- Develop partnerships with local governments, universities, private enterprise and the community.

MSA - What We Do

1. Operate and maintain Camden Yards Sports Complex real estate assets on behalf of the State of Maryland.
2. Oversee feasibility studies and construction projects for local municipalities or state agencies upon request.
3. Oversee Baltimore City Schools Construction Program (21st Century School Buildings Program).
4. Oversee Project C.O.R.E. demolition program.
5. Oversee Pimlico and Laurel racetracks renovation.
6. Promote the use of sports-related facilities across Maryland to foster economic development.

Lease between MSA & the Orioles

- The current lease expires at the end of 2021. The team has stated publicly that it remains committed to Baltimore and to Maryland.
- The MSA and the Baltimore Orioles are currently discussing terms of a new lease and capital reinvestment that would keep the team playing in an upgraded Oriole Park at Camden Yards that would offer increased economic benefits from both baseball and year-round non-baseball uses.

- **In September, Maryland Governor Hogan announced that an additional \$60 million in funds are available for school construction through the MSA's efficient project and fiscal management of the 21st Century School Buildings Program.**
- Together with its program partners, Baltimore City, City Schools and the IAC, the MSA has now delivered 17 modernized school buildings on-time and under-budget. Another seven school buildings are under construction, three are in design and one is in the study phase.
- **This program is scheduled to be substantially complete in 2021. Capacity will be available in FY22 to undertake additional work at current staffing levels. MSA will begin downsizing in FY22 without additional projects.**
- The program promotes local employment with 957 positions filled by city residents, introduces a school internship initiative, and realizes a 33.4% MBE achievement with over \$346 million in contracts awarded to minority and women owned businesses.

Many events occurred in a scaled or modified manner, however over 70% of the events were postponed and or cancelled in 2020.
