# CONTRACTING SUMMARY

July 2009 – June 2010  
Provider Contracting and Credentialing  
Status Report

During the last twelve months, there have been numerous changes related to network providers in Maryland. Moving into the new fiscal year and contract extension, we will continue to work to provide a responsive and innovative approach to meeting the ongoing specialty care needs of the MD DPSCS inmate population. Wexford Health will strive to continue the synchronized effort between the medical care vendors, the network providers and the MDPSCS related to the coordination of inmate care. Some of the contracting accomplishments during the last year include the following:

- Continued focus and attention throughout the year to move forward with the development of the locked unit, secure outpatient clinics and expansion of the corrections health care program at Bon Secours Baltimore Health System. Concerted efforts on the part of all parties resulted in Bon Secours receiving a grant from the Maryland Hospital Association for construction of the inpatient locked unit. Construction is expected to be completed in September 2010.
- Continuously worked in conjunction with the appropriate parties at Bon Secours, CMS and Wexford Utilization Management to increase direction of authorizations for all appropriate specialty medical care and diagnostic radiology to Bon Secours.
- Expanded general surgery coverage in the Jessup region to include a second surgery clinic and an additional surgeon with all related and authorized off-site referrals sent to Bon Secours. Surgery coverage now includes two on-site clinics weekly in both Baltimore and Jessup and as needed in Hagerstown.
- Extended Bon Secours physician agreements and secured individual provider agreements for Bon Secours services to include Critical Care, Endocrinology, ENT, Pain Management, Physical Medicine, Rheumatology, and Thoracic Surgery. These specialty services are in addition to the Cardiology, Gastroenterology, General Surgery, Hematology and Oncology, Hospitalist coverage, Neurology, Orthopedics, Podiatry, Pulmonary Medicine, Urology and Vascular Diagnostic and Surgery services previously contracted and available for inpatient care and outpatient clinics as part of a continuing effort to focus care more appropriately at Bon Secours.
- Expanded physician coverage at Bon Secours to now include over 20 specialists covering over 18 specialty areas.
- Continued to work with CMS schedulers and Bon Secours Navigant Program in order to drive appropriate work to Bon Secours. This direction of care in turn provides the state with improved continuity of care and follow-up communication related to consultations/testing than had been available in the past.
- Worked in conjunction with the on-site dialysis vendor to provide continuity of dialysis care as related to ongoing physical plant issues in Baltimore and Jessup regions.
- Continually followed up with on-site specialists related to EPHR/NextGen access, issue resolution and training.

- Continued analysis of claims data to review provider utilization and develop ongoing updates to Preferred Provider Directories for the schedulers in the Baltimore, Eastern, Jessup and Western service delivery areas. Develop and maintain working relationships with Correctional Medical Services administration and physicians to more effectively provide requested care and medical services.
- Continual analysis of need and execution of contracts for appropriate on-site, off-site, and hospital-based physicians.
- Continued to credential and re-credential all contracted providers on-site and off-site per the terms of the contract with MD DPSCS and in compliance with Wexford Health's Credentialing Policies and Procedures.

Wexford Health provider contracting continues to contract on-site specialists and off-site ancillary, hospital and specialist providers that meet quality of care requirements and provide efficient and cost-effective medical care. We continue to work closely and communicate with all the medical vendors in a cooperative manner such that the department is well served by the current health care delivery model. It is our intention to provide superior service and ongoing assistance to the Office of Inmate Health Services with review and analysis of specialty care needs both on-site and off-site, assessment and development of telemedicine programs and continuing assessment of hospital based outpatient and inpatient care needs.

# CLAIMS SUMMARY

July 2009 - June 2010  
Claims and Customer Service Status Report

During fiscal year 2010 from July 2009 through June 2010, Wexford Health Claims and Customer Service Department continued to work with MD DPSCS Office of Inmate Health Services, Mr. Bass and his Audit Team to ensure smooth processes. A new reporting method was created, at Mr. Bass' request, to report fiscal year 2010 and fiscal year 2011 invoices separately. All correspondence was resolved within an average of 24 hours of receipt. All claims were processed within an average of 8 days of receipt.

STATISTICS

- Received 31,252 claims
- Processed 33,900 claims
- Pre-Check Registers 53
- Check Runs 52
- Yearly 2% QA Average – 98.99%
- Yearly >\$5,000 and Manual QA Average – 99.17%
- Identified 423 inmates that indicated possible Third Party Coverage.
  - 1 out of the 423 had secondary care
