

February 18, 2020

Department of Legislative Services:

The University of Maryland Medical System appreciates the continued capital support within the Governor's Capital Improvement Plan for the fiscal years 2021 through 2025.

UMMS is agrees with the FY 2021 Maryland Executive Budget recommendations for:

Phase VI: UMMC Comprehensive Cancer Treatment and Organ Transplant Centers

Approval of \$7.5M in general obligation funds

Shock Trauma Center Renewal- Phase III

Approval of \$3.0M in general obligation funds

These major UMMC facility redevelopment programs continue UMMS's partnership with the State of Maryland in providing Maryland residents with the world class clinical care to prevent, diagnose, evaluate and treat complex health and medical conditions delivered in best-in-class patient facilities supported by state of the art clinical support infrastructure and the latest advances in medical technology. UMMS will build on the State's past capital investments by implementing the next phase of our vision which dramatically enhances the National Cancer Institute designated Marlene and Stewart Greenebaum Comprehensive Cancer Center as well as other high acuity outpatient programs such as organ transplantation.

Sincerely,

Joseph Hoffman
Senior Vice President and Chief Financial Officer
University of Maryland Medical Center
