Delegate Mark Chang, Chair
March 4, 2024

ISSUE: Montgomery County should comment on the progress of updating the Master Facilities Confinement Study and any anticipated impact results may have on project scope, size, and operational needs

Response:

Montgomery County's response is attached.

ISSUE: DPSCS should update the committees on the final amount of State funds expended for the Frederick County Adult Detention Center Phase IV Medical Addition project and the most recently available status update for the closeout process.

Response:

The project is still in the initial phases and to date no applications have been made for reimbursement against the previously authorized amount. The closeout process has not begun.

GO Bond Recommended Actions:

- 1. Approve proposed general obligation bond authorizations.**

Response:

DPSCS concurs that the general obligation bond be authorized.

2. **Adopt narrative requiring the Department to submit a Local Jail Population Report:**

Response:

The Local Jails Population Reports (by quarter) are attached.

3. **Deauthorize canceled project.**
ZF0450 Section 2 – Department of Public Safety and
Correctional Services – Calvert County Detention Center
\$ 508,000

Response:

DPSCS respectfully disagrees with the recommendation to deauthorize \$508,000 for the Calvert County Inmate Program Space project. There appears to be a misunderstanding in which project is to be deauthorized and unfunded. The “Calvert County Site and Security Improvements” project, funded under APPN#19298 for \$249,000 has been canceled and the funding can be reverted. The “Calvert County Inmate Program Space,” funded under APPN#17238 for \$508,000, has not been canceled; indeed, it has been completed. Calvert County has been contacted regarding the status of their application for reimbursement for expenses related to the project but they have not responded. DPSCS would like to retain the funding until the county's application for reimbursement has been processed.

Re: Testimony for the Montgomery County Justice Center

Dear Senator Zucker and Delegate Chang:

This letter will serve as an official response to the Chairpersons regarding the fiscal year 2025 capital budget and the Local Jail and Detention Centers Capital Grant Program. The Montgomery County Department of Correction and Rehabilitation (MCDOCR) thanks you for your support and an opportunity to comment. MCDOCR concurs with the analysis by DLS and with the future State commitment to this project. The DLS analysis asked Montgomery County to comment on the progress of updating the Master Facilities Confinement study and any anticipated impacted results may have on project scope, size, and operational needs. While an update to this study is not underway, the Montgomery County CountyStat organization completed a detailed population analysis in January 2024. A summary of the study is in the following paragraph.

Using data from the existing Montgomery County Detention Center (MCDC), three factors were examined for their impact on annual Average Daily Population (ADP): (1) the proposed Health and Human Services (HHS) diversion center which is a separate project; (2) special populations housed separately, specifically juvenile offenders and individuals in protective custody; and (3) peak days of above-average population levels. Using the best available data, CountyStat determined the appropriate number of beds. As a result of this determination, the county will design the Justice Center that will include approximately 88 beds and additional flex space to accommodate periods of time when the population of the facility is above average requirements. Therefore, the county will create space for an additional 20 beds. This will impact the scope of the project hence the county will be submitting information soon for the Maryland fiscal year 2026 executive budget.

I will be present at the hearings on March 4th and 5th to answer any questions that you may have.

Sincerely,

Benjamin Stevenson

ME:kb
