

# MARYLAND

## BUDGET HIGHLIGHTS

### FY 2016

LAWRENCE J. HOGAN JR., GOVERNOR  
BOYD K. RUTHERFORD, LT. GOVERNOR

January 23, 2015

The Honorable Thomas V. “Mike” Miller and the Senate of Maryland

The Honorable Michael E. Busch and the Maryland House of Delegates

The People of Maryland

Dear Mr. President, Mr. Speaker, Members of the Maryland General Assembly and Fellow Marylanders:

As one of my first responsibilities as the 62nd Governor of the State of Maryland, I present you the state budget for Fiscal Year 2016. This past November, the people of our great state decided they wanted a more efficient and more cost effective government – a government that meets its obligations while fostering an environment that encourages economic growth and provides more opportunity. To achieve these goals, we must begin by returning our state government to fiscal soundness.

In the past, the state has addressed budget shortfalls with short-term solutions including increased borrowing. As a result, our state budget is driven by unsustainable obligations, most of which are mandated by law. The fact is, debt repayments, pension contributions, and statutorily mandated funding formulas consume more than 80 percent of the operating budget.

In addition to the decrease in state revenues due to our stagnant state economy, the shrinking presence of the federal government forces us to reconsider our reliance on it to support state operations. Though our revenues are projected to grow, they will not grow at the rate of historical spending. That is why this budget reins in that spending to a more sustainable level.

Very simply, this budget attempts to reverse the unsustainable fiscal path we have been following and breaks the cycle that this state has found itself in year after year. Most importantly, it will begin the rehabilitation of our capital debt program within affordable limits and is the first step in an essential turnaround and a multi-year effort that will require the perseverance of all of us in state government.

By reducing the amount of new debt authorization, we will be able to meet most of our capital needs and reduce the projected growth of our state debt, which is approaching the limits established by the state’s capital debt affordability process. We can still meet most of our capital needs, but just not as quickly. We must manage our state debt prudently and within the debt affordability guidelines the state has recognized for nearly four decades.

Excluding payments to the reserve fund, PAYGO capital, and debt service, this budget increases general spending by only 0.5 percent while the rate of revenue growth is 3.5 percent – an important step that will begin to bring the budget into a prudent balance. The capital budget also has been carefully reduced in scope to achieve sustainability in the near term and to address the unsustainable growth in our debt service payments. Both budgets have been prepared to respond to the needs of our citizens, while taking steps to repair and support our economy.

The presentation of this budget is just a start. We will have much more to do in the days ahead to redirect our state's fiscal course. Programs must be examined. New debt must be managed prudently. Agencies must be consolidated. Mandates must become affordable. In short, the government must become efficient and practice fiscal integrity.

More importantly, we must put our state economy back on track, attract new businesses, and create jobs for the long-term stability of our budget. Maryland is too special of a place and has too many natural advantages to be experiencing this kind of continued economic downturn. I know that Maryland can once again be a leader for job creation and a state that other states look to as an example of where businesses can grow and succeed.

This is not an easy process but I believe that as we proceed and certainly when this process is substantially complete, we will have put Maryland on a path that will ensure long-term fiscal strength and increase state government's ability to serve our citizens. More importantly, Marylanders will be grateful that we have done our best to assure a brighter future for the people we represent and the state that we all love.

Thank you for your commitment to the citizens of Maryland.

Sincerely,

A handwritten signature in black ink that reads "Lawrence J. Hogan, Jr." The signature is written in a cursive, flowing style.

Lawrence J. Hogan, Jr.

Governor

# Budget in Brief: Fiscal Restraint

## Dual Budget Challenges

In preparing the FY 2016 budget, the Hogan Administration faced a budget gap of \$1.25 billion over two years -- \$423 million in FY 2015 and \$802 million in FY 2016.

- The two primary drivers of the FY 2015 budget gap are:
  - Weaker than anticipated revenue growth in the current year – resulting in revenue revisions of \$300 million – caused by slow employment and personal income growth from a stagnant local economy, overly dependent upon the federal government.
  - Faster than anticipated growth in Medicaid enrollment requiring \$200 million in additional funding.
- The FY 2016 gap represents a continuation of the FY 2015 shortfall exacerbated by:
  - General fund spending – primarily driven by mandates and entitlements – growing faster than revenues.

- Two-thirds of estimated FY 2016 spending growth was the result of statutory mandates and another twenty percent was driven by entitlements
- Most notable was debt service, which is estimated to grow from \$140 million in the current year to \$274 million in FY 2016.
- Continued weakness in revenue.

The Governor's \$1.3 billion budget balancing plan addresses the current and projected budget shortfall, leaves a comfortable surplus in FY 2016, constrains spending, and achieves structural balance.

- Reductions in spending account for nearly \$1.1 billion of the overall budget solution.

## FY 2016 General Fund Budget Constrains Spending Growth

In the FY 2016 budget as introduced, general funding spending growth is held well below the rate

## Reining in Spending

# Budget in Brief: Fiscal Restraint

of growth in revenues – a 1.5% growth in general fund spending (excluding payments to reserves) compared to 3.5% in revenues.

- Spending growth is less than half that projected in the baseline budget – 1.5% in the Governor’s budget compared to 5.0% in the baseline budget.
- The FY 2016 general fund budget, after contingent reductions, totals \$16.4 billion, a \$381 million increase over FY 2015.
- Almost 80% of general fund spending growth is attributable to just two things: the appropriation to the Reserve Fund (\$135 million) and debt service (\$134 million).
- Excluding these two requirements and PAYGO capital, general fund spending grows by only one-half of one percent (0.5%).
- State agency spending declines by 1% from the original FY 2015 appropriation.

## Overview of the Budget Solution

The FY 2015 general fund budget balancing plan totals \$459 million and is comprised primarily of spending cuts (\$300 million). Transfers account for \$143 million, \$100 million of which is to be repaid in FY 2016, and additional revenues account for \$16 million of the FY 2015 solution.

The FY 2016 budget balancing plan totals \$842 million – of this total, \$766 million is achieved by constraining spending.

- Rates for most providers are reduced to FY 2014 levels, saving \$160 million.
- State employee salaries are rebased and frozen, saving \$156 million, and full-year savings from the FY 2015 Voluntary Separation Program total \$30 million.
- Education growth is constrained by freezing inflationary growth and reducing Geographic Cost of Education Index funding by 50%, saving \$143 million.
- Agency spending is reduced by 2%, saving \$118 million.
- Other reductions to Medicaid and various fund swaps save \$50 million.
- Repealing repayment of a prior year transfer from Program Open Space saves \$50 million.
- Growth in local aid programs is constrained, saving \$35 million.
- The FY 2016 budget solution also includes \$72 million in revenues

from redirecting transfer tax and Chesapeake Bay 2010 Trust Fund revenues to the general fund and implementing tax compliance and fraud initiatives. Fund transfers total \$4 million.

- Most importantly, the Governor’s FY 2016 budget achieves something that has not been seen in Maryland in a decade – it aligns general fund spending with available general fund revenues - *a structurally balanced budget*.

# Budget in Brief: Fiscal Restraint

## Funding Maryland's Priorities

While rebasing spending and solving the budget gap, the Governor's budget does include additional spending on programs important to Marylanders including:

- A record \$6.1 billion for K-12 education.
- Almost \$1 billion, an increase of 8 percent, to provide community services for individuals with developmental disabilities.
- More than \$1.3 billion to support Maryland's Department of Public Safety and Correctional Services.
- An increase of 11 percent in school nutrition programs, to \$355 million in FY 2016.

## An Eye for the Future

Not only does the Governor structurally balance the FY 2016 budget, but he is recommending and implementing reforms to help ensure that the budget remains in balance into the future by:

- Limiting the size of the State's capital budget to help slow the runaway debt service budget. The Governor's Capital Improvement Program results in lower debt service costs of \$32 million by FY 2020.
- Proposing legislation to limit growth in mandated spending to a more manageable level that can be supported within the State's existing revenue sources. The Governor's proposed mandate relief legislation reduces spending growth by almost \$100 million annually. By FY 2020, the cumulative savings from this proposal will exceed \$300 million.

**Ongoing General Fund Revenue vs. Ongoing Spending**  
**Fiscal 2007-2020**  
**(In millions)**

# Economic and Workforce Development

The economic development strategy of the Hogan-Rutherford Administration builds on Maryland's strengths and prepares the State for accelerated economic growth.

## Expanding Opportunities for Businesses

- The FY 2016 allowance includes \$20 million for the Maryland Economic Development Assistance Authority and Fund to expand existing and attract new business to priority funding areas in Maryland.
- The FY 2016 allowance includes \$10.6 million to support small, minority, and women-owned businesses and \$6.3 million to promote small businesses owned by economically and socially disadvantaged entrepreneurs.
- The Maryland Agricultural Resource-Based Industry Development Corporation (MARBIDCO) receives \$2.9 million, after contingent reductions, to offer a variety of financing programs that assist rural businesses and support entrepreneurship.
- The budget also includes \$300,000 for the Military Personnel and Veteran-Owned Small Business No-Interest Loan Program to expand access to credit for those who have served our country.

## Advancing Technology in Maryland

- The FY 2016 allowance includes \$12 million in biotechnology tax credits to leverage investment for life science companies, \$9.4 million to further develop stem cell technology, and \$2.5 million, after contingent reductions, in investments and tax credits to promote cybersecurity research.
- The allowance also includes \$9.0 million in research and development tax credits, \$8.5 million to create endowed research chairs at universities, and \$4.9 million to commercialize research conducted at participating universities through the Maryland Innovation Initiative.

## Developing a World-Class Workforce

- The FY 2016 allowance includes more than \$30 million for the 12 Workforce Investment Areas which provide occupational skills, on-the-job, and entrepreneurial training, along with job search assistance.
- The budget includes \$16.9 million for job centers across the State which provide assistance to job seekers through training referrals, career counseling, and job listings.
- The allowance maintains \$4.5 million in funding for the Employment Advance Right Now (EARN) program, an industry-led workforce development initiative to help develop the skilled workforce businesses need to remain competitive.
- The budget also includes \$2.8 million for adult instructional services and General Educational Development (GED) testing programs as well as \$1.2 million for the Conservation Jobs Corps to teach green jobs skills to at-risk youth.

## Preparing Individuals for Employment

- The FY 2016 budget includes \$33.3 million for the Work Opportunities program to help transition recipients of public assistance to employment.
- The budget helps prepare inmates for employment by providing \$19.8 million for occupational and transition training services at State correctional institutions.

## Promoting Tourism, the Arts, and Maryland's Unique Cultural Assets

- The FY 2016 allowance provides \$15.9 million, after contingent reductions, for the Maryland State Arts Council as well as \$2.0 million to fund our distinctive cultural arts organizations.
- The budget also includes \$12.4 million for tourism development and promotion.
- The budget includes \$9.0 million for the Sustainable Communities Tax Credit to leverage private investment and revitalize our State's cities and towns as well as \$1.1 million to provide financing to new and expanding small businesses in those communities.

# Education

The State continues to make investments in education at the pre-kindergarten through higher education levels to ensure Maryland citizens receive a top ranked education and our economy benefits from a well-educated citizenry.

## K-12 Education Aid Funding

- The budget includes a \$45.3 million increase in State aid to public schools, after contingent reductions, bringing the FY 2016 total to \$6.1 billion.
- To provide stipends for teachers who obtain higher levels of education and certification, \$10.6 million in additional funding will be available for Quality Teacher Incentives in FY 2016.

## Public School Construction

The FY 2016 capital budget provides \$290.7 million for K-12 education projects:

- \$280 million for the Public School Construction Program, including \$6.5 million for a new academic building and dormitory at the Maryland School for the Blind;

- \$6.1 million for the Aging Schools Program; and
- \$4.6 million in Qualified Zone Academy Bonds.

## Early Childhood Education

- The budget maintains \$4.3 million in State funds for prekindergarten education, leveraging \$15 million in new federal grant funds that will provide free prekindergarten to an additional 3,000 low-income students in FY 2016.
- Child Care Subsidy federal funding grows by \$9.5 million over FY 2015. Total funding of \$92.5 million in FY 2016 is estimated to provide free or reduced-priced child care to 18,120 children.

## Other Education Programs

- The Division of Rehabilitation Services (DORS), which promotes the employment and independence of individuals with disabilities, is budgeted at \$109.5 million in FY 2016, an increase of 6% over FY 2015.
- The budget includes \$35.1 million in additional federal funds for school lunch and breakfast programs, bringing the total for school nutrition programs to \$354.9 million in FY 2016.
- Maryland Meals for Achievement, a State program that provides free breakfast in the classroom at 462 low-income schools throughout Maryland, is funded at \$6.9 million.
- \$18.2 million is provided for the Autism Waiver, enabling 1,000 children diagnosed with severe autism to receive services in their community rather than in more restrictive and expensive institutional settings.

# Education

## Higher Education

- The University System of Maryland (USM) receives \$1.2 billion in State funding, a \$15.4 million, or 1.3%, increase from last year. USM's total FY 2016 budget is \$5.10 billion.
- Morgan State University receives \$85 million in State funding, an \$813,893, or 1%, increase from last year. Morgan's total FY 2016 budget is \$227.3 million.
- Independent colleges and universities receive \$41.4 million after adjusting for contingent reductions.
- St. Mary's College of Maryland (SMCM) receives \$23.5 million in State funding, an increase of 5.8% from FY 2015. SMCM's total budget for FY 2016 is \$72.8 million.
- Baltimore City Community College receives \$41.8 million in State funding, an increase of 4% from FY 2015, bringing the total funding in FY 2016 to \$89.7 million.
- Local community colleges receive \$235.4 million in direct aid after adjusting for contingent reductions and \$58.9 million for retirement benefits, a total increase of 1.3% from last fiscal year.
- The budget includes \$112.8 million to provide State financial aid and grants to more than 70,000 Maryland students, 70% of whom obtain aid on the basis of financial need.
- The Maryland Higher Education Commission's budget includes \$4.9 million to fund enhancements at Maryland's four historically black colleges and universities.

## Higher Education Capital Projects

- The capital budget includes \$347.6 million for modernizing and replacing aging facilities at State-operated campuses. This represents approximately 30% of the State's capital budget.
- Major projects include:
  - An \$81.6 million health sciences facility at the University of Maryland Baltimore;
  - A \$65.7 million learning center at the University of Maryland College Park; and
  - A \$39.7 million natural sciences center at Bowie State University.
- The capital budget includes \$58 million for sixteen projects at eleven local community colleges.
- \$8 million is allocated for capital projects at three private colleges and universities.

# Health and Safety Net

The Hogan-Rutherford Administration is committed to the well-being of Maryland's families. The FY 2016 budget provides funding for basic health coverage and treatment for addiction and substance abuse for income-eligible Marylanders, the Developmental Disabilities Administration, long term services and supports for older Marylanders and safety-net services for Maryland's most vulnerable families.

## Access to Health Care

- The FY 2016 budget includes \$9.6 billion for Maryland's Medicaid program, which currently provides basic health coverage for more than 1.1 million income-eligible Marylanders.
- The Maryland Children's Health Insurance Program receives \$217.6 million in FY 2016 to provide access to health care for nearly 115,000 children.
- The FY 2016 budget provides \$39.6 million for continued operation of the Maryland Health Benefit Exchange and \$36.6 million for the Maryland Health Benefit Exchange information technology system.

## Behavioral Health

- The FY 2016 budget supports services for an estimated 250,000 individuals with mental health needs and 72,000 individuals in need of substance abuse addiction treatment.
- The FY 2016 budget provides \$8.4 million for substance abuse prevention programs and \$132.4 million for substance abuse treatment, including \$4.1 million in funding from casino-related revenue for problem gambling treatment.
- Funding to treat the behavioral health needs of veterans totals \$4.5 million.

## Developmental Disabilities Administration (DDA)

- The FY 2016 budget provides \$1.02 billion after contingent reductions for the Developmental Disabilities Administration, an increase of 8% from the prior year.
- The FY 2016 budget includes approximately \$6.5 million to upgrade the Developmental Disabilities Administration's financial system and related provider payment processes.
- To ensure appropriate services are provided to individuals, the FY 2016 budget includes \$3.2 million to transition to a new comprehensive set of needs assessment tools.

## Programs for Older Marylanders

- The FY 2016 budget provides \$148,817 in additional funds to administer Maryland Access Point, a statewide gateway for information and assistance about long-term services and supports.
- The FY 2016 budget also includes \$18.1 million to provide prescription drug assistance to income-eligible Medicare Part D recipients.

## Vulnerable Families and Children

- The FY 2016 allowance includes \$1.2 billion in federal supplemental nutrition assistance program (SNAP) benefits for 405,000 households.
- The budget funds \$125.7 million in heating and electricity assistance benefit awards to more than 260,000 low-income households.
- The budget includes \$40.1 million to provide cash, medical and housing benefits to approximately 18,000 individuals with disabilities.
- An additional \$2.5 million in the FY 2016 budget will ensure that combined Temporary Cash Assistance and SNAP benefits meet 61% of the Maryland Minimum Living Level.

# Public Safety

The Hogan-Rutherford Administration's FY 2016 budget funds a variety of important law enforcement and public safety programs and functions that are necessary for the safety and security of the public, correctional facilities, and juvenile detention centers.

## Public Safety and Correctional Services

- The FY 2016 budget for the Department of Public Safety and Correctional Services (DPSCS) totals \$1.36 billion, funding the State's correctional facilities, parole and probation programs, and a number of drug treatment and rehabilitation programs both in and outside of facility walls.
- The allowance includes \$819 million to house and rehabilitate a population of over 20,000 inmates, \$121 million to supervise over 50,000 individuals in the community, and \$177 million to detain arrestees and house pretrial offenders.
- Additional funding is provided to purchase inmate transportation vehicles to replace an aging fleet (\$800,000), to develop a new enterprise resource planning computer system for Maryland Correctional Enterprises (\$750,000), and to replace aging security cameras at a number of facilities (\$500,000).
- Funding and personnel to open the second phase of the Dorsey Run Correctional Facility in late FY 2016 are realigned from partially closing an old and inefficient facility.

## Supporting Law Enforcement

- Police aid to local governments and municipalities totals \$67.3 million after contingent reductions. Local law enforcement grants are level-funded at \$26.4 million.

- An additional \$2 million in FY 2015 deficiency funding is provided to the Maryland State Police to begin a new Trooper Cadet Class in January 2015 to bring new troopers to the field.
- The FY 2016 budget includes an additional \$1.3 million for aircraft operations and maintenance, software maintenance, and training for the Maryland State Police Aviation Command's new AW-139 helicopters.
- An additional \$675,261 is included in FY 2016 to support 17 new Natural Resource Police (NRP) officers in the spring 2016 Academy Class, as well as \$640,000 to replace aging vehicles in the NRP fleet.

## Supporting our Troops

- The FY 2016 allowance includes \$114.6 million for the Maryland Military Department to maintain Maryland's Army and Air National Guard strength at more than 8,000 members.
- The budget also includes \$28.2 million for the Maryland Department of Veterans Affairs to deliver services and programs to assist veterans, their families, and survivors.
- The FY 2016 capital budget includes \$34.2 million to build Readiness Center facilities in Talbot, Howard, and Harford counties.

## Preventing Juvenile Crime

- The FY 2016 budget after contingent reductions provides \$291 million for community and residential operations providing direct care services to youth in facilities and those housed in the community while under Department of Juvenile Services' supervision.
- The FY 2016 allowance includes \$425,000 in Byrne Memorial Justice Assistance Grant funding towards initial planning for a modernized case management tracking system.
- Modest funding increases are provided for the Violence Prevention Initiative to support the most intensive level of community supervision (\$387,978) and for community-based interventions for youth with mental illness (\$320,951).

# Natural Resources and Environment

The FY 2016 budget supports efforts to restore the Chesapeake Bay, to protect Maryland's natural resources and environment, to assist farmers, and to promote energy efficiency.

## Chesapeake Bay Restoration

- With investment in strategies outlined in the Watershed Implementation Plan (WIP) Phase II, the State of Maryland is on track to meet 2017 pollution reduction targets set by the U.S. Environmental Protection Agency.
- The FY 2016 allowance after a contingent reduction includes \$39.4 million for the Chesapeake and Atlantic Coastal Bays 2010 Trust Fund to support non-point source pollution control projects.
- The FY 2016 capital budget includes \$120.5 million in funding for wastewater treatment plant and septic systems upgrades (\$94.0 million funded by the Bay Restoration Fund) to reduce nitrogen and phosphorus pollution into the Bay.
- Capital funding for oyster restoration activities totals \$7.6 million.
- The Cover Crop program, which provides payments to farmers who plant cover crops on their farmlands to reduce nutrient runoff into the Chesapeake Bay, receives \$22.5 million in FY 2016.

## Agriculture and Natural Resources

- To increase enforcement of natural resource and conservation laws and regulations, the FY 2016 allowance includes \$675,261 to support 17 new Natural Resource Police (NRP) officers in the spring 2016 Academy Class, as well as \$640,000 to replace aging vehicles in the NRP fleet.
- Funding for the Fisheries Service, which regulates recreational and commercial fishing activities and ensures the sustainability of

Maryland's fishing resources, totals \$24.2 million.

- The budget includes \$6.0 million for the Tobacco Transition program to help shift Maryland farmers from tobacco production to other crops and products.
- The FY 2016 allowance includes \$12.4 million for the Wildlife and Heritage Service to promote the long term conservation of the native ecosystems and natural communities that comprise the biological integrity of Maryland.

## Energy and Environmental Quality

- The FY 2016 allowance for the Maryland Energy Administration (MEA) includes \$19.9 million for Renewable and Clean Energy Programs and Initiatives; \$19.6 million for Energy Efficiency and Conservation Programs; and \$4.1 million for the Jane E. Lawton Conservation Loan Program and State Agency Loan.
- The Department of Housing and Community Development receives \$41.2 million for weatherization and energy efficiency programs.
- The FY 2016 allowance includes \$20.6 million for the Air and Radiation Management Administration, which oversees air quality compliance, permitting and planning activities; as well as asbestos and radiological health programs.

# Maryland's Capital Budget

Maryland's FY 2016 capital budget totals just over \$4 billion. The capital budget funds the construction of assets such as schools, health facilities, roads, bridges, water treatment plants, and other essential buildings. Projects funded by the capital budget include new construction, renovations of older buildings, purchases of long-lasting equipment or other assets, and other investments in Maryland's future.

## Overview

Most of the capital budget is spent on transportation-related projects, funded through fuel taxes and other transportation-related sources. Typically, these projects restore roadways, improve safety, reduce traffic congestion, support public transit options, and invest in mobility.

The rest of the capital budget, totaling \$1.4 billion, is set aside for projects that focus on education, environmental quality, community revitalization, health, and public safety. In order to return to sustainable borrowing levels, State general obligation bonds (GO bonds) total less than \$1 billion. Consequently, the State will remain within its target ratio for debt payments as a share of State revenues and protect its AAA credit rating.

## Education

Education projects remain a priority in the FY 2016 capital budget. In total, \$726 million is allocated for projects at schools, community colleges, and higher education campuses. Highlights include:

- \$280 million for public school construction, \$6 million for aging schools, and \$5 million in Qualified Zone Academic Bonds (QZABs). Apart from the state capital budget, renovations are planned to begin in several Baltimore City Public Schools funded through a financing plan in partnership with the Maryland Stadium Authority.
- \$348 million for projects at State institutions of higher learning, including \$301 million for the University System of Maryland, \$36 million for Morgan State University, and \$10.5 million for St. Mary's College. New facilities include the Health Sciences Facility at UM Baltimore (\$81.6 million), a new Academic Commons building for Salisbury University (\$53.2 million), and a new Behavioral and Social Sciences Center at Morgan State University (\$31.1 million).
- \$58 million for 16 projects at 11 community colleges, including renovation of the Queen Anne Academic Center at Prince George's

### Maryland's Five-Year Capital Improvement Program (\$ millions)

	FY 2016	FY 2017	FY 2018	FY 2019	FY 2020	Five-Year Total

\*The State Highway Administration Watershed Implementation Plan is counted in the General Capital, not the Transportation total.

# Maryland's Capital Budget

Community College (\$16 million), a new Science Engineering and Technology building at Howard Community College (\$16 million), a new Science and Applied Studies building at Montgomery College (\$6 million), and technology infrastructure for the College of Southern Maryland (\$4 million).

- \$8 million for projects at three private universities.
- \$16.9 million for the State Library Resource Center (Pratt Central Library) and \$5 million for 8 local library projects.

## Environment

In FY 2016, \$390 million in capital funding is allocated for environmental programs and land preservation, including:

- \$279 million for water quality improvement projects; and
- \$84 million for land preservation under Program Open Space, Rural Legacy, and Agricultural Land Preservation.

## Community Revitalization and Housing

The capital budget directs \$104 million to address the needs of affordable housing and community revitalization. Funding highlights include:

- \$10 million for Rental Housing Works—leveraging local and private funds to create affordable housing and jobs;
- \$13.7 million for homeownership programs;
- \$5 million for Strategic Demolition and the Smart Growth Impact Project Fund; and
- \$1.68 million for the Baltimore Regional Neighborhoods Initiative.

## Safer Communities and Public Safety

The FY 2016 capital budget provides \$68 million for public safety-related projects, including:

- \$21.6 million for construction of a modern detention center to house youth charged as adults;
- \$4.2 million toward design of a new detention center for female youth and equipping the new youth detention center in Prince George's County; and
- \$30 million to improve the State's public safety radio infrastructure.

## Health

The FY 2016 capital budget allocates \$48 million for improvements to Maryland's health infrastructure, including:

- \$30 million toward development of a new regional medical center in Prince George's County; and
- \$9 million toward a new Labor and Delivery Suite, Neonatal Intensive Care facility, and a Shock Trauma Center project at the University of Maryland Medical System.

## Other Investments

Beyond these categories, the capital budget also funds several miscellaneous projects that will nonetheless have a significant impact on the lives of Marylanders. Highlights include:

- \$5 million for the Maryland Zoo in Baltimore;
- \$3.5 million for the Maryland Food Bank;
- \$2.5 million for continued development around the East Baltimore Biotechnology Park; and
- \$36 million in state and federal funds for Maryland National Guard projects.

# Capital Budget for Transportation

The proposed FY 2016 capital budget for Department of Transportation projects totals \$2.9 billion. The transportation capital budget is primarily funded through State sources and federal aid. The State sources consist of taxes, fees, and bonds totaling \$1.7 billion of the capital budget, or 59.7 percent. Federal aid for highways, mass transit, aviation, and port security makes up \$928 million, or 32.0 percent. Other sources of funding, including user fees and federal funds received directly by the Washington Metropolitan Area Transit Authority comprise \$240 million or 8.3 percent.

## **The Secretary's Office (TSO)**

TSO's FY 2016 capital budget totals \$88.1 million and includes \$4.5 million for the Bikeways Network Program, \$10 million for a federal High Speed Intercity Passenger Rail Grant to Amtrak to study a new Susquehanna River freight bridge, and \$26.4 million in a similar federal grant for engineering work for the B&P Tunnel.

## **State Highway Administration (SHA)**

SHA projects constitute \$1.40 billion, the largest share of the FY 2016 capital program. The SHA capital program is funded with \$869.7 million in State sources and \$526.6 million in federal aid. Major projects by region include:

- **Western Maryland:** \$2.0 million to start widening and rehabilitating the I-81 bridge over the Potomac River in Washington County and \$5.0 million for the replacement of the Keyser's Ridge maintenance facility in Garrett County.
- **Eastern Shore:** \$18.1 million to replace the Dover bridge in Caroline and Talbot counties, \$13.5 million to construct a new interchange at US 301/MD 304 in Queen Anne's County, and \$25.5 million for right of way acquisition and construction for widening of US 113 in Worcester County
- **Suburban Washington Region:** \$16.1 million to construct a new interchange on US 15 at Monocacy Blvd. in Frederick County; \$15.8 million for a new interchange at MD 97 and

Randolph Rd. and \$27.6 million to construct a new interchange on I-270 at Watkins Mill Rd. in Montgomery County; and \$21.3 million to construct a new interchange on MD 210 at Kerby Hill/Livingston Rds. in Prince George's County.

- **Southern Maryland:** \$8.7 million to replace the MD 261 bridge over Fishing Creek in Calvert County and \$4.3 million to start engineering for the MD 4 Thomas Johnson Bridge replacement between Calvert and St. Mary's counties.
- **Baltimore Region:** \$31.9 million for BRAC improvements near Ft. Meade in Anne Arundel County and APG in Harford County; \$55.1 million for various bridge and widening improvements along I-695 in Baltimore County, and \$13.3 million for various improvements and studies along US 29 in Howard County.
- **Watershed Implementation Plan (WIP):** \$92.5 million has been allocated for various WIP projects. The Department of Transportation will assume the cost of WIP activities in FY 2016.

## **Motor Vehicle Administration (MVA)**

MVA's FY 2016 capital budget totals \$27.2 million. Approximately \$6.0 million of this funding is for building improvements, \$2.3 million is for the e-MVA service delivery system and \$10.6 million is for upgrading MVA IT systems.

## **Maryland Aviation Administration (MAA)**

MAA's FY 2016 capital budget totals \$215.0 million and includes the following major projects for BWI/Thurgood Marshall Airport:

- \$4.9 million for the parking revenue control system;
- \$88.4 million for the runway safety area/pavement management program; and
- \$68.8 million for improvements to accommodate increased international service.

## **Maryland Port Administration (MPA)**

MPA's FY 2016 capital budget totals \$159.5 million, including \$84.5 million for projects related to dredging for the Port of Baltimore.

# Capital Budget for Transportation

## Maryland Transit Administration (MTA)

MTA's FY 2016 capital budget totals \$773.1 million, with \$332.7 million coming from federal sources. Major projects include:

- MARC commuter rail improvements include \$14.4 million for various improvements on the Camden, Brunswick and Penn lines and \$22.2 million for coach and locomotive overhauls and the purchase of new rolling stock.
- Improvements in the Baltimore area include \$19.7 million for mid-life overhaul of light rail cars, \$20.1 million for bus procurement, \$19.6 million for Phase 1 of the Kirk bus facility replacement, \$41.8 million for other bus facility and systems upgrades, and \$106.2 million for the Red Line project pending review and re-evaluation.
- Improvements in the Washington area include \$312.8 million for the Purple Line project pending review and re-evaluation, \$18.9 million

for engineering the Corridor Cities Transitway, and \$4.3 million to finish the Takoma/Langley Park Transit Center.

- Improvements in the Southern Maryland area include \$2.9 million for a Commuter Bus initiative and \$3.6 million for a Mass Transportation Analysis.
- \$34.2 million is provided to assist a variety of locally operated transit systems around the state.

## Washington Metropolitan Area Transit Authority (WMATA)

WMATA's FY 2016 capital budget totals \$238.2 million. WMATA also receives \$106.1 million in federal funds paid directly to WMATA. Approximately \$173.4 million of Maryland's share is for the WMATA capital improvement program, and \$53.3 million is for Maryland's match to the Passenger Rail Investment and Improvement Act of 2008.

## Department of Transportation

### Total Program FY 2016 - 2020 (\$ millions)

<sup>1</sup> The Department is using Passenger Facility Charge (PFC) revenue, Customer Facility Charge (CFC) revenue, and Maryland Transportation Authority (MdTA) bond financing to fund several projects identified in this program. The PFC, CFC, and MdTA eligible project costs are included in the totals above.

<sup>2</sup> Does not include federal funds received directly by WMATA that are not included in MDOT's budget.

<sup>3</sup> Includes other funding sources (PFCs, CFCs, COPs, and MdTA funds for MAA projects).

**Notes:** Projection does not account for the fact that MDOT will assume the cost of the Watershed Implementation Plan. Totals may not add due to rounding.

# Supporting Local Government

THE FISCAL YEAR 2016 BUDGET INCREASES AID TO LOCAL GOVERNMENTS BY \$24.1 MILLION.

The fiscal year 2016 budget provides \$7 billion in aid to local governments – \$24.1 million over fiscal year 2015. The primary increases include an additional \$45.3 million for K-12 education aid, \$2.5 million for libraries, and \$3.7 million for community colleges.

## Primary and Secondary Education

The fiscal year 2016 budget includes \$76.0 million in reductions to Primary and Secondary Education Aid contingent on legislation which (a) freezes the per pupil foundation amount at the FY 2015 level and (b) delays the phased-in change in the calculation of wealth (net taxable income) used in education aid funding formulas by one year.

**Foundation Program:** The foundation program is the largest single local aid program. Under the Foundation program, aid is distributed on the basis of public school enrollment and equalized for taxable wealth so that jurisdictions with smaller per pupil tax bases receive proportionately more aid.

**Compensatory Education:** The Compensatory Education program is directed toward the education of children who are economically and environmentally disadvantaged. The Bridge to Excellence Act directs the aid according to the number of students receiving free or reduced price meals.

**Special Education:** Aid for special education is provided to school systems to help cover the additional cost of educating students with needs for special services. These funds are allocated on a formula basis for students in local schools and to support children placed in nonpublic special education schools. The fiscal year 2016 budget reflects the State's share at 70 percent of the cost of nonpublic placements over a certain amount.

**Student Transportation:** The Bridge to Excellence Act re-based the grant for the transportation of students to and from school and provides aid for transporting special needs students.

**Other Education Aid:** Other education aid includes \$214.3 million to support students with limited English proficiency and \$55 million for the Guaranteed Tax Base program, which provides grants to those subdivisions that have less than 80 percent of the statewide average wealth per pupil and that provide local education funding above the local share required by the foundation program.

**State Retirement System:** In addition to direct aid for education, the State pays a portion of pension and retirement benefits for teachers, principals, administrators, and other eligible employees on behalf of each board of education.

# Education Aid Per Pupil

The chart below shows State aid for public schools on a per pupil basis. Aid includes direct aid and contributions for teachers' retirement. Pupils are measured as full-time equivalent counts as of September 30, 2014, the same basis as used for allocating aid under the statutory formulas.

## Total K-12 Education Aid - Fiscal Year 2016 Per Eligible Full-Time Equivalent Pupil

# Libraries

**Library Aid Formula:** The State supports the current operating and capital expenses of local library systems. Aid is distributed on the basis of population and is equalized so that jurisdictions with smaller per capita tax bases receive more aid per capita. During the 2014 Legislative Session, legislation passed increasing the per capita calculation for library aid and phasing in this change through FY 2019. The Administration has introduced legislation to phase-in the increase over 10 years.

**State Library Network:** The library network program provides aid for the State Library Resource Center at the Enoch Pratt Central Library in Baltimore and the three regional resource centers in non-metropolitan areas. The Administration has introduced legislation to phase-in the increase over 10 years.

**State Retirement System:** In addition to direct aid for libraries, the State pays the entire cost of pension and retirement benefits for eligible librarians and other employees on behalf of the library systems. There is an exception for Montgomery County where librarians have elected to remain in the Montgomery County Retirement System rather than in the State system, in which case the State remits the lesser of the cost of retirement for the county or the State systems.

# Community Colleges

**Current Expense Formula:** The current expense formula bases funding on a percentage of the appropriation per FTE student at four-year public higher education institutions. The fiscal year 2016 budget includes a reduction of \$13 million contingent upon the enactment of legislation reducing the community college formula.

**Unrestricted Grants and Special Programs:** The budget includes \$6.0 million to fund a statewide program for out-of-county or out-of-State students in regional or health manpower shortage programs, \$5.6 million for the English for Speakers of Other Languages program, \$4 million for small community colleges, \$600,000 for Appalachian Mountain Grants, and \$421,697 for other out-of-county and out-of-State student agreements.

**Optional Retirement:** The State distributes funds directly to the community colleges to reimburse them for the employer cost of members of the Optional Retirement System, a vendor operated, defined contribution plan offered as an alternative to the State's defined benefit pension and retirement systems.

**State Retirement System:** In addition to direct aid to community colleges, the State pays the entire cost of pension and retirement benefits for eligible teachers, administrators, and other employees on behalf of each community college.

# Police, Fire and Public Safety

**Aid for Police Protection:** The State gives grants to the subdivisions to help provide for police protection services, which are distributed through a formula based on population and population density. Grants are shared between counties and municipalities on the basis of expenditures, and municipalities receive an additional grant based on the number of police officers. The Administration has introduced legislation to limit the FY 2015 and FY 2016 grants to the lesser of (a) the grant calculations for those fiscal years, or (b) the FY 2014 grant amount.

**Aid for Fire, Rescue and Ambulance Systems:** Counties and municipalities receive grants for fire, rescue, and ambulance equipment, and capital renovations.

**Special Grants:** The budget includes funding to Baltimore City for foot patrol, violent crime grants, community policing, the War Room, and a \$2.5 million grant to the Baltimore City State's Attorney's office. In Prince George's County, funds are provided for drug enforcement, violent crime prevention grant programs, and \$1.5 million for the State's Attorney's office. Additional general funds are provided for STOP Gun Violence grants and the domestic violence unit. Also included are special funds awarded by the Vehicle Theft Prevention Council, grants from the State's telephone surcharge for the "911" emergency system, and grants to help enforce school bus safety laws.

# Transportation

**Highway User Revenues:** The motor vehicle fuel tax, motor vehicle registration fees, a share of the motor vehicle titling tax, and a share of the corporate income tax are designated as Highway User Revenues. The State shares these revenues with the counties and municipalities to help fund the construction and maintenance of local roads. Baltimore City receives 7.7% in fiscal year 2016.

The remaining counties and municipalities receive 1.5% and 0.4% respectively in fiscal year 2016. The distribution is made according to a formula based on locally maintained road mileage and vehicle registrations

**Elderly and Disabled Transportation:** Grants are provided to fund local transportation services for elderly and disabled persons, with 60 percent of the money distributed equally among the counties and Baltimore City and 40 percent based on the distribution of the elderly and disabled populations. In addition, funding is included to help defray the cost of providing paratransit services required under the federal Americans with Disabilities Act.

## Miscellaneous

**Local Health Grants:** This program funds a wide range of preventive health services such as family planning, maternity and child care assistance, cancer control, and AIDS education and outreach. The Administration has introduced legislation to limit the FY 2015 and FY 2016 grants to the FY 2014 fiscal year grant amount.

**Disparity Grants:** Grants are distributed to subdivisions whose per capita income tax revenues are less than 75 percent of the statewide average. Beginning in fiscal year 2011, funding to any county is not required to exceed the fiscal year 2010 grant. The formula was modified during the 2013 legislative session to add a minimum grant amount based on the local tax effort of eligible counties and increase the local income tax rate required to be eligible to receive a grant from 2.4% to 2.6%. The Administration has introduced legislation to limit the FY 2015 and FY 2016 grants to the lesser of (a) the grant calculations for those fiscal years or (b) the FY 2014 grant amount.

**Program Open Space:** This program provides for the acquisition and development of parks and other conservation areas.

## Retirement Contributions

Under this statutory program the State pays, on behalf of each county board of education, a portion of pension and retirement benefits for eligible teachers, principals and other eligible school employees. The State pays the entire cost of pension and retirement benefits on behalf of community colleges and the library system. There is an exception for Montgomery County where librarians have elected to remain in the Montgomery County Retirement System rather than in the State system, in which case the State remits the lesser of the cost of retirement for the county or the State systems.

There is no distribution of funds directly to the subdivisions, but rather lump sum payments are made to the State's retirement board. Each subdivision's share of the State's retirement appropriation, however, can be estimated based on county-by-county salary data.

## APPENDIX F FY 2014 - 2020 FORECAST

### General Fund Summary

All projections of revenues and expenditures are based on existing State laws and the current economic outlook unless otherwise noted. Revenues from Video Lottery Terminals and spending from the Education Trust Fund are not included in the General Fund forecast as they are considered Special Fund revenues and expenditures, respectively. Revenues from Video Lottery Terminals deposited into the Education Trust Fund are expected to total \$394 million in both FY 2015 and FY 2016 before increasing to \$553 million in FY 2020. Additional savings from the transfer in the ownership of VLT machines are assumed beginning in FY 2015. The forecast is adjusted to reflect the actions of the Board of Public Works to reduce \$198 million in spending on January 7, 2015.

**Revenues** - Projections are based on the December 2014 Board of Revenue Estimates (BRE) report. Overall, the BRE expects revenues to increase by \$586 million, or 3.9%, in FY 2015 before increasing \$553 million, or 3.5%, in FY 2016. Outyear revenue growth is estimated to be 4.0%, 3.7%, 3.1% and 3.8% for FY 2017 through 2020, respectively. The forecast assumes \$72 million in additional revenue in FY 2016, which includes \$17 million from the implementation of new tax compliance and fraud control measures. The FY 2015 budget includes \$144 in fund balance transfers, the largest of which (\$100 million) is being repaid in FY 2016. The FY 2016 budget only assumes \$4 million in transfers. Finally, amounts also include reimbursements from tax credit reserves and transfers from the State Reserve Fund.

**Expenditures** - Expenditures are categorized by: general obligation bond debt service payments, local aid programs, entitlements, State operations, and Capital (PAYGO) projects. Overall, budget growth for FY 2016 totals \$351 million or 2.2% more than FY 2015. Excluding appropriations to the State Reserve Fund, budget growth is only 1.3%. The FY 2016 budget includes almost \$209 million in reductions contingent on the enactment of legislation, the largest of which reduces \$64 million from freezing the per pupil foundation amount at the FY 2015 level. Debt service payments total \$274 million in FY 2016, an increase of \$134 million or 96% over FY 2015. Debt service is the fastest growing category of expenditure in the out-years growing by an average of almost 18% per year and reaching \$529 million in FY 2020.

Aid to Local Governments is expected to increase by \$39 million, or 0.6%, in FY 2016. Assistance is funded at the FY 2015 level in most areas, with the exception of Education Aid, which grows \$36 million. For FY 2017 through 2020, local aid, including education aid, is expected to grow by 1.8% annually. Growth is slower than in prior forecasts as the result of legislation to slow the increase in mandated expenditures.

Entitlements, including Foster Care Payments and Medicaid, are expected to decline 1.1% in FY 2016. The decline in Medicaid in FY 2016 is primarily driven by savings from reductions in provider rates, including Managed Care Organizations. Growth in entitlement spending for the FY 2017 through 2020 period will average 7.3% a year. The rate of growth in Medicaid accelerates in future years because of rate adjustments and an increase in the State share of the cost of the Medicaid expansion population. Growth in other entitlements is expected to be modest.

Mandated State operations include funding for the legislative and judicial branches of government, St. Mary's College of Maryland and Baltimore City Community College, several scholarship programs, the Maryland School for the Deaf, Historic St. Mary's City Commission, and tourism/arts programs. Only about a third of the general fund budget is actually devoted to non-mandated, ongoing State operations. These include public safety, health, human resources, and higher education. Spending on State agencies actually declines when compared to the original FY 2015 appropriation, but some growth occurs related to adjustments for health insurance and retirement rates. Higher education institutions are expected to receive an average increase in State support of 4% per year for FY 2017 through FY 2020. Adjustments are included throughout the forecast period for the opening of new facilities.

The fiscal year 2016 budget includes no funding for a cost-of-living adjustment, employee pay increments, or deferred compensation. Additionally, the FY 2016 budget includes a pay plan adjustment reducing employee salaries. Increases for employee pay increments are included in the out-year forecast period. Other than health insurance and retirement rate contribution adjustments, no inflation has been included for the out-years. Finally, the out-year forecast assumes that the Maryland Department of Transportation will cover its costs tied to the Watershed Implementation Plan.

The budget includes a net general fund deficiency appropriation, after contingent reductions, of \$205 million for fiscal year 2015. The largest deficiency appropriation is in the Department of Health & Mental Hygiene for the Medicaid program. Other large deficiencies are included for the Departments Education and Public Safety.

## APPENDIX F FY 2014 – FY 2020 FORECAST

### Higher Education Fund Summary

Reporting of revenues and expenditures utilize uniform standards of the National Association of College and University Business Officers (NACUBO) and the American Institute of Certified Public Accountants (AICPA). Standardized fund accounting facilitates comparisons with other public and private institutions. Financial accounting for non-profit education entities provides information about resources and obligations rather than tracking net income.

There are multiple fund classifications as to purpose and source: Current, Loan, Endowment, Annuity, Plant, and Agency. Only Current Funds, Unrestricted and Restricted, are considered in the operating budget appropriation process and utilized in the five-year projections. Unless "restricted" by an outside donor, grantor or contractor, all other funds support missions through single-year operations.

**Tuition and Fees** – FY 2016 undergraduate resident tuition rates are projected to increase by 5% at most University System of Maryland (USM) institutions along with Morgan State University. St. Mary's College of Maryland's (SMCM) tuition rates remain largely unchanged from FY 2015 rates. The FY 2016 budget does include fee increases at some institutions and assumes flat enrollment with FY 2015. Tuition and fee revenues from FY 2017 through FY 2020 are projected to increase 4% per year. This plan expects non-residents to pay at least 100% of "educational" costs per student. Similar relationships have been developed for part-time student rates.

**State Appropriations** –The State appropriation includes Higher Education Investment Fund (HEIF) special funds and general funds. There is a total of \$63.7 million in HEIF special funds in the FY 2016 budget. General Fund adjustments to the State appropriation comprise \$44.2 million in January 7, 2015 Board of Public Works FY 2015 reductions and \$101.9 million in FY 2016 back-of-the-bill reductions. After accounting for these adjustments, the FY 2016 budget provides a 1.3% increase to USM and a 1% increase to Morgan. USM and Morgan's budgets for FY 2017 through FY 2020 assume an average increase in additional State appropriations of 4% per year. After accounting for adjustments, Baltimore City Community College's State appropriation in FY 2016 increases by 4% from the FY 2015 level and is projected to grow by an average of 3.8% in out years. SMCM receives a 5.8% increase; out years reflect projected increases of the statutory economic deflator averaging 2.8% per year.

**Grants and Contracts** – Because of the recent slowdown in federal spending, Federal Grants and Contracts are projected to be flat in out-years. Grants and contracts from state and local governments and private donors are assumed to grow by an average of 1% per year.

**Other Unrestricted Funds** - Sales and Services of Auxiliary Enterprises are projected to increase 3% per year due to both the rates charged and the population served by dorms and dining halls. Sales and Services of Educational Activities are projected to grow by an average of 1% per year. Other Sources are projected to remain flat in out-years.

**Transfers (to) / from Fund Balance** - This category includes reserves and revenues from one year's operations being used for expenditures in another year. For example, it is common for fund balances to differ from actual year to current year because of the carryover of unfinished business because higher education uses accrual accounting versus the State's cash accounting.

**Fund Balance** - Most of the fund balances are from other than State-supported operations. For example, auxiliary enterprises are normally self-supported through revenues other than general funds. Operating "reserves" equivalent to outstanding debt is recommended to maintain favorable bond ratings. Finally, long-term facility renewal and replacement require a set-aside for future projects, even though no major uses are reported.

**Restricted Funds** – Because of the uncertainty regarding federal sequestration, Federal Grants and Contracts are assumed to remain flat in out-years. All other sources of restricted funds are assumed to grow by an average of 1% per year.

## APPENDIX F FY 2014 – 2020 FORECAST

### **Transportation Trust Fund Summary**

The Department's revenue and operating cost projections are based on a long-term "moderate growth" scenario for the nation's economy. The major trends and assumptions are as follows: Bond interest rates are projected to fluctuate from 4% to 5%; inflation rates will vary from 1.8% to 2.5% annually. The normal "business cycles" that slowly began to resume in calendar year 2010, have continued through 2014. There are no major changes in law, operating responsibilities or external events other than those changes enacted in the 2013 Legislative Session.

**Revenues** – Motor Fuel Tax is projected to reach \$5.8 billion over the six-year period. This projection includes both the base rates on gasoline (23.5 cents/gallon) and diesel fuel (24.25 cents/gallon) and the revenue components provided by the Transportation Infrastructure Investment Act of 2013. The Consumer Price Index (CPI effect) is estimated to average 2.2 cents per gallon over the program period. The sales and use tax equivalent piece will be phased in. The rate effective January 1, 2015 is 6 cents per gallon. When fully implemented, it is estimated to average 9.6 cents per gallon. Growth in motor fuel usage is expected to average 0.5%, reflecting increasing fuel efficiency of vehicles and slower growth in vehicle miles traveled.

Motor Vehicle Titling Tax is projected to yield \$4.7 billion from the 6% of fair market value, less an allowance for trade-in, paid on the sale of all new and used vehicles as well as on new residents' vehicles. Following the recent down cycle, vehicle sales have stabilized, and titling tax revenues are starting to recover. It is projected that this six-year planning period will follow a normal business cycle around an underlying upward trend. Motor Vehicle Registration, Miscellaneous and other fees are projected to generate \$3.6 billion based mainly on an average 1.5% biennial increase in revenues from vehicles registered. This amount also includes the rental vehicle sales tax.

Transportation's share of Corporate Income Tax revenues is expected to be \$917 million. Federal Aid is projected to contribute \$5.5 billion for operating and capital programs, excluding the \$643 million received directly by Washington Metropolitan Area Transit Authority. The majority of federal aid supports the capital program.

Operating Revenues should provide a six-year total of \$2.7 billion. MTA revenues (\$1.1 billion) primarily include rail and bus fares. MPA revenues (\$300 million) include terminal operations, the World Trade Center, and other port-related revenues. MAA revenues (\$1.3 billion) include flight activities, rent and user fees, parking, airport concessions, and other aviation-related fees.

Bond Proceeds are assumed at \$3.6 billion from issuances in the six-year period based on the supporting net revenues of the Department. The remaining sources should provide \$743 million from trust fund investment income, reimbursements, and other miscellaneous revenues.

**Expenditures** - Normal expenditure projections utilize the CPI plus 1.0% for growth unless otherwise noted.

Debt Service reflects payment cycles of the planned bond issuances as of FY 2015 and thereafter. In FY 2016, the budget for modal operations increases by approximately \$59 million (4%). The growth is due to higher costs related to funding standard operating cost increases in Maryland's transportation systems.

The capital expenditures shown are in agreement with the Department's six-year Consolidated Transportation Program (CTP). Capital expenditures also are directly related to the level of revenues available for bond sale coverage. The bond outstanding ceiling is controlled by legislation and is adjusted when and as appropriate.

**Closing Fund Balances** – The Department's goal is to transition to a \$150 million fund balance over the program period to accommodate working cash-flow requirements during the year.

FY 2015 Deficiency- R00A02.01	State Department of Education- Aid to Education- State Share of Foundation Program	Specifies that the special fund appropriation of \$4,073,964 is contingent upon the enactment of legislation transferring Video Lottery Terminal revenue from local impact grants to the Education Trust Fund.
SECTION 2		Authorizes Secretary of Budget and Management to allot funds and fix the number and classifications of positions.
SECTION 3		Lists non-classified per diem and flat rate positions.
SECTION 4		Prohibits payment of compensation for a second office of profit within the meaning of the Constitution.
SECTION 5		Permits the expenditure of block grants and money derived from sources not estimated or included in the budget by budget amendment.
SECTION 6		Permits appropriation to be transferred among programs by budget amendment.
SECTION 7		Permits the expenditure of special and federal fund revenues in excess of budgeted amounts by budget amendment.
SECTION 8		Authorizes transfer of general fund amounts for operation of state facilities by budget amendment.
SECTION 9		Authorizes transfer of funds provided for tort claims to be transferred to the State Insurance Trust Fund. Sets limits on payments of tort claims.
SECTION 10		Authorizes transfer of general fund amounts for indirect cost pools by budget amendment.
SECTION 11		Restricts the use of funds budgeted for Annapolis Data Center charges. Authorizes the transfer of these funds among agencies by budget amendment.
SECTION 12		Sets forth the salary schedule for the Executive Pay Plan.
SECTION 13		Sets forth the salary schedule for the Department of Transportation Executive Pay Plan.

**APPENDIX H  
BUDGET BILL CONTINGENT AND RESTRICTIVE LANGUAGE**

<u>Budget Code</u>	<u>Agency</u>	<u>Summary of Language</u>
SECTION 14		Allows the transfer of funds from certain agencies to the Medical Assistance Program for services to clients who become eligible for Medical Assistance.
SECTION 15		Provides that amounts budgeted to conduct administrative hearings shall transfer to the Office of Administrative Hearings on July 1, 2015 and may not be expended for any other purpose.
SECTION 16		Funds budgeted in certain agencies may be transferred to the Children's Cabinet Interagency Fund.
SECTION 17		Funds budgeted for health insurance, retirees health insurance, Workers' Compensation, contractual employee health insurance, DBM-paid telecommunications, Office of Attorney General Administrative Fee, DoIT IT Services Allocation, State Personnel System Allocation, and Rent Paid to Department of General Services (DGS) may not be expended for any other purpose without the prior approval of the Secretary of Budget and Management. Funds budgeted for health insurance and DBM-paid telecommunications may be transferred by budget amendment among agencies. Funds not spent for health insurance and retirees health insurance shall revert to a specific fund.
SECTION 18		Provides that amounts budgeted to support the Maryland State Retirement Agency shall transfer to the Maryland State Retirement agency on July 1, 2015 and may not be expended for any other purpose.
SECTION 19		Specifies that the general fund appropriation shall be reduced by \$117,992,000 within Executive Branch agencies. Specifies the amount of the reduction within specific Executive Branch agencies.

**APPENDIX H  
BUDGET BILL CONTINGENT AND RESTRICTIVE LANGUAGE**

<u>Budget Code</u>	<u>Agency</u>	<u>Summary of Language</u>
SECTION 20		Specifies that the general fund appropriation shall be reduced by \$68,690,000, special fund appropriation by \$15,585,000, and federal fund appropriation by \$9,331,000 to provide a 2 percent reduction in state salary schedules. Specifies the amount of the reduction within specific Executive Branch agencies.
SECTION 21		Specifies that the general fund appropriation shall be reduced by \$81,219,294, special fund appropriation by \$12,914,334, and federal fund appropriation by \$8,386,038 to eliminate the July 1, 2015 and January 1, 2016 merit increases. Specifies the amount of the reduction within specific Executive Branch agencies.
SECTION 22		Specifies that the general fund appropriation shall be reduced by \$7,500,000 for salary and wages in FY 2015 related to the implementation of the State's Employee Voluntary Separation Program. Specifies that funding will be reduced in Executive Branch agencies in accordance with a schedule determined by the Governor.
SECTION 23		Specifies that the general fund appropriation shall be reduced by \$30,000,000 for salary and wages in FY 2016 related to the implementation of the State's Employee Voluntary Separation Program (VSP) or by abolishing vacant positions. Specifies that a total of 500 positions shall be reduced either through VSP or vacant position abolitions. Specifies that positions and funding for this purpose will be reduced in Executive Branch agencies in accordance with a schedule determined by the Governor.
SECTION 24		Specifies that subtotals and totals in the budget bill are informational only and are not legal appropriations.
SECTION 25		Sets out the estimated revenue and appropriations for the proposed budget to show that the budget meets the constitutional requirement for a balanced budget.

<sup>1</sup> Expressed as a percentage of total recoveries.

<sup>2</sup> A single indirect cost recovery rate is negotiated for usage by all Executive Department agencies.

<sup>3</sup> Military Department has been included beginning this year (FY 2013 actuals).

<sup>4</sup> Separate recovery rates are negotiated for each of the agency's programmatic units.

<sup>5</sup> Calculated and stated as a percentage of salaries and fringes.

<sup>6</sup> The Department of Human Resources utilizes a Federally Approved Public Assistance Cost Allocation Plan as required by OMB circular A-87 and does not have a fixed recovery rate.

<sup>7</sup> The Department of Labor, Licensing and Regulation data is based on federally approved FY 2012 plan.

<sup>8</sup> The Department of Public Safety and Correctional Services data is based on federally approved FY 2013 plan. No indirect costs for Patuxent in FY 2014.

<sup>9</sup> The State Department of Education has separate recovery rates, for each type of funding, that are approved annually by the U.S. Department of Education.

<sup>10</sup> Baltimore City Community College does not have a Federal negotiated indirect cost rate.

<sup>11</sup> The Department of Housing and Community Development data is based on federally approved FY 2010 plan.

<sup>12</sup> Older rates are utilized due to the delay in finalizing proposals, the Department of state Police data is based on federally approved FY 2013 plan. MSP submits yearly requests for rates unlike others that are given rates three years out.

\*\*\*FY15 includes BPW reduction of \$7.45 million. FY16 includes contingent reduction of \$7.2 million.

## MAJOR INFORMATION TECHNOLOGY DEVELOPMENT PROJECTS

---

Major Information Technology Development Projects (MITDPs) are separate, budgeted programs throughout the State Budget. The individual MITDPs are identified separately within each program for those agencies with MITDPs. The MITDPs are presented separately in this section in a manner similar to the capital budget program.

An MITDP is any information technology development project that meets one or more of the following criteria:

- The estimated total cost of development equals or exceeds \$1 million;
- The project is undertaken to support a critical business function associated with the public health, education, safety or financial well being of the citizens of Maryland; or
- The Secretary of the Department of Information Technology (DoIT) determines that the project requires the special attention and consideration given to a major IT development project due to the significance of the project's potential benefits or risks, the impact of the project on the public or local governments, the public visibility of the project, or other reasons as determined by the Secretary.

Separate budget programs for information technology development spending are created during the budget cycle. The term "development" has been defined as follows:

- "Development" means all expenditures for a new information technology system or an enhancement to an existing system, including system planning, procurement, creation, installation, testing and initial training.
- "Development" does not include ongoing operating costs, software or hardware maintenance, routine upgrades, or modifications that merely allow for the continuation of the existing level of functionality.
- "Development" does not include expenditures made after a new or enhanced system has been legally accepted by the user and is being used for the business process for which it was intended.

Each information technology budget sub-program is based on spending for individual MITDPs. Individual project sheets are provided for each project. The aggregated costs of these projects equals the total proposed spending in the MITDP budget program for each agency.

MITDPs must now follow a two-step process: Step 1) Planning and Step 2) Implementation. A project planning request defines the initial planning process for the project and estimates total cost and schedule required to complete Phases 1-4 of the State's SDLC methodology. Step 1 (Planning) must be approved by DoIT before agencies can proceed to Step 2 (Implementation).

For fiscal year 2016, all General Fund allowances are contained in the MITDP Fund financial agency (F50). These allowances are included in the individual project sheets as 'Special MITDPF' for presentation of total project development funding and summarized at the end of this document. Funds appropriated from these sources will be placed in F50A0101 and transferred by the Department of Information Technology to the agency major project program in accordance with the oversight responsibilities contained in State Finance and Procurement Article § 3A-309. Projected operations and maintenance expenditures, excluding the first year, are not reflected in reported amounts.

The cost of FY 2016 Oversight Project Management (including all tiers of the oversight program) has been allocated to participating projects within the funding amounts indicated. DoIT and the participating agency will transfer funds at the end of the FY to cover Oversight expenses.

All MITDPs for the Maryland Department of Transportation are captured within the Capital Budget program, and thus are not included in this section.

Summary by Agency

Summary by Fund

Summary of F50

Summary of Reclassified IT Projects

**D18 - Governor's Office for Children**

**Project Title: State Children, Youth and Families Information System (SCYFIS)**

**Appropriation Code: D18A18.02**

**Sub-Program Code: 0000**

**Project Summary:**

The Governor's Office for Children (GOC), on behalf of the Children's Cabinet, utilizes the State Children, Youth and Families Information System (SCYFIS) to receive, track, and analyze information on children placed in out-of-home Residential Child Care Programs. This project was submitted outside of the regular budget cycle. Project costs shown here reflect those for the Project Planning Request (PPR) phase only. Full project design and implementation costs will be determined as part of the planning process, and total project cost will be adjusted at the conclusion of the PPR phase. FY 2016 Allowance includes \$50,000 for oversight.

**Step 1 (Planning) funding only**

**Program Strategic Goals:**

To bring the SCYFIS system up to current technology standards and to build a modern database that will be accessible, reliable, and useful for GOC, the Children's Cabinet agencies, Residential Child Care Program providers and other key stakeholders. SCYFIS will be easily updated, upgraded and positioned to interface with other agency databases.

### D38 - State Board of Elections

**Project Title: New Voting System Replacement (NVSR) (formerly known as Optical Scan Voting System Implementation)**

**Appropriation Code: D38I0002**

**Sub-Program Code: 0003**

**Project Summary:**

The Maryland State Board of Elections (SBE) has been mandated (see Election Law Article § 9-102 of the Annotated Code of Maryland) to select, certify, and implement a new statewide voting system to replace the existing voting system. SBE intends to have the system in place and ready for use in the 2016 Presidential Election cycle. Project costs shown here reflect both PPR and PIR (Full project design and implementation costs). The FY 2016 Allowance includes \$500,000 for oversight. The amounts shown for FY 2015 include a deficiency appropriation of \$2,310,916.

**Program Strategic Goals:**

In 2007, the General Assembly enacted legislation requiring SBE to select and certify a voting system with a "voter-verifiable paper record." Accordingly, SBE's goal is to procure and implement a voting system that meets the requirements of §9-102 of the Election Law Article.

## D80 - Maryland Insurance Administration

**Project Title: Enterprise Complaint Tracking System (ECTS)**

**Appropriation Code: D80Z0102**

**Sub-Program Code: 1200**

**Project Summary:**

The MIA has identified the need to replace the current Enterprise Complaint Tracking System (ECTS) with a browser based document management technology that automates workflow by routing electronic documents and notifications across the organization, and enables on-line data entry, form creation, standard reports, ad-hoc queries and data exchange with internal and external systems. Project costs shown here reflect those for both the PPR and PIR phase only. The FY 2016 Allowance includes \$50,000 for oversight.

**IT Project Funding**

**Program Strategic Goals:**

Replacing the current Enterprise Complaint Tracking System (ECTS) with upgraded technology will provide the MIA with the ability to improve complaint resolution efficiency percentages beyond current targets.

## E00 - Comptroller of Maryland

**Project Title: Integrated Tax System (ITS)**

**Appropriation Code: E00A0402**

**Sub-Program Code: 0440**

**Project Summary:**

The Integrated Tax System (ITS) project will replace the Agency's State of Maryland Tax (SMART) system, Computer Assisted Collection System (CACS,) and other outdated tax processing systems and integrate with a robust data warehouse to both continue and expand revenue generating projects and provide enhanced reporting functionality. The integrated system will allow the Comptroller to efficiently administer all taxes and fees required by law. This includes the processing and collection of personal income tax and sales and use tax, the State's largest sources of revenue. Successful implementation will bring the Comptroller of Maryland (COM) a modernized system which makes use of current technologies and is supported by and adaptable to the mainstream IT workforce. Uniformity in processing across tax types will simplify compliance by taxpayers and allow for a more dynamic use of Comptroller staff. The FY2016 allowance includes \$100,000 for oversight.

**IT Project Funding**

**Program Strategic Goals:**

This project supports the primary mission of the COM – executive leadership for Maryland's financial management services through the fair and efficient collection of taxes, regulation of businesses, accurate forecasting and accounting of revenues and expenses, and the provision of technological services to State agencies. The ITS will allow for efficient tax processing and collection necessary to support this mission and the Agency's strategic goals: (1) provide public services in ways that achieve the highest level of individual and business customer satisfaction; (2) take advantage of existing and emerging IT applications to enhance business processes that currently use little or no technology, and improve the infrastructure for efficient implementation of these new technologies; and (3) vigorously enforce tax laws essential to the fair treatment of all taxpayers. Internal analysis has shown that the ITS will support, improve, and streamline nearly all COM business processes.

**F10 - Budget and Management, Department of**

**Project Title: Statewide Personnel System (SPS)**

**Appropriation Code: F50B0406**

**Sub-Program Code: P006**

**Project Summary:**

The purpose of the SPS project is to obtain commercial off-the-shelf (COTS) solutions to replace the State's legacy personnel systems. The new SPS will have high "cultural impact" on agencies and their users statewide. Because of this, to help lower the overall project risk profile, a multi-phased implementation strategy has been adopted, breaking the large project into two smaller project phases. The FY 2016 Allowance includes \$500,000 for oversight.

## F10 - Budget and Management, Department of

**Project Title: Central Collection Unit (CCU) Columbia Ultimate Business System (CUBS) Replacement**

**Appropriation Code: F50B0406**

**Sub-Program Code: P008**

**Project Summary:**

The Department of Budget and Management's CCU currently uses a customized version of Columbia Ultimate's Revenue Plus Collector System to track collection activity. Today, the CCU system manages over 1.4 million debtor accounts for the State of Maryland. The purpose of this project is to modernize CCU's core business application and implement a system to replace the legacy system. Cost can be better determined once requirements planning is complete. Project costs shown here reflect those for the PPR and PIR phases. Full project design and implementation costs will be determined as part of the planning process, and total project cost will be adjusted at the conclusion of the PPR phase. FY 2016 Allowance includes \$165,000 for oversight.

## F10 - Budget and Management, Department of

**Project Title: Enterprise Budgeting System (EBS)**

**Appropriation Code: F50B0406**

**Sub-Program Code: P010**

**Project Summary:**

In 2005, DoIT commissioned the Statewide Application Risks Assessment (SARA) of 12 legacy statewide systems, including those supporting human resources, timekeeping, benefits, budgeting, purchasing, accounting, central collections and payroll. Three of those systems were assessed as high risk - human resources, budgeting and timekeeping. The high risk factor was assessed because these systems were at the end of their useful lives and based on old technologies, with a recommendation for replacement. Project costs shown here reflect those for both the PPR and PIR phases. Full project design and implementation costs will be determined as part of the planning process, and total project cost will be adjusted at the conclusion of the PPR phase. Beginning in FY 2016, the project will be funded through a State agency allocation using Comptroller Object 0897- EBS System Allocation. FY 2016 Allowance includes \$500,000 for oversight.

**L00 - Agriculture, Department of**

**Project Title: MDA Telecomm/DataComm Upgrade**

**Appropriation Code: L00A1106**

**Sub-Program Code: 1610**

**Project Summary:**

MDA's aging infrastructure drives the need to upgrade and/or replace critical system components to include the MDA telephone system and network backbone. MDA's network and telephone systems located in Annapolis, Salisbury, and Frederick will be upgraded/replaced with newer technology that will be supported and meet the changing needs of staff and constituents. The current telephone system hardware and software are no longer supported by the vendor and must be upgraded or replaced. Project costs shown here reflect those for the PPR phase only. Full project design and implementation costs will be determined as part of the planning process, and total project cost will be adjusted at the conclusion of the PPR phase. The FY2016 allowance includes \$50,000 for oversight.

<b>Total</b>	-	-	-	<b>156,600</b>	-	-	-	156,600

**Step 1 (Planning) funding only**

**Program Strategic Goals:**

Many activities of the MDA are regulatory in nature, others are assigned to a category of public service and some are educational or promotional in scope. All are intended to provide the maximum protection possible for the consumer as well as promote the economic well-being of farmers, food and fiber processors and businesses engaged in agricultural related operations. MDA's telephone system and network are critical components for interfacing with constituents in a timely fashion.

**M00 - Health and Mental Hygiene, Department of**

**Project Title: Medicaid Enterprise Restructuring Project (MERP) - formerly Medicaid Management Information System (MMIS)**

**Appropriation Code: M00Q0108**

**Sub-Program Code: T801, T802, T803**

**Project Summary:**

The State is required to align with the federally mandated Medicaid Information Technology Architecture requirements. This project will modernize existing system functions and significantly enhance the goals of the MMIS ensuring that eligible individuals receive the health care benefits to which they are entitled and that providers are reimbursed promptly and efficiently. DHMH intends to replace its legacy MMIS claims processing system with a new MMIS system, which will also support coordination of benefits, surveillance and utilization review, federal and management reporting, and case management. In conjunction with the MMIS replacement, DHMH intends to add a Decision Support System (DSS); improve and enhance the Pharmacy e-Prescriber solution; implement a Service Oriented Architecture (SOA) Integration Framework, and develop an eligibility portal. The FY 2016 Allowance includes \$500,000 for oversight.

**M00 - Health and Mental Hygiene, Department of**

**Project Title: Maryland Board of Physicians (MPB) IT Licensure**

**Appropriation Code: M00A0108**

**Sub-Program Code: A803**

**Project Summary:**

The Board of Physicians (Board) is seeking a new more fully integrated medical licensure and investigation software system to replace its current antiquated systems. The Board's needs have exceeded its 1995 vintage software capabilities. These shortcomings have been noted in the 2011 Sunset Audit Review and a recent Perman study. The new software will facilitate the generation of more accurate reports on ongoing and completed Board activities. It will also facilitate increased internet interactions, allowing applicants and clients to receive more timely status reports. Project costs shown here reflect those for the PPR phase only. Full project design and implementation costs will be determined as part of the planning process, and total project cost will be adjusted at the conclusion of the PPR phase. FY 2016 Allowance includes \$50,000 for Oversight.

**Step 1 (Planning) funding only**

**Program Strategic Goals:**

Short comings in our current system have been identified in both the 2011 Sunset Evaluation and an independent review (the Perman Report). The proposed system will correct these deficiencies and also greatly improve the work efficiency for the Board.

**N00 - Human Resources, Department of**

**Project Title: Automated Financial System (AFS)**

**Appropriation Code: N00F0002**

**Sub-Program Code: 6B13**

**Project Summary:**

The AFS is a computerized fiscal tracking system that allows DHR's fiscal users to set up, print and track payments to various vendors, including payments to child care and foster care providers, maintains a history of financial transactions, generates a variety of fiscal reports including the 302A for assistance and the General Ledger; and produces annual 1099 data on disk for submission to Financial Management Information System (FMIS). AFS is written in an antiquated and unsupported Delphi technology. The application is outdated, prone to sensitive errors and difficult to enhance. Skills to support the application are not readily available. The system cannot take advantage of the newer technologies until it is moved to a more robust application language and the User Interface is modernized. Project costs shown here reflect those for the PPR phase only. Full project design and implementation costs will be determined as part of the planning process, and total project cost will be adjusted at the conclusion of the PPR phase. FY 2016 Allowance includes \$67,650 for oversight.

**IT Project Funding**

**Q00 - Public Safety and Correctional Services, Department of**

**Project Title: Enterprise Resource Planning Implementation Project (ERPIP)**

**Appropriation Code: Q00A0107**

**Sub-Program Code: 1190**

**Project Summary:**

This initiative will provide the ability for Maryland Correctional Enterprises (MCE) to revise and update its backend IT infrastructure, paper driven financial and manufacturing processes to better meet the needs of Maryland's correctional industries program. This initiative will allow more efficient management of an agency that currently generates over \$50M per year in sales and services and employs over 2,000 inmates daily in Maryland's correctional facilities. The current paper driven process and computing platform cannot keep up with the volume of information and sales being generated by MCE. Project costs shown here reflect those for the entire project now that it is in PIR phase. The FY 2016 Allowance includes \$50,000 for oversight.

**Program Strategic Goals:**

This initiative supports the following MCE goal: A solution whose basic core capabilities address, at a minimum, the needs for all the following functions: a) Enterprise Resource Planning, b) Customer Relationship Management, and c) Integrates with other state of Maryland systems primarily FMIS.

## R00 - Maryland State Department of Education

**Project Title: Enhanced Child Care Administration Tracking System II (eCCATS)**

**Appropriation Code: R00A0106**

**Sub-Program Code: F700**

**Project Summary:**

This follow-on to the CCATS project will define and implement enhancements to the base CCATS system. The goal is to improve the operational efficiency, system performance and end-to-end support of MSDE child care business processes responsibilities. Critical new functionality will provide for enhanced subsidy payments processing and tracking, correction of deficiencies in the credentialing interface to FMIS and completing business object report development and implementation of a robust reporting architecture. MSDE's approach is to implement enhancements as funds become available. FY 2016 Allowance includes \$50,000 for oversight.

R00A0101 Goal 1. Achievement will improve for each student.

## R95 - Baltimore City Community College

**Project Title: Enterprise Resource Planning (ERP) System**

**Appropriation Code: R95C0006**

**Sub-Program Code: 6618**

**Project Summary:**

Baltimore City Community College (BCCC) will be replacing its administrative system, which consists of archaic and no longer supported discrete siloed modules. This legacy system was cobbled together beginning in the late 90's and is mainframe and COBOL based. Maintaining this system is no longer a viable option, as companies that developed these systems are no longer providing support or are no longer in business. Project costs shown here reflect those for the PPR phase only. Full project design and implementation costs will be determined as part of the planning process, and total project cost will be adjusted at the conclusion of the PPR phase. This project is funded by current restricted/unrestricted funds. FY 2016 Allowance includes \$208,751 for oversight.

**IT Project Funding**

**Program Strategic Goals:**

The three main objectives of this project are to: 1.) Integrate platforms for simplification, 2.) Eliminate extraneous databases, and 3.) Improve workflows

## U00 - Environment, Department of

### Project Title: Environment Permit Tracking System Modernization

**Appropriation Code: U00A1002**

**Sub-Program Code: 3205**

#### Project Summary:

The Environmental Permit Tracking System Modernization Project will modernize how MDE currently captures Departmental permit data through the use of Dot NET technologies. This modernization effort will update the existing PowerBuilder user interface (UI) with one developed using current Dot Net technologies. This project also supports the Web Revamp Project by making services such as ePermitting and eCommerce accessible to Maryland citizens, businesses, and other stakeholders through the use of an interactive, customer-centric, web-based portal. FY 2016 Allowance includes \$50,000 for oversight.

#### IT Project Funding

#### Program Strategic Goals:

MDE's goal is to reduce the level of effort required to enter data into our centralized permit tracking system and ensure the technologies that support MDE's mission are cost effective and sustainable.

**V00 - Juvenile Services, Department of**

**Project Title: Automated Statewide Support and Information Systems Tools (ASSIST) System Upgrade**

**Appropriation Code: V00D0202**

**Sub-Program Code: 2200**

**Project Summary:**

The Maryland Department of Juvenile Services (DJS) has the ASSIST application, which is the main DJS client case management system. This system allows secure information sharing across the Maryland State government enterprise as well as other Federal agencies and private vendors. Its current platform is programmed in code that is classified as a “sunset” development platform by the Enterprise Architecture (EA) Repository. ASSIST and incorporated small applications, handle all business functions related to juvenile case work as well as the administrative functions of the agency. DJS uses numerous free standing applications; the ASSIST application has reached a saturation point with the complexities of these free standing incorporated systems. This has caused and continues to cause system errors, outages and frequent needs for maintenance. The current ASSIST system requires enhancements to address the new system complexities and to provide system stability. The FY2016 Allowance includes \$50,000 for oversight.

**Step 1 (Planning) funding only**

**Program Strategic Goals:**

This project supports each DJS program strategic goal through: 1.) Reduction of duplicate data entry; maximizing use of employee time; 2.) Secure information sharing across the Maryland state government enterprise as well as with other State and Federal government agencies and private vendors; 3.) Consistent data collection and reporting, resulting in standardized measures of outcome for strategic program goal performance, and 4.) Team programming methodology that will improve the efficiency of maintenance and future programming projects, as well as improved stability for daily operations.

**W00 - State Police, Department of**

**Project Title: Automated Licensing and Registration Tracking System (ALRTS)**

**Appropriation Code: W00A0112**

**Sub-Program Code: 1133**

**Project Summary:**

The Maryland State Police (MSP) have been charged with automating and streamlining the process by which a citizen of Maryland requests approval to purchase a firearm. This will involve automating the 77R Process, replacing the hardcopy application form with a web accessible form that may be submitted electronically to MSP headquarters. Project costs shown here reflect those for the PPR and PIR phases. Full project design and implementation costs will be determined as part of the planning process, and total project cost will be adjusted at the conclusion of the PIR phase. FY 2016 Allowance includes \$150,000 for oversight

### Summary of Reclassified IT Projects

Ag #	Agency	Project	Comment
M00	Health & Mental Hygiene	MERP (MMIS) ICD-10 Remediation	This project is in O & M. No development funding for FY16.
M00	Health & Mental Hygiene	Financial Restructuring of the Developmental Disabilities Administration (DDA)	This project has been merged with the LTSS project beginning FY16.
N00	Human Resources	Enterprise Content Management Solution (ECMS)	This project is in O & M. No development funding for FY16.
R00	Education	Educator Information System (EIS) Expansion - RTTT 49	This project is in O & M. No development funding for FY15.
W00	State Police	Computer Aided Dispatch/Records Management System (CAD/RMS)	This project is in O & M. No development funding for FY16.
W00	State Police	IP Enabled Network for ANI/ALI (E911)	This project is cancelled. No development funding for FY16.

**APPENDIX O**  
**HEALTH PLAN REVENUES AND EXPENDITURES FOR FISCAL YEARS 2014 - 2016**  
(\$ Millions)

	<b>FY 2014 <u>Actual</u></b>	<b>FY 2015 <u>Projected</u></b>	<b>FY 2016 <u>Projected</u></b>
<b>Beginning Fund Balance</b>	<b>\$287.8</b>	<b>\$215.8</b>	<b>\$42.0</b>
<b><u>Receipts</u></b>			
State Agencies	\$955.1	\$931.8	\$1,177.3
Employee	\$152.0	\$160.5	\$201.9
Retiree	\$79.2	\$78.6	\$99.4
Prescription Rebates, Audit Recoveries & Interest for Fund, & Other Adjustments <sup>1</sup>	\$61.6	\$64.4	\$57.4
<b>Total Receipts</b>	<b>\$1,247.9</b>	<b>\$1,235.3</b>	<b>\$1,536.0</b>
<b>Expenditures</b>	<b>(\$1,319.9)</b>	<b>(\$1,409.1)</b>	<b>(\$1,504.2)</b>
<b>Ending Fund Balance</b>	<b>\$215.8</b>	<b>\$42.0</b>	<b>\$73.8</b>
Estimated Liabilities and Reserves <sup>2</sup>	(105.5)	(105.5)	(105.5)
Fund Balance after IBNR	\$110.3	(\$63.5)	(\$31.7)

1 Other adjustments include one-time revenues and repayments, net receipts from direct pay and satellite participants and EGWP adjustments that affect prescription rebates.

2 This amount is an estimate of the cost of services provided at the end of one fiscal year that are not billed until the next fiscal year. These costs are deducted from the end of year balance to better reflect an "available balance" amount, but are not actually expended and are reflected in the beginning fund balance of the following year.

<b>Total</b>	<b>718,894,826</b>	<b>872,889,860</b>	<b>1,012,853,781</b>	<b>40.9%</b>

Notes: This presentation only includes state agency programs that have more than 50% of their activities directly related to Chesapeake Bay restoration. The FY 2016 allowance reflects contingent reductions in the Department of Natural Resources, Program Open Space, Rural Legacy, and the Maryland Agricultural Land Preservation Foundation. Funds reported that support personnel do not reflect across-the-board reductions in FY 2015 or FY 2016 associated with cost containment actions.

# Glossary

**Appropriation:** The amount of spending for an item legally authorized by the General Assembly.

**Appropriated Positions:** Synonymous with “authorized positions” (see below).

**Authorized Positions:** The number of full-time equivalent employees that may be employed at any one time on the regular State payroll. The number of authorized positions includes vacant positions. An agency may not exceed its total of authorized positions. Only the State’s Board of Public Works may increase the number of authorized positions during the fiscal year.

**Budget Bill:** Presents the Governor’s allowance as a bill that will become the legally enacted budget after the General Assembly approves it, including any amendments.

**Budget Books:** A series of volumes published each January that present the Governor’s allowance to the General Assembly for all appropriated programs in the budget as well as information on non-budgeted agencies.

**Budget Book Appropriation:** Reflects the Legislative appropriation plus/minus amendments approved during the fiscal year prior to the budget submission. The amount appears in the annual Budget Books.

**Capital Expenditure:** An expenditure for the acquisition or construction of buildings or other fixed assets, or for other tangible assets with a useful life of at least fifteen years.

**Contractual Positions:** The number of full-time equivalent employees working under employment contracts. Agencies generally use contractual employees for tasks of a limited duration or seasonal nature. Contractual employees are not eligible for most State fringe benefits.

**Current Restricted Funds:** Funds that may be used by higher education institutions only for restricted purposes. These consist principally of research grants and donations for particular purposes (i.e., student aid).

**Current Unrestricted Funds:** Funds that may be used by higher education institutions without restriction. These consist principally of the State appropriation, tuition and student fees.

**Deficiency Appropriation:** An appropriation for an expense in the current fiscal year that is not covered by the existing budget. Deficiency appropriations usually occur when workloads exceed projected amounts, new legislation requires expenditures not provided in the budget or unanticipated needs arise. The FY 2016 budget proposal includes deficiency appropriations for FY 2015.

**Federal Funds:** Grants and other payments from the federal government that flow through the State budget and are subject to applicable federal laws and regulations. Federal funds often require a State funding match. Medicaid and transportation programs are the largest sources of federal funding in the State budget.

**Fiscal Digest:** Book published annually by July 1 which reflects the State Budget enacted by the Legislature for the new fiscal year.

**Fiscal Year (FY):** The calendar on which the State operates for financial purposes. Maryland’s fiscal year begins on July 1 and ends on June 30. Thus fiscal year 2016 (FY 2016) begins on July 1, 2015 and continues until June 30, 2016.

**Full-Time Equivalent (FTE):** A method of calculating employment, workloads, enrollments or caseloads to adjust for part-time or part-year participation.

# Glossary

For example, part-time or part-year employees are factored according to the share of a full 2,080-hour year during which they are employed. A seasonal employee who works twenty hours a week for one-half of the year would count as a 0.25 full-time equivalent.

**General Fund:** State funds that may be used for any activity of the State. State income and sales tax revenues are the primary sources of General Funds. About half of State spending is attributable to the General Fund.

**Governor's Allowance:** The amount proposed by the Governor for an item in the State budget. In most instances the General Assembly may subtract from but may not add to the allowance.

**Non-budgeted Funds:** Some agencies have independent authority to make expenditures without legislative appropriations. Examples include the Injured Workers' Insurance Fund (which provides workers' compensation insurance) and the Maryland Transportation Authority (which operates certain bridges, tunnels and other transportation facilities). These agencies have independent revenue sources (i.e., insurance premiums, toll revenues) and are presented in the budget for information purposes only.

**Operating Expenditure:** As distinguished from "capital expenditures," these are expenses of ongoing operations of government and other expenditures that do not result in a tangible fixed asset with a useful life of at least fifteen years.

**Reimbursable Funds:** Funds transferred among agencies as payments for services provided by one agency to another. This designation is used to avoid double-counting funds on a state-wide basis

as reimbursable funds are not generally included in budget totals. An example is telephone service. Each operating agency pays the Department of Information Technology for the actual cost of its telephone usage from its general, special or federal funds. The Department of Information Technology, in turn, pays the telephone service provider with reimbursable funds.

**Request:** In the fall State agencies submit a budget request at a targeted amount specified for the next fiscal year.

**Special Funds:** Revenues dedicated to a specific purpose, such as licensing fees or certain tax revenues that may only be used for the purposes designated by law.

## Abbreviations

- CRF - Current Restricted Funds
- CUF - Current Unrestricted Funds
- FF - Federal Funds
- FY - Fiscal Year
- FTE - Full-time Equivalent
- GF - General Funds
- NBF - Non-budgeted Funds
- SF - Special Funds
- RF - Reimbursable Funds

# Acknowledgements

On behalf of the Budget Transition Team, I wish to acknowledge the extraordinary assistance and cooperation we received from the Department of Budget and Management, particularly from Secretary T. Eloise Foster, Marc Nicole, Jonathan Martin, and Terri Garraty.

I also thank Warren Deschenaux, Director of the Office of Policy Analysis at the Department of Legislative Services, and his staff for their invaluable assistance and advice as well.

Preparing this budget simply could not have been completed without the superb work of a small group of volunteers whose experience and institutional knowledge made possible the creation of this transformative budget which is herein submitted.

A special recognition goes to Senator Bobby Neall, appointed by Governor Hogan to lead his budget transition team. His wisdom, dedication, and hard work were invaluable to completing this budget.

I also wish to thank my colleagues, Senator Joseph Getty, Senator Marty Madden, former Delegate Timothy Maloney, Louise Hayman and Nicki McCann, who worked tirelessly on this project. The task required a combination of creativity and expertise, long hours and hard work from many people.

It is our expectation that this budget will be a strong first step in remediating the State's finances and will well serve the people of Maryland.

David R. Brinkley  
Secretary of Budget and Management
