

# Dependent Documentation Requirements

Open Enrollment and some qualifying events allow the addition of dependents to the medical, dental, prescription drug, and or Life/AD&D insurance coverages.

The addition of dependents (new or re-enrolled) requires proof of eligibility before enrollment will be completed. Documents not provided by the deadline will result in the removal of dependents from coverage and as such, those dependents will remain ineligible until the next Open Enrollment or qualified family status change. Documentation is not required for dependent(s) currently enrolled.

Note: documentation written in a language other than English, must be translated by an official translator – someone other than you or your dependent(s). Generally, an official translator can be found at any college or university. The translation of each document must be signed by the translator and notarized.

The table below outlines the documentation requirement by dependent relationship.
