two years--for local strategic demolition projects outside Baltimore City.

Maryland has established 149 Opportunity Zones to leverage federal tax credits to attract new economic investment. As part of this initiative, the Department of Housing and Community Development has an estimated \$22 million available in its capital programs to support projects that can leverage private investment in Opportunity Zones.

Maryland's Capital Budget

* "Revenue Bonds" are University System of Maryland Academic Revenue Bonds.

** "Other" includes Special Funds and Federal Funds.

Capital Budget for Transportation

The proposed FY 2021 capital budget for Maryland Department of Transportation (MDOT) projects totals \$3.3 billion. The budget is comprised of funding to build and maintain the entirety of Maryland's transportation infrastructure, including roads and bridges, motor vehicle facilities, mass transit networks, mobility services, the Port of Baltimore, and BWI Thurgood Marshall Airport, along with various other small airports.

The transportation capital budget is primarily funded through state sources and federal aid. The state sources consist of taxes, fees, and bonds. In FY 2021, state sources comprise \$1.5 billion (or 44.9% of the capital budget), while federal aid for highways, mass transit, aviation, and port security amounts to \$1.2 billion (or 37.5%). Other sources of funding, including county project contributions, user fees, and federal funds received directly by WMATA, total \$574.2 million (or 17.6%).

State Highway Administration (SHA)

SHA projects constitute \$1.58 billion, the largest share of the FY 2021 capital program for transportation. The SHA capital program is funded with \$893 million in state revenue and \$688 million in federal aid. Major economic and safety projects by region include:

Suburban Washington Region

- \$40 million for a new interchange on MD 4 at Suitland Parkway, \$7.4 million to reconstruct US 1 in College Park, and \$19 million to finish a new interchange on MD 210 at Kerby Hill/Livingston roads in Prince George's County;
- \$43 million to finish the congestion mitigation project along I-270 in Frederick and Montgomery counties;
- \$35 million to develop the necessary NEPA (National Environmental Policy Act) and P3 (Public-Private Partnership) documents to advertise the first phase of the governor's Traffic Relief Plan along I-270 and I-495 in Frederick, Montgomery, and Prince George's counties;
- \$15 million to construct a new interchange on I-270 at Watkins Mill Road and \$11 million to relocate MD 97 around Brookville in Montgomery County; and
- \$12.7 million for the interchange at MD 85 and I-270 and \$8.7 million to reconstruct the MD 180 bridge over US 15/US 340 in Frederick County.

Baltimore Region

- \$47 million for construction of new congestion relief on I-695, \$24 million for various bridge and widening improvements along I-695, and \$12 million to finish replacing the US 1 bridge over CSX's tracks in Baltimore County;
- \$36 million to widen MD 32 in western Howard County; and
- \$6.3 million for Base Realignment and Closure (BRAC) improvements near Fort Meade in Anne Arundel County.

Capital Budget for Transportation

Southern Maryland

- \$6.6 million to widen MD 5 to Point Lookout State Park in St. Mary's County;
- \$3.4 million for intersection improvements at Abell/Moakley streets in St. Mary's County; and
- \$3.2 million for MD 5 upgrades from MD 471 to MD 246 in St. Mary's County.

Western Maryland

- \$18 million for constructing US 219 improvements in Garrett County;
- \$7.7 million to improve the I-70 bridges over MD-65 and adjacent CSX tracks in Washington County;
- \$5.1 million to replace the MD 39 bridge over the Youghiogheny River in Garrett County; and
- \$4.3 million to replace the MD 51 bridge over CSX's tracks and Canal Parkway in Allegany County.

Eastern Shore

- \$3.4 million to replace the MD 272 bridge over Amtrak in North East Cecil County.

SHA's budget also includes \$69 million to construct stormwater mitigation measures as part of Maryland's Watershed Implementation Plan.

Maryland Transit Administration (MTA)

MTA's FY 2021 capital budget totals \$641 million, with \$488 million (or 76.2%) coming from federal sources. Major projects include:

- \$186 million for the continuing construction of the Purple Line Light Rail project in the Washington area--the largest transit P3 in the country--with the first segment due to open in 2022;
- \$34 million in the Baltimore area for upgrades and safety improvements for Light RailLink; \$54 million for bus procurements and upgrades; \$19 million for the Kirk bus facility replacement; \$35 million for other system up-

grades and \$98 million for Metro overhauls, upgrades and vehicle replacements. \$50 million for MARC commuter rail improvements on the Camden, Brunswick, and Penn lines, plus \$22 million for MARC coach and locomotive overhauls and replacements; and

- \$42 million is provided for capital assistance to a variety of locally operated transit systems.

Washington Metropolitan Area Transit Authority (WMATA)

WMATA's FY 2021 capital budget totals \$444 million. This includes:

- The second year of Maryland's promised \$167 million in dedicated funding; and
- \$100 million in federal funds that go directly to WMATA.

The other state funding is mostly for the WMATA capital improvement program and Maryland's match to the Passenger Rail Investment and Improvement Act safety program, assuming the continuation of that program or something similar through FY 2025.

Maryland Aviation Administration (MAA)

MAA's FY 2021 capital budget totals \$311 million. Major projects for BWI Thurgood Marshall Airport include:

- \$205 million for improvements to Concourse A/B Connector and Baggage Handling System;
- \$23 million for infrastructure improvements to accommodate a new aircraft maintenance facility; and
- \$13 million for shuttle bus replacements.

Capital Budget for Transportation

Maryland Port Administration (MPA)

MPA's FY 2021 capital budget totals \$206 million, including:

- \$80 million for the Howard Street Tunnel Project's first year made possible with a \$125 million federal INFRA (Infrastructure For Rebuilding America) grant and a partnership with CSX;
- \$70 million for projects related to dredging for the Port of Baltimore; and
- \$21 million for the reconstruction of berths at various terminals.

The Secretary's Office (TSO)

TSO's FY 2021 capital budget totals \$43 million, including:

- \$7.5 million in the form of a federal grant for the study of MAGLEV between Washington and Baltimore;

- \$4.0 million for an Innovative Storm Water Management Pilot;
- \$3.8 million for the Bikeways Network Program; and
- \$2.8 million for a Port of Baltimore Incentive Program.

Motor Vehicle Administration (MVA)

MVA's FY 2021 capital budget totals \$42 million, including:

- \$15 million to upgrade MVA's enterprise-wide IT system, Customer Connect; and
- \$13 million for building improvements.

MARYLAND DEPARTMENT OF TRANSPORTATION Total 5-Year Program, FY 2021-FY 2025 (Millions of \$)

¹ Passenger Facility Charge (PFC) revenue, Customer Facility Charge (CFC) revenue, and MDTA bond financing are being used to fund several projects identified in this program. The PFC-, CFC-, and MDTA-eligible project costs are included in the totals above.

² Does not include Federal Funds received directly by WMATA that are not included in MDOT's budget.

³ Includes other funding sources, including PFC's, CFC's, Certificates of Participation (COP's), general funds for WMATA, and MDTA funds for MAA projects.

Capital Budget for Transportation

Maryland Transportation Authority (MDTA)

The MDTA operates independently of MDOT. It constructs, maintains, and operates toll facilities and other transportation-related revenue projects. Its projects are not counted as part of the transportation capital budget; however, they are critical to improving the state's transportation infrastructure.

For example, MDTA is funding the US 301 Governor Harry W. Nice/Senator Thomas "Mac" Middleton Bridge replacement project in Charles County for \$636 million.

This project is one of the state's largest transportation initiatives and will improve mobility, safety, and economic opportunities for the entire southern Maryland/northeastern Virginia combined region.

The project will replace the existing two-lane bridge with a new four-lane span and will create more than 500 jobs. The new bridge is expected to open by 2023. The height of the new span will accommodate tall vessels, and it will require all-electronic (cashless) tolling. The bridge is anticipated to have a 100-year service life. Materials from the demolished bridge will be used to create an artificial fish reef. In addition, MDTA is partnering with the Potomac River Fisheries Commission and the Maryland Department of Natural Resources to fund oyster seeding in the lower Potomac River basin. Virginia will contribute \$13 million to the project for work being completed in Virginia.

Overall, the FY 2021 MDTA capital budget totals \$424.1 million. This is funded entirely from the Transportation Authority Fund that is mostly generated from tolls. Other key projects in FY 2021 include:

- \$126.8 million to continue the construction of the \$1.1 billion two-lane extension of the northbound I-95 Express Toll Lanes from MD 43 to MD 24 in Baltimore and Harford Counties;
- \$47.4 million to continue the construction of the I-895 bridge replacement in Baltimore City; and
- \$13.9 million to rehabilitate the left lane of the westbound span of the Chesapeake Bay Bridge in Anne Arundel and Queen Anne's Counties.

In addition, MDTA will fund the conversion to cashless tolling on the Hatem Bridge (Cecil and Harford), the Key Bridge (Baltimore County) and the Bay Bridge (Anne Arundel and Queen Anne's Counties). Cashless tolling began at the Hatem and Key bridges in October 2019 and will begin at the Bay Bridge by Summer 2020. These projects will allow toll collection at highway speeds via E-ZPass or video tolling. While the tolls will be collected using gantry systems it will take a few years to fully remove the toll booths and associated infrastructure.

Supporting Local Government

The FY 2021 budget provides \$8.6 billion in aid to local governments – \$310.9 million over FY 2020. The primary increases include an additional \$212.8 million for K-12 education aid, \$34.9 million for public safety, \$18.9 million for community colleges, and \$12.1 million for the Disparity Grant program.

Primary and Secondary Education

Foundation Program: The foundation program is the largest single local aid program and is fully funded in FY 2021. Under the program, aid is distributed on the basis of public school enrollment and equalized for taxable wealth so that jurisdictions with smaller per pupil tax bases receive proportionately more aid. Additional funding of \$9.4 million is provided to ensure that every jurisdiction receives at least \$100,000 more direct aid in FY 2021 than in FY 2020.

Compensatory Education: The compensatory education program is directed toward the education of children who are economically and environmentally disadvantaged. The Bridge to Excellence Act directs the aid according to the number of students receiving free or reduced price meals.

Special Education: Aid for special education is provided to school systems to help cover the additional cost of educating students with needs for special services. These funds are allocated on a formula basis for students in local schools and to support children placed in nonpublic special education schools. The FY 2021 budget reflects the state's share at 70% of the cost of nonpublic placements over a certain amount.

Student Transportation: This program provides aid for the transportation of students to and from school, including a specific grant aid for transporting special needs students.

Other Education Aid: Other education aid includes \$350.4 million in grants related to Commission on Innovation and Excellence in Education initiatives, \$348 million to support students with limited English proficiency, and \$41.2 million for the Guaranteed Tax Base program, which provides grants to those subdivisions that have less than 80% of the statewide average wealth per pupil and that provide local education funding above the local share required by the foundation program.

State Retirement System: In addition to direct aid for education, the state pays a portion of pension and retirement benefits for teachers, principals, administrators, and other eligible employees on behalf of each board of education.

Education Aid Per Pupil

The chart below shows state aid for public schools on a per-pupil basis. Aid includes direct aid and contributions for teachers' retirement. Pupils are measured as full-time equivalent counts as of September 30, 2019--the same basis used for allocating aid under the statutory formulas.

Total K-12 Education Aid per Eligible Full-Time Equivalent Pupil Fiscal Year 2021

| | FTE Pupils as of September 30, 2019 | Aid per Pupil |

Libraries

Library Aid Formula: The state supports the current operating and capital expenses of local library systems. Aid is distributed on the basis of population and is equalized so that jurisdictions with smaller per capita tax bases receive more aid per capita. During the 2016 Legislative Session, legislation passed increasing the per capita calculation for library aid and phasing in this change through FY 2022.

State Library Network: The library network program provides aid for the State Library Resource Center at the Enoch Pratt Central Library in Baltimore and the three regional resource centers in non-metropolitan areas. During the 2016 Legislative Session, legislation passed increasing the per resident calculation for library network funding and phasing in this change through FY 2022.

State Retirement System: In addition to direct aid for libraries, the state pays the entire cost of pension and retirement benefits for eligible librarians and other employees on behalf of the library systems. There is an exception for Montgomery County where librarians have elected to remain in the Montgomery County Retirement System rather than in the state system, in which case the state remits the lesser of the cost of retirement for the county or the state systems.

Community Colleges

Current Expense Formula: The current expense formula bases funding on a percentage of the appropriation per FTE student at four-year public higher education institutions.

Unrestricted Grants and Special Programs: The budget includes \$7.3 million for small community colleges, \$6.0 million to fund a statewide program for out-of-county or out-of-state students in regional or health manpower shortage programs, \$4.9 million for the English for Speakers of Other Languages program, and \$506,162 for other out-of-county and out-of-state student agreements.

Optional Retirement: The state distributes funds directly to the community colleges to reimburse them for the employer cost of members of the Optional Retirement System, a vendor operated, defined contribution plan offered as an alternative to the state's defined benefit pension and retirement systems.

State Retirement System: In addition to direct aid to community colleges, the state pays the entire cost of pension and retirement benefits for eligible teachers, administrators, and other employees on behalf of each community college.

* The state assumes the cost of Baltimore City Community College.

Police, Fire, and Public Safety

Aid for Police Protection: The state gives grants to the subdivisions to help provide for police protection services, which are distributed through a formula based on population and population density. Grants are shared between counties and municipalities on the basis of expenditures, and municipalities receive an additional grant based on the number of police officers.

Aid for Fire, Rescue and Ambulance Systems: Counties and municipalities receive grants for fire, rescue and ambulance equipment and capital renovations.

Special Grants: The budget includes funding to Baltimore City for the War Room, Safe Street program, a \$2 million grant to the Baltimore City State’s Attorney’s office, and \$9.2 million in general support for the City’s police department. In Prince George’s County, funds are provided for drug enforcement, violent crime grant programs, and \$1.3 million for the State’s Attorney’s office. Additional general funds are provided for STOP Gun Violence grants, the domestic violence unit, the Internet Crimes Against Children program, police recruitment and retention grants, and the Maryland Criminal Intelligence Network. Also included are special funds awarded by the Vehicle Theft Prevention Council and grants from the state’s telephone surcharge for the “911” emergency system.

Transportation

Highway User Revenues: The motor vehicle fuel tax, motor vehicle registration fees, a share of the motor vehicle titling tax, and a share of the corporate income tax are designated as Highway User Revenues (HUR). The state allocates a portion of these revenues to the counties and municipalities to help fund the construction and maintenance of local roads. Baltimore City receives 8.3% in FY 2021. The remaining counties and municipalities receive 3.2% and 2% respectively in FY 2021. The distribution is made according to a formula based on locally maintained road mileage and vehicle registrations.

Elderly and Disabled Transportation: Grants are provided to fund local transportation services for elderly and disabled persons, with 60% of the money distributed equally among the counties and Baltimore City and 40% based on the distribution of the elderly and disabled populations. In addition, funding is included to help defray the cost of providing paratransit services required under the federal Americans with Disabilities Act.

Miscellaneous

Local Health Grants: This program funds a wide range of preventive health services such as family planning, maternity and child care assistance, cancer control, and AIDS education and outreach.

Disparity Grants: Grants are distributed to subdivisions whose per capita income tax revenues are less than 75% of the statewide average. Beginning in FY 2011, funding to any county is not required to exceed the FY 2010 grant. The formula was modified during the 2013 legislative session to add a minimum grant amount based on the local tax effort of eligible counties and raises from 2.4% to 2.6% the local income tax rate required to be eligible to receive a grant. Legislation passed in 2016 increased the minimum grant from 60% to 67.5% for jurisdictions with a 3.2% tax rate.

Program Open Space: This program provides for the acquisition and development of parks and other conservation areas.

Retirement Contributions

Under this statutory program, the state pays a portion of pension and retirement benefits for eligible teachers, principals, and other eligible school employees on behalf of each county board of education. The state pays the entire cost of pension and retirement benefits on behalf of community colleges and the library system. There is an exception for Montgomery County where librarians have elected to remain in the Montgomery County Retirement System rather than in the state system, in which case the state remits the lesser of the cost of retirement for the county or the state systems.

There is no distribution of funds directly to the subdivisions, but rather lump sum payments are made to the state's retirement board. Each subdivision's share of the state's retirement appropriation, however, can be estimated based on county-by-county salary data.

million, or 2.9%, in FY 2020 before increasing \$452 million, or 2.4%, in FY 2021. Outyear revenue growth is estimated to be 2.4%, 3.5%, 3.6% and 3.4% for FY 2022 through 2025, respectively, reflecting moderate and consistent revenue growth. The forecast does make several assumptions regarding revenue. In FY 2020, approximately \$158 million will be transferred to the General Fund from the Rainy Day Fund. In addition, \$9.1 million in additional payments related to the Disproportionate Hospital Share (DSH) and \$3 million in Premium Tax revenue from the Health Benefits Exchange are expected in FY 2020. In FY 2021, an additional \$134 million in revenue is assumed from the slower phase-in of revenue volatility. This slower phase-in provides additional revenue throughout the forecast period before being fully phased-in FY 2026. In addition, \$43.9 million of Program Open Space funds fenced off in FY 2020 will be transferred to the General Fund in FY 2021. The DSH revenue is also expected in FY 2021. FY 2021 assumes \$4.0 million in unused Film Tax Credit revenue. The Administration is introducing three tax relief proposals in FY 2021 that phase-in over time. First is the Hometown Heroes Act totaling \$7.2 million in FY 2021 and increasing to \$17.7 million in FY 2025. Second, there is a military retirement income bill totaling \$10.6 million increasing to \$29.1 million.

Expenditures - Expenditures are categorized by: general obligation bond debt service payments, local aid programs, entitlements, State operations, and Capital (PAYGO) projects. Overall, the budget for FY 2021 increases by \$197 million or 1.0% compared to FY 2020. The FY 2021 budget makes modest contingent reductions to have a fund balance that exceeds \$100 million and maintains a Rainy Day Fund balance of 6.25% of revenues. Debt service payments total \$226 million in FY 2021, a decrease of 21.3% compared to FY 2020. Debt service is the fastest growing category of expenditure in the out-years growing by an average of almost 23.7% per year and reaching \$530 million in FY 2025.

General Fund Aid to Local Governments is expected to increase by \$251 million, or 3.5%, in FY 2020. K-12 education is funded at \$7.3 billion from all fund sources in FY 2021, a historic level. An additional \$125 million is provided as a result of the "Hogan Lockbox," bringing the total new funding to \$250 million. In addition, the mandates relating to the Blueprint to Fund Maryland's Future are fully funded in FY 2021. Other increases in local aid include \$18 million in additional funding for Community Colleges and additional funding for the Disparity Grant. K-12 education aid is expected to increase to \$7.8 billion by FY 2025, for average annual growth of 4.0%. The forecast continues the phase-in of "lockbox" revenue as well as normal growth for education aid and community colleges. In addition, funding for the Building Opportunity Fund is reflected in the forecast.

Entitlements, including Foster Care Payments and Medicaid, are expected to increase 4.9% in FY 2021. Most of the growth is tied to Medicaid due to increased enrollment and provider payments, including Managed Care Organizations. Growth in entitlement spending for the FY 2021 through 2025 period will average 6.2% a year. The rate of growth in Medicaid accelerates in future years because of rate adjustments and an increase in the State share of the cost of the Medicaid expansion population. Growth in other entitlements is expected to be modest.

APPENDIX F FY 2019 – FY 2025 FORECAST

Higher Education Fund Summary

Reporting of revenues and expenditures utilizes uniform standards of the National Association of College and University Business Officers (NACUBO) and the American Institute of Certified Public Accountants (AICPA). Standardized fund accounting facilitates comparisons with other public and private institutions. Financial accounting for non-profit education entities provides information about resources and obligations rather than the tracking of net income.

There are multiple fund classifications as to purpose and source: Current, Loan, Endowment, Annuity, Plant, and Agency. Only Current Funds, Unrestricted and Restricted, are considered in the operating budget appropriation process and utilized in the five-year projections. Unless "restricted" by an outside donor, grantor or contractor, all other funds support missions through single-year operations.

Tuition and Fees – FY 2021 undergraduate resident tuition rates are projected to increase by 2% at University System of Maryland (USM) institutions, Morgan State University (MSU) and St. Mary's College of Maryland (SMCM). The FY 2021 budget also includes fee increases at some institutions. Tuition and fee revenues from FY 2022 through FY 2025 are projected to continue to increase by 2% per year. This plan expects non-residents to pay at least 100% of educational and general (E&G) costs per student. Similar relationships have been developed for part-time student rates.

State Appropriations – The State appropriation includes Higher Education Investment Fund (HEIF) special funds and general funds. There is a total of \$83.2 million in HEIF special funds in the FY 2021 budget. The FY 2021 budget provides a 3.7% increase in the State appropriation to USM and 12.6% to MSU. USM and MSU's budgets for FY 2022 through FY 2025 assume an average increase in additional State appropriations of 4% per year. Baltimore City Community College's FY 2021 State appropriation decreases by 0.1% from the FY 2020 level and is projected to grow by an average of 0.3% in the out years. SMCM's FY 2021 State appropriation grows by 4.2% after accounting for the transfer of FY 2020 DeSousa-Brent Program funding. Out years for SMCM reflect projected increases in the implicit price deflator (IPD) averaging 3.3% per year.

Grants and Contracts – Federal grants and contracts are expected to be flat and private gifts and State and local grants and contracts are projected to grow an average of 1.0% per year in the out years due to minimal growth in spending.

Other Unrestricted Funds - Sales and services of auxiliary enterprises are projected to increase 2.2% per year due to both the rates charged and the population served by dorms and dining halls. Sales and services of educational activities are projected to grow by an average of 2% annually. Other sources are projected to increase 4.1% per year on average in the out years.

Transfers (to) / from Fund Balance - This category includes reserves and revenues from one year's operations being used for expenditures in another year. For example, it is common for fund balances to differ from actual year to current year due to the carryover of unfinished business because higher education uses accrual accounting versus the State's cash accounting.

Fund Balance – Most of the fund balances are from other than State-supported operations. For example, auxiliary enterprises are normally self-supported through revenues other than general funds. Operating "reserves" equivalent to outstanding debt are recommended to maintain favorable bond ratings. Finally, long-term facility renewal and replacement require a set-aside for future projects, even though no major uses are reported.

Restricted Funds – Restricted funds in total are assumed to increase by an average of 0.8% per year.

APPENDIX F FY 2019 – 2025 FINANCIAL PLAN

Transportation Trust Fund Summary

The Maryland Department of Transportation's (MDOT) revenue and operating cost projections are based on a long-term "moderate growth" scenario for the nation's economy. The major trends and assumptions are as follows: bond interest rates are projected to hold steady at 4.0% and inflation rates will vary from 2.0% to 2.4% annually. Normal business cycles are anticipated with moderate economic growth expected to continue for the next six years. There are no major changes in law, operating responsibilities or external events other than those changes enacted in the 2019 Legislative Session.

Revenues – Motor Fuel Tax is projected to total \$7.3 billion over the six-year period. This projection includes both the base rates on gasoline (23.5 cents per gallon) and diesel fuel (24.25 cents per gallon) and the revenue components provided by the Transportation Infrastructure Investment Act of 2013. The Consumer Price Index (CPI) effect is estimated to average 4.2 cents per gallon over the program period. The sales and use tax equivalent piece has been fully phased in and is estimated to average 10.7 cents per gallon. Growth in motor fuel usage is expected to average 0.6%, reflecting increasing fuel efficiency of vehicles and slower growth in vehicle miles traveled.

Motor Vehicle Titling Tax is projected to yield \$5.9 billion from the 6% of fair market value, less an allowance for trade-in, paid on the sale of all new and used vehicles as well as on new residents' vehicles. This revenue source follows the cycle of auto sales with periods of decline and growth. It is projected that this six-year planning period will follow a normal business cycle around an underlying upward trend. Motor Vehicle Registration, Miscellaneous and other fees are projected to generate \$4.0 billion based mainly on an average 1.5% biennial increase in revenues from vehicles registered. This amount also includes the rental vehicle sales tax.

Transportation's share of Corporate Income Tax revenues is expected to be \$1.3 billion. Federal Aid is projected to contribute \$6.5 billion for operating and capital programs, excluding the \$599 million received directly by Washington Metropolitan Area Transit Authority (WMATA). The majority of federal aid supports the capital program.

Operating Revenues are projected to provide a six-year total of \$3.1 billion. MDOT Maryland Transit Administration (MDOT MTA) revenues (\$1.1 billion) primarily include rail and bus fares. MDOT Maryland Port Administration revenues (\$347 million) include terminal operations, the World Trade Center, and other port-related revenues. MDOT Maryland Aviation Administration revenues (\$1.7 billion) include flight activities, rent and user fees, parking, airport concessions, and other aviation-related fees.

Bond Proceeds are assumed at \$2.3 billion from issuances in the six-year period based on the supporting net revenues of the Department. The remaining sources provide \$764 million from trust fund investment income, reimbursements, and other miscellaneous revenues.

Expenditures - Normal expenditure projections utilize CPI for growth unless otherwise noted.

Debt Service reflects payment cycles of the planned bond issuances as of fiscal year 2020 and thereafter. In fiscal year 2021, the budget for transportation business unit operations increases by approximately \$70 million (3.3%). The growth is due to higher costs related to funding standard operating cost increases in Maryland's transportation systems.

The capital expenditures shown are in agreement with the Department's six-year Consolidated Transportation Program (CTP). Capital expenditures also are directly related to the level of revenues available for bond sale coverage. The bond outstanding ceiling is controlled by legislation and is adjusted when and as appropriate.

requirements during the year.

APPENDIX H
BUDGET BILL CONTINGENT AND RESTRICTIVE LANGUAGE

| Budget Code | Agency | Summary of Language |
|--------------------|--|--|
| D05E01.02 | Board of Public Works Contingent Fund | Specifies uses of contingent fund. |
| D05E01.10 | Board of Public Works Miscellaneous Grants to Private Non-Profit Groups | Specifies grantees and amounts. |
| D21A01.02 | Office of Justice, Youth, and Victim Services- Administrative Headquarters- Local Law Enforcement Grants | Specifies that the general fund appropriation of \$11,136,063 representing the entirety of the local law enforcement grants to the Baltimore City Police Department and the Baltimore City State's Attorney's Office, may not be expended unless The Mayor's Office of Criminal Justice, in coordination with the Baltimore City State's Attorney's Office and the Baltimore Police Department, submits a comprehensive annual crime strategy for the city, which must include specific measurable actions the city will take to address crime, be based on a threat assessment, and include annual crime reduction targets for homicides, non-fatal shootings, violent crime, firearms related offenses, and property crime. The crime reduction strategy report shall be submitted to the Governor and budget committees by October 1, 2020. By December 31, 2020, and quarterly thereafter, the Mayor's Office of Criminal Justice shall report on progress made on the crime reduction targets included in the annual crime reduction strategy. Further provided that the Baltimore Police Department enters their warrant information into the National Criminal Information Center (NCIC) / Maryland Telecommunications Enforcement Resources System (METERS). |
| D50H01.08 | Military Department- MEMA Opioid Operational Command Center | Specifies that general fund appropriation may be transferred to other State agencies to support the State's response to the heroin/opioid epidemic. |
| D78Y01.01 | Maryland Health Benefit Exchange- Maryland Health Benefit Exchange | Specifies that special fund appropriation shall be reduced by \$3,000,000 contingent upon the enactment of legislation altering the mandate for the Maryland Health Benefit Exchange. |
| E00A05.01 | Comptroller of Maryland -Compliance Division - Compliance Administration | Specifies that special fund appropriation shall be reduced by \$320,000 contingent upon the enactment of legislation changing the statute such that the Comptroller could place quarterly ads in newspapers directing readers to the Comptroller's website rather than publishing the name of every individual with unclaimed property in one publication. |
| E50C00.02 | State Department of Assessments and Taxation - Real Property Valuation | Specifies that general fund appropriation shall be reduced by \$3,578,517 contingent upon the enactment of legislation changing the funding formula for the State Department of Assessments and Taxation's Real Property Valuation program. Authorization is granted to process a special fund budget amendment of \$3,578,517 to use the special fund revenue to replace the aforementioned general fund amount. |

APPENDIX H
BUDGET BILL CONTINGENT AND RESTRICTIVE LANGUAGE

| Budget Code | Agency | Summary of Language |
|--------------------|--|--|
| E50C00.04 | State Department of Assessments and Taxation - Office of Information Technology | Specifies that general fund appropriation shall be reduced by \$442,337 contingent upon the enactment of legislation changing the funding formula for the State Department of Assessments and Taxation's Office of Information Technology program. Authorization is granted to process a special fund budget amendment of \$442,337 to use the special fund revenue to replace the aforementioned general fund amount. |
| E50C00.05 | State Department of Assessments and Taxation - Business Property Valuation | Specifies that general fund appropriation shall be reduced by \$334,920 contingent upon the enactment of legislation changing the funding formula for the State Department of Assessments and Taxation's Business Property Valuation program. Authorization is granted to process a special fund budget amendment of \$334,920 to use the special fund revenue to replace the aforementioned general fund amount. |
| F10A02.08 | Department of Budget and Management Office of Personnel Services and Benefits - Statewide Expenses | General funds appropriated for Cost of Living Adjustments, State Law Enforcement Officers Labor Alliance bargaining provisions, Bonuses and Annual Salary Reviews may be transferred to programs of other State agencies. |
| F10A02.08 | Department of Budget and Management Office of Personnel Services and Benefits - Statewide Expenses | Special funds appropriated for Cost of Living Adjustments, State Law Enforcement Officers Labor Alliance bargaining provisions, Bonuses and Annual Salary Reviews may be transferred to programs of other State agencies. |
| F10A02.08 | Department of Budget and Management Office of Personnel Services and Benefits - Statewide Expenses | Federal funds appropriated for Cost of Living Adjustments, State Law Enforcement Officers Labor Alliance bargaining provisions, Bonuses and Annual Salary Reviews may be transferred to programs of other State agencies. |
| F50A01.01 | Department of Information Technology- Major Information Technology Development Project Fund -- Major Information Technology Development Project Fund | General funds appropriated for Major Information Technology Development Projects may be transferred to programs of other financial agencies. |
| F50A01.01 | Department of Information Technology- Major Information Technology Development Project Fund -- Major Information Technology Development Project Fund | Special funds appropriated for Major Information Technology Development Projects may be transferred to programs of other financial agencies. |
| H00C01.01 | Department of General Services Office of Facilities Operations and Maintenance | Specifies that general fund appropriation shall be reduced by \$383,000 contingent upon the enactment of legislation altering the mandated level of funding provided to the City of Annapolis as a Payment in Lieu of Taxes. |
| H00G01.01 | Department of General Services Office of Facilities Planning, Design and Construction | Amounts appropriated for Maryland Environmental Service projects to transfer to the appropriate state facility effective July 1, 2020. |
| K00A05.10 | Department of Natural Resources Land Acquisition and Planning - Outdoor Recreation Land Loan | Specifies use of special fund appropriation. |

APPENDIX H
BUDGET BILL CONTINGENT AND RESTRICTIVE LANGUAGE

| Budget Code | Agency | Summary of Language |
|--------------------|---|---|
| M00L01.02 | Department of Health - Behavioral Health Administration - Community Services | Specifies that general fund appropriation shall be reduced by \$3,584,956 contingent upon the enactment of legislation reducing the required provider rate increase for certain behavioral health services. |
| M00L01.02 | Department of Health - Behavioral Health Administration - Community Services | Specifies that federal fund appropriation shall be reduced by \$801,541 contingent upon the enactment of legislation reducing the required provider rate increase for certain behavioral health services. |
| M00L01.03 | Department of Health - Behavioral Health Administration - Community Services for Medicaid State Fund Recipients | Specifies that general fund appropriation shall be reduced by \$1,141,973 contingent upon the enactment of legislation reducing the required provider rate increase for certain behavioral health services. |
| M00M01.02 | Department of Health - Developmental Disabilities Administration - Community Services | Specifies that general fund appropriation shall be reduced by \$13,253,768 contingent upon the enactment of legislation reducing the amount of the annual funding increase to community service providers. |
| M00M01.02 | Department of Health - Developmental Disabilities Administration - Community Services | Specifies that special fund appropriation shall be reduced by \$70,130 contingent upon the enactment of legislation reducing the amount of the annual funding increase to community service providers. |
| M00M01.02 | Department of Health - Developmental Disabilities Administration - Community Services | Specifies that federal fund appropriation shall be reduced by \$11,825,575 contingent upon the enactment of legislation reducing the amount of the annual funding increase to community service providers. |
| M00Q01.03 | Department of Health Medical Care Programs Administration - Medical Care Provider Reimbursements | Places certain conditions on the use of appropriation for abortions. |
| M00Q01.03 | Department of Health Medical Care Programs Administration - Medical Care Provider Reimbursements | Specifies that general fund appropriation shall be reduced by \$10,000,000 contingent upon the enactment of legislation reducing the Medicaid Deficit Assessment for fiscal year 2021. |
| M00Q01.03 | Department of Health Medical Care Programs Administration - Medical Care Provider Reimbursements | Specifies that general fund appropriation shall be reduced by \$15,084,737 contingent upon the enactment of legislation reducing the required provider rate increase. |
| M00Q01.03 | Department of Health Medical Care Programs Administration - Medical Care Provider Reimbursements | Specifies that federal fund appropriation shall be reduced by \$19,122,643 contingent upon the enactment of legislation reducing the required provider rate increase. |
| M00Q01.07 | Department of Health Medical Care Programs Administration - Maryland Children's Health Program | Places certain conditions on the use of appropriation for abortions. |
| M00Q01.07 | Department of Health Medical Care Programs Administration - Maryland Children's Health Program | Specifies that general fund appropriation shall be reduced by \$21,467 contingent upon the enactment of legislation reducing the required provider rate increase. |

APPENDIX H
BUDGET BILL CONTINGENT AND RESTRICTIVE LANGUAGE

| Budget Code | Agency | Summary of Language |
|--------------------|---|---|
| M00Q01.07 | Department of Health Medical Care Programs Administration - Maryland Children's Health Program | Specifies that federal fund appropriation shall be reduced by \$89,448 contingent upon the enactment of legislation reducing the required provider rate increase. |
| M00Q01.10 | Department of Health Medical Care Programs Administration - Medicaid Behavioral Health Provider Reimbursements | Specifies that general fund appropriation shall be reduced by \$6,374,783 contingent upon the enactment of legislation reducing the required provider rate increase for certain behavioral health services. |
| M00Q01.10 | Department of Health Medical Care Programs Administration - Medicaid Behavioral Health Provider Reimbursements | Specifies that federal fund appropriation shall be reduced by \$12,219,970 contingent upon the enactment of legislation reducing the required provider rate increase for certain behavioral health services. |
| N00G00.01 | Department of Human Services Local Department Operations - Foster Care Maintenance Payments | Funds may be used to develop a broad range of services for specified children. |
| Q00 | Department of Public Safety and Correctional Services | Specifies that 521 vacant positions are abolished in the department. General fund savings from these positions will be utilized for overtime and other personnel-related costs. |
| R00A02.07 | State Department of Education- Aid to Education - Students with Disabilities | Specifies use of general fund appropriation and that funds may be used to develop a broad range of services for specified children. |
| R00A03.03 | State Department of Education- Funding for Educational Organizations - Other Institutions | Specifies grantees and amounts. |
| R00A03.04 | State Department of Education - Funding for Educational Organizations - Aid to Non-Public Schools | Sets per pupil amounts for purchase of textbooks, computer software, hardware and other electronically delivered learning materials. Specifies requirements for a school to participate. |
| R00A03.05 | State Department of Education - Funding for Educational Organizations - Student Assistance Organization Business Entity Grants | Specifies use of special funds, clarifying which organizations will qualify for the grants, and requiring the department to establish procedures for the award process and make awards as determined by the BOOST Advisory Board. |
| R00A07.02 | State Department of Education- Interagency Commission on School Construction - Capital Appropriation | Specifies use of general fund appropriation. |
| R00A07.02 | State Department of Education- Interagency Commission on School Construction - Capital Appropriation | Specifies that general fund appropriation shall be reduced by \$40,000,000 contingent upon the enactment of the Building Opportunity Fund legislation that authorizes certain revenue bond proceeds be used for the Healthy School Facility Fund and the School Safety Grant Program. |
| R00A07.02 | State Department of Education- Interagency Commission on School Construction - Capital Appropriation | Specifies that special fund appropriation shall be reduced by \$30,000,000 contingent upon the enactment of the Building Opportunity Fund legislation that authorizes certain revenue bond proceeds be used for the Healthy School Facility Fund. |

APPENDIX H
BUDGET BILL CONTINGENT AND RESTRICTIVE LANGUAGE

| Budget Code | Agency | Summary of Language |
|--------------------|--|--|
| R15P00.02 | Maryland Public Broadcasting Commission - Administration and Support Services | Specifies that general fund appropriation shall be reduced by \$215,561 contingent upon the enactment of legislation that would repeal the increase in funding mandated by Chapter 813 of the 2017 legislative session. |
| R62I00.03 | Maryland Higher Education Commission - Joseph A. Sellinger Formula for Aid to Non-Public Institutions of Higher Education Educational Grants | Specifies that general fund appropriation shall be reduced by \$32,035,089 contingent upon the enactment of legislation to level fund the grant to private colleges and universities at the fiscal 2020 working appropriation level. |
| R62I00.05 | Maryland Higher Education Commission - The Senator John A. Cade Funding Formula for the Distribution of Funds to Community Colleges | Specifies that general fund appropriation shall be reduced by \$18,196,550 contingent upon the enactment of legislation reducing the growth in the Cade formula over the FY 2020 appropriation by 50%. |
| R62I00.07 | Maryland Higher Education Commission - Educational Grants | Specifies purposes and amounts. |
| R62I00.28 | Maryland Higher Education Commission - Maryland Loan Assistance Repayment Program for Physicians and Physician Assistants | Specifies that special fund appropriation of \$400,000 is contingent upon the enactment of legislation enabling the transfer of funds from the Maryland Board of Physicians to the Maryland Loan Assistance Repayment Program for Physicians and Physician Assistants. |
| R62I00.47 | Maryland Higher Education Commission - Community College Facilities Renewal Grant Program | Specifies that general fund appropriation shall be reduced by \$4,333,000 contingent upon the enactment of legislation enabling mandated Community College Facilities Renewal grants to be funded through the operating or capital budget. |
| R75T00.01 | Higher Education Support for State Institutions of Higher Education | Specifies transfer of general fund appropriation in quarterly allotments. |
| R75T00.01 | Higher Education Support for State Institutions of Higher Education | Specifies transfer of special fund appropriation in quarterly allotments. To the extent revenue attainment is lower than estimated, the transfers will be adjusted at year end. Also that special funds of \$9,389,631 may be used only to support the Maryland Fire and Rescue Institute. |
| S00A24.01 | Department of Housing and Community Development-Division of Neighborhood Revitalization-Neighborhood Revitalization | Specifies that general fund appropriation shall be reduced by \$200,000 contingent upon the enactment of legislation repealing the mandate that funding be provided for the National Capital Strategic Economic Development Fund. |
| S00A24.02 | Department of Housing and Community Development-Division of Neighborhood Revitalization-Neighborhood Revitalization Capital Appropriation | Specifies that general fund appropriation shall be reduced by \$7,000,000 contingent upon the enactment of legislation repealing the mandate that funding be provided for the National Capital Strategic Economic Development Fund. |
| S00A24.02 | Department of Housing and Community Development-Division of Neighborhood Revitalization-Neighborhood Revitalization Capital Appropriation | Specifies that general fund appropriation of \$5,000,000 shall be reduced contingent upon the enactment of legislation altering the mandate for the Seed Community Development Anchor Institution Fund. |

APPENDIX H
BUDGET BILL CONTINGENT AND RESTRICTIVE LANGUAGE

| Budget Code | Agency | Summary of Language |
|-------------------------|--|---|
| T00G00.05 | Department of Commerce- Division of Marketing, Tourism, and the Arts - Maryland State Arts Council | Specifies that general fund appropriation of \$1,600,000 shall be reduced contingent upon the enactment of legislation eliminating the mandated funding for the Baltimore Symphony Orchestra. |
| Y01A01.01 | State Reserve Fund-Revenue Stabilization Account | Specifies that the general fund appropriation shall be reduced by \$284,439,149 contingent upon the enactment of legislation to maintain the fund balance at 6.25% of projected fiscal year 2021 General Fund revenues. |
| Y01A02.01 | State Reserve Fund-Dedicated Purpose Account | Specifies the purposes and amounts. |
| Y01A02.01 | State Reserve Fund-Dedicated Purpose Account | Specifies that the general fund appropriation shall be reduced by \$33,333,333 contingent upon the enactment of legislation deferring the fiscal 2021 Local Income Tax Reserve Fund repayment until the out years. |
| Y01A02.01 | State Reserve Fund-Dedicated Purpose Account | Specifies that the general fund appropriation shall be reduced by \$25,000,000 contingent upon the enactment of legislation eliminating the fiscal 2021 payment to the Postretirement Health Benefits Trust Fund. |
| Y01A02.01 | State Reserve Fund-Dedicated Purpose Account | Specifies that the general fund appropriation of \$25,000,000 shall be reduced contingent upon the enactment of legislation reducing the amount of retirement reinvestment contributions. |
| F10A02.08 Deficiency | Department of Budget and Management Office of Personnel Services and Benefits - Statewide Expenses | General funds appropriated for the 1% Cost of Living Adjustment to be distributed to eligible State employees January 2020 may be transferred to programs of other State agencies. |
| F10A02.08 Deficiency | Department of Budget and Management Office of Personnel Services and Benefits - Statewide Expenses | Special funds appropriated for the 1% Cost of Living Adjustment to be distributed to eligible State employees January 2020 may be transferred to programs of other State agencies. |
| F10A02.08 Deficiency | Department of Budget and Management Office of Personnel Services and Benefits - Statewide Expenses | Federal funds appropriated for the 1% Cost of Living Adjustment to be distributed to eligible State employees January 2020 may be transferred to programs of other State agencies. |
| F10A02.08 Deficiency | Department of Budget and Management Office of Personnel Services and Benefits - Statewide Expenses | General funds appropriated for the Correctional Officer Retention Incentive Bonus to be distributed to eligible State employees may be transferred to the Department of Public Safety and Correctional Services. |
| SECTION 2 | | Authorizes Secretary of Budget and Management to allot funds and fix the number and classifications of positions. |
| SECTION 3 | | Lists non-classified per diem and flat rate positions. Specifies that eligible positions in this section will receive the cost of living adjustment (COLA) included in the FY 2020 budget according to the same schedule as positions in the Standard Pay Plan. |

APPENDIX H
BUDGET BILL CONTINGENT AND RESTRICTIVE LANGUAGE

| Budget Code | Agency | Summary of Language |
|--------------------|---------------|--|
| SECTION 4 | | Prohibits payment of compensation for a second office of profit within the meaning of the Constitution. |
| SECTION 5 | | Permits the expenditure of block grants and money derived from sources not estimated or included in the budget by budget amendment. |
| SECTION 6 | | Permits appropriation to be transferred among programs by budget amendment. |
| SECTION 7 | | Permits the expenditure of special and federal fund revenues in excess of budgeted amounts by budget amendment. |
| SECTION 8 | | Authorizes transfer of general fund amounts for operation of state facilities by budget amendment. |
| SECTION 9 | | Authorizes transfer of funds provided for tort claims to be transferred to the State Insurance Trust Fund. Sets limits on payments of tort claims. |
| SECTION 10 | | Authorizes transfer of general fund amounts for indirect cost pools by budget amendment. |
| SECTION 11 | | Restricts the use of funds budgeted for Annapolis Data Center charges. Authorizes the transfer of these funds among agencies by budget amendment. |
| SECTION 12 | | Sets forth the salary schedule for the Executive Pay Plan. Specifies that eligible positions in this section will receive the cost of living adjustment (COLA) included in the FY 2021 budget according to the same schedule as positions in the Standard Pay Plan. |
| SECTION 13 | | Sets forth the salary schedule for the Department of Transportation Executive Pay Plan. Specifies that eligible positions in this section will receive the cost of living adjustment (COLA) included in the FY 2021 budget according to the same schedule as positions in the Standard Pay Plan. |
| SECTION 14 | | Allows the transfer of funds from certain agencies to the Medical Assistance Program for services to clients who become eligible for Medical Assistance. |
| SECTION 15 | | Provides that amounts budgeted to conduct administrative hearings shall transfer to the Office of Administrative Hearings on July 1, 2020 and may not be expended for any other purpose. |
| SECTION 16 | | Funds budgeted in certain agencies may be transferred to the Children's Cabinet Interagency Fund. |

APPENDIX H
BUDGET BILL CONTINGENT AND RESTRICTIVE LANGUAGE

| Budget Code | Agency | Summary of Language |
|--------------------|---------------|---|
| SECTION 17 | | Funds budgeted for health insurance, retirees health insurance, Workers' Compensation, contractual employee health insurance, DBM-paid telecommunications, Office of Attorney General Administrative Fee, DoIT IT Services Allocation, State Personnel System Allocation, and Rent Paid to Department of General Services (DGS) may not be expended for any other purpose without the prior approval of the Secretary of Budget and Management. Funds budgeted for health insurance, contractual health insurance and DBM-paid telecommunications may be transferred by budget amendment among agencies. Funds not spent for health insurance and retiree health insurance shall revert to a specific fund. |
| SECTION 18 | | Provides that amounts budgeted to support the Maryland State Retirement Agency shall transfer to the Maryland State Retirement Agency on July 1, 2020 and may not be expended for any other purpose. |
| SECTION 19 | | Specifies that the Governor is authorized to transfer positions and funding, by approved budget amendment, from the Comptroller of Maryland to the Alcohol and Tobacco Commission |
| SECTION 20 | | Provides authorization that the funds appropriated in other agency budgets in fiscal 2020 to pay for services provided by D50H01.06 Maryland Emergency Management Agency (MEMA) may be used as special funds for operating expenses in MEMA. |
| SECTION 21 | | Specifies that subtotals and totals in the budget bill are informational only and are not legal appropriations. |
| SECTION 22 | | Sets out the estimated revenue and appropriations for the proposed budget to show that the budget meets the constitutional requirement for a balanced budget. |

¹ Expressed as a percentage of total recoveries.

² A single indirect cost recovery rate is negotiated for usage by all Executive Department agencies.

³ Separate recovery rates are negotiated for each of the agency's programmatic units.

⁴ The Department of Human Services utilizes a Federally Approved Public Assistance Cost Allocation Plan as required by OMB circular A-87 and does not have a fixed recovery rate.

⁵ The Department of Labor, Licensing and Regulation data is based on federally approved FY 2012 plan.

⁶ The Department of Public Safety and Correctional Services data is based on federally approved FY 2013 plan.

⁷ The State Department of Education has separate recovery rates, for each type of funding, that are approved annually by the U.S. Department of Education. Beginning in FY 2016, funding is included in MSDE's budget to allow reversion of federal attainment relative to the SWCAP.

⁸ The Department of Housing and Community Development data is based on federally approved FY 2010 plan.

⁹ Older rates are utilized due to the delay in finalizing proposals, the Department of State Police data is based on federally approved FY 2013 plan. MSP submits yearly requests for rates unlike others that are given rates three years out.

APPENDIX J
STATEWIDE CENTRAL SERVICES COST ALLOCATION PLAN
FISCAL YEAR 2019
(based on FY 2017 actual expenditures)

| AGENCY | ALLOCATION |
|--|-------------------|
| GENERAL ASSEMBLY | 90,917 |
| JUDICIARY | 30,045 |
| OTHER JUDICIAL AGENCIES | 21,092 |
| OFFICE OF THE PUBLIC DEFENDER | 611,286 |
| OFFICE OF THE ATTORNEY GENERAL | 128,338 |
| OFFICE OF THE STATE PROSECUTOR | 22,171 |
| MARYLAND TAX COURT | 20,800 |
| PUBLIC SERVICE COMMISSION | 57,468 |
| SUBSEQUENT INJURY FUND | 171,257 |
| UNINSURED EMPLOYERS' FUND | 157,492 |
| WORKERS' COMPENSATION COMMISSION | 34,676 |
| BOARD OF PUBLIC WORKS | 73,148 |
| EXECUTIVE DEPARTMENT | 405,948 |
| DEPARTMENT OF DISABILITIES | 22,883 |
| MARYLAND ENERGY ADMINISTRATION | 122,808 |

| Administration | 17,096,762 | 15,991,867 | 3,473,446 |
| Total: | \$129,699,636 | \$96,075,290 | \$43,027,736 |

NOTES

- 1 FY 2020 and FY 2021 Zero Emission Vehicle Excise Tax Credit reflects the Governor's Clean Cars Act of 2020 and is contingent upon the passage of legislation.
- 2 Assumes the passage of legislation to eliminate mandated funding in FY 2021.
- 3 Reflects a deficiency appropriation request of \$2.5 million for FY 2020.
- 4 Reflects a deficiency appropriation request of \$250,000 for FY 2020.
- 5 FY 2021 spending includes estimated 2021 RGGI revenues at the base auction price, 2019 RGGI revenue over-attainment above the base auction price, and RGGI sub-account fund balance.
- 6 Balance reflects commitment for \$14.35 million in future non-RGGI formula mandates enacted in the Clean Energy Jobs Act of 2019.
- 7 Reflects a deficiency appropriation request of \$367,061 for FY 2020.

MAJOR INFORMATION TECHNOLOGY DEVELOPMENT PROJECTS

Major Information Technology Development Projects (MITDPs) are separate, budgeted programs throughout the State Budget. The individual MITDPs are identified separately within each program for those agencies with MITDPs. The MITDPs are presented separately in this section in a manner similar to the capital budget program.

A MITDP is any information technology development project that meets one or more of the following criteria:

- The estimated total cost of development equals or exceeds \$1 million;
- The project is undertaken to support a critical business function associated with the public health, education, safety, or financial well being of the citizens of Maryland; or
- The Secretary of the Department of Information Technology (DoIT) determines that the project requires the special attention and consideration given to a major IT development project due to the significance of the project's potential benefits or risks, the impact of the project on the public or local governments, the public visibility of the project, or other reasons as determined by the Secretary.

Separate budget programs for information technology development spending are created during the budget cycle. The term "development" has been defined as follows:

- "Development" means all expenditures for a new information technology system or an enhancement to an existing system, including system planning, procurement, creation, installation, testing, and initial training.
- "Development" does not include ongoing operating costs, software or hardware maintenance, routine upgrades, or modifications that merely allow for the continuation of the existing level of functionality.
- "Development" does not include expenditures made after a new or enhanced system has been legally accepted by the user and is being used for the business process for which it was intended.

Each information technology budget sub-program is based on spending for individual MITDPs. Individual project sheets are provided for each project. The aggregated costs of these projects equals the total proposed spending in the MITDP budget program for each agency. For fiscal year 2021, all General Fund allowances are contained in the MITDP Fund financial agency (F50). General Funds will be appropriated in F50A0101 and transferred by the Department of Information Technology to the agency major project program in accordance with the oversight responsibilities contained in State Finance and Procurement Article § 3A-309. Projected operations and maintenance expenditures, excluding the first year, are not reflected in reported amounts.

The cost of fiscal year 2021 Oversight Project Management (including all tiers of the oversight program) has been allocated to participating projects within the funding amounts indicated. DoIT and the participating agency will transfer funds at the end of the fiscal year to cover oversight expenses.

All MITDPs for the Maryland Department of Transportation are captured within the Capital Budget program, and thus are not included in this section.

Summary of Reclassified IT Projects

SUMMARIES

C80 - Office of the Public Defender

Project Title: Case Management Replacement

Appropriation Code: C80B0001

Sub-Program Code: 1100

Project Summary:

This project replaces the Office of the Public Defender (OPD)'s ten-year-old case management system (Prolaw). Prolaw no longer meets OPD's needs. It is slow and impedes productivity. It is rigid and cannot be adapted to fulfill new business needs. Its design cannot support real time data exchange, preventing OPD from revolutionizing its business practices by importing data currently entered manually. It fails state security requirements. It is unsupported and incompatible with current applications. It is inaccessible outside OPD's offices where OPD employees work. The FY 2021 allowance includes \$37,500 for oversight.

IT Project Funding

| Fund Type | Prior to FY 2019 | Actual FY 2019 | Appropriation FY 2020 | Allowance FY 2021 | Projected FY 2022 | Projected FY 2023 | Projected FY 2024 | Total |
|---------------------|------------------|----------------|-----------------------|-------------------|-------------------|-------------------|-------------------|-----------|
| General | | | 556,000 | 787,500 | 668,500 | - | - | 2,012,000 |
| Special excl MITDPF | | | | | | | | - |

| Total | | | 556,000 | 787,500 | 668,500 | - | - | 2,012,000 |

IT Project Development Costs

| Fund Type | Prior to FY 2019 | Actual FY 2019 | Projected FY 2020 | Projected FY 2021 | Projected FY 2022 | Projected FY 2023 | Projected FY 2024 | Total |
|---------------------|------------------|----------------|-------------------|-------------------|-------------------|-------------------|-------------------|-----------|
| General | | | 100,000 | 1,256,000 | 656,000 | - | - | 2,012,000 |
| Special excl MITDPF | | | | | | | | - |
| Special MITDPF | | | | | | | | - |
| Federal | | | | | | | | - |
| Reimbursable | | | | | | | | - |
| Total | | | 100,000 | 1,256,000 | 656,000 | - | - | 2,012,000 |

Program Strategic Goals:

OPD's core business function is the processing of cases. The volume of cases it handles in Baltimore City and in every county in Maryland cannot be handled without a case management system. This project is designed to support and enhance OPD's capability to manage the processing of these cases at every level: from initial intake, through representation, and ultimately to the generation of the statistics justifying OPD's funding. Replacing a failing system that is critical to OPD's ability to function with one that enhances the Office's capabilities while reducing its costs serves OPD's mission, goals, and objectives.

C81 - Office of the Attorney General

Project Title: Case Management Replacement

Appropriation Code: C81C0001

Sub-Program Code: 0000

Project Summary:

This project replaces the Office of Attorney General (OAG)'s fifteen-year-old case management system (CTS) and miscellaneous other means of tracking case information. They no longer meet OAG's needs: They are inefficient and slow and impede productivity. They are rigid and cannot be adapted to fulfill new business needs. Their design cannot support real time data exchange, preventing OAG from revolutionizing its business practices by importing data currently entered manually. They are unsupported and incompatible with current applications. They are only somewhat accessible from outside OAG's offices where OAG employees work. The FY 2021 allowance includes \$28,750 for oversight.

Program Strategic Goals:

The OAG's core business function is the processing of cases, which cannot be handled without a case management system. Replacing a failing system that is critical to OAG's ability to function with one that enhances the Office's capabilities while reducing its costs serves OAG's mission, goals, and objectives.

C98 - Worker's Compensation Commission

Project Title: Enterprise Modernization

Appropriation Code: C98F0002

Sub-Program Code: 1000

Project Summary:

This project is a modernization of a current aging and complex system, coupled with an Enterprise Modernization of WCC's business practices to achieve truly paperless administration of all provisions of Maryland Workers' Compensation Law. These outdated and inflexible systems are critical to the daily work of WCC employees. This project will enhance supported business processes and functions by a low-code platform which will nominally solve current challenges associated with lack of software coding resources and processes. Once the new system is implemented, employees will no longer have to juggle interactions with two, three, or more simultaneous applications in order to facilitate their workflow and complete tasking. The FY 2021 allowance includes \$154,426 for oversight.

Program Strategic Goals:

WCC seeks to improve the effectiveness and timely delivery of services provided to WCC customers by the following: (1) maintaining the setting of 90 percent or more of all non-permanency hearings within 60 days of the date when issues are filed; (2) maintaining a conformance rate of at least 95 percent for the issuance of Commission Orders within 30 days after the conclusion of a hearing; and (3) maintaining an average of no more than 10 days between the hearing date and the first award issued by the Commission.

D15 - Governor's Grants Office

Project Title: Enterprise Grants Management Solution

Appropriation Code: F50B0406

Sub-Program Code: F016

Project Summary:

Maryland receives over \$14 billion in federal grants annually, however, there is no uniform grants management system resulting in cumbersome and inefficient business processes and repeat audit findings. This leads to inefficient use of staff time, lack of transparency and accessibility by the public, cumbersome paper processes, duplicative and time consuming manual processes, new and repeat single audit findings, a lack of monitoring subrecipient risk and performance, and a lack of consistency in tracking, allocating and recouping indirect costs. The FY 2021 allowance includes \$125,000 for oversight.

IT Project Funding

| Fund Type | Prior to FY 2019 | Actual FY 2019 | Appropriation FY 2020 | Allowance FY 2021 | Projected FY 2022 | Projected FY 2023 | Projected FY 2024 | Total |

| Reimbursable | | | | | | | | |
| Total | - | - | - | 2,500,000 | - | - | - | 2,500,000 |

Program Strategic Goals:

The Governor's Grants Office requests a SaaS enterprise grants management system solution to ensure the State has a compliant, functional full grants lifecycle management system, including subrecipient management; and a trained workforce.

D38 - State Board of Elections

Project Title: Agency Election Management System (AEMS) Modernization Project

Appropriation Code: D3810103

Sub-Program Code: 1500

Project Summary:

The Maryland State Board of Elections (SBE) has set out to redevelop the ballot functionality of the current legacy Agency Election Management System (AEMS) on a new platform. The AEMS Modernization project will provide all existing capabilities of the legacy system, add new capabilities, and ensure more user friendliness and flexibility. Additionally, the upgraded AEMS system will provide a more economical and sustainable platform and reduce risk due to better management control. It will also offer control over the changes to the application functionality and the system data. Project costs shown here reflect only Project Planning Request. The FY 2021 allowance includes \$25,000 for oversight.

IT Project Funding

| Total | 994,464 | 550,214 | 1,557,480 | 1,344,408 | - | - | - | 4,446,566 |

Program Strategic Goals:

The AEMS Modernization project will preserve the ability of the SBE to meet several elements of its stated mission. It will ensure uniformity of election practices, promote fair and equitable elections, and report election-related data accurately, in a form that is accessible to the public.

D38 - State Board of Elections

Project Title: 2022 Pollbook Project

Appropriation Code: D38I0103

Sub-Program Code: 1600

Project Summary:

The purpose the 2022 Pollbook Project is to procure and implement a new pollbook system in time for the 2022 gubernatorial elections. The FY 2020 appropriation includes a deficiency totaling \$250,000. The FY 2021 allowance includes \$100,000 for oversight.

Program Strategic Goals:

The procurement of new electronic pollbooks will better equip SBE and the 24 LBEs with the system necessary to advance in various areas of technology while providing the seamless voting experience sought by voters. Voting Systems and Voter Registration are the two primary business processes that are significantly being impacted by the 2022 Pollbook Project.

D53 - Maryland Institute for Emergency Medical Services Systems

Project Title: Statewide Emergency Management Communication System Upgrade

Appropriation Code: D53T0002

Sub-Program Code: 1100

Project Summary:

The primary purpose of this project is to upgrade the MIEMSS EMS radio communications systems and capabilities to meet current and future needs. Particular attention must be given to identifying single points of failure and eliminating these vulnerabilities. It is MIEMSS' goal is to have a highly reliable, next generation communications system which is built on a uniform platform, is IP-based, uses proven and scalable technology, and integrates with the State's public safety answering points (PSAPs). The upgrade plan shall: (a) allow for geo-diverse operations and be fully functional from any physical site including the locations from which MIEMSS currently operates, (b) have performance meeting or exceeding current capabilities, (c) retain current analog subscriber and base station infrastructure, (d) incorporate wired and wireless video technologies, (e) integrate with the State's planned 700 MHz communications system, and (f) include consideration of wireless broadband technologies. In FY 2021 there is no allocation for oversight.

| Reimbursable | | | | | | | | |
| Total | 13,055 | 1,562,099 | 3,621,950 | 2,519,808 | 8,031,888 | - | 988,706 | 16,737,506 |

Program Strategic Goals:

Upgrade a statewide interoperable communications system, in partnership with all state agencies and local jurisdictions, that provides appropriate redundancy and supports geo-diverse operations; sustain interoperability and operability during migration to the new system; enhance medical technology infrastructure that provides for information sharing, resource tracking and patient tracking; develop sufficient back up and alternative communications for Maryland hospitals.

D80 - Maryland Insurance Administration

Project Title: MIA Legacy System Replacement

Appropriation Code: D80Z0102

Sub-Program Code: 1300

Project Summary:

The MIA has identified the need to replace the current Enterprise System that was custom built for the Agency in the 1990's for the following business functions: Company Licensing, Market Conduct Case Tracking and Case Tracking for Hearings and Orders. The new system will also include a Case Tracking capability for MIA Fraud Investigations. The new system will leverage the following modern technologies: Document Management, Workflow, Collaboration, Data Analysis and Data Reporting. The FY 2021 allowance includes \$100,000 for oversight.

| Total | - | - | - | 2,000,000 | 160,000 | 160,000 | - | 2,320,000 |

Program Strategic Goals:

Replace the legacy Enterprise system with a browser based document management technology that automates workflow by routing electronic documents and notifications across the organization, and enables on-line data entry, form creation, standard reports, ad-hoc reports and data exchange with other systems, to improve the MIA's ability to administer, manage and regulate the Insurance Industry while improving the overall customer service experience.

E00 - Comptroller of Maryland

Project Title: Integrated Tax System (ITS)

Appropriation Code: E00A0402

Sub-Program Code: 0431

Project Summary:

The Integrated Tax System (ITS) project will replace the Agency's State of Maryland Tax (SMART) system, Computer Assisted Collection System (CACS), and other outdated tax processing systems and integrate with a robust data warehouse to both continue and expand revenue generating projects and provide enhanced reporting functionality. The integrated system will allow the Comptroller to efficiently administer all taxes and fees required by law. This includes the processing and collection of personal income tax and sales and use tax, the State's largest sources of revenue. Successful implementation will bring the Comptroller of Maryland (COM) a modernized system which makes use of current technologies and is supported by and adaptable to the mainstream IT workforce. Uniformity in processing across tax types will simplify compliance by taxpayers and allow for a more dynamic use of Comptroller staff. The FY 2021 allowance includes \$500,000 for oversight and \$1,000,000 for IV&V.

| Total | 359,488 | 12,887,517 | 8,370,000 | 53,100,665 | 27,922,157 | 23,405,302 | 23,417,830 | 149,462,959 |

Program Strategic Goals:

This project supports the primary mission of the COM – executive leadership for Maryland's financial management services through the fair and efficient collection of taxes, regulation of businesses, accurate forecasting and accounting of revenues and expenses, and the provision of technological services to State agencies. The ITS will allow for efficient tax processing and collection necessary to support this mission and the Agency's strategic goals: (1) provide public services in ways that achieve the highest level of individual and business customer satisfaction; (2) take advantage of existing and emerging IT applications to enhance business processes that currently use little or no technology, and improve the infrastructure for efficient implementation of these new technologies; and (3) vigorously enforce tax laws essential to the fair treatment of all taxpayers. Internal analysis has shown that the ITS will support, improve, and streamline nearly all COM business processes.

E20 - State Treasurer

Project Title: Financial Systems Modernization

Appropriation Code: E20B0102

Sub-Program Code: 1800

Project Summary:

The State Treasurer's Office must replace the core financial interface and insurance management system with a modern Treasury Management System and Insurance Management System. The current system will not be serviced beyond 2018 when it will reach end-of-service. The solution to replace the core financial system will be a scalable solution that can be leveraged across the state by other Agencies. Normalizing the data and solution to a centralized scalable solution will provide greater ROI and allow for streamlined maintenance. The FY 2020 appropriation includes a deficiency totaling \$1,786,305. The FY 2021 allowance includes \$101,659 for oversight.

Provide modern Treasury Management Systems (TMS) and Insurance Management Systems (IMS) to support the critical functions of STO with an emphasis on security and service delivery to constituents.

E50 - State Department of Assessments & Taxation

Project Title: Strategic Enterprise Application Network (SEAN)

Appropriation Code: E50C0009

Sub-Program Code: 9200

Project Summary:

Project SEAN allows for the migration and/or redevelopment of its mainframe applications onto a Cloud Platform to develop user-centric applications for internal and external customers. It is a fully compliant section 508c, web-enabled solution that is accessible on multiple browsers and platforms, that will allow applicants to securely enter in their own tax credit application data and upload supporting documentation at any time of the day or night on any of web enabled device. It is compatible with assistive technology products such as screen readers and screen enlargement software to accommodate users with disabilities. The FY 2021 allowance includes \$105,855 for oversight.

IT Project Funding

Program Strategic Goals:

To (1) eliminate or replace manual, paper-based processes with automated, online, paperless processes, (2) continually learn and adopt current industry best practices, and (3) achieve new heights in outstanding customer service.

F10 - Budget and Management, Department of

Project Title: Statewide Personnel System (SPS)

Appropriation Code: F50B0406

Sub-Program Code: P006

Project Summary:

The purpose of the SPS project is to obtain commercial off-the-shelf (COTS) solutions to replace the State's legacy personnel systems. The new SPS will have high "cultural impact" on agencies and their users statewide. Because of this, to help lower the overall project risk profile, a multi-phased implementation strategy has been adopted, breaking the large project into two smaller project phases.

F10A0201 (DBM) Goal 1: Retain employees in the State Personnel Management System.

F10 - Budget and Management, Department of

Project Title: Phase II Central Collection Unit CCU Systems Modernization

Appropriation Code: F50B0406

Sub-Program Code: P008

Project Summary:

Phase 2 of the CCU IT Modernization Project will support operations and maintenance for the initial implementation in addition to improving customer service and operational efficiencies for new capabilities. The Operations and Maintenance was not funded in the initial project which consists of several new components such as the primary Debt Collection System (FICO Debt Manager), multiple Bank of America payment transaction systems, document management and 25+ operational interfaces with State agencies.

Program Strategic Goals:

Phase 2 of the CCU IT Modernization Project directly supports CCU's MFR goal of maximizing returns on debt collection and improving customer service.

F10 - Budget and Management, Department of

Project Title: Enterprise Budgeting System (EBS)

Appropriation Code: F50B0406

Sub-Program Code: P010

Project Summary:

In 2005, DoIT commissioned the Statewide Application Risks Assessment (SARA) of 12 legacy statewide systems, including those supporting human resources, timekeeping, benefits, budgeting, purchasing, accounting, central collections and payroll. Three of those systems were assessed as high risk - human resources, budgeting and timekeeping. The high risk factor was assessed because these systems were at the end of their useful lives and based on old technologies, with a recommendation for replacement. Project costs shown here reflect those for both the PPR and PIR phases. Beginning in FY 2016, the project has been funded through a State agency allocation using Comptroller Object 0897- EBS System Allocation.

| Total | 7,973,375 | 10,735,223 | 4,204,787 | - | - | - | - | 22,913,385 |

Program Strategic Goals:

To ensure that the State has a fully functional and supportable budgeting system.

F50 - Information Technology, Department of

Project Title: Enterprise Solutions Planning Initiative (ESPI)

Appropriation Code: F50A0101

Sub-Program Code: F009

Project Summary:

This project will provide integrated planning support to numerous IT solutions requests received across multiple agencies. This ITPR combines the planning activities that traditionally have occurred in siloed projects in order to assess Enterprise needs. The proper planning for these requests will be critical in engaging agencies with common needs and data, developing appropriate strategies and architecture, leveraging process improvements, identifying acquisitions, and determining technologies and systems for implementation. Individual agency planning ITPR's will no longer be submitted because large upfront planning to document all project requirements is no longer desirable in an agile environment. In FY 2021 there is no allocation for oversight.

Program Strategic Goals:

The goal is to: 1) Centralize the planning for ITPRs within DoIT; reduced number of planning ITPRs and the management of planning dollars through minimal sources, 2) Ensure solutions are scaled at the appropriate level; enterprise modeling and the reduction of duplicative systems, 3) Support for the lean agile approach in managing and executing solutions, 4) Influence common modeling, designing, and coding practices for systems architecture, 5) Ensure priority solutions/needs are addressed in a timely process and appropriately funded and; 6) Meet the needs of State agencies objectives to align with the Statewide IT Master Plan.

F50 - Information Technology, Department of

Project Title: Statewide Voice over IP (VoIP) Phone Services Transition Project

Appropriation Code: F50A0101

Sub-Program Code: F010

Project Summary:

This project is a modernization of the State's current voice services infrastructure. Over the last several years the telecommunications industry Public Switched Telephone Network (PSTN) has been transitioning from a traditional Time Division Multiplexing (TDM) technology to an IP-based infrastructure. DoIT has begun to transition the State's voice network services to IP in concert with the transition of the PSTN. The transition shall include the majority of telephone services utilized throughout the State today. In addition DoIT will replace and/or retrofit its multi-agency telephony system(s) in order to ensure that the systems are compatible with the changes in the telephone network; meet the State's reliability requirements, as well as enhance the State's ability to deliver constituent services across multiple communications channels. In FY 2021 there is no allocation for oversight.

Program Strategic Goals:

The goal is to enhance communications for both the agencies and constituents, as well as leverage the state's investment network, Maryland Modernize infrastructure, to reduce duplication of equipment and create a migration path for other State Agencies to follow.

F50 - Information Technology, Department of

Project Title: Network Maryland 100G Backbone Upgrade

Appropriation Code: F50B0406

Sub-Program Code: F017

Project Summary:

networkMaryland's infrastructure is currently a partial mesh design that has grown organically over time based on the availability of fiber assets. This network is anchored by a number of core sites, strategically located throughout the State, where network traffic and services aggregate. The availability of external internet peering services, location of data center services, and proximity to subscriber headquarters are all potential reasons a location has been selected to be a core site. These core sites are interconnected by networkMaryland fiber and the resulting fiber network is referred to as the backbone network. The FY 2021 allowance includes \$112,490 for oversight.

Program Strategic Goals:

1. Upgrade networkMaryland's backbone fiber network to support the exponential growth in bandwidth required by current subscribers. Supports initiatives like MDTHINK, Cloud migration, VOIP, and FirstNet to name a few.
2. Build a backbone network capable of supporting the initiative to provide digital learning to all classrooms in K-12 schools (Education Superhighway).
3. Build a backbone network capable of supporting the State's initiative to expand the availability of high-speed bandwidth to unserved and under-served areas of the State.

F50 - Information Technology, Department of

Project Title: Maryland OneStop Portal

Appropriation Code: F50A0101

Sub-Program Code: F014

Project Summary:

Maryland currently has over 1,000 forms online spread across state agency web sites. Many of these forms are only available for download, print, and people are then required to mail them back in to each respective agency. DoIT is planning to convert these forms to electronic forms and allow people to fill and submit them online, whether it's on a home computer or their mobile phones and tablets. DoIT plans to convert up to 100+ of these forms during the first year of the project, with the remaining spread between the second and third year of the project. After people submit the paper-based applications via mail, many agencies are utilizing personnel to either manually scan or type the application data into outdated state legacy applications and databases. Many of these applications are expensive to maintain and present cyber security risks since they still utilize outdated platforms and technologies. As part of the effort, DoIT will collaborate with state agencies to convert them to online applications hosted in a FedRAMP-compliant government cloud that will also interface directly with the ONE Portal. This will allow users to seamlessly submit forms online and have the data sent to the correct agency systems and databases. The FY 2021 allowance includes \$365,000 for oversight.

Program Strategic Goals:

Allow users to seamlessly submit forms online and have the data sent to the correct agency systems and databases.

F50 - Information Technology, Department of

Project Title: Pilot Drone Detection Program (DRONE)

Appropriation Code: F50A0101

Sub-Program Code: F012

Project Summary:

The Department of Public Safety and Correctional Services (DPSCS), and the Department of Information Technology (DoIT) are looking to implement a Drone Detection and Response System to warrant against unlawful entry of contraband into the State of MD Prison System. This Project is a two (2) phase approach, Phase 1 is for a sole source contract to get a SME to write the requirements for the RFP. Phase 2, is to procure a vendor who will deliver and implement a system. This implementation is for only 2 pilot sites in Hagerstown. In FY 2021 there is no allocation for oversight.

| Total | - | 189,137 | 1,033,163 | 1,587,700 | - | - | - | 2,810,000 |

Program Strategic Goals:

To increase security at DPSCS facilities while leading the way for protective measures against unwanted criminal actions, thus protecting the public, employees, and detainees and offenders under the Department's supervision.

G20 - State Retirement and Pension System

Project Title: Business Process Reengineering and Support Technology (MPAS-3)

Appropriation Code: G20J0102

Sub-Program Code: 4001

Project Summary:

Beginning in FY 2018, the Agency will reengineer the business processes in its Retirement Administration and Finance divisions. This initiative will examine the flow of activity through the Agency, improving efficiency and streamlining process flow, including those between the Agency and members / employers it serves. A public pension industry process-consulting contract will be awarded to obtain expertise and leverage experiences of peer pension funds. Where appropriate, technology will be selectively acquired and/or adapted to support re-defined internal business processes and external relationships. The Maryland Pension Administration System (MPAS), a custom-developed system, along with several applications based around commercial software packages, will be adapted to reengineered business operations. The MPAS strategy initiated in 2005 envisioned three phases: MPAS-1 to replace the mainframe Legacy Pension System, MPAS-2 to cleanse data and improve data integrity, and now MPAS-3 to reengineer business operations, adapt existing programs, and acquire new technology to support those operational changes. The FY 2021 allowance includes \$94,800 for oversight.

IT Project Funding

Program Strategic Goals:

The Agency is primarily focusing on creating operational efficiencies, with long-planned extension of transactional functions to members / employers over the Internet. Technology will support or facilitate business operational changes. Many employer functions are already addressed in existing automated programs – these programs will be consolidated onto a new employer portal. By contrast, member business is currently transacted using paper form submissions, batch data entry, and hard copy output mailed to the member. Therefore, the strategic goal for member relations is to extend online real-time viewing of existing records, along with online transactions, to the membership over the Internet. The last strategic goal is to create interfaces among existing Agency applications that were developed and implemented in stand-alone mode, further improving operating efficiency.

H00 - General Services, Department of

Project Title: eMaryland Marketplace eProcurement Solution

Appropriation Code: H00A0103

Sub-Program Code: 1310

Project Summary:

DoIT has engaged in the implementation of a Statewide Enterprise Procure-to-Pay system and replacement of ADPICS solution. This single statewide procurement system will provide a user-friendly portal for both suppliers and end-users to do business with the State of Maryland. Additionally, an end-to-end procurement system will increase transparency and accountability on purchases, improve customer service, decrease cycle times and reduce "maverick" spending and operating cost. Maryland will have an "eProcurement cloud" for strategic sourcing, contract management and procure-to-pay solutions for use across all agencies and local political subdivisions. The system is a complete procure-to-pay solution, providing support for all procurement-related processes and system requirements, including: sourcing, receiving, vendor registration and management, solicitation, quotes, accounts payable, government-to-business punch-outs, and requisitioning. BuySpeed also has the flexibility to adapt to multiple third-party systems, making it easy to fully integrate the eProcurement solution with any financial system. As a result, users gain broader visibility into their organization's budget spend, allowing them to make data-driven procurement decisions. The FY 2021 allowance includes \$400,000 for oversight and \$500,000 for IV&V.

Program Strategic Goals:

This initiative is cross cutting and supports multiple agencies. The State has a pressing and permanent need for clear, accurate, and detailed budget and accounting records. In order to provide a standard framework for managing integrations to financial systems, the project has developed a comprehensive Financial System Integration, designed to provide consistency in accounting functions, standard data formats, and integration using industry accepted standards.

K00 - Natural Resources, Department of

Project Title: DNR Modernization and OneStop Integration Project

Appropriation Code: K00A0107

Sub-Program Code: A143

Project Summary:

The Department of Natural Resources (DNR) requires a web-based platform that supports a variety of internal and external system integrations that better gather and process essential information. The agency's current system, COMPASS, lacks the ability to integrate and provide a platform based central point of access. As a result, an array of inefficient practices have evolved such as manual data entry, duplicative reporting structures, and conflicting numbers due to user input errors. The number of licenses and permits sold by DNR has drastically decreased in recent years. DNR believes that with a new license and permit process that is on an intuitive and user-friendly platform, that citizens will purchase licenses and permits from DNR once again. With the required integration capability, the platform should integrate with Maryland OneStop to accept, manage, sell, and promote licenses and permits for recreational hunting and fishing, commercial fishing, boat titling and registration, boat taxes, and special permits. The platform should provide an Open Application Programming Interface (API) specification in addition to integrating with the OneStop portal. The FY 2021 allowance includes \$325,000 for oversight.

IT Project Funding

| Fund Type | Prior to FY 2019 | Actual FY 2019 | Appropriation FY 2020 | Allowance FY 2021 | Projected FY 2022 | Projected FY 2023 | Projected FY 2024 | Total |
|---------------------|------------------|----------------|-----------------------|-------------------|-------------------|-------------------|-------------------|-------------------|

| Total | - | - | - | 6,500,000 | 5,500,000 | 4,500,000 | - | 16,500,000 |

IT Project Development Costs

| Fund Type | Prior to FY 2019 | Actual FY 2019 | Projected FY 2020 | Projected FY 2021 | Projected FY 2022 | Projected FY 2023 | Projected FY 2024 | Total |
|---------------------|------------------|----------------|-------------------|-------------------|-------------------|-------------------|-------------------|-------------------|
| General | - | - | - | 6,500,000 | 5,500,000 | 4,500,000 | - | 16,500,000 |
| Special excl MITDPF | - | - | - | - | - | - | - | - |
| Special MITDPF | - | - | - | - | - | - | - | - |
| Federal | - | - | - | - | - | - | - | - |
| Reimbursable | - | - | - | - | - | - | - | - |
| Total | - | - | - | 6,500,000 | 5,500,000 | 4,500,000 | - | 16,500,000 |

Program Strategic Goals:

This program will have four strategic goals: Integrate with the Maryland OneStop platform; Reduce inefficiencies and redundancies; Create a Return on Investment (ROI) to ensure increased revenue; Decrease monthly and annual operational costs and increase customer satisfaction. The contract for COMPASS began in 2011 and did not have all licenses publicly available until 2015 within the system. By DNR choosing to utilize Maryland's OneStop platform it will allow all hunting and fishing licenses to be publically available within the first 12 months of the contract due to the already extensive capabilities of the platform. DNR will also continue to propel current customer service initiatives, including improved customer experience, improved services, response times, and processing times.

M00 - Health, Department of

Project Title: Computerized Hospital Record & Information System (CHRIS) formerly Statewide Electronic Health Records (EHR)

Appropriation Code: M00A0108

Sub-Program Code: A806

Project Summary:

MDH plans to modernize its hospital information management system. The intent is to: 1) Acquire Subject Matter Experts (SMEs) to conduct an analysis of the existing Health Management Information System (HMIS). 2) Have the SMEs perform a Needs Assessment identifying requirements for an internet-based Commercial off the Shelf (COTS), Electronic Health Record (EHR) HMIS, 3) evaluate other states that have implemented an internet-based COTS EHR HMIS. 4) Produce a States Evaluation Report identifying systems that could be considered a good fit for MDH. Reports must include implementation and recurring costs incurred. 5) Perform a Gap Analysis comparing MDH EHR HMIS requirements against systems that have been implemented in other states, including the hardware and infrastructure needs of MDH, and assessment of staff requirements. 6) Create RFP identifying mandatory requirements, deliverables and milestones of an internet-based COTS EHR HMIS. The FY 2021 allowance includes \$277,900 for oversight.

Step 1 (Planning) funding only

Program Strategic Goals:

In addition to maintaining current revenue patterns, the major goals of the project are to replace an aging legacy system with a modern hospital information management system that will improve operational efficiency, hospital planning, evaluation and accreditation, patient care and safety, and data security as well as reduce the cost of administering a large multi-hospital system. Will enable eligible professionals, hospitals and Local Health Departments to submit public health data to MDH electronically and to support MDH program goals to increase the transition from paper to electronic reporting.

M00 - Health and Mental Hygiene, Department of

Project Title: Integrated Electronic Vital Records Registration System

Appropriation Code: M00A0108

Sub-Program Code: A807

Project Summary:

This project will modify the code for the existing California Integrated Vital Records System (Cal-IVRS) to Maryland's specifications and import it to run on the MD Think platform. This integration will support the existing user accounts that are currently in use at all Maryland medical facilities and funeral facilities. The integrated system will support the export of new records in specified formats for electronic transfer to the National Center for Health Statistics. It will also support the sending of social security numbers to/from the Social Security Administration. The system will provide for restricted search and issuance capabilities for use by local Health Departments and by the Motor Vehicle Administration. The solution will support the import of all legacy data from Maryland's current vital records systems. The FY 2021 allowance includes \$207,727 for oversight.

M00 - Health, Department of

Project Title: MDH Licensing and Regulatory Management System Project

Appropriation Code: M00A0108

Sub-Program Code: A803

Project Summary:

The project is in the initiation Phase. The scope of the planning encompasses the collection of requirements, the assessment of COTS options, the development of a justification for investment in implementation, and the draft of a preliminary RFP document. This project is a continuation of the IT Licensing project initiated by the Board of Physicians in 2015.

Program Strategic Goals:

For MDH and the Health Occupation Boards, procure and implement an Electronic Licensing and Regulatory Management System (ELRM) solution that will assure quality care through the efficient licensure and effective discipline of health providers. The Department desires an Enterprise solution to assure, advance and protect the public's health and welfare through proper credentialing, permitting, licensing, examination, inspection, and discipline of health providers, distributors and facilities. This new system will also help enforce regulations and legislation, resolve complaints and educate the public.

M00 - Health, Department of

Project Title: Medicaid Management Information System (MMIS II)

Appropriation Code: M00Q0108

Sub-Program Code: T810, T811 & T812

Project Summary:

The State is required to align with the federally mandated Medicaid Information Technology Architecture requirements. This project will modernize existing system functions and significantly enhance the goals of the MMIS ensuring that eligible individuals receive the health care benefits to which they are entitled and that providers are reimbursed promptly and efficiently. MDH intends to replace its legacy MMIS claims processing system with a new MMIS system, which will also support coordination of benefits, surveillance and utilization review, federal and management reporting, and case management. In conjunction with the MMIS replacement, MDH intends to add a Decision Support System (DSS); improve and enhance the Pharmacy e-Prescriber solution; implement a Service Oriented Architecture (SOA) Integration Framework, and develop an eligibility portal. The FY 2021 allowance includes \$500,000 for oversight and \$2,272,872 for IV&V.

Program Strategic Goals:

Maximize the efficiency and cost effectiveness of Medical Care Programs.

M00 - Health, Department of

Project Title: Long Term Supports and Services Tracking System (LTSS)

Appropriation Code: M00Q0108

Sub-Program Code: T807, T808 & T809

Project Summary:

Maryland Medicaid implemented a crucial Long Term Care reform system that increases federal matching funds (FMAP) by over \$140M. Specifically, Maryland implemented a tracking system (LTSS), a standardized assessment instrument (interRAI-HC), and an in-home services verification system (ISAS). LTSS is an integrated care management tracking system that houses real-time medical and service information regarding Medicaid participants. The scope of work for the development and delivery of the LTSS system was determined by the functionality necessary to meet the federal Balancing Incentive Program (BIP) and Community First Choice (CFC) program requirements. Additional waiver programs are added to the LTSS via modules of developed software. The FY 2021 allowance includes \$500,000 for oversight.

Program Strategic Goals:

The major goal of this project is design, develop, migrate and implement an integrated Long Term Care tracking system in a multi-phased approach, in order to maximize federal matching funds (FMAP), and meet the federal Balancing Incentive Program (BIP) and Community First Choice (CFC) program requirements.

M00 - Health, Department of

Project Title: Migration of the Cloud Data Center
Appropriation Code: M000A0102
Sub-Program Code: A246
Project Summary:

The project will include a phased lift and shift of all the applications currently in the MDH HQ data center to a cloud solution like AWS. The FY 2021 allowance includes \$50,000 for oversight.

IT Project Funding

| Fund Type | Prior to FY 2019 | Actual FY 2019 | Appropriation FY 2020 | Allowance FY 2021 | Projected FY 2022 | Projected FY 2023 | Projected FY 2024 | Total |

Program Strategic Goals:

Allow users to seamlessly submit forms online and have the data sent to the correct agency systems and databases.

Shortcomings in our current system have been identified in both the 2011 Sunset Evaluation and an independent review (the Perman Report). The proposed system will correct these deficiencies and also greatly improve the work efficiency for the Board.

N00 - Human Services, Department of

Project Title: Automated Financial System (AFS)

Appropriation Code: N00F0002

Sub-Program Code: 6B13

Project Summary:

The AFS is a computerized fiscal tracking system that allows DHS's fiscal users to set up, print and track payments to various vendors, including payments to child care and foster care providers, maintains a history of financial transactions, generates a variety of fiscal reports including the 302A for assistance and the General Ledger, and produces annual 1099 data on disk for submission to Financial Management Information System (FMIS). AFS is written in an antiquated and unsupported Delphi technology. The application is outdated, prone to sensitive errors and difficult to enhance. Skills to support the application are not readily available. The system cannot take advantage of the newer technologies until it is moved to a more robust application language and the User Interface is modernized. Project costs shown here reflect those for the PPR phase only. Full project design and implementation costs will be determined as part of the planning process, and total project cost will be adjusted at the conclusion of the PPR phase. In FY 2021 there is no allocation for oversight.

IT Project Funding

| Fund Type | Prior to FY 2019 | Actual FY 2019 | Appropriation FY 2020 | Allowance FY 2021 | Projected FY 2022 | Projected FY 2023 | Projected FY 2024 | Total |

| Special MITDPF | | | | | | | | - |
| Federal | 493,965 | 1,903,412 | 1,448,007 | | | | | 3,845,384 |
| Reimbursable | | | | | | | | - |
| Total | 875,211 | 2,261,708 | 4,830,710 | - | - | - | - | 7,967,629 |

Program Strategic Goals:

This application is used statewide by the locals' finance offices. The primary agency mission, goals or objectives that this project would support is the standardization of the development environment. With the completion of this project, DHS will be able to centralize hardware, functionality and data to increase performance and decrease the cost associated with trying to maintain 24 instances of the same application running on six different physical servers.

N00 - Human Services, Department of

Project Title: Shared Human Services Platform

Appropriation Code: N00F0002

Sub-Program Code: 6B17

Project Summary:

DHS along with our partner organizations (DLLR, DJS, DOA, MHBE, DHCD & others) is embarking on an integrated Shared Human Services Platform to serve constituents holistically and create a true integrated environment. DHS's human services systems will be integrated with human services systems of the partner organizations to eliminate the siloed program centric environments of the current legacy systems. This modern "client-centric" integrated platform will provide employees, partner providers, and constituents of Maryland's social services agencies an efficient, effective platform for delivering collaborative services. The FY 2021 allowance includes \$500,000 for oversight and \$1,000,000 for IV&V.

IT Project Funding

IT Project Development Costs

| Fund Type | Prior to FY 2019 | Actual FY 2019 | Projected FY 2020 | Projected FY 2021 | Projected FY 2022 | Projected FY 2023 | Projected FY 2024 | Total |
|---------------------|-------------------|-------------------|--------------------|--------------------|-------------------|-------------------|-------------------|--------------------|
| General | 4,780,282 | 21,771,681 | 43,977,775 | 35,397,712 | 8,849,428 | | | 114,776,878 |
| Special excl MITDPF | | | | | | | | |
| Special MITDPF | | | | | | | | |
| Federal | 54,855,465 | 63,998,743 | 101,289,469 | 106,193,134 | 26,548,284 | | | 352,885,095 |
| Reimbursable | | | | | | | | |
| Total | 59,635,747 | 85,770,424 | 145,267,244 | 141,590,846 | 35,397,712 | | | 467,661,973 |

Program Strategic Goals:

The goal of the modernization effort is three-fold. First, the applications will be optimized to allow case workers to more efficiently and effectively serve the people of Maryland, and allow our constituents a single point of entry for a streamlined application and eligibility determination process. Second, DHS and other collaborative agencies will effectively share data, reducing redundant caseworker actions, and enable comprehensive analytics to help guide future strategies to more effectively serve the people of Maryland. Third, the systems will be much more adaptable to continually changing requirements, as per statute, programs, user, and constituent needs, allowing agencies to be much more responsive to the customers' enhancement times from a current DHS range of 9 to 18 months to markedly decreased time frames. This will provide the State a significant improved time-to-value metric on service delivery.

P00 - Department of Labor

Project Title: Division of Occupational & Professional Licensing

Appropriation Code: P00F0102

Sub-Program Code: P013

Project Summary:

The Division is targeting FY 2019-2020 to launch and modernize the back-end licensing system and upgrade the current front-end E-Licensing system. The new modernized system will streamline office procedures and enhance online services to applicants, licensees, and consumers. Select features will include the ability to: store documents electronically, generate mail-merge letters/forms, store email communications, interface using tablet/smart devices and ad-hoc reporting. FY 2019 and FY 2020 funding will transfer to One Stop. Future activity will be reported as the OneStop project. In FY 2021 there is no allocation for oversight.

To promptly determine eligibility and pay benefits to qualified unemployed individuals.

Q00 - Public Safety and Correctional Services, Department of

Project Title: Enterprise Resource Planning Implementation Project (MCE-ERPIP)

Appropriation Code: Q00A0107

Sub-Program Code: 1780

Project Summary:

This initiative will provide the ability for Maryland Correctional Enterprises (MCE) to revise and update its backend IT infrastructure, paper driven financial and manufacturing processes to better meet the needs of Maryland's correctional industries program. This initiative will allow more efficient management of an agency that currently generates over \$50M per year in sales and services and employs over 2,000 inmates daily in Maryland's correctional facilities. The current paper driven process and computing platform cannot keep up with the volume of information and sales being generated by MCE. Total Project Cost (TPC) will be better understood upon RFP award. The FY 2021 allowance includes \$62,500 for oversight.

| Total | 2,030,464 | - | 500,000 | 1,250,000 | 2,209,920 | - | - | 5,990,384 |

Program Strategic Goals:

A solution whose basic core capabilities address, at a minimum, the needs for all the following functions: a) Enterprise Resource Planning, b) Customer Relationship Management, and c) Integrates with other state of Maryland systems, primarily FMIS.

Q00 - Public Safety and Correctional Services, Department of

Project Title: Computerized Criminal History (CCH) Replacement (Phase II)

Appropriation Code: Q00A0107

Sub-Program Code: 1730

Project Summary:

The Department of Public Safety and Correctional Services, Information Technology and Communications Division (DPSCS/ITCD) is currently looking to replace two legacy data systems, including the Ident/Index and Arrest Disposition Reporting (ADR) mainframe systems, with more up-to-date technologies such as .NET Framework and contemporary relational databases. The Computerized Criminal History (CCH) mainframe system replacement will occur in five (5) phases: Phase I: Drafting of Current-State requirements and business documentation; Phase II: Competitive Bid to go out to possible CCH vendors and the Contract to be awarded; Phase III: Design and Planning; Phase IV: Implementation and Testing; Phase V: Production Stabilization and Optimization. The FY 2021 allowance includes \$88,736 for oversight.

| Total | 140,285 | 506,084 | 4,928,911 | 1,774,720 | - | - | - | 7,350,000 |

Program Strategic Goals:

This initiative supports the following DPSCS goals: 1. Good Management: Ensure the Department operates efficiently. Meet and/or exceed the technology business needs of the Department, Criminal Justice guidelines, policies and standards, for the use and implementation of existing and emerging technologies. 2. Safe Communities: Help to keep Maryland communities safe. Provide technology that quickly identifies offenders. Provide a comprehensive and efficient method that identifies warrants issued throughout the State. Better warrant tracking processes allow law enforcement officials to continue to serve warrants, which help to remove potentially dangerous individuals from Maryland's streets.

Q00 - Public Safety and Correctional Services, Department of

Project Title: Electronic Patient Health Record (EHR) Replacement

Appropriation Code: Q00A0107

Sub-Program Code: 1740

Project Summary:

The Department of Public Safety and Correctional Services, Information Technology and Communications Division (DPSCS/ITCD) is currently looking to replace the outdated electronic health record (EHR) with a new, more robust system that will meet the needs of the Office of Inmate Health Services (OHS). The FY 2021 allowance includes \$50,000 for oversight.

IT Project Funding

Program Strategic Goals:

The mission of the Department's Health Care Program is to prevent illness, promote health and provide care to the sentenced and detained population (inmates) through a competent, efficient and effective system that improves the health of inmates and assists in transitional planning and care management consistent with the interests of DPSCS. A more efficient and complete EHR will allow DPSCS Office of Inmate Health Services (OHS) to meet their strategic goals and objectives. The healthcare providers would have a comprehensive health record for review and provide the continuity of care for individuals in the inmate population. This initiative will be developed using the Agile Methodology and the Scrum Framework. The Scrum framework for project management emphasizes teamwork, accountability and iterative progress towards a well-defined goal.

Q00 - Public Safety and Correctional Services, Department of

Project Title: MD Automated Fingerprinting Identification System Upgrade (MAFIS)

Appropriation Code: Q00A0107

Sub-Program Code: 1790

Project Summary:

The Department of Public Safety and Correctional Services, Information Technology and Communications Division (DPSCS/ITCD) is currently looking to upgrade the existing framework of MAFIS (MD Automated Fingerprint Identification System) with more up-to-date technologies. The MAFIS system is in its ninth year of operation and requires refreshment to both (a) replace legacy operating system software and server hardware and (b) accommodate the continued growth of the identification databases and system workloads. Key server components are nearing end-of-life, and manufacturer support has either been, or will soon be, discontinued. Manufacturer support has already been discontinued for some of the system's critical software components (including Oracle version 10g), which impacts system maintainability, and increases extended loss-of-services risk to ongoing system operations. This new system will not be cloud based. It will reside in the DPSCS data center. The FY 2021 allowance includes \$71,000 for oversight.

Q00 - Public Safety and Correctional Services, Department of

Project Title: Learning Management System Replacement

Appropriation Code: Q00A0107

Sub-Program Code: 1720

Project Summary:

The Maryland Department of Public Safety and Correctional Services (DPSCS), Police and Correctional Training Commissions (PCTC), provides regulatory oversight of entry level training, ongoing in-service training and certification of the sworn public safety professionals in the State of Maryland. The current tracking system for public safety professionals has been in use for over 20 years. It is used to track public safety professionals' certification throughout their careers as well as information for other public safety professionals. The information to be tracked includes Original Certification or Re-certification, Separation of Employment, Changes in Officer Status, Promotions/Demotion, Name Change, Instructor Certification, and Transfers. Maryland has specific requirements in regard to time of duty, time separated from an agency, and time to re-hire as well as new hire and annual in-service training requirements. The ability to track this information correctly is essential to ensure every public safety professional is in compliance with the laws regarding his/her individual certification. In addition to tracking a public safety professional's training and certification history, the system is also used to accomplish the following: respond to public disclosure requests, create custom and standard reports, track course/class information as to history, scheduling and student attendance (Academy and in-service classes) history, firearms qualification records, law enforcement agency information as to listing of sworn public safety professionals and agency contact information and instructor certification and training area expertise information. The FY 2021 allowance includes \$50,000 for oversight.

IT Project Funding

| Fund Type | Prior to FY 2019 | Actual FY 2019 | Projected FY 2020 | Projected FY 2021 | Projected FY 2022 | Projected FY 2023 | Projected FY 2024 | Total |
|---------------------|------------------|----------------|-------------------|-------------------|-------------------|-------------------|-------------------|-----------|
| General | | | | | | | | - |
| Special excl MITDPF | | | | 1,000,000 | 500,000 | 500,000 | | 2,000,000 |
| Special MITDPF | | | | | | | | - |
| Federal | | | | | | | | - |
| Reimbursable | | | | | | | | - |
| Total | - | - | - | 1,000,000 | 500,000 | 500,000 | - | 2,000,000 |

Program Strategic Goals:

The DPSCS is requesting a Commercial Off The Shelf (COTS) software solution that replaces the functionality of the Agency's current system. The software solution should be functional with other systems that can be readily modified to meet any unique requirements. The solution must be a comprehensive, scalable learning management system that facilitates and supports the input, manipulation, maintenance, tracking, display, distribution and retrieval of public safety professionals' employment, certification, training records for state, municipal and county officers and the training programs in place to support their training and certification.

R00 - State Department of Education

Project Title: Maryland Direct Certification System (MDCS)

Appropriation Code: R00A0106

Sub-Program Code: F9XX

Project Summary:

The Maryland State Department of Education (MSDE), Office of School and Community Nutrition Programs (OSCNP) will improve the Direct Certification (DC) matching process by upgrading the Maryland Direct Certification System's (MDCS) matching process. Maryland has been awarded a Tier 2 DC Improvement Grant by the USDA. The current decentralized DC matching processes will be discontinued at the local level and hosted by the State Agency. An improved DC web-portal, based on The State of Florida's solution will be developed and accept the LEA enrollment data to be uploaded for processing. Besides the accepting data uploads, the DC web-portal will offer a real-time look-up feature for DC matching. The MDCS will employ complex algorithms and probabilistic matching routines to increase the match success rate and exceed the HHFKA-mandated SNAP match of 95%. Statistical reports will be generated from LEA matching activity providing for accurate State Agency oversight of LEA match success rates matching frequency, and technical assistance for both internal and external users. Standardizing the matching processes and moving the process to the State Agency will eliminate the need for LEA manual matching and increase the frequency of matching for small LEAs with inadequate IT support. LEA enrollment files will be matched against the entire Maryland State Department of Human Services (DHS) file. The DHS has agreed to work with MSDE to streamline the delivery method and increase the frequency of the SNAP/TANF/FOSTER files. In FY 2021 there is no allocation for oversight.

| Total | 946,400 | 80,008 | 225,000 | - | - | - | - | 1,251,408 |

IT Project Development Costs

| Fund Type | Prior to FY 2019 | Actual FY 2019 | Projected FY 2020 | Projected FY 2021 | Projected FY 2022 | Projected FY 2023 | Projected FY 2024 | Total |
|---------------------|------------------|----------------|-------------------|-------------------|-------------------|-------------------|-------------------|------------------|
| General | | 10,000 | 11,250 | - | | | | 21,250 |
| Special excl MITDPF | | | | | | | | - |
| Special MITDPF | | | | | | | | - |
| Federal | 179,446 | 597,071 | 453,641 | - | - | - | - | 1,230,158 |
| Reimbursable | | | | | | | | - |
| Total | 179,446 | 607,071 | 464,891 | - | - | - | - | 1,251,408 |

Program Strategic Goals:

1. Maryland must meet or exceed the USDA Direct Certification requirement for a 95% DC match rate. 2. Provide a standardized matching process across all participants 3. The database must be updated nightly with SNAP data from DHR 4. Provide the ability to match students and households that cross school districts. 5. Provide OSCNP consolidated oversight of the DC process.

R60 - Maryland 529

Project Title: Maryland 529 Prepaid Trust Account Holder Management System (MD529)

Appropriation Code: R60H0041

Sub-Program Code: 0000

Project Summary:

Maryland 529 is seeking a COTS (Commercial off-the-shelf) product to support the agency's needs and requirements. Maryland 529 provides flexible and affordable 529 plans to help Maryland families save for future college expenses and reduce dependence on student loans later. Maryland 529 is an independent, State agency that offers two 529 college saving plans: (1) MPCT, which first opened for enrollment in 1998 and (2) Maryland College Investment Plan (MCIP), which launched in 2001 and current program manager is T. Rowe Price. Both plans are administered by the Maryland 529 Board which includes eleven (11) members, six (6) are State officials or their designee and five (5) are appointed by the Governor to (4) four-year terms. The FY 2021 allowance includes \$32,500 for oversight.

R95 - Baltimore City Community College

Project Title: Enterprise Resource Planning (ERP) System

Appropriation Code: R95C0006

Sub-Program Code: 0003

Project Summary:

Baltimore City Community College (BCCC) will be replacing its administrative system, which consists of archaic and unsupported discrete siloed modules. This legacy system was cobbled together beginning in the late 90's and is mainframe and COBOL based. Maintaining this system is no longer a viable option, as companies that developed these systems are no longer providing support or are no longer in business. This project is funded by current restricted/unrestricted funds. Total Project Cost (TPC) will be better understood upon RFP award. This project is funded with current unrestricted/restricted funds. The FY 2021 allowance includes \$134,261 for oversight.

Program Strategic Goals:

The three main objectives of this project are to: 1.) Integrate platforms for simplification, 2.) Eliminate extraneous databases, and 3.) Improve workflows.

U00 - Environment, Department of

Project Title: Lead Rental Certification and Accreditation

Appropriation Code: U00A1002

Sub-Program Code: 3206

Project Summary:

The Maryland Department of the Environment's (MDE) Lead Poisoning Prevention Program ("LPPP" or "Program") provides oversight for community education to parents, tenants, rental property owners, home owners, and healthcare providers to enhance their role in lead poisoning prevention. The Program currently uses a collection of legacy Lead Rental Certification and Accreditation (LRCA) systems and databases to maintain accreditation entities, property certificates issued to property owners, and the enforcement cases against the property owners, accredited individuals and entities, and others. There is a need to convert and migrate the legacy systems and databases to a new system to achieve operational efficiencies while incorporating the changes to laws related to LPPP. In FY 2021 there is no allocation for oversight.

Program Strategic Goals:

MDE's goal is to develop an online solution that will: 1) Improve customer service by enabling permittees to submit an application for Lead Paint Service Providers and to pay fees online through the Internet; 2) Provide an automated way via the Internet for permittees and the general public to check on the status of permit applications; 3) Expand the use of alternative services thereby reducing MDE staff time needed to manually input permit application data; and 4) Improve business processes, operations, and customer service through the effective use of web technologies.

U00 - Environment, Department of

Project Title: Environment Permit Tracking System Modernization

Appropriation Code: U00A1002

Sub-Program Code: 3205

Project Summary:

The Environmental Permit Tracking System Modernization Project will modernize how MDE currently captures Departmental permit data through the use of .NET technologies. This modernization effort will update the existing PowerBuilder user interface (UI) with one developed using current .NET technologies. This project also supports the Web Revamp Project by making services such as ePermitting and eCommerce accessible to Maryland citizens, businesses, and other stakeholders through the use of an interactive, customer-centric, web-based portal. The FY 2021 allowance includes \$27,500 for oversight.

Program Strategic Goals:

MDE's goal is to reduce the level of effort required to enter data into the Department's centralized permit tracking system and ensure the technologies that support MDE's mission are cost effective and sustainable. Modernization will enable MDE to utilize current web technologies and developer tools that are not part of the Power Builder technology. The newer technology will make it easier to make changes to the data entry process keeping pace with the Department's evolving business requirements and online permitting initiatives.

W00 - State Police, Department of

Project Title: Automated Licensing and Registration Tracking System (ALRTS)

Appropriation Code: W00A0112

Sub-Program Code: 1041

Project Summary:

The Firearm Safety Act has mandated that the Maryland State Police (MSP) automate and streamline the process by which a citizen of Maryland requests approval to purchase or carry a firearm. This will involve automating the entire firearm application process, from dealers applying to the MSP to selling firearms in the State, to a web accessible form submitted electronically to the Agency, processing of the application via the new electronic system, billing and reconciliation of fees, to providing real time or near real time reporting and metrics. This will involve automating the 77R process, replacing the hardcopy application form with a web accessible form that may be submitted electronically to MSP headquarters. Project costs shown here reflect those for the PPR and PIR phases. Full project design and implementation costs will be determined as part of the planning process, and total project cost will be adjusted at the conclusion of the PIR phase. The FY 2021 allowance includes \$15,000 for oversight.

Program Strategic Goals:

This project supports the MSP mission of: "protecting the citizens of the State of Maryland from foreign and domestic security threats, to fight crime, and to promote safety by upholding the laws of the State of Maryland." It also establishes the system foundation that will ultimately provide the MSP the ability to meet the legislative requirements included in SB0281, The Firearm Safety Act of 2013.

W00 - State Police, Department of

Project Title: 700 MHz Statewide Public Safety Wireless Communications System - Radios

Appropriation Code: W00A0112

Sub-Program Code: 1133

Project Summary:

700 MHz Statewide Public Safety Wireless Communications System (700 MHz) - Upgrade and enhance existing disparate communication network to create an interoperable system for State first responders and public safety agencies to use. The FY 2021 allowance includes \$50,000 for oversight.

*Does not reflect salary enhancements budgeted in the DBM Statewide Account

Glossary

Appropriated Positions: Synonymous with “authorized positions” (see below).

Appropriation: The amount of spending for an item legally authorized by the General Assembly.

Authorized Positions: The number of full-time equivalent employees that may be employed at any one time on the regular state payroll. The number of authorized positions includes vacant positions. An agency may not exceed its total of authorized positions. Only the state’s Board of Public Works may increase the number of authorized positions during the fiscal year.

Budget Bill: Presents the governor’s allowance as a bill that will become the legally enacted budget after the General Assembly approves it, including any amendments.

Budget Book Appropriation: Reflects the legislative appropriation, plus or minus amendments approved during the fiscal year prior to the budget submission. The amount appears in the annual Budget Books.

Budget Books: A series of volumes published each January that present the governor’s allowance to the General Assembly for all appropriated programs in the budget as well as information on non-budgeted agencies.

Capital Expenditure: An expenditure for the acquisition or construction of buildings or other fixed assets, or for other tangible assets with a useful life of at least 15 years.

Contractual Positions: The number of full-time equivalent employees working under employment contracts. Agencies generally use contractual employees for tasks of a limited duration or seasonal nature. Contractual employees are not eligible for most state fringe benefits.

Current Restricted Funds: Funds that may be used by higher education institutions only for restricted purposes. These consist principally of research grants and donations for particular purposes (e.g., student aid).

Current Unrestricted Funds: Funds that may be used by higher education institutions without restriction. These consist principally of the state appropriation, tuition, and student fees.

Deficiency Appropriation: An appropriation for an expense in the current fiscal year that is not covered by the existing budget. Deficiency appropriations usually occur when workloads exceed projected amounts, new legislation requires expenditures not provided in the budget, or unanticipated needs arise. The Fiscal Year 2021 budget proposal includes deficiency appropriations for Fiscal Year 2020.

Federal Funds: Grants and other payments from the federal government that flow through the state budget and are subject to applicable federal laws and regulations. Federal funds often require a state funding match. Medicaid and transportation programs are the largest sources of federal funding in the state budget.

Fiscal Digest: Book published annually by July 1 that reflects the state budget enacted by the legislature for the new fiscal year.

Fiscal Year (FY): The calendar on which the state operates for financial purposes. Maryland’s fiscal year begins on July 1 and ends on June 30; thus, Fiscal Year 2021 (FY 2021) begins on July 1, 2020 and continues until June 30, 2021.

Glossary

Full-Time Equivalent (FTE): A method of calculating employment, workloads, enrollments, or caseloads to adjust for part-time or part-year participation. For example, part-time or part-year employees are factored according to the share of a full 2,080-hour year during which they are employed. For example, a seasonal employee who works 20 hours a week for one-half of the year would count as a 0.25 full-time equivalent.

General Fund: State funds that may be used for any activity of the state. State income and sales tax revenues are the primary sources of general funds. About half of state spending is attributable to the General Fund.

Governor's Allowance: The amount proposed by the governor for an item in the state budget. In most instances, the General Assembly may subtract from but may not add to the allowance.

Non-budgeted Funds: Some agencies have independent authority to make expenditures without legislative appropriations. Examples include the Injured Workers' Insurance Fund (which provides workers' compensation insurance) and the Maryland Transportation Authority (which operates certain bridges, tunnels, and other transportation facilities). These agencies have independent revenue sources (e.g., insurance premiums and toll revenues) and are presented in the budget for informational purposes only.

Operating Expenditure: As distinguished from "capital expenditures," these are expenses of ongoing operations of government and other expenditures that do not result in a tangible fixed asset with a useful life of at least 15 years.

Reimbursable Funds: Funds transferred among agencies as payments for services provided by one agency to another. This designation is used to

avoid double-counting funds on a statewide basis as reimbursable funds are not generally included in budget totals. An example is telephone service. Each operating agency pays the Department of Information Technology for the actual cost of its telephone usage from its general, special, or federal funds. The Department of Information Technology, in turn, pays the telephone service provider with reimbursable funds.

Request: Each autumn, state agencies submit a budget request at a targeted amount specified for the next fiscal year.

Special Funds: Revenues dedicated to a specific purpose, such as licensing fees or certain tax revenues that may only be used for the purposes designated by law.

Acknowledgments

The FY 2021 budget proposal embodies the continued commitment of the Hogan-Rutherford administration to the goal of bringing sound fiscal management back to Annapolis and restoring our state to a position of long-term budgetary stability. Our modest revenue growth serves both as a reminder of the historic economic turnaround we are experiencing under Governor Hogan and as a caution that many factors outside of our control could conspire to send us in the opposite direction without notice.

And yet, Governor Hogan has once again proven his dedication to the ideal that every student in Maryland deserves a world-class education taught by the brightest minds in their fields in state-of-the-art facilities. This budget fully funds the beginning of the 10-year phase-in of the Kirwan education commission's recommendations and uses a novel approach to bond financing that will ensure that—for the first time in state history—every jurisdiction's school construction needs are fully met.

But this budget did not craft itself; rather, it is the culmination of the hard work and perseverance of a key group of individuals who continue to impress me year in and year out with their knowledge and dedication. I have proudly shepherded each of the governor's budgets through this formative process so far, but it truly is the work of this team—from our superb staff at the Department of Budget and Management, to our budget offices throughout the other state agencies, to senior staff within the Office of the Governor—that is wholly responsible for all this success.

Those public servants named below began constructing the FY 2021 budget early in the fall of 2019 and have spent long nights, weekends, and even holidays since dotting all the I's and crossing all the T's until we have arrived at this final product. I am humbled to work with so many who have demonstrated the same level of commitment that Governor Hogan has in working to change Maryland for the better.
