

B.13 PAYGO CAPITAL PROJECTS

PAYGO capital appropriations fund projects that are paid for with General, Special, and Federal Funds as part of an agency’s operating budget. Make sure that PAYGO operating submissions match your capital budget submission to the DBM Office of Capital Budgeting. Do **NOT** allocate General Obligation Bond funding in the FY 2022 operating budget request. **Funding for PAYGO projects should not be budgeted in operating programs. It should be budgeted in the applicable PAYGO (capital) program within your agency.**

Subprogram Reporting

When multiple **PAYGO** capital projects are budgeted in the same eight-digit **non-transportation** program, each project is to be budgeted in a separate subprogram, including projects that may be added in the FY 2022 allowance. If a project spans more than one reporting year, the same subprogram should be used across all years for comparison purposes.

Agencies should work with their budget analyst to identify subprograms for **new PAYGO capital projects** to be added in FY 2022. One example of a designated PAYGO program having more than one capital project, each budgeted in its own subprogram, is D55P00.04, Department of Veterans Affairs, Cemetery Program/Capital Appropriation. This program was broken down into five separate subprograms, each representing different cemetery projects at separate locations.

The following programs have had more than one project in prior year budgets, and meet the stated reporting protocol:
