**Note:** An employee's FTE is the amount of a full time schedule that the employee will fill. It cannot be 0%. Drives benefit participation and accruals.

Examples:

- If employee will be working full time at 40 scheduled weekly hours, FTE = 100%.
- If employee will be working part time at 30 scheduled weekly hours, FTE = 75%, even if the Authorized% is 75%.
- If employee will be working all 20 hours allowed in a PIN with Authorized% = 50%, employee FTE = 50%.
