CAPITAL IMPROVEMENTS AUTHORIZED

BY THE

GENERAL ASSEMBLY

1999 THROUGH 2022

DEPARTMENT OF BUDGET AND MANAGEMENT

COMMENTARY

The Department of Budget and Management annually updates this 23 year summary of all State-owned and non-State owned capital improvement projects and programs that are authorized by the General Assembly, except for those of the Department of Transportation.

The capital improvements listed in this document are financed by five principal types of funding:

- 1) Maryland Consolidated Capital Bond Loan, which the Maryland General Assembly enacts to authorize the sale of bonds to finance improvements to a specific facility owned by a local government or nonprofit organization.
- 2) General Funds, which are used to finance projects which are not suited by nature or law to bond funding. When State revenues suffice, General Funds are also used to increase the scope and funding of the Capital Improvement Program. Appropriations of General Funds for capital projects are included in the State Budget Bill.
- 3) Special Funds, which are generated by activities of certain units of State government. Projects funded from this source are identified in appropriation language in the State Budget Bill.
- 4) Federal Funds, which are also appropriated for specific projects in the State Budget Bill.
- 5) Revenue Bonds, which are issued by certain State agencies, such as State higher education institutions, the Maryland Department of the Environment, and the Maryland Stadium Authority.

Abbreviations used in this document for these fund sources are as follows:

| | |
|------------|--------------------------------------------------------------------------------------------|
| A.F.B.A. | Academic Facilities Bonding Authority (Revenue Bonds of the University System of Maryland) |
| B.B. | Bond Bills, also known as Legislative Initiatives |
| F.F. | Federal Funds |
| G.F. | General Funds |
| M.C.C.B.L. | Maryland Consolidated Capital Bond Loan |
| Q.Z.A.B. | Qualified Zone Academy Bonds |
| R.B. | Revenue Bonds |
| S.F. | Special Funds |

The years shown in this document are calendar years, not fiscal years.

Chapter numbers for legislation authorizing funds for the capital projects described in this document can be found in the Historical Summary if the legislation was used to fund multiple projects, and following the description of the legislation if it was used to fund a specific project.

Unless otherwise noted, projects printed in italics indicate that appropriations have been cancelled or permitted to lapse. In either situation, the State Funds were not used for the project.

- G.F. 2011** Provide funds to construct public school buildings and public school capital improvements in accordance with Sections 5-301 through 5-303 of the Education Article. 47,500,000
- a) Notwithstanding Sections 5-301 and 5-302 of the Education Article or any other provision of law, the funds appropriated in Section 2 of this Act shall be allocated to the following counties or regions as provided below. The Board of Public Works shall approve the individual projects, which may or may not be eligible for funding under the Public School Construction Program provided that the proposed project is a public school improvement that meets a school or community need:
- Anne Arundel County - \$5,000,000
 - Baltimore City - \$9,000,000
 - Baltimore County - \$7,000,000
 - Eastern Shore (Caroline, Dorchester, Kent, Queen Anne's, Somerset, Talbot, Wicomico, and Worcester Counties) - \$1,250,000
 - Howard County - \$4,000,000
 - Montgomery County - \$9,000,000
 - Northeast Maryland (Cecil and Harford Counties) - \$1,250,000
 - Prince George's County - \$9,000,000
 - Southern Maryland (Calvert, Charles, and St. Mary's Counties) - \$1,250,000
 - Western Maryland (Allegany, Carroll, Garrett, Frederick, and Washington Counties) - \$750,000
- (b) In approving funding for projects, the Board of Public Works shall consider:
- (1) requests from the local jurisdictions; and
 - (2) projects that:
 - (i) benefit older school buildings;
 - (ii) benefit schools with high proportions of children eligible for free and reduced price meals;
 - (iii) can be completed within one year;
 - (iv) eliminate or reduce the use of relocatable classrooms;
 - (v) are designated as A or B by the Interagency Committee on Public School Construction and are not fully funded in the fiscal 2012 Capital Improvement Program approved by the Board of Public Works; or
 - (vi) reduce energy consumption or incorporate high performance green building principles.
- This Act shall take effect July 1, 2011.
- Q.Z.A.B. 2011** A grant to the Interagency Committee on School Construction or the Maryland State Department of Education for the allocation to eligible school systems under the Aging School Program for the renovation, repair and capital improvements of qualified zone academies, as defined in Section 1397E(d)(4)(A) of the Internal Revenue Code, as amended, and in accordance with the Aging School Program of the Interagency Committee on School Construction, as provided under Section 5-303 of the Education Article of the Annotated Code of Maryland, and to provide equipment for use at such academies as allowed under 1397E of the Internal Revenue Code, subject to the requirement that the grantee document the provision of a required Federal matching fund. The grant shall equal the lesser of \$15,902,000 or the matching fund provided. The matching fund shall comply with Section 1397E(d)(2) of the Internal Revenue Code, as amended. The grantee has until June 1, 2013, to present evidence satisfactory to the Board of Public Works that the total matching fund will be provided and documented (Chapter 96). 15,902,000

MARYLAND STATE DEPARTMENT OF EDUCATION

- M.C.C.B.L. 2012** Provide funds to construct public school buildings and public school capital improvements in accordance with Sections 5-301 through 5-303 of the Education Article, provided that \$25,000,000 of this appropriation shall be used to fund projects that improve the energy efficiency of schools, including improvements to HVAC systems, lighting, mechanical systems, windows and doors, and any other type of improvement that is specifically designed to improve the energy efficiency of a school building, per standards to be developed by the Interagency Committee (IAC) in collaboration with the Maryland Energy Administration. Priority will be given to projects that maximize leverage, such as projects that only fund the incremental cost of energy efficiency improvements, as opposed to the full costs of the energy project. The funds may also be used to install renewable energy systems in schools, provided that \$25,000,000 of this appropriation is restricted and may not be expended until the IAC submits a report to the budget committees detailing the standards that will be used to allocate funds among projects that improve the energy efficiency of schools. The budget committees shall have 45 days from the receipt of the report to review and comment. 326,393,000
- Further provided that any school construction funds allocated to an eligible project in a county that are not spent for the project may, within two years, at the county's option be:
- (1) applied to another eligible project in the current fiscal year; or
 - (2) reverted to the contingency fund and reserved for eligible projects in the county in the next fiscal year, which shall be in addition to new funds allocated for eligible projects in the county in the next fiscal year.
- Further provided that any school construction funds reserved for a county in the contingency fund that are not encumbered within two years shall become available to be allocated to an eligible project in any county.
- NOTE: The projects funded by the Public School Construction Program in 2012 are listed individually by county in Part II. In accordance with HB 1391 (Chapter 144, Acts of 2012), \$2,800,000 will be allocated to the Maryland School for the Blind.
- Q.Z.A.B. 2012** A grant to the Interagency Committee on School Construction or the Maryland State Department of Education for the allocation to eligible school systems under the Aging School Program for the renovation, repair and capital improvements of qualified zone academies, as defined in Section 1397E(d)(4)(A) of the Internal Revenue Code, as amended, and in accordance with the Aging School Program of the Interagency Committee on School Construction, as provided under Section 5-303 of the Education Article of the Annotated Code of Maryland, and to provide equipment for use at such academies as allowed under 1397E of the Internal Revenue Code, subject to the requirement that the grantee document the provision of a required Federal matching fund. | M.C.C.B.L. | 2002 | Provide funds for projects to remove nutrients at publicly-owned sewage treatment works, provided that \$1,000,000 of this authorization may only be expended as follows: the Maryland Department of the Environment shall conduct three types of wastewater system studies as recommended by the Governor's Task Force on Upgrading Sewerage Systems. First, the Department shall contract with the Maryland Environmental Service to conduct a comprehensive inflow and infiltration data study on every wastewater treatment system with an average wastewater discharge of under 12 million gallons per day. The study shall involve a statewide analysis using readily accessible existing data and shall determine whether there is an inflow and infiltration problem and, if so, determine the magnitude of the problem. Second, the Department shall contract with the Maryland Environmental Service to conduct between three and six comprehensive in-depth inflow and infiltration studies at selected wastewater treatment systems around the State that are representative of the inflow and infiltration problems around the State. Third, the Department shall contract with a qualified third party to conduct a utility rate study for each locality with a wastewater treatment system in Maryland with an average wastewater discharge of under 12 million gallons per day. This study will compare the local jurisdiction's utility rate to that necessary to financially support the jurisdiction's current wastewater treatment program, while ensuring that adequate funding is set aside by the local jurisdiction for a local capital improvement program; | 17,832,000 |

Energy-Water Infrastructure Program (Statewide)

S.F. 2016 Provide funds for the Energy-Water Infrastructure Program, provided that \$100,000 of this appropriation made for the purpose of providing grants to water and wastewater treatment plant owners to develop energy efficient and resilient projects shall be restricted pending the submission of two reports. The first report shall be submitted by July 1, 2016, and specify the qualitative and quantitative criteria that will be used to evaluate and select projects to be funded by the Energy-Water Infrastructure Program under both the \$1,000,000 per project allocation for energy efficient equipment and the \$3,000,000 per project allocation for combined heat and power projects. The second report shall be submitted by January 1, 2017, and provide the following for each project selected for funding:

16,200,000

- (1) an energy use baseline;
- (2) a 20% energy reduction target;
- (3) the expected payback period for the energy efficient equipment or combined heat and power project as if the project were to be funded as an energy performance contract; and
- (4) the expected amount and timing of the modification of any user rates associated with the entity receiving funding as a result of the energy efficient equipment or combined heat and power project funded.

The budget committees shall have 45 days to review and comment. Funding shall be released in \$50,000 increments pending submission of each report. Funds restricted pending the receipt of the reports may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled if the reports are not submitted to the budget committees.

MARYLAND DEPARTMENT OF HEALTH

M.C.C.B.L. 2012 *Provide funds to complete design of and construct a Secure Evaluation and Therapeutic Treatment Center (SETT), provided that no funds may be expended for project design until the Department of Health and Mental Hygiene provides the budget committees with a report that includes a detailed plan to alter the scope of the proposed SETT unit, including what the appropriate bed capacity for the facility should be. Furthermore, the report shall advise the committees on how the Department plans to utilize therapeutic treatment homes to meet its mission of serving individuals in the least restrictive setting, including whether these homes will be used as step-down units. The report shall include how many therapeutic treatment homes would be needed based on the modified size of the SETT unit, including operating costs to serve these individuals in therapeutic homes in comparison to serving individuals in the SETT unit. The Department shall advise on its efforts to work with community providers to establish therapeutic treatment homes in the State. The budget committees shall have 45 days to review and comment following the receipt of the report. Further provided that no funds may be expended for project design until the Department of Health and Mental Hygiene provides the budget committees with a report that provides total estimated project costs for renovating an existing SETT unit, in comparison to constructing a new 32-bed facility, including estimated operating costs associated with a fully operational facility. The report shall indicate how the renovations option will address concerns related to security and lack of vocational space posed by the existing facility and how renovations to an existing SETT unit will effectively meet the needs of the forensic population. Finally, the Department shall indicate how it plans to fund and administer the expansion of community-based homes to support a consolidated SETT unit, including whether providers operating these homes will be required to meet additional regulatory standards. The budget committees shall have 45 days to review and comment, following the receipt of the report.*

NOTE: As amended by Chapter 424, Acts of 2013 based on a reevaluation of the scope of the project by the Department. NOTE: The 2022 General Assembly preauthorized \$69,600,000 in FY 2024 for this project.

Total Authorized - Cheltenham Youth Detention Center - Addition for Females \$1,623,000

Cheltenham Youth Facility Residential Services (Prince George's County)

M.C.C.B.L. 2002 Begin the design and demolition of four cottages, the staff residence, and the staff dormitory, and remove or cap off related utility lines (Phase I). 165,000

NOTE: Language in the M.C.C.B.L. 2003 stated that it is the intent of the General Assembly that funds awarded for demolition in fiscal 2003 be used to plan for the entire demolition of the campus. Further, the Department of Juvenile Justice shall demonstrate the need for any new facility at Cheltenham and develop a Part I and II Facility Program to be considered by the Departments of Budget and Management and General Services with a view towards requesting:

- (1) preliminary design funds in fiscal 2005;
- (2) detailed planning funds in fiscal 2006; and
- (3) construction funding beginning in fiscal 2007.

G.F. 2006 Provide funds for preliminary planning for a new detention facility at the Cheltenham Youth Facility. 0

NOTE: Funds provided as a 2006 deficiency appropriation. The \$3 million was reverted to the General Fund at FY 2007 closing for cost containment reasons.

M.C.C.B.L. 2008 Provide funds for preliminary design of a new 72-bed detention center. 1,661,000

NOTE: As amended by Chapter 483, Acts of 2010 to remove restrictive budget language.

M.C.C.B.L. 2008 Provide funds to design a new treatment center, provided that no funds may be expended until the Department of Budget and Management has approved the gap analysis and facilities master plan submitted to it by the Department of Juvenile Services in January 2008; and an approved gap analysis and facilities master plan have been submitted to the budget committees for review and comment. 0

NOTE: As amended by Chapter 483, Acts of 2010 to deauthorize the original authorization of \$4,074,000.

M.C.C.B.L. 2009 Provide funds for a detailed design of a new 72-bed detention center. 2,547,000

M.C.C.B.L. 2013 Provide funds to design and construct a new detention center at the Cheltenham Youth Facility, provided that notwithstanding Section 6 of this Act, work may commence on this project prior to the appropriation of all funds necessary to complete this project. 20,995,833

NOTE: As amended by Chapter 483, Acts of 2010 to specify a 72-bed facility. The 2011 General Assembly pre-authorized \$23,550,000 in FY 2013 and \$23,500,000 in FY 2014 for this project. As amended by Chapter 444, Acts of 2012 to delete the FY 2013 and FY 2014 pre-authorizations for this project. Further amended by Chapter 537, Acts of 2020 to reduce the authorization from \$21,362,000 to \$20,995,833.

M.C.C.B.L. 2014 Provide funds to design, construct, and equip a new detention center at the Cheltenham Youth Facility, provided that notwithstanding Section 6 of this Act, work may commence on this project prior to the appropriation of all funds necessary to complete this project. 30,879,319

NOTE: The 2013 General Assembly pre-authorized \$31,000,000 in FY 2015 for this project. The 2014 authorization exceeds the amount pre-authorized by the 2013 General Assembly by \$521,000. The difference is due to an increase in the project scope from 53,623 GSF to 56,383 GSF and the need for asbestos abatement in two structures being demolished at the site. As amended by Chapter 537, Acts of 2020 to reduce the authorization from \$31,521,000 to \$30,879,319.

M.C.C.B.L. 2015 Provide funds to construct and equip a new detention center for male youths at the Cheltenham Youth Facility. 1,631,000
