# CONTRACTING SUMMARY

**July 2008 – June 2009**  
**Provider Contracting and Credentialing**  
**Status Report**

During the last twelve months, there have been numerous changes related to network providers in Maryland. Moving into the new fiscal year, we will continue to work for a more synchronized effort between the medical care vendors, the network providers and the MDPSCS related to the coordination of inmate care. Some of the contracting accomplishments during the last year include the following:

- Provided continuous focus and attention throughout the year to bring together the appropriate parties at Bon Secours, DPSCS and CMS. The concerted efforts of the many parties resulted in a funding appropriation by the state legislature for a locked patient unit and two locked holding units to be located at Bon Secours Baltimore. Construction is expected to begin mid-fiscal year 2010.
- Continuously worked in conjunction with parties at Bon Secours, CMS and Wexford Utilization Management to secure additional specialty coverage as well as increasing direction of authorizations for all appropriate specialty medical care and diagnostic radiology to Bon Secours.
- Secured joint agreement with Bon Secours and an Orthopedic Surgeon to implement on-site orthopedic clinics in the Baltimore and Jessup regions. These trice monthly clinics serve to provide significant savings related to reduction of off-site trips for orthopedic consults and minor orthopedic care. Authorized off-site procedures after initial on-site consultations are scheduled at Bon Secours.
- Secured agreements with two staff physicians at Bon Secours to provide Hospitalist services for all Bon Secours inpatient inmates. Coordinated process with CMS and Hospitalists for timely receipt of information regarding inpatient inmates.
- Extended Bon Secours agreement and secured individual provider agreements for Bon Secours clinic services to include Cardiology, Hematology and Oncology, Neurology, Podiatry, and Pulmonary Medicine. These outpatient clinics are in addition to the Gastroenterology, Orthopedics, Urology and Vascular outpatient clinics operating since May 2008 as part of a continuing effort to focus care more appropriately at Bon Secours.
- Continued to work with CMS schedulers and Bon Secours Navigant Program in order to drive appropriate work to Bon Secours. This direction of care in turn provides the state with improved continuity of care and follow-up communication related to consultations/testing than had been available in the past.
- Secured agreement with Metro OB/GYN for on-site gynecological and obstetrical care. This agreement replaced the agreement with Dr. Lenaye Lawyer through Bon Secours and allowed the continuation of on-site OB/GYN services in the Baltimore and Jessup regions.
- Secured agreement for on-site Nephrology clinic for pre-renal inmate patients in the Baltimore, Jessup and Hagerstown regions.

- Secured agreement for on-site Prosthodontist for a Western region inmate to eliminate state costs for transport.
- Secured agreement for on-site Physical Therapy services for the Eastern region. This contract arrangement will reduce and/or eliminate numerous weekly trips for off-site therapy services.
- Worked to improve the relationship with Peninsula Regional Medical Center and with the assistance of PRMC, worked to encourage additional provider participation for the Eastern region.
- Persisted from September through the end of the fiscal year in an ongoing attempt to obtain EPHR/NextGen access and training for the contracted on-site and telemedicine providers. We will diligently pursue access and training for all current contractors with a projected completion date of late August 2009.
- Continued analysis of claims data to review provider utilization and develop ongoing updates to Preferred Provider Directories for the schedulers in the Eastern, Jessup and Western service delivery areas. Develop and maintain working relationships with Correctional Medical Services administration and physicians to more effectively provide requested care and medical services.
- Analyzed the need and executed contracts appropriately for on-site, off-site, and hospital-based physicians.
- Continued to credential and re-credential all contracted providers on-site and off-site per the terms of the contract with MD DPSCS and in compliance with Wexford Health's Credentialing Policies and Procedures.

Wexford Health provider contracting continues to contract on-site specialists and off-site ancillary, hospital and specialist providers that meet quality of care requirements and provide efficient and cost-effective medical care. We continue to work closely and communicate with all the medical vendors in a cooperative manner such that the department is well served by the current health care delivery model. It is our intention to provide ongoing assistance to the Office of Inmate Health Services with review and analysis of specialty care needs both on-site and off-site, assessment and development of telemedicine programs and continuing assessment of hospital based outpatient and inpatient care needs.
