SECTION 1 - GENERAL INFORMATION

1.1 Summary Statement

1.1.1 This Request for Proposals (RFP) invites prospective Offerors to submit proposals to the Maryland Department of Budget and Management (DBM), a principal department of the State of Maryland (State), substantiating in detail their qualifications and capabilities to provide Maryland State agencies and other entities (see RFP § 1.26) with competent, Continuously Available services to minimize or eliminate any language barrier in the following four (4) Service Categories:

- Category I- On-Site Visual Language Interpretation;
- Category II- On-Site Computer Assisted Real-Time Transcription (CART);
- Category III- Video Remote Interpretation (VRI); and
- Category IV- Remote CART.

1.1.2 Offerors shall be able to provide interpretive services and meet all of the requirements requested in this solicitation in the category for which it is proposing. Optional services which may be requested for Category I include Oral Transliteration, Cued Speech Transliteration, SEE I and SEE II, Tactile Services, and Certified Deaf Interpretation (CDI). Optional services which may be requested for Category III include Oral Transliteration, Cued Speech Transliteration, SEE I and SEE II, and Certified Deaf Interpretation (CDI). Due to the infrequent need for transliterators for these optional services, Offerors will be evaluated in the technical ranking, but not excluded from proposing for these two (2) Categories if the Offeror does not offer the optional services. (See RFP § 2.3 and § 2.5) The same Offeror may be awarded a Contract for one (1), two (2), three (3), or all four (4) Categories.

1.1.3 DBM intends to award Contracts within Service Categories I and II for up to five (5) Offerors whose proposals are deemed most advantageous to the State within each of the five (5) Regions. Contractors with the highest overall ranking will be selected first in each Region. If that contractor is not available or does not respond within the required timeframe stated on the request, or cannot provide the specific requirements, the next highest ranked Offeror will be selected.

1.1.3.1 Routine Requests - The initial request will go to the highest ranked Contractor within the Region where the Assignment will take place. If this Contractor cannot provide services on the requested date or fails to respond within the stated timeframe on the request, the next highest ranked Contractor will be assigned the work. If that Contractor is unable to provide services, contact will continue in the order of overall Contractor ranking until the order is filled or all Contractors in a region have been contacted. Response times will be structured on three (3) types of notices: a. longer term of thirty (30) days or more notice; b. medium term of six (6) days to twenty nine (29) days notice; or c. shorter term of three (3) days to five (5) days notice. Longer term responses will be within five (5) calendar days after the submission of the request, medium term responses will be within two (2) calendar days after the submission of the request, and
shorter term responses will be within one (1) calendar day after the submission of the request. If no Contractor is available in the Region, the request will go to all Contractors in all Regions and be fulfilled by the first Contractor to respond.

1.1.3.2 Emergency and Expedited Requests- Due to the nature of emergencies that may arise, Expedited and Emergency Requests will follow a different ordering process than routine Assignments. For both emergency and expedited Assignments, the requesting agency will verbally contact each Contractor in order of highest ranked to lowest ranked Contractor until a confirmation of Assignment is completed. Written request documentation for invoicing purposes will follow within five (5) calendar days.

1.1.3.3 Categories I and II Regions:
- Region I-Western Region
  - Allegany County
  - Frederick County
  - Garrett County
  - Washington County
- Region II-Central Region
  - Anne Arundel County
  - Baltimore City
  - Baltimore County
  - Carroll County
  - Harford County
  - Howard County
- Region III-Eastern Region
  - Caroline County
  - Cecil County
  - Dorchester County
  - Kent County
  - Queen Anne’s County
  - Somerset County
  - Talbot County
  - Wicomico County
  - Worcester County
1.1.4 DBM intends to award Contracts within Service Categories III and IV to two (2) Offerors, one (1) Primary and one (1) Secondary, for each category whose proposal(s) are deemed most advantageous to the State. The Primary Contractor will receive the Assignment first. If the Primary is unavailable or does not respond within the required timeframe stated on the request, the Secondary Contractor will receive the award.

An Offeror shall give specific attention to the clear identification of those portions of its proposal that it considers confidential, proprietary commercial information or trade secrets, and provide justification why such materials, upon request, should not be disclosed by the State under the Public Information Act, Title 10, Subtitle 6, Part III of the State Government Article of the Annotated Code of Maryland.

If applicable, the Offeror’s proposal shall contain an explicit statement that the parent organization will guarantee the performance of the subsidiary.
A parental guarantee of the performance of the Offeror under this Section will not automatically result in crediting the Offeror with the experience and/or qualifications of the parent under any evaluation criteria pertaining to the Offeror’s experience and qualifications. Instead, the Offeror will be evaluated on the extent to which the State determines that the experience and qualification of the parent are transferred to and shared with the Offeror, the parent is directly involved in the performance of the Contract, and the value of the parent’s participation as determined by the State.

1.25 Mandatory Contractual Terms

All such purchases by non-State of Maryland governments, governmental entities, or Not-for-profit entities:

(1) shall constitute Contracts between the Contractor and that government or entity;
(2) shall not constitute purchases by the State of Maryland or its agencies under this Contract;
(3) shall not be binding or enforceable against the State of Maryland; and
(4) may be subject to other terms and conditions agreed to by the Contractor and the purchaser; however, all usage shall be at the same rates and with the same types and level of service as required for agencies of the State of Maryland. The Contractor bears the risk of determining whether or not a government or entity with which the Contractor is dealing is a State of Maryland agency.

Any usage of the Contract resulting from this RFP by non-State of Maryland governments or entities will not be counted within the established not-to-exceed amount for this Contract.

To promote the use of these services by State agencies, DBM will undertake reasonable efforts to advise both State of Maryland agencies and non-State of Maryland governments or government agencies, and Maryland Not-for-profit entities of the existence of the Contract(s) resulting from this RFP within Maryland. However, a minimum or maximum usage of this Contract is not guaranteed.

The Contractor shall report all services provided under the Contract to any non-State of Maryland government or entity in each required monthly report as specified in RFP § 2.8.

Before a corporation can do business in the State it shall be registered and in good standing with the Department of Assessments and Taxation, State Office Building, Room 803, 301 West Preston Street, Baltimore, Maryland 21201. It is strongly recommended that any potential Offeror complete registration and ensure that it is in good standing prior to the due date for receipt of proposals. An Offeror’s failure to complete registration and be in good standing with the Department of Assessments and Taxation may disqualify an otherwise successful Offeror from final consideration and recommendation for Contract award.

Offerors are advised that Section 11-205.1 of the State Finance and Procurement Article of the Annotated Code of Maryland provides as follows:

If the contractor provides 50% or more of the services from a location(s) in a Tier 1 jurisdiction(s) the contract will be a Tier 1 contract.

If the contractor provides 50% or more of the services from a location(s) in a Tier 2 jurisdiction(s), the contract will be a Tier 2 contract.

The Procurement Officer or her designee may contact the identified State agencies, or the most appropriate ones if many contracts are involved, to ascertain the Offeror’s level of performance of State contracts. Information obtained regarding the Offeror’s
level of performance on State contracts will be considered as part of the experience and capabilities evaluation criteria of the RFP. (see RFP § 4.2)

C. References from its customers (at least three (3) are preferred) who are capable of documenting the Offeror's ability to provide the services required under this RFP. References for each Service Category must be capable of describing the Offeror’s work and performance in that service area and type of visual communication services. Each client reference shall be from a client for whom the Offeror provided service and shall include the following information:

- Name of client;
- Name, title, telephone number and email address of point of contact for client;
- Value, type, and duration of Contract(s) supporting client;
- The services provided, scope of the Contract, and objectives satisfied; and
- Location where services were provided.

The Procurement Officer or her designee may contact one or more of the identified customer references to ascertain the Offeror’s quality of performance. Information obtained regarding the Offeror’s performance will be considered as part of the experience and capabilities evaluation criteria of the RFP. (see RFP § 4.2)

3.4.5 Offeror’s Response to Scope of Work

In an orderly, concise manner, the Offeror shall address each requirement in Section 2 “Scope of Work” of this RFP and describe how its proposed services will meet those requirements, in the same order in which those sections are described in the RFP. If the State is seeking Offeror agreement to a requirement, the Offeror shall state agreement or disagreement. The Offeror, however, should not merely rely on a stated agreement to perform the requested work; rather, the Offeror should outline how the Offeror can fulfill the requested tasks in a manner that best meets the State’s needs. As stated above, any exception to a term or condition may result in having the proposal deemed unacceptable or classified as not reasonably susceptible of being selected for award.

3.4.5.1 Responses to Work Requirements for Each Service Category (RFP §§ 2.2-2.5)

Each response to these RFP sections shall include an explanation and description of how the work will be done. In addition, for each Service Category, the Offeror shall discuss its ability to provide adequate interpreter/transcriber staff and describe its staffing model (e.g., the use of employees versus subcontractors, the number/size of available staff, etc.).

For On-Site Services: Categories I and II

Include the number of interpreters/transcribers the Offeror has available to provide services required by the RFP by Service Category and Region, as applicable, as of the date of proposal submission, broken down by the number that are employees of the Offeror versus the number that are Independent Contractors. For interpreters/transcribers that are Independent Contractors state how many the Offeror has actual experience using /working with consistent with the
requirements of this RFP. 3.4.12 Compliance with Assignment Process Procedures (RFP § 2.15)

Offerors shall acknowledge their understanding of how Assignments will be handled during the term of their Contract.

3.4.13 Problem Escalation Clause

In response to RFP § 1.36, the Offeror must provide a draft procedure that includes, at minimum, titles of individuals to be contacted by the Contract Administrator should problems

   v. Evidence of successful financial track record and adequate working capital.

3.4.15 Economic Benefit Factors

NOTE: Because there is no guaranteed minimum or maximum usage for any Service Category, the following information should be provided for every $10,000 of usage.

Offerors shall submit with their proposals a narrative describing benefits that will accrue to the Maryland economy as a direct or indirect result of their performance of this contract. Proposals will be evaluated to assess the benefit to Maryland’s economy specifically offered.

Proposals that identify specific benefits as being contractually enforceable commitments will be rated more favorably than proposals that do not identify specific benefits as contractual commitments, all other factors being equal.

Offerors shall identify any performance guarantees that will be enforceable by the State if the full level of promised benefit is not achieved during the contract term.

As applicable, for the full duration of the contract, including any renewal period, or until the commitment is satisfied, the contractor shall provide to the procurement officer or other designated agency personnel reports of the actual attainment of each benefit listed in response to this section. These benefit attainment reports shall be provided quarterly, unless elsewhere in these specifications a different reporting frequency is stated.

Please note that in responding to this section, the following do not generally constitute economic benefits to be derived from this contract:

1. generic statements that the State will benefit from the Offeror’s superior performance under the contract;
2. descriptions of the number of Offeror employees located in Maryland other than those that will be performing work under this contract; or
3. tax revenues from Maryland based employees or locations, other than those that will be performing, or used to perform, work under this contract.

Discussion of Maryland based employees or locations may be appropriate if the Offeror makes some projection or guarantee of increased or retained presence based upon being awarded this contract.

Examples of economic benefits to be derived from a contract may include any of the following. For each factor identified below, identify the specific benefit and contractual commitments and provide a breakdown of expenditures in that category:

• The contract dollars to be recycled into Maryland’s economy in support of the contract, through the use of Maryland subcontractors, suppliers and joint venture partners. Do not include actual fees or rates paid to subcontractors or information from your financial proposal;

• The number and types of jobs for Maryland residents resulting from the contract. Indicate job classifications, number of employees in each classification and the aggregate payroll to which the contractor has committed, including contractual commitments at both prime and, if applicable, subcontract levels. If no new positions or subcontracts are anticipated as a result of this Contract, so state explicitly;

• Tax revenues to be generated for Maryland and its political subdivisions as a result of the contract. Indicate tax category (sales taxes, payroll taxes, inventory taxes and estimated personal income taxes for new employees). Provide a forecast of the total tax revenues resulting from the contract;

• Subcontract dollars committed to Maryland small businesses and MBEs; and

• Other benefits to the Maryland economy which the Offeror promises will result from awarding the contract to the Offeror, including contractual commitments. Describe the benefit, its value to the Maryland economy, and how it will result from, or because of the contract award. Offerors may commit to benefits that are not directly attributable to the contract, but for which the contract award may serve as a catalyst or impetus.

3.4.16 Subcontractors

Except for individual interpreters working as independent contractors for an Offeror, Offerors shall identify Subcontractors, if any, and the roles these subcontractors will have in the performance of the Contract. (Subcontractors and their use will be evaluated under the appropriate criteria for the Service Category(ies) they will be providing.)

3.4.17 Contract Implementation / User Registration List / Contract Transition

The Offeror shall acknowledge its compliance with the requirements of RFP § 2.13. For transition to a successor contractor and for registration of requesters prior to the Go Live Date, fully describe how the Offeror, if selected for award, would be fully ready to commence Contract services by the Go Live Date, and how it will register new requesters after the Go live Date in
compliance with the timeframes in § 2.13. In addition, fully describe how Expedited and Emergency Requests are processed.

3.4.18 Background Checks/Fingerprinting

The Offeror shall acknowledge its capability of complying with the requirements of RFP § 1.35 if so requested.

3.4.19 Optional Services

The Offeror shall acknowledge its capability of providing Interpreters/Transcribers who have the skills to provide Oral Transliteration, Cued Speech Transliteration, SEE I and II services, Tactile Services, and Certified Deaf Interpretation if proposing to the applicable Service Category for these Optional Services in Category I and Category III.

3.4.20 Litigations/ Legal Actions

The Offeror shall describe any litigation and/or government action taken, proposed or pending against it or any of its entities during the most recent five (5) years. This information shall include notice of whether the Offeror or Offeror’s interpreters/transcribers have had their applicable registration and/or certification for this RFP suspended or revoked in any jurisdiction within the last five (5) years, along with an explanation. In addition, provide a Legal Action Summary. This summary must include:

a. A statement as to whether there are any outstanding legal actions or potential claims against the Offeror and a brief description of any action;
b. A brief description of any settled or closed legal actions or claims against the Offeror over the past five (5) years;
c. A description of any judgments against the Offeror within the past five (5) years, including the case name, number court, and what the final ruling or determination was from the court; and
d. In instances where litigation is on-going and the Offeror has been directed not to disclose information by the court, provide the name of the judge and location of the court.

If an Offeror responds to this section with a generic statement such as, “See 10K” or “See SEC filing”:

a. The referenced document must be included in the Technical Proposal;
b. The location within the document where the requested information can be found should be specifically noted; and
c. The information contained in the indicated section should be responsive to the information requested under this section. A generic statement in the document to the effect that there often are what might be called nuisance lawsuits filed against the Offeror will only be sufficient if it is a true statement; i.e., the Offeror is asserting that in its opinion no lawsuit filed against it is noteworthy.

3.5 Volume II – Financial Proposal

Under a separately sealed cover from the Technical Proposal and clearly identified in the format identified in RFP § 3.2, the Contractor shall submit an original unbound copy, five (5) hard copies, and an electronic version in MS Excel of the Financial Proposal. The Financial Proposal shall contain all price information in the format specified in Attachment D for the appropriate Service Category(ies).
The Financial Proposal shall be signed by an individual who is authorized to commit the Offeror to the service requirements as follows, depending on the Offeror’s form of business organization:

1. **Sole Proprietorship.** Proprietor shall sign full name, with address.

2. **Partnership and Joint Venture.** Submit the Financial Proposal form in the name of the partnership or joint venture. Clearly state the partnership name and the identity of each general partner, and execute all affidavits and certificates on behalf of the partnership, or on behalf of each general partner. No provision of any agreement among partners will be binding on the State unless it is disclosed in the Offeror’s proposal. Reasonable evidence satisfactory to the State of the authority of one partner to bind other purported partners is required. Include a copy of the partnership agreement, if one exists. If no partnership agreement exists, and if the number of general partners is reasonably small, each general partner should execute all required documents. At the State’s option, all general partners may be required to sign. Failure to present the State with satisfactory information concerning a purported partnership may be grounds for the proposal to be deemed not reasonably susceptible of being selected for award.

3. **Corporation.** An officer or authorized agent of the corporation shall sign with full name, indicate title, and include the name and address of the corporation. In the case of an authorized agent, enclose a letter from an officer of the corporation authorizing said individual to act on behalf of the corporation.

**Note:** Information which is claimed to be confidential is to be clearly identified in the Offeror’s Financial Proposal. An explanation for each claim of confidentiality shall be included.

SECTION 4 – EVALUATION CRITERIA AND SELECTION PROCEDURE

4.1 Evaluation Criteria

Evaluation of the proposals will be performed by an evaluation committee established for that purpose and based on the criteria set forth below. The State reserves the right to utilize the services of individuals outside of the established committee for technical advice, as deemed necessary.

4.2 Technical Criteria

The criteria to be applied to each Technical Proposal for each services category are listed below in descending order of importance. The section(s) of the RFP which each criterion will evaluate is identified in parentheses after the criterion.

i. Experience, Capability and References (RFP § 3.4.4.3); (3.4.16); (3.4.19); (3.4.20);
ii. Offeror’s Response to Scope of Work (RFP § 3.4.5); (3.4.11); (3.4.12); (3.4.13); (3.4.17); (3.4.18); (3.4.19);
iii. Contractor Representative (RFP § 3.4.10);
iv. Training and Certification/Quality Assurance Procedures (RFP § 3.4.6);
v. Service Category Billing and Reporting Requirements (RFP § 3.4.7); (3.4.8);
vi. Complaint Resolution (RFP § 3.4.9); and
vii. Maryland Economic Benefit (RFP § 3.4.15).

4.3 Financial Criteria

All qualified Offerors will be ranked from the lowest to the highest price based on their total price(s) proposed on Attachment D for the appropriate Service Category(ies) and Region(s).

4.4 Reciprocal Preference

Although Maryland law does not authorize procuring agencies to favor resident Offerors in awarding procurement Contracts, many other states do grant their resident businesses preferences over Maryland Contractors. Therefore, as described in COMAR 21.05.01.04, a resident business preference will be given if: a responsible Offeror whose headquarters, principal base of operations, or principal site that will primarily provide the services required under this RFP is in another state submits the most advantageous offer; the other state gives a preference to its residents through law, policy, or practice; and, the preference does not conflict with a Federal law or grant affecting the procurement Contract. The preference given shall be identical to the preference that the other state, through law, policy or practice gives to its residents.
4.5 Selection Procedures

4.5.1 General Selection Process

Contracts will be awarded in accordance with the competitive sealed proposals process under COMAR 21.05.03. The competitive sealed proposals method is based on discussions and revision of proposals during these discussions.

Accordingly, the State may hold discussions with all Offerors judged reasonably susceptible of being selected for award, or potentially so. However, the State also reserves the right to make an award without holding discussions. In either case of holding discussions or not doing so, the State may determine an Offeror to be not responsible and/or an Offeror’s proposal to be not reasonably susceptible of being selected for award, at any time after the initial closing date for receipt of proposals and the review of those proposals.

4.5.2 Selection Process Sequence

4.5.2.1 The first step in the process will be an evaluation for technical merit. During this review oral presentations and discussions may be held. The purpose of such discussions will be to assure a full understanding of the State’s requirements and the Offeror’s ability to perform to the standards described, and to facilitate arrival at a Contract that will be most advantageous to the State. For scheduling purposes, Offerors should be prepared to make an oral presentation and participate in discussions within two (2) weeks of the delivery of proposals to the State. The Procurement Officer will contact Offerors when the schedule for oral presentations is set by the State.

4.5.2.2 Offerors shall confirm in writing any substantive oral clarification of, or change in, their proposals made in the course of discussions. Any such written clarification or change then becomes part of the Offeror’s proposal.

4.5.2.3 The financial proposal of each qualified Offeror will be evaluated separately from the technical evaluation. After a review of the financial proposals of qualified Offerors, the Procurement Officer may again conduct discussions to evaluate further the Offeror’s entire proposal.

4.5.2.4 When in the best interest of the State, the Procurement Officer may permit Offerors who have submitted acceptable proposals to revise their initial proposals and submit, in writing, best and final offers (BAFOs).
4.5.3 Award Determination

4.5.3.1 Categories I and II (On-Site Visual Language Interpretation and On-Site CART);

Upon completion of all discussions and negotiations, reference checks, and site visits, if any, the Procurement Officer will recommend up to five (5) awards of Contract(s) to the responsible Offeror(s) in Service Category(ies) I and II whose proposals are determined to be the most advantageous to the State considering technical evaluation factors and financial factors as set forth in this RFP.

4.5.3.2 Categories III and IV (VRI and Remote CART);

Upon completion of all discussions and negotiations, reference checks, and site visits, if any, the Procurement officer will recommend a primary and secondary award for Category(ies) III and IV whose proposals are determined to be the most advantageous to the State considering technical evaluation factors and financial factors as set forth in this RFP.

In making the most advantageous Offeror determination for each award recommendation, (RFP §§4.5.3.1, 4.5.3.2) technical factors will be given equal consideration with financial factors.

5.2 The Contractor agrees that at all times during the term of this Contract and thereafter, works created as a deliverable under this Contract, and services performed under this Contract shall be “works made for hire” as that term is interpreted under U.S. copyright law. If a third party claims that a product infringes that party’s patent, trademark, service mark, trade secret, or copyright, the Contractor will defend the State against that claim at Contractor’s expense and will pay all damages, costs and attorney fees that a court finally awards, provided the State (i) promptly notifies the Contractor in writing of the claim; and (ii) allows Contractor to control and cooperates with Contractor in, the defense and any related settlement negotiations. Each party shall, however, be permitted to disclose relevant confidential information to its officers, agents and employees to the extent that such disclosure is necessary for the performance of their duties under this Contract, provided that the data may be collected, used, disclosed, stored and disseminated only as provided by and consistent with the law. The provisions of this section shall not apply to information that (a) is lawfully in the public domain; (b) has been independently developed by the other party without violation of this Contract; (c) was already in the possession of such party, (d) was supplied to such party by a third party lawfully in possession thereof and legally permitted to further disclose the information or (e) which such party is required to disclose by law. This Section 7 shall survive expiration of this Contract.

8. Loss of Data

In the event of loss of any State data or records where such loss is due to the intentional act or omission or negligence of the Contractor or any of its subcontractors or agents, the Contractor shall be responsible for recreating such lost data in the manner and on the schedule set by the Contract Administrator. The Contractor shall ensure that all data is backed up and recoverable by the Contractor. Contractor shall use its best efforts to assure that at no time shall any actions undertaken by the Contractor under this Contract (or any failures to act when Contractor has a duty to act) damage or create any vulnerabilities in data bases, systems, platforms and/or applications with which the Contractor is working hereunder.

9. Indemnification

9.1 The Contractor shall hold harmless and indemnify the State (and its agencies, units or instrumentalities) from and against any and all losses, damages, claims, suits, actions, liabilities and/or expenses, including, without limitation, attorneys’ fees and disbursements of any character that arise from, are in connection with or are attributable to the performance or nonperformance of the Contractor or its subcontractors under this Contract.

9.2 The State has no obligation to provide legal counsel or defense to the Contractor or its subcontractors in the event that a suit, claim or action of any character is brought by any person not party to this Contract against the Contractor or its subcontractors as a result of or relating to the Contractor’s obligations under this Contract.
9.3 The State has no obligation for the payment of any judgments or the settlement of any claims against the Contractor or its subcontractors as a result of or relating to the Contractor’s obligations under this Contract.

9.4 The Contractor shall immediately notify the Procurement Officer of any claim or suit made or filed against the Contractor or its subcontractors regarding any matter resulting from, or relating to, the Contractor’s obligations under the Contract, and will cooperate, assist and consult with the State in the defense or investigation of any claim, suit, or action made or filed against the State as a result of, or relating to, the Contractor’s performance under this Contract.

9.5 This Section 9 shall survive termination of this Contract.

10. Non-Hiring of Employees

No official or employee of the State, as defined under State Government Article, § 15-102, Annotated Code of Maryland, whose duties as such official or employee include matters relating to or affecting the subject matter of this Contract, shall, during the pendency and term of this Contract and while serving as an official or employee of the State, become or be an employee of the Contractor or any entity that is a subcontractor on this Contract.

11. Disputes

This Contract shall be subject to the provisions of Title 15, Subtitle 2, of the State Finance and Procurement Article of the Annotated Code of Maryland, and COMAR 21.10 (Administrative and Civil Remedies). Pending resolution of a claim, the Contractor shall proceed diligently with the performance of the Contract in accordance with the Procurement Officer’s decision. Unless a lesser period is provided by applicable statute, regulation, or the Contract, the Contractor shall file a written notice of claim with the Procurement Officer within 30 days after the basis for the claim is known or should have been known, whichever is earlier. Contemporaneously with or within 30 days of the filing of a notice of claim, but no later than the date of final payment under the Contract, the Contractor shall submit to the Procurement Officer its written claim containing the information specified in COMAR 21.10.04.02.

12. Maryland Law

This Contract shall be construed, interpreted, and enforced according to the laws of the State of Maryland. The Maryland Uniform Computer Information Transactions Act, Maryland Code Annotated, Commercial Law Article, Title 22, does not apply to this Contract, or to any purchase order, or Notice to Proceed, issued under this Contract. Any and all references to the Annotated Code of Maryland contained in this Contract shall be construed to refer to such Code sections as from time to time amended.

13. Nondiscrimination in Employment

The Contractor agrees: (a) not to discriminate in any manner against an employee or applicant for employment because of race, color, religion, creed, age, sex, marital status, national origin, ancestry, or disability of a qualified individual with a disability; (b) to include a provision similar to that contained in subsection (a), above, in any underlying subcontract except a subcontract for standard commercial supplies or raw materials; and (c) to post and to cause subcontractors to post in conspicuous places available to employees and applicants for employment, notices setting forth the substance of this clause.

14. Contingent Fee Prohibition

The Contractor warrants that it has not employed or retained any person, partnership, corporation, or other entity, other than a bona fide employee, bona fide agent, bona fide salesperson, or commercial selling
agency working for the business, to solicit or secure the Contract, and that the business has not paid or agreed to pay any person, partnership, corporation, or other entity, other than a bona fide employee, bona fide agent, bona fide salesperson, or commercial selling agency, any fee or any other consideration contingent on the making of this Contract.

15.  Non-availability of Funding

If the General Assembly fails to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal period of this Contract succeeding the first fiscal period, this Contract shall be canceled automatically as of the beginning of the fiscal year for which funds were not appropriated or otherwise made available; provided, however, that this will not affect either the State’s rights or the Contractor’s rights under any termination clause in this Contract. The effect of termination of the Contract hereunder will be to discharge both the Contractor and the State from future performance of the Contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the Contract. The State shall notify the Contractor as soon as it has knowledge that funds may not be available for the continuation of this Contract for each succeeding fiscal period beyond the first.

16.  Termination for Cause

If the Contractor fails to fulfill its obligations under this Contract properly and on time, or otherwise violates any provision of the Contract, the State may terminate the Contract by written notice to the Contractor. The notice shall specify the acts or omissions relied upon as cause for termination. All finished or unfinished work provided by the Contractor shall, at the State’s option, become the State’s property. The State shall pay the Contractor fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by the Contractor’s breach. If the damages are more than the compensation payable to the Contractor, the Contractor will remain liable after termination and the State can affirmatively collect damages. Termination hereunder, including the termination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.11B.

17.  Termination for Convenience

The performance of work under this Contract may be terminated by the State in accordance with this clause in whole, or from time to time in part, whenever the State shall determine that such termination is in the best interest of the State. The State will pay all reasonable costs associated with this Contract that the Contractor has incurred up to the date of termination, and all reasonable costs associated with termination of the Contract; provided, however, the Contractor shall not be reimbursed for any anticipatory profits that have not been earned up to the date of termination. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.12 (A)(2).

18.  Delays and Extensions of Time

The Contractor agrees to perform this Contract continuously and diligently. No charges or claims for damages shall be made by the Contractor for any delays or hindrances, regardless of cause, in the performance of services under this Contract. Time extensions will be granted only for excusable delays that arise from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to acts of God, acts of the public enemy, acts of the State in either its sovereign or Contractual capacity, acts of another Contractor in the performance of a Contract with the State, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, or delays of
subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of either the Contractor or the subcontractors or suppliers.

19. Suspension of Work

The State unilaterally may order the Contractor in writing to suspend, delay, or interrupt all or any part of its performance for such period of time as the Procurement Officer may determine to be appropriate for the convenience of the State.

20. Pre-Existing Regulations

In accordance with the provisions of Section 11-206 of the State Finance and Procurement Article, Annotated Code of Maryland, the regulations set forth in Title 21 of the Code of Maryland Regulations (COMAR 21) in effect on the date of execution of this Contract are applicable to this Contract.

21. Financial Disclosure

The Contractor shall comply with the provisions of Section 13-221 of the State Finance and Procurement Article of the Annotated Code of Maryland, which requires that every person that enters into Contracts, leases, or other agreements with the State or its agencies during a calendar year under which the business is to receive in the aggregate, $100,000 or more, shall within 30 days of the time when the aggregate value of these Contracts, leases or other agreements reaches $100,000, file with the Secretary of the State certain specified information to include disclosure of beneficial ownership of the business.

22. Political Contribution Disclosure

The Contractor shall comply with Election Law Article, §§14-101 - 14-108, Annotated Code of Maryland, which requires that every person that enters into Contracts, leases, or other agreements with the State, a county, or an incorporated municipality, or their agencies, during a calendar year in which the person receives in the aggregate $100,000 or more, shall, file with the State Board of Elections a statement disclosing contributions in excess of $500 made during the reporting period to a candidate for elective office in any primary or general election. The statement shall be filed with the State Board of Elections: (1) before a purchase or execution of a lease or Contract by the State, a county, an incorporated municipality, or their agencies, and shall cover the preceding two calendar years; and (2) if the contribution is made after the execution of a lease or Contract, then twice a year, throughout the Contract term, on: (a) February 5, to cover the 6-month period ending January 31; and (b) August 5, to cover the 6-month period ending July 31.

23. Retention of Records

The Contractor shall retain and maintain all records and documents in any way relating to this Contract for three years after Contract closeout and final payment by the State under this Contract or any applicable statute of limitations, whichever is longer, and shall make them available for inspection and audit by authorized representatives of the State, including the Procurement Officer or the Procurement Officer’s designee, at all reasonable times. All records related in any way to the Contract are to be retained for the entire time provided under this section. The Contractor shall, upon request by the Department, surrender all and every copy of documents needed by the State, including, but not limited to itemized billing documentation containing the dates, hours spent and work performed by the Contractor and its subcontractors under the Contract. In the event of any audit, Contractor shall provide assistance to the State, without additional compensation, to identify, investigate and reconcile any audit discrepancies and/or variances. This Section 23 shall survive expiration of this Contract.
24. **Compliance with Laws; Representations and Warranties**

The Contractor hereby represents and warrants that:

A. It is qualified to do business in the State and that it will take such action as, from time to time hereafter, may be necessary to remain so qualified;

B. It is not in arrears with respect to the payment of any monies due and owing the State, or any department or unit thereof, including but not limited to the payment of taxes and employee benefits, and that it shall not become so in arrears during the term of this Contract;

C. It shall comply with all federal, State and local laws, regulations, and ordinances applicable to its activities and obligations under this Contract; and

D. It shall obtain, at its expense, all licenses, permits, insurance, and governmental approvals, if any, necessary to the performance of its obligations under this Contract.

25. **Cost and Price Certification**

By submitting cost or price information, the Contractor certifies to the best of its knowledge that the information submitted is accurate, complete, and current as of the date of its bid or offer.

The price under this Contract and any change order or modification hereunder, including profit or fee, shall be adjusted to exclude any significant price increases occurring because the Contractor furnished cost or price information which, as of the date of its bid or offer, was inaccurate, incomplete, or not current.

26. **Subcontracting; Assignment**

The Contractor may not subcontract with the exception of individual interpreters, any portion of the services provided under this Contract without obtaining the express prior written approval of the State, nor may the Contractor assign this Contract or any of its rights or obligations hereunder, without the express prior written approval of the State. Any such subcontract or Assignment shall include the terms of Sections 11 and 13 through 26 of this Contract and any other terms and conditions that the State deems necessary to protect its interests. The State shall not be responsible for the fulfillment of the Contractor’s obligations to the subcontractors.

27. **Parent Company Guarantee (If Applicable)**

[Corporate name of Parent Company] hereby guarantees absolutely the full, prompt and complete performance by "[Contractor]" of all the terms, conditions and obligations contained in this Contract, as it may be amended from time to time, including any and all exhibits that are now or may become incorporated hereunto, and other obligations of every nature and kind that now or may in the future arise out of or in connection with this Contract, including any and all financial commitments, obligations and liabilities. "[Corporate name of Parent Company]" may not transfer this absolute guaranty to any other person or entity without the prior express written approval of the State, which approval the State may grant, withhold, or qualify in its sole and absolute subjective discretion. "[Corporate name of Parent Company]" further agrees that if the State brings any claim, action, suit or proceeding against "[Contractor]", "[Corporate name of Parent Company]" may be named as a party, in its capacity as Absolute Guarantor.
28. Commercial Nondiscrimination

A. As a condition of entering into this Agreement, Contractor represents and warrants that it will comply with the State’s Commercial Nondiscrimination Policy, as described under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland. As part of such compliance, Contractor may not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall Contractor retaliate against any person for reporting instances of such discrimination. Contractor shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that this clause does not prohibit or limit lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the marketplace. Contractor understands that a material violation of this clause shall be considered a material breach of this Agreement and may result in termination of this Agreement, disqualification of Contractor from participating in State contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party.

B. The contractor shall include the above Commercial Nondiscrimination clause, or similar clause approved by The Department of Budget and Management, in all sub-contracts.

C. As a condition of entering into this Agreement, upon the Maryland Human Relations Commission’s request, and only after the filing of a complaint against Contractor under Title 19 of the State Finance and Procurement Article, as amended from time to time, Contractor agrees to provide within 60 days after the request a complete list of the names of all subcontractors, vendors, and suppliers that Contractor has used in the past 4 years on any of its contracts that were undertaken within the state of Maryland, including the total dollar amount paid by Contractor on each subcontract or supply contract. Contractor further agrees to cooperate in any investigation conducted by the State pursuant to the State’s Commercial Nondiscrimination Policy as set forth under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland, and to provide any documents relevant to any investigation that is requested by the State. Contractor understands that violation of this clause is a material breach of this Agreement and may result in contract termination, disqualification by the State from participating in State contracts, and other sanctions.

29. Prompt Pay Requirements

29.1. If a contractor withholds payment of an undisputed amount to its subcontractor, the State, at its option and in its sole discretion, may take one or more of the following actions:

29.1.1 Not process further payments to the contractor until payment to the subcontractor is verified;
29.1.2 Suspend all or some of the contract work without affecting the completion date(s) for the contract work;
29.1.3 Pay or cause payment of the undisputed amount to the subcontractor from monies otherwise due or that may become due;
29.1.4 Place a payment for an undisputed amount in an interest-bearing escrow account; or
29.1.5 Take other or further actions as appropriate to resolve the withheld payment.
29.2. An “undisputed amount” means an amount owed by the Contractor to a subcontractor for which there is no good faith dispute. Such “undisputed amounts” include, without limitation: (a) retainage which had been withheld and is, by the terms of the agreement between the Contractor and subcontractor, due to be distributed to the subcontractor; and (b) an amount withheld because of issues arising out of an agreement or occurrence unrelated to the agreement under which the amount is withheld.

29.3. An act, failure to act, or decision of a procurement officer or a representative of the State, concerning a withheld payment between the Contractor and subcontractor under this provision, may not:

   29.3.1 Affect the rights of the contracting parties under any other provision of law;
   29.3.2 Be used as evidence on the merits of a dispute between the State and the Contractor in any other proceeding; or
   29.3.3 Result in liability against or prejudice the rights of the State.

29.4. The remedies enumerated above are in addition to those provided under COMAR 21.11.03.13 with respect to subcontractors that have contracted pursuant to the Minority Business Enterprise program.

29.5. To ensure compliance with certified MBE subcontract participation goals, the State may, consistent with COMAR 21.11.03.13, take the following measures:

   29.5.1 Verify that the certified MBEs listed in the MBE participation schedule actually are performing work and receiving compensation as set forth in the MBE participation schedule.
   29.5.2 This verification may include, as appropriate:
      29.5.2.1 Inspecting any relevant records of the Contractor;
      29.5.2.2 Inspecting the jobsite; and
      29.5.2.3 Interviewing subcontractors and workers.
   29.5.2.4 Verification shall include a review of:
      29.5.2.4.1 The Contractor’s monthly report listing unpaid invoices over 30 days old from certified MBE subcontractors and the reason for nonpayment; and
      29.5.2.4.2 The monthly report of each certified MBE subcontractor, which lists payments received from the contractor in the preceding 30 days and invoices for which the subcontractor has not been paid.

29.5.3 If the State determines that the Contractor is in noncompliance with certified MBE participation goals, then the State will notify the Contractor in writing of its findings, and will require the Contractor to take appropriate corrective action.

   29.5.3.1 Corrective action may include, but is not limited to, requiring the Contractor to compensate the MBE for work performed as set forth in the MBE participation schedule.

29.5.4 If the State determines that a contractor is in material noncompliance with MBE contract provisions and refuses or fails to take the corrective action that the State requires, then the State may:

   29.5.4.1 Terminate the contract;
   29.5.4.2 Refer the matter to the Office of the Attorney General for appropriate action; or
   29.5.4.3 Initiate any other specific remedy identified by the contract, including the contractual remedies required by this Directive regarding the payment of undisputed amounts.

29.5.5 Upon completion of the Contract, but before final payment or release of retainage or both, the Contractor shall submit a final report, in affidavit form under the penalty of perjury, of all payments made to, or withheld from MBE subcontractors.

The undersigned bidder hereby certifies and agrees that the following information is correct: In preparing its bid on this project, the bidder has considered all proposals submitted from qualified, potential subcontractors and suppliers, and has not engaged in "discrimination" as defined in §19-103 of the State Finance and Procurement Article of the Annotated Code of Maryland. "Discrimination" means any disadvantage, difference, distinction, or preference in the solicitation, selection, hiring, or commercial treatment of a vendor, subcontractor, or commercial customer on the basis of race, color, religion, ancestry, or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or any otherwise unlawful use of characteristics regarding the vendor's, supplier's, or commercial customer's employees or owners. (4) Pay the certified minority business enterprise solely for the use of its name in the bid or proposal.

This contract is subject to the Living Wage requirements under Title 18, State Finance and Procurement Article, Annotated Code of Maryland and the regulations proposed by the Commissioner of Labor and Industry. The Living Wage generally applies to a Contractor or Subcontractor who performs work on a State contract for services that is valued at $100,000 or more. An employee is subject to the Living Wage if he/she is at least 18 years old or will turn 18 during the duration of the contract; works at least 13 consecutive weeks on the State Contract and spends at least one-half of the employee’s time during any work week on the State Contract.

The Living Wage Law does not apply to:

(1) A Contractor who:

(A) has a State contract for services valued at less than $100,000, or
(B) employs 10 or fewer employees and has a State contract for services valued at less than $500,000.

(2) A Subcontractor who:

(A) performs work on a State contract for services valued at less than $100,000,
(B) employs 10 or fewer employees and performs work on a State contract for services valued at less than $500,000, or
(C) performs work for a contractor not covered by the Living Wage Law as defined in B(1)(B) above, or B (3) or C below.

(3) Service contracts for the following:

(A) services with a Public Service Company;
(B) services with a nonprofit organization;
(C) services with an officer or other entity that is in the Executive Branch of the State government and is authorized by law to enter into a procurement (“Unit”); or
(D) services between a Unit and a County or Baltimore City.

If the Unit responsible for the State contract for services determines that application of the Living Wage would conflict with any applicable Federal program, the Living Wage does not apply to the contract or program.

A Contractor must not split or subdivide a State contract for services, pay an employee through a third party, or treat an employee as an independent contractor or assign work to employees to avoid the imposition of any of the requirements of Title 18, State Finance and Procurement, Annotated Code of Maryland.

Each Contractor/Subcontractor, subject to the Living Wage Law, shall post in a prominent and easily accessible place at the work site(s) of covered employees a notice of
the Living Wage Rates, employee rights under the law, and the name, address, and telephone number of the Commissioner.

F. The Commissioner of Labor and Industry shall adjust the wage rates by the annual average increase or decrease, if any, in the Consumer Price Index for all urban consumers for the Washington/Baltimore metropolitan area, or any successor index, for the previous calendar year, not later than 90 days after the start of each fiscal year. The Commissioner shall publish any adjustments to the wage rates on the Division of Labor and Industry’s Website. An employer subject to the Living Wage Law must comply with the rate requirements during the initial term of the contract and all subsequent renewal periods, including any increases in the wage rate, required by the Commissioner, automatically upon the effective date of the revised wage rate.

G. A Contractor/Subcontractor who reduces the wages paid to an employee based on the employer’s share of the health insurance premium, as provided in §18-103(c), State Finance and Procurement Article, Annotated Code of Maryland, shall not lower an employee’s wage rate below the minimum wage as set in §3-413, Labor and Employment Article, Annotated Code of Maryland. A Contractor/Subcontractor who reduces the wages paid to an employee based on the employer’s share of health insurance premium shall comply with any record reporting requirements established by the Commissioner of Labor and Industry.

H. A Contractor/Subcontractor may reduce the wage rates paid under §18-103(a), State Finance and Procurement, Annotated Code of Maryland, by no more than 50 cents of the hourly cost of the employer’s contribution to an employee’s deferred compensation plan. A Contractor/Subcontractor who reduces the wages paid to an employee based on the employer’s contribution to an employee’s deferred compensation plan shall not lower the employee’s wage rate below the minimum wage as set in §3-413, Labor and Employment Article, Annotated Code of Maryland.

I. Under Title 18, State and Finance Procurement Article, Annotated Code of Maryland, if the Commissioner determines that the Contractor/Subcontractor violated a provision of this title or regulations of the Commissioner, the Contractor/Subcontractor shall pay restitution to each affected employee, and the State may assess liquidated damages of $20 per day for each employee paid less than the Living Wage.

J. Information pertaining to reporting obligations may be found by going to the DLLR Website http://www.dllr.state.md.us/ and clicking on Living Wage.
