COMMENTARY

The Department of Budget and Management annually updates this 17 year summary of all State-owned and non-State owned capital improvement projects and programs that are authorized by the General Assembly, except for those of the Department of Transportation.

The capital improvements listed in this document are financed by five principal types of funding:

- 1) Maryland Consolidated Capital Bond Loan, which the Maryland General Assembly enacts to authorize the sale of bonds to finance improvements to a specific facility owned by a local government or nonprofit organization.
- 2) General Funds, which are used to finance projects which are not suited by nature or law to bond funding. When State revenues suffice, General Funds are also used to increase the scope and funding of the Capital Improvement Program. Appropriations of General Funds for capital projects are included in the State Budget Bill.
- 3) Special Funds, which are generated by activities of certain units of State government. Projects funded from this source are identified in appropriation language in the State Budget Bill.
- 4) Federal Funds, which are also appropriated for specific projects in the State Budget Bill.
- 5) Revenue Bonds, which are issued by certain State agencies, such as State higher education institutions, the Maryland Department of the Environment, and the Maryland Stadium Authority.

Abbreviations used in this document for these fund sources are as follows:

A.F.B.A.	Academic Facilities Bonding Authority (Revenue Bonds of the University System of Maryland)
B.B.	Bond Bills, also known as Legislative Initiatives
F.F.	Federal Funds
G.F.	General Funds
M.C.C.B.L.	Maryland Consolidated Capital Bond Loan
Q.Z.A.B.	Qualified Zone Academy Bonds
R.B.	Revenue Bonds
S.F.	Special Funds

The years shown in this document are calendar years, not fiscal years.

Chapter numbers for legislation authorizing funds for the capital projects described in this document can be found in the Historical Summary if the legislation was used to fund multiple projects, and following the description of the legislation if it was used to fund a specific project.

Unless otherwise noted, projects printed in italics indicate that appropriations have been cancelled or permitted to lapse. In either situation, the State Funds were not used for the project.

Energy-Water Infrastructure Program (Statewide)

S.F.	2016	Provide funds for the Energy-Water Infrastructure Program, provided that \$100,000 of this appropriation made for the purpose of providing grants to water and wastewater treatment plant owners to develop energy efficient and resilient projects shall be restricted pending the submission of two reports. The first report shall be submitted by July 1, 2016, and specify the qualitative and quantitative criteria that will be used to evaluate and select projects to be funded by the Energy-Water Infrastructure Program under both the \$1,000,000 per project allocation for energy efficient equipment and the \$3,000,000 per project allocation for combined heat and power projects. The second report shall be submitted by January 1, 2017, and provide the following for each project selected for funding:	16,200,000
-------------	-------------	---	------------

- (1) an energy use baseline;
- (2) a 20% energy reduction target;
- (3) the expected payback period for the energy efficient equipment or combined heat and power project as if the project were to be funded as an energy performance contract; and
- (4) the expected amount and timing of the modification of any user rates associated with the entity receiving funding as a result of the energy efficient equipment or combined heat and power project funded.

The budget committees shall have 45 days to review and comment. Funding shall be released in \$50,000 increments pending submission of each report. Funds restricted pending the receipt of the reports may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled if the reports are not submitted to the budget committees.

**Secure Evaluation and Treatment Center
(Statewide)**

M.C.C.B.L. 2010 Provide funds for the preliminary design and construction of a Secure Evaluation and Therapeutic Treatment Center (SETT). 0

NOTE: As amended by Chapter 424, Acts of 2013 based on a reevaluation of the scope of the project by the Department. Further amended by Chapter 463, Acts of 2014 to allow the authorization to be used for construction. Further amended by Chapter 495, the enrolled MCCBL of 2015, to reduce the authorization from \$1,150,000 to \$0 based on a re-evaluation of the project.

M.C.C.B.L. 2012 Provide funds to complete design of and construct a Secure Evaluation and Therapeutic Treatment Center (SETT), provided that no funds may be expended for project design until the Department of Health and Mental Hygiene provides the budget committees with a report that includes a detailed plan to alter the scope of the proposed SETT unit, including what the appropriate bed capacity for the facility should be. Furthermore, the report shall advise the committees on how the Department plans to utilize therapeutic treatment homes to meet its mission of serving individuals in the least restrictive setting, including whether these homes will be used as step-down units. The report shall include how many therapeutic treatment homes would be needed based on the modified size of the SETT unit, including operating costs to serve these individuals in therapeutic homes in comparison to serving individuals in the SETT unit. The Department shall advise on its efforts to work with community providers to establish therapeutic treatment homes in the State. The budget committees shall have 45 days to review and comment following the receipt of the report. Further provided that no funds may be expended for project design until the Department of Health and Mental Hygiene provides the budget committees with a report that provides total estimated project costs for renovating an existing SETT unit, in comparison to constructing a new 32-bed facility, including estimated operating costs associated with a fully operational facility. The report shall indicate how the renovations option will address concerns related to security and lack of vocational space posed by the existing facility and how renovations to an existing SETT unit will effectively meet the needs of the forensic population. Finally, the Department shall indicate how it plans to fund and administer the expansion of community-based homes to support a consolidated SETT unit, including whether providers operating these homes will be required to meet additional regulatory standards. The budget committees shall have 45 days to review and comment, following the receipt of the report.

NOTE: As amended by Chapter 424, Acts of 2013 based on a reevaluation of the scope of the project by the Department. Further amended by Chapter 463, Acts of 2014 to allow the authorization to be used for construction. Further amended by Chapter 27, Acts of 2016 to cancel the \$2,150,000 authorization because the project did not move forward.

NOTE: The 2010 General Assembly pre-authorized \$38,000,000 in the FY 2012 budget and \$25,600,000 in the FY 2013 budget to construct this facility. The 2011 General Assembly reduced the FY 2012 pre-authorization from \$38,000,000 to \$0 since the project was not ready to proceed. The 2011 General Assembly also increased the FY 2013 pre-authorization from \$25,600,000 to \$41,100,000 and pre-authorized \$21,700,000 in FY 2014. In addition, the 2011 General Assembly restricted the use of these funds until a new population analysis has been submitted. The 2012 General Assembly reduced the FY 13 authorization from \$41,100,000 to \$0 since the project was not ready to proceed due to the reevaluation of the project's scope. Further amended by Chapter 444, Acts of 2012 to reduce the authorization from \$17,520,000 to \$597,000 and to restrict the use of funds until a space analysis, cost estimate and schedule have been submitted to the General Assembly. Further amended by Chapter 424, Acts of 2013 to reduce the authorization from \$597,000 to 0.

M.C.C.B.L. 2011 Provide funds to design and renovate the Annex Building at the Baltimore City Detention Center to create a new dining facility, provided that funds may not be expended until the Part I and II Program Plans have been approved by the Department of Budget and Management. 1,500,000

M.C.C.B.L. 2013 Provide funds to design a new Youth Detention Center. A renovation of the Baltimore Pre-Release Unit and the Occupational Skills Training Center and the building of an addition would house the youth charged as adult population. 2,600,000

M.C.C.B.L. 2014 Provide funds to design and construct a new Youth Detention Center to appropriately house youth charged as adults by partially demolishing and renovating the Baltimore Pre-Release Unit and occupational Skills Training Center and constructing an addition. Provided that notwithstanding Section 6 if this Act, work may commence on this project prior to the appropriation of all funds necessary to complete this project. 9,506,000

NOTE: The 2014 General Assembly pre-authorized \$18,350,000 in FY 2016 and \$3,880,000 in FY 2017 for this project.

M.C.C.B.L. 2015 Provide funds to continue to design and construct and begin to equip a new Youth Detention Center to house youth charged as adults by demolishing the Baltimore Pre-Release Unit, partially renovating the Occupational Skills Training Center, and constructing an addition, provided that notwithstanding Section 6 of this Act, work may continue on this project prior to the appropriation of all funds necessary to complete this project. 21,630,000

NOTE: The 2014 General Assembly pre-authorized \$18,350,000 for this project in FY 2016. Chapter 495, the enrolled MCCBL of 2015, authorized \$21,630,000. The difference is due to a program modification that requires the complete demolition of the Baltimore Pre-Release Unit.

M.C.C.B.L. 2016 Provide funds to continue to construct and equip a new Youth Detention Center to house youth charged as adults by demolishing the Baltimore Pre-Release Unit, partially renovating the Occupational Skills Training Center, and constructing an addition, provided that notwithstanding Section 6 of this Act, work may continue on this project prior to the appropriation of all funds necessary to complete this project. 3,647,000

NOTE: Chapter 27, Acts of 2016 pre-authorized \$26,925,000 to demolish the following facilities at the Baltimore City Detention Center (BCDC): Women's Detention Center, Men's Detention Center, Administrative Building, BCDC Power Plant, Annex Building, Wyatt Building, C-Block Building, the wall that runs down the middle of the site, Maryland Transition Center (MTC) West Wing, BCDC Post 1 Entrance Building, MTC Power Plant, and Building A.

PUBLIC SCHOOL CONSTRUCTION PROGRAM

- M.C.C.B.L. 2012** Provide funds to construct public school buildings and public school capital improvements in accordance with Sections 5-301 through 5-303 of the Education Article, provided that \$25,000,000 of this appropriation shall be used to fund projects that improve the energy efficiency of schools, including improvements to HVAC systems, lighting, mechanical systems, windows and doors, and any other type of improvement that is specifically designed to improve the energy efficiency of a school building, per standards to be developed by the Interagency Committee (IAC) in collaboration with the Maryland Energy Administration. Priority will be given to projects that maximize leverage, such as projects that only fund the incremental cost of energy efficiency improvements, as opposed to the full costs of the energy project. The funds may also be used to install renewable energy systems in schools, provided that \$25,000,000 of this appropriation is restricted and may not be expended until the IAC submits a report to the budget committees detailing the standards that will be used to allocate funds among projects that improve the energy efficiency of schools. The budget committees shall have 45 days from the receipt of the report to review and comment. 326,393,000
- Further provided that any school construction funds allocated to an eligible project in a county that are not spent for the project may, within two years, at the county's option be:
- (1) applied to another eligible project in the current fiscal year; or
 - (2) reverted to the contingency fund and reserved for eligible projects in the county in the next fiscal year, which shall be in addition to new funds allocated for eligible projects in the county in the next fiscal year.
- Further provided that any school construction funds reserved for a county in the contingency fund that are not encumbered within two years shall become available to be allocated to an eligible project in any county.
- NOTE: The projects funded by the Public School Construction Program in 2012 are listed individually by county in Part II. In accordance with HB 1391 (Chapter 144, Acts of 2012), \$2,800,000 will be allocated to the Maryland School for the Blind.
- Q.Z.A.B. 2012** A grant to the Interagency Committee on School Construction or the Maryland State Department of Education for the allocation to eligible school systems under the Aging School Program for the renovation, repair and capital improvements of qualified zone academies, as defined in Section 1397E(d)(4)(A) of the Internal Revenue Code, as amended, and in accordance with the Aging School Program of the Interagency Committee on School Construction, as provided under Section 5-303 of the Education Article of the Annotated Code of Maryland, and to provide equipment for use at such academies as allowed under 1397E of the Internal Revenue Code, subject to the requirement that the grantee document the provision of a required Federal matching fund. The grant shall equal the lesser of \$15,324,000 or the matching fund provided. The matching fund shall comply with Section 1397E(d)(2) of the Internal Revenue Code, as amended. (Chapter 3). 15,324,000
- M.C.C.B.L. 2013** Provide funds to construct public school buildings and public school capital improvements in accordance with Sections 5-301 through 5-303 of the Education Article, provided that \$25,000,000 of this appropriation shall be used to fund improvements to HVAC systems per standards to be developed by the Interagency Committee on School Construction (IAC) in collaboration with the Maryland Energy Administration. Further provided that \$25,000,000 of this appropriation is restricted and may not be expended until the IAC submits a report to the budget committees detailing the standards that will be used to allocate funds among projects that improve HVAC systems. The budget committees shall have 45 days from the receipt of the report to review and comment. 300,000,000
