

# Safe Streets and Roads for All (SS4A) Review of Fiscal Year 24 Funded Projects

## Objective

This document provides an analysis of the Department of Transportation's (DOT) [Safe Streets and Roads for All \(SS4A\)](#) Program's funded projects for Fiscal Year (FY) 2024. This program funds projects that improve roadway safety by significantly reducing or eliminating roadway fatalities and serious injuries through Safety Action Plan development and refinement and project implementation focused on all users, including pedestrians, bicyclists, public transportation users, motorists, personal conveyance and micromobility users, and commercial vehicle operators.

## Program Summary

Applicants can seek funding for either Planning and Development Grants to develop a Safety Action Plan or carry out demonstration activities to inform the development or update of a Safety Action Plan or for Implementation Grants to fund roadway safety projects and strategies identified in an existing Safety Action Plan.

Potential Implementation Grant applicant may submit a pre-application that consists of a Self-Certification Eligibility Worksheet and links or attachments to any referenced plan(s) to determine whether the applicant has an existing plan or plans that are substantially similar to an Action Plan, which is required to apply for an Implementation Grant. A pre-application eligibility review request must submit all needed materials, including relevant documentation, to receive an eligibility determination by DOT. Please review page 26 of the NOFO for further information regarding pre-application eligibility review for Implementation Grants.

Application Deadline	Applications for both categories must be submitted by <b>June 26, 2025, by 5:00 PM ET</b> . Implementation Portal: <a href="#">ValidEval</a> . Planning and Demonstration Portal: <a href="#">ValidEval</a> . Pre-application eligibility review requests for Implementation Grants must be submitted by <b>May 9, 2025, by 5:00 PM ET</b> .
