No compensation will be paid to the Contractor for any activities it performs during the Start-up Period.
- 1.4.3 As of the Go-Live Date contained in the Notice to Proceed (see Section 1.2 definition), anticipated to be on or about January 1, 2018, the Contractor shall perform all activities required by the Contract, including the requirements of this solicitation, and the offerings in its Technical Proposal, for the compensation described in its Financial Proposal.

1.4.5 The Contractor's obligations to pay invoices to subcontractors that provided services during the Contract term, as well as the audit, confidentiality, document retention, and indemnification obligations of the Contract (see Attachment A) shall survive expiration or termination of the Contract and continue in effect until all such obligations are satisfied.

1.5 Procurement Officer

The Procurement Officer is the sole point of contact in the State for purposes of this solicitation prior to the award of any Contract (see definition of "Procurement Officer" in Section 1.2).

The name and contact information of the Procurement Officer are indicated in the RFP Key Information Summary Sheet (near the beginning of the solicitation, after the Title Page and Notice to Vendors).

The Department may change the Procurement Officer at any time by written notice.

1.6 Contract Manager

The Contract Manager is the State representative for this Contract who is primarily responsible for Contract administration functions after Contract award (see definition of "Contract Manager" in Section 1.2).

The name and contact information of the Contract Manager are indicated in the RFP Key Information Summary Sheet (near the beginning of the solicitation, after the Title Page and Notice to Vendors).

The Department may change the Contract Manager at any time by written notice.

1.7 Pre-Proposal Conference

A Pre-Proposal Conference (the Conference) will be held at the date, time, and location indicated in the RFP Key Information Summary Sheet (near the beginning of the solicitation, after the Title Page and Notice to Vendors). All prospective Offerors are encouraged to attend in order to facilitate better preparation of their Proposals.

The Conference will be summarized. As promptly as is feasible subsequent to the Conference, a summary of the Conference and all questions and answers known at that time will be distributed to all prospective Offerors known to have received a copy of this RFP. This summary, as well as the questions and answers, will also be posted on eMaryland Marketplace. See RFP Section 1.8.

In order to assure adequate seating and other accommodations at the Conference, please e-mail or fax the Pre-Proposal Conference Response Form (**Attachment E**) to the attention of the Procurement Officer at least five (5) Business Days prior to the Pre-Proposal Conference date. In addition, if there is a need for sign language interpretation and/or other special accommodations due to a disability, please notify the Procurement Officer at least five (5) Business Days prior to the Pre-Proposal Conference date. The Department will make a reasonable effort to provide such special accommodation.

1.8 eMarylandMarketplace

Each Offeror is requested to indicate its eMaryland Marketplace (eMM) vendor number in the Transmittal Letter (cover letter) submitted at the time of its Proposal submission to this RFP.

eMM is an electronic commerce system administered by the Maryland Department of General Services. In addition to using the DBM website (<http://dbm.maryland.gov/pages/default.aspx>) and possibly other means for transmitting the

RFP and associated materials, the solicitation and summary of the Pre-Proposal Conference, Offeror questions and the Procurement Officer's responses, addenda, and other solicitation-related information will be provided via eMM.

In order to receive a contract award, a vendor must be registered on eMM. Registration is free. Go to <https://emaryland.buyspeed.com/bsc/login.jsp>, click on "Register" to begin the process, and then follow the prompts.

1.9 Questions

Written questions from prospective Offerors will be accepted by the Procurement Officer prior to the Conference. If possible and appropriate, such questions will be answered at the Conference. (No substantive question will be answered prior to the Conference.) Questions to the Procurement Officer shall be submitted via e-mail to the Procurement Officer's e-mail address indicated in the RFP Key Information Summary Sheet (near the beginning of the solicitation, after the Title Page and Notice to Vendors). Please identify in the subject line the Solicitation Number and Title. Questions, both oral and written, will also be accepted from prospective Offerors attending the Conference. If possible and appropriate, these questions will be answered at the Conference.

Questions will also be accepted subsequent to the Conference and should be submitted to the Procurement Officer via email in a timely manner prior to the Proposal due date. Questions are requested to be submitted at least five (5) days prior to the Proposal due date. The Procurement Officer, based on the availability of time to research and communicate an answer, shall decide whether an answer can be given before the Proposal due date. Time permitting, answers to all substantive questions that have not previously been answered, and are not clearly specific only to the requestor, will be distributed to all vendors that are known to have received a copy of the RFP in sufficient time for the answer to be taken into consideration in the Proposal.

1.10 Procurement Method

This Contract will be awarded in accordance with the Competitive Sealed Proposals method under COMAR 21.05.03.

1.11 Proposals Due (Closing) Date and Time

Proposals, in the number and form set forth in Section 4.2 "Proposals" must be received by the Procurement Officer at the Procurement Officer's address and no later than the Proposal Due date and time indicated in the RFP Key Information Summary Sheet (near the beginning of the solicitation, after the Title Page and Notice to Vendors) in order to be considered.

Requests for extension of this time or date will not be granted. Offerors mailing Proposals should allow sufficient mail delivery time to ensure timely receipt by the Procurement Officer. Except as provided in COMAR 21.05.03.02.F and 21.05.02.10, Proposals received after the due date and time listed in this section will not be considered.

Proposals may be modified or withdrawn by written notice received by the Procurement Officer before the time and date set forth in this section for receipt of Proposals.

Proposals may not be submitted by e-mail or facsimile. Proposals will not be opened publicly.

Vendors not responding to this solicitation are requested to submit the "Notice to Vendors" form, which includes company information and the reason for not responding (e.g., too busy, cannot meet mandatory requirements, etc.). This form is located in the RFP immediately following the Title Page (page ii).

1.12 Multiple or Alternate Proposals

Multiple and/or alternate Proposals will not be accepted. Offerors must submit one proposal encompassing all services for both Functional Area 1 and Functional Area 2.

1.13 Economy of Preparation

Proposals should be prepared simply and economically and provide a straightforward and concise description of the Offeror's Proposal to meet the requirements of this RFP.

1.14 Public Information Act Notice

An Offeror should give specific attention to the clear identification of those portions of its Proposal that it considers confidential and/or proprietary commercial information or trade secrets, and provide justification why such materials, upon request, should not be disclosed by the State under the Public Information Act, Md. Code Ann., General Provisions Article, Title 4. (Also, see RFP Section 4.4.3.2 "Claim of Confidentiality"). This confidential and/or proprietary information should be identified by page and section number and placed after the Title Page and before the Table of Contents in the Technical Proposal and if applicable, separately in the Financial Proposal.

Offerors are advised that, upon request for this information from a third party, the Procurement Officer is required to make an independent determination whether the information must be disclosed.

1.15 Award Basis

The Contract shall be awarded to the responsible Offeror submitting the Proposal that has been determined to be the most advantageous to the State, considering price and evaluation factors set forth in this RFP (see COMAR 21.05.03.03F), for providing the goods and services as specified in this RFP. See RFP Section 5 for further award information. The Department intends to award one contract for both Functional Area 1 and Functional Area 2.

1.16 Oral Presentation

Offerors may be required to make oral presentations to State representatives. Offerors must confirm in writing any substantive oral clarification of, or change in, their Proposals made in the course of discussions. Any such written clarifications or changes then become part of the Offeror's Proposal and are binding if the Contract is awarded. The Procurement Officer will notify Offerors of the time and place of oral presentations.

1.17 Duration of Proposal

Proposals submitted in response to this RFP are irrevocable for 365 days following the closing date for submission of Proposals or best and final offers if requested. This period may be extended at the Procurement Officer's request only with the Offeror's written agreement.

1.18 Revisions to the RFP

If it becomes necessary to revise this RFP before the due date for Proposals, the Department shall endeavor to provide addenda to all prospective Offerors that were sent this RFP or which are otherwise known by the Procurement Officer to have obtained this RFP. In addition, addenda to the RFP will be posted on the Department's procurement web page and through eMM. It remains the responsibility of all prospective Offerors to check all applicable websites for any addenda issued prior to the submission of Proposals. Addenda made after the due date for Proposals will be sent only

to those Offerors that submitted a timely Proposal and that remain under award consideration as of the issuance date of the addenda.

Acknowledgment of the receipt of all addenda to this RFP issued before the Proposal due date shall be included in the Transmittal Letter accompanying the Offeror's Technical Proposal (see RFP Section 4.4.2.3). Acknowledgement of the receipt of addenda to the RFP issued after the Proposal due date shall be in the manner specified in the addendum notice. Failure to acknowledge receipt of an addendum does not relieve the Offeror from complying with the terms, additions, deletions, or corrections set forth in the addendum.

1.19 Cancellations

The State reserves the right to cancel this RFP, to accept or reject any and all Proposals, in whole or in part, received in response to this RFP, to waive or permit the cure of minor irregularities, and to conduct discussions with all qualified or potentially qualified Offerors in any manner necessary to serve the best interests of the State. The State also reserves the right, in its sole discretion, to award a Contract based upon the written Proposals received without discussions or negotiations.

1.20 Incurred Expenses

The State will not be responsible for any costs incurred by any Offeror in preparing and submitting a Proposal, in making an oral presentation, in providing a demonstration, or in performing any other activities related to submitting a Proposal in response to this solicitation.

1.21 Protest/Disputes

Any protest or dispute related, respectively, to this solicitation or the resulting Contract shall be subject to the provisions of COMAR 21.10 (Administrative and Civil Remedies).

1.22 Offeror Responsibilities

The selected Offeror shall be responsible for all products and services required by this RFP. All subcontractors must be identified and a complete description of their role relative to the Proposal must be included in the Offeror's Proposal. If applicable, subcontractors utilized in meeting the established MBE or VSBE participation goal(s) for this solicitation shall be identified as provided in the appropriate Attachment(s) of this RFP (see Section 1.33 "Minority Business Enterprise Goals" and Section 1.41 "Veteran-Owned Small Business Enterprise Goals").

If an Offeror that seeks to perform or provide the services required by this RFP is the subsidiary of another entity, all information submitted by the Offeror, including but not limited to references, financial reports, or experience and documentation (e.g., insurance policies, bonds, letters of credit) used to meet minimum qualifications, if any, shall pertain exclusively to the Offeror, unless the parent organization will guarantee the performance of the subsidiary. If applicable, the Offeror shall submit with its Proposal an explicit statement, signed by an authorized representative of the parent organization, stating that the parent organization will guarantee the performance of the subsidiary.

A parental guarantee of the performance of the Offeror under this Section will not automatically result in crediting the Offeror with the experience and/or qualifications of the parent under any evaluation criteria pertaining to the Offeror's experience and qualifications. Instead, the Offeror will be evaluated on the extent to which the State determines that the experience and qualification of the parent are transferred to and shared with the Offeror, the parent is directly involved in the performance of the Contract, and the value of the parent's participation as determined by the State.

1.23 Substitution of Personnel

A. Continuous Performance of Key Personnel

Unless substitution is approved per paragraphs B-D of this section, Key Personnel shall be the same personnel proposed in the Contractor's Technical Proposal, which will be incorporated into the Contract by reference. Such identified Key Personnel shall perform continuously for the duration of the Contract, or such lesser duration as specified in the Technical Proposal. Key Personnel may not be removed by the Contractor from working under this Contract, as described in the RFP or the Contractor's Technical Proposal, without the prior written approval of the Contract Manager.

If the Contract is task order based, the provisions of this section apply to Key Personnel identified in each task order proposal and agreement.

B. Definitions

For the purposes of this section, the following definitions apply:

Extraordinary Personal Circumstance – means any circumstance in an individual's personal life that reasonably requires immediate and continuous attention for more than fifteen (15) days and that precludes the individual from performing his/her job duties under this Contract. Examples of such circumstances may include, but are not limited to: a sudden leave of absence to care for a family member who is injured, sick, or incapacitated; the death of a family member, including the need to attend to the estate or other affairs of the deceased or his/her dependents; substantial damage to, or destruction of, the individual's home that causes a major disruption in the individual's normal living circumstances; criminal or civil proceedings against the individual or a family member; jury duty; and military service call-up.

Incapacitating – means any health circumstance that substantially impairs the ability of an individual to perform the job duties described for that individual's position in the RFP or the Contractor's Technical Proposal.

Sudden – means when the Contractor has less than thirty (30) days' prior notice of a circumstance beyond its control that will require the replacement of any Key Personnel working under the Contract.

C. Key Personnel General Substitution Provisions

The following provisions apply to all of the circumstances of staff substitution described in paragraph D of this section.

1. The Contractor shall demonstrate to the Contract Manager's satisfaction that the proposed substitute Key Personnel have qualifications at least equal to those of the Key Personnel for whom the replacement is requested.
2. The Contractor shall provide the Contract Manager with a substitution request that shall include:
 - A detailed explanation of the reason(s) for the substitution request;
 - The résumé of the proposed substitute personnel, signed by the substituting individual and his/her formal supervisor;
 - The official résumé of the current personnel for comparison purposes; and
 - Any evidence of any required credentials.

3. The Contract Manager may request additional information concerning the proposed substitution. In addition, the Contract Manager and/or other appropriate State personnel involved with the Contract may interview the proposed substitute personnel prior to deciding whether to approve the substitution request.
4. The Contract Manager will notify the Contractor in writing of: (i) the acceptance or denial, or (ii) contingent or temporary approval for a specified time limit, of the requested substitution. The Contract Manager will not unreasonably withhold approval of a requested Key Personnel replacement.

D. Replacement Circumstances

1. Voluntary Key Personnel Replacement

To voluntarily replace any Key Personnel, the Contractor shall submit a substitution request as described in paragraph C of this section to the Contract Manager at least fifteen (15) days prior to the intended date of change. Except in a circumstance described in paragraph D.2 of this clause, a substitution may not occur unless and until the Contract Manager approves the substitution in writing.

2. Key Personnel Replacement Due to Vacancy

The Contractor shall replace Key Personnel whenever a vacancy occurs due to the sudden termination, resignation, leave of absence due to an Extraordinary Personal Circumstance, Incapacitating injury, illness or physical condition, or death of such personnel. (A termination or resignation with thirty (30) days or more advance notice shall be treated as a Voluntary Key Personnel Replacement as per Section D.1 of this section.).

Under any of the circumstances set forth in this paragraph D.2, the Contractor shall identify a suitable replacement and provide the same information or items required under paragraph C of this section within fifteen (15) days of the actual vacancy occurrence or from when the Contractor first knew or should have known that the vacancy would be occurring, whichever is earlier.

3. Key Personnel Replacement Due to an Indeterminate Absence

If any Key Personnel has been absent from his/her job for a period of ten (10) days due to injury, illness, or other physical condition, leave of absence under a family medical leave, or an Extraordinary Personal Circumstance and it is not known or reasonably anticipated that the individual will be returning to work within the next twenty (20) days to fully resume all job duties, before the 25th day of continuous absence, the Contractor shall identify a suitable replacement and provide the same information or items to the Contract Manager as required under paragraph C of this section.

However, if this person is available to return to work and fully perform all job duties before a replacement has been authorized by the Contract Manager, at the option and sole discretion of the Contract Manager, the original personnel may continue to work under the Contract, or the replacement personnel will be authorized to replace the original personnel, notwithstanding the original personnel's ability to return.

4. Directed Personnel Replacement

- a. The Contract Manager may direct the Contractor to replace any personnel who are perceived as being unqualified, non-productive, unable to fully perform the job duties due to full or partial Incapacity or Extraordinary Personal Circumstance, disruptive, or known, or reasonably believed, to have committed a major infraction(s) of law, agency, or Contract requirements. Normally, a directed personnel replacement will occur only after prior notification of problems with requested remediation, as described in paragraph 4.b. If after such remediation the Contract Manager determines that the personnel performance has not improved to the level necessary to continue

under the Contract, if at all possible at least fifteen (15) days notification of a directed replacement will be provided. However, if the Contract Manager deems it necessary and in the State's best interests to remove the personnel with less than fifteen (15) days' notice, the Contract Manager can direct the removal in a timeframe of less than fifteen (15) days, including immediate removal.

In circumstances of directed removal, the Contractor shall, in accordance with paragraph C of this section, provide a suitable replacement for approval within fifteen (15) days of the notification of the need for removal, or the actual removal, whichever occurs first.

- b. If deemed appropriate in the discretion of the Contract Manager, the Contract Manager shall give written notice of any personnel performance issues to the Contractor, describing the problem and delineating the remediation requirement(s). The Contractor shall provide a written Remediation Plan within ten (10) days of the date of the notice and shall implement the Remediation Plan immediately upon written acceptance by the Contract Manager. If the Contract Manager rejects the Remediation Plan, the Contractor shall revise and resubmit the plan to the Contract Manager within five (5) days, or in the timeframe set forth by the Contract Manager in writing.

Should performance issues persist despite the approved Remediation Plan, the Contract Manager will give written notice of the continuing performance issues and either request a new Remediation Plan within a specified time limit or direct the substitution of personnel whose performance is at issue with a qualified substitute, including requiring the immediate removal of the Key Personnel at issue.

Replacement or substitution of personnel under this section shall be in addition to, and not in lieu of, the State's remedies under the Contract or which otherwise may be available at law or in equity.

1.24 Mandatory Contractual Terms

By submitting a Proposal in response to this RFP, an Offeror, if selected for award, shall be deemed to have accepted the terms and conditions of this RFP and the Contract, attached herein as **Attachment A**. Any exceptions to this RFP or the Contract shall be clearly identified in the Executive Summary of the Technical Proposal. **A Proposal that takes exception to these terms may be rejected (see RFP Section 4.4.2.4).**

1.25 Bid/Proposal Affidavit

A Proposal submitted by an Offeror must be accompanied by a completed Bid/Proposal Affidavit. A copy of this Affidavit is included as **Attachment B** of this RFP.

1.26 Contract Affidavit

All Offerors are advised that if a Contract is awarded as a result of this solicitation, the successful Offeror will be required to complete a Contract Affidavit. A copy of this Affidavit is included as **Attachment C** of this RFP. This Affidavit must be provided within five (5) Business Days of notification of proposed Contract award. This Contract Affidavit is also required to be submitted by the Contractor with any Contract renewal, including the exercise of any options or modifications that may extend the Contract term. For purposes of completing Section "B" of this Affidavit (Certification of Registration or Qualification with the State Department of Assessments and Taxation), note that a business entity that is organized outside of the State of Maryland is considered a "foreign" business.

1.27 Compliance with Laws/Arrearages

By submitting a Proposal in response to this RFP, the Offeror, if selected for award, agrees that it will comply with all Federal, State, and local laws applicable to its activities and obligations under the Contract.

By submitting a response to this solicitation, each Offeror represents that it is not in arrears in the payment of any obligations due and owing the State, including the payment of taxes and employee benefits, and that it shall not become so in arrears during the term of the Contract if selected for Contract award.

1.28 Verification of Registration and Tax Payment

Before a business entity can do business in the State it must be registered with the State Department of Assessments and Taxation (SDAT). SDAT is located at State Office Building, Room 803, 301 West Preston Street, Baltimore, Maryland 21201. The SDAT website is <http://sdatcert3.resiusa.org/ucc-charter/>.

It is strongly recommended that any potential Offeror complete registration prior to the due date for receipt of Proposals. An Offeror's failure to complete registration with SDAT may disqualify an otherwise successful Offeror from final consideration and recommendation for Contract award.

1.29 False Statements

Offerors are advised that Md. Code Ann., State Finance and Procurement Article, § 11-205.1 provides as follows:

(a) In connection with a procurement contract a person may not willfully:

- (1) falsify, conceal, or suppress a material fact by any scheme or device;
- (2) make a false or fraudulent statement or representation of a material fact; or
- (3) use a false writing or document that contains a false or fraudulent statement or entry of a material fact.

(b) A person may not aid or conspire with another person to commit an act under subsection (a) of this section.

(c) A person who violates any provision of this section is guilty of a felony and on conviction is subject to a fine not exceeding \$20,000 or imprisonment not exceeding 5 years or both.

1.30 Payments by Electronic Funds Transfer

By submitting a response to this solicitation, the Bidder/Offeror agrees to accept payments by electronic funds transfer (EFT) unless the State Comptroller's Office grants an exemption. Payment by EFT is mandatory for contracts exceeding \$200,000. The selected Bidder/Offeror shall register using the COT/GAD X-10 Vendor Electronic Funds (EFT) Registration Request Form. Any request for exemption must be submitted to the State Comptroller's Office for approval at the address specified on the COT/GAD X-10 form, must include the business identification information as stated on the form, and must include the reason for the exemption. The COT/GAD X-10 form may be downloaded from the Comptroller's website at:

http://comptroller.marylandtaxes.com/Government_Services/State_Accounting_Information/Static_Files/APM/gadx-10.pdf

1.31 Prompt Payment Policy

This procurement and the Contract(s) to be awarded pursuant to this solicitation are subject to the Prompt Payment Policy Directive issued by the Governor's Office of Minority Affairs (GOMA) and dated August 1, 2008. Promulgated pursuant to Md. Code Ann., State Finance and Procurement Article, §§ 11-201, 13-205(a), and Title 14, Subtitle 3, and COMAR 21.01.01.03 and 21.11.03.01, the Directive seeks to ensure the prompt payment of all subcontractors on non-construction procurement contracts. The Contractor shall comply with the prompt payment requirements outlined in the Contract "Prompt Payment" clause (see **Attachment A**).

An overall MBE subcontractor participation goal of 5% of the Contract administrative fees ~~total contract dollar~~ amount **for the base Contract term and any option years, if exercised**, as set forth in the Offeror's Price Proposal (Attachment F), including all option years, if any, has been established for this procurement. The goal will be based on the administrative fees portion of the Offeror's Total Proposal Price for both Functional Area 1 and Functional Area 2.

There are no MBE subcontractor participation subgoals for this procurement.

- 1.33.7 The Contractor, once awarded a Contract, will be responsible for submitting or requiring its subcontractor(s) to submit the following forms to provide the State with ongoing monitoring of MBE Participation:
 - (a) **Attachment D-4A** (Prime Contractor Paid/Unpaid MBE Invoice Report).
 - (b) **Attachment D- 4B** (MBE Prime Contractor Report, *if applicable*)
 - (c) **Attachment D-5** (MBE Subcontractor/Contractor Unpaid MBE Invoice Report).

- 1.33.8 A Bidder/Offeror that requested a waiver of the goal or any of the applicable subgoals will be responsible for submitting the Good Faith Efforts Documentation to Support Waiver Request (**Attachment D-1C**) and all documentation within ten (10) Business Days from notification that it is the recommended awardee or from the date of the actual award, whichever is earlier, as required in **COMAR 21.11.03.11**.
- 1.33.9 All documents, including the MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule (**Attachment D-1A**), completed and submitted by the Bidder/Offeror in connection with its certified MBE participation commitment shall be considered a part of the resulting Contract and are hereby expressly incorporated into the Contract by reference thereto. All of the referenced documents will be considered a part of the Bid/Proposal for order of precedence purposes (see Contract – **Attachment A**, Section 2.1).
- 1.33.10 The Bidder/Offeror is advised that liquidated damages will apply in the event the Contractor fails to comply in good faith with the requirements of the MBE program and pertinent Contract provisions. (See Contract – **Attachment A**, “Liquidated Damages” clause).
- 1.33.11 As set forth in COMAR 21.11.03.12-1(D), when a certified MBE firm participates on a Contract as a Prime Contractor (including a joint-venture where the MBE firm is a partner), a procurement agency may count the distinct, clearly defined portion of the work of the Contract that the certified MBE firm performs with its own work force towards fulfilling up to fifty-percent (50%) of the MBE participation goal (overall) and up to one hundred percent (100%) of not more than one of the MBE participation sub-goals, if any, established for the Contract.

In order to receive credit for self-performance, an MBE Prime must list its firm in Section 4A of the MBE Participation Schedule (**Attachment D-1A**) and include information regarding the work it will self-perform. For the remaining portion of the overall goal and the subgoals, the MBE Prime must also identify certified MBE subcontractors (see Section 4B of the MBE Participation Schedule (**Attachment D-1A**)) used to meet those goals. If dually-certified, the MBE Prime can be designated as only one of the MBE subgoal classifications but can self-perform up to 100% of the stated subgoal.

As set forth in COMAR 21.11.03.12-1, once the Contract work begins, the work performed by a certified MBE firm, including an MBE Prime, can only be counted towards the MBE participation goal(s) if the MBE firm is performing a commercially useful function on the Contract.

- 1.33.12 With respect to Contract administration, the Contractor shall:
- (a) Submit to the Department’s designated representative by the 10th of the month following the reporting period:
 - i. A Prime Contractor Paid/Unpaid MBE Invoice Report (**Attachment D-4A**) listing any unpaid invoices, over 45 days old, received from any certified MBE subcontractor, the amount of each invoice and the reason payment has not been made; and
 - ii. (If Applicable) An MBE Prime Contractor Report (**Attachment D-4B**) identifying an MBE Prime’s self-performing work to be counted towards the MBE participation goals.
 - (b) Include in its agreements with its certified MBE subcontractors a requirement that those subcontractors submit to the Department’s designated representative by the 10th of the month following the reporting period an MBE Subcontractor Paid/Unpaid Invoice Report (**Attachment D-5**) that identifies the Contract and lists all payments to the MBE subcontractor received from the Contractor in the preceding reporting period month, as well as any outstanding invoices, and the amounts of those invoices.
 - (c) Maintain such records as are necessary to confirm compliance with its MBE participation obligations. These records must indicate the identity of certified minority and non-minority subcontractors employed on the Contract, the type of work performed by each, and the actual dollar value of work performed. Subcontract agreements documenting the work performed by all MBE participants must be retained by

the Contractor and furnished to the Procurement Officer on request.

- (d) Consent to provide such documentation as reasonably requested and to provide right-of-entry at reasonable times for purposes of the State's representatives verifying compliance with the MBE participation obligations. Contractor must retain all records concerning MBE participation and make them available for State inspection for three years after final completion of the Contract.
- (e) Upon completion of the Contract and before final payment and/or release of retainage, submit a final report in affidavit form and under penalty of perjury, of all payments made to, or withheld from MBE subcontractors.

1.34 Living Wage Requirements

Maryland law requires that Contractors meeting certain conditions pay a living wage to covered employees on State service contracts over \$100,000. Md. Code Ann., State Finance and Procurement Article, § 18-101 *et al.* The Commissioner of Labor and Industry at the Department of Labor, Licensing and Regulation requires that a Contractor subject to the Living Wage law submit payroll records for covered employees and a signed statement indicating that it paid a living wage to covered employees; or receive a waiver from Living Wage reporting requirements. See COMAR 21.11.10.05.

If subject to the Living Wage law, Contractor agrees that it will abide by all Living Wage law requirements, including but not limited to reporting requirements in COMAR 21.11.10.05. Contractor understands that failure of Contractor to provide such documents is a material breach of the terms and conditions and may result in Contract termination, disqualification by the State from participating in State contracts, and other sanctions. See the "Living Wage" clause in the Contract (**Attachment A**).

Additional information regarding the State's living wage requirement is contained in **Attachment G**. Bidders/Offerors must complete and submit the Maryland Living Wage Requirements Affidavit of Agreement (**Attachment G-1**) with their Bid/Proposal. If a Bidder/Offeror fails to complete and submit the required documentation, the State may determine a Bidder/Offeror to be not responsible under State law.

Contractors and subcontractors subject to the Living Wage Law shall pay each covered employee at least the minimum amount set by law for the applicable Tier area. The specific living wage rate is determined by whether a majority of services take place in a Tier 1 Area or Tier 2 Area of the State. The Tier 1 Area includes Montgomery, Prince George's, Howard, Anne Arundel and Baltimore Counties, and Baltimore City. The Tier 2 Area includes any county in the State not included in the Tier 1 Area. In the event that the employees who perform the services are not located in the State, the head of the unit responsible for a State Contract pursuant to §18-102(d) of Md. Code Ann., State Finance and Procurement Article shall assign the tier based upon where the recipients of the services are located.

The Contract resulting from this solicitation will be determined to be a Tier 1 Contract or a Tier 2 Contract depending on the location(s) from which the Contractor provides 50% or more of the services. The Bidder/Offeror must identify in its Bid/Proposal the location(s) from which services will be provided, including the location(s) from which 50% or more of the Contract services will be provided.

- If the Contractor provides 50% or more of the services from a location(s) in a Tier 1 jurisdiction(s) the Contract will be a Tier 1 Contract.
- If the Contractor provides 50% or more of the services from a location(s) in a Tier 2 jurisdiction(s), the Contract will be a Tier 2 Contract.
- If the Contractor provides more than 50% of the services from an out-of-State location, the State agency determines the wage tier based on where the majority of the service recipients are located. In this circumstance, this Contract will be determined to be a Tier 1 Contract.

Information pertaining to reporting obligations may be found by going to the Maryland Department of Labor, Licensing and Regulation (DLLR) website <http://www.dllr.state.md.us/labor/prev/livingwage.shtml>.

NOTE: Whereas the Living Wage may change annually, the Contract price may not be changed because of a Living Wage change.

SECTION 3 – SCOPE OF WORK

3.1 Background and Purpose

The State of Maryland provides an expansive range of employee benefit plans to approximately 76,000 Active Employees, 1,800 SLEOLA Employees, 2,200 Satellite Account Employees, 1,300 Direct Pay Enrollees, 12,000 Non-Medicare Retirees, 29,000 Medicare Retirees, and their covered Dependents. All Members and Dependents as defined in this RFP are eligible for coverage.

Current benefit plans include medical, prescription dental, group term life, accidental death and dismemberment, and flexible spending accounts.

These benefits are offered to a diverse workforce that includes clerical, administrative, technical, academic, professional, maintenance, educational (State colleges and universities), public safety, and appointed and elected officials at more than 300 different worksites.

Due to the large number of State employees, a diverse population and numerous employee work locations, the State sponsors annual Benefit Fairs during each annual open enrollment period. The State expects to conduct 140 or more Open Enrollment Benefit Fairs plus 150 or more monthly and/or quarterly wellness events throughout the State each year to answer employee and retiree questions and enhance engagement in the plans offered.

The State currently offers a self-insured pharmacy program for Active, Satellite, Direct Pay, and Non-Medicare employees and retirees. All Medicare-eligible retirees are offered prescription coverage through a self-insured EGWP plan. Both plans are currently administered by one PBM and have approximately 211,000 employees/retirees, spouses, and dependents (108,700 employees/retirees) enrolled. Of these members, 38,500 are Medicare-eligible retirees and spouses. The chart below provides a breakout of the enrollment as of December 2015 by employee status.

Employee Status	Number of Employees	Number of Dependents	Number of Members Participants
Active	62,625	76,239	138,864
SLEOLA	1,419	2,523	3,942
Satellite	2,220	2,343	4,563
Direct Pay	1,281	955	2,236
Non-Medicare Retiree	12,229	11,204	23,433
Medicare Retiree (EGWP)	28,913	9,565	38,478
Total	108,687	102,829	211,516

The prescription drug plan year runs from January 1 through December 31 and coincides with the State's calendar year benefits program. The total cost of the current prescription drug plan, including administrative fees and claims (but excluding Rebates), was approximately \$493 million (gross plan paid claims before Rebates) for calendar year 2015.

The current State Plan includes an extensive national retail network as well as open access to mail order and specialty pharmacies. Members use a prescription card to access services or, if using a non-participating pharmacy, submit paper claims directly to the Contractor for reimbursement. Authorizations of early refills and advance supplies are approved by the Contractor but may be overridden and audited by the State or a designee. The Contractor must provide the State full-service, operational and cost-efficient pharmacy benefit plan administration services for this population on a self-insured basis.

The State of Maryland also offers a purchasing pool arrangement for eligible local government entities and qualifying not-for-profit organizations in Maryland. This program is self-insured and administered through the current PBM Express Scripts.

DBM intends to make a single award to one Offeror for a plan Go-Live Date of January 1, 2018, (Contract Commencement to begin mid-2017 to provide sufficient implementation and set up) for pharmacy benefits management services (including EGWP services) to all State of Maryland plans and those entities eligible for the pharmacy purchasing pool. The goal of this solicitation is to identify a long-term PBM partner that demonstrates the ability and commitment to meet current and future goals of the Program.

The objectives of this procurement are to:

- Partner with a Contractor that can identify and implement various strategies to reduce and/or control the State’s ongoing prescription drug costs, including drug price inflation;
- Secure a fully transparent arrangement for the State Plan, which includes: complete and auditable reporting of revenue and Manufacturer Payments, information disclosure and 100% pass-through pricing;
- Make available to Participants prescription drugs and other pharmacy services that address their healthcare needs and contribute to overall wellness;
- Provide Participants convenient accessibility to a national pharmacy provider network, ensuring pharmacies (including independent pharmacies) in Maryland are well represented;
- Offer a pharmacy benefit of significant value via a thorough examination of pharmacy costs and implementation of innovative strategies designed to manage healthcare costs;
- Identify the most appropriate Contractor for the State and the Maryland Rx Program’s prescription management business for the duration of this contract;
- Provide competitive market pricing that allows for periodic market checks that ensure the most cost effective terms for the State; and
- Maximize cost-savings for the State and Maryland Rx Program participating entities by contracting on a fixed fee basis, with product discounts and incentives accruing directly to the State and Purchasing Pool Participants.

The Contractor is expected to provide volume pricing discounts relative to the number of claims, participants, and units of service growth. The Contractor is expected to commit to meeting and surpassing the minimum performance requirements set forth in this RFP and Attachments, including all transparency and pricing requirements.

As the Maryland Rx Program grows, the State expects to see its own self-insured plan become more cost effective. As the pharmacy and prescription benefits purchasing pool grows, the Department expects to be advantaged by the increased aggregate number of total lives and the increased aggregate drug purchases to obtain still lower unit costs for the products and services obtained by this RFP and higher Rebates and discounts. The State expects the Contractor to provide pricing that reflects the economies of scale that the growing purchasing pool produces.

The selected Offeror shall have approval from the CMS to serve as a Prescription Drug Sponsor (a “PDP Sponsor”) and to shall provide prescription drug coverage that meets the requirements of, and pursuant to, the Voluntary Prescription Drug Benefit Program set forth in Part D of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003, 42 U.S.C. §1395w-101 through 42 U.S.C. §1395w-152 (the “Act”) and all applicable and

related rules and regulations promulgated, issued or adopted by CMS or other governmental agencies with jurisdiction over enforcement of the Act, including, but not limited to 42 C.F.R. §423.1 through 42 C.F.R. §423.910 (with the exception of Subparts Q, R, and S), and the terms of any PDP Sponsor contract between CMS and Contractor (collectively, the “Medicare Drug Rules”).

3.2.2.1.5 Specialty Pharmacy Clinical and Utilization Tracking Programs:

3.2.2.1.5.1 For the specialty pharmacy ONLY, the Contractor may accept and not pass through certain limited fees. The fees that are exempt from the pass-through requirements are:

- b. Fees that are only to offset the costs associated with providing utilization data under manufacturer contracts and/or FDA rules/FDA required programs to track data related to utilization of certain specialty pharmacy medications; and
- c. Fees that are only to offset and pay for the cost of clinical programs provided to utilizers of certain specialty pharmacy medications in cases where the manufacturer contract for funding such clinical programs specifically prohibits passing the fee to the plan sponsor or plan.

3.2.2.1.5.2 The Contractor must document and disclose such exempt fees and be prepared to identify how the fees/payments are used solely in connection with the identified exemption and do not constitute revenue or other payments similar to Rebates or

Manufacturer Payments that are subject to pass-through. These disclosures and/or fees shall apply to the specialty medications as identified in the Contractor's Technical Proposal. In connection with disclosures of data in connection with these fees, the Contractor shall comply with the following:

- a. Disclosures shall be of the minimum necessary data, meaning de-identified data (*see* HIPAA Privacy Standards) in any case where de-identified data is sufficient;
- b. All disclosures and receipt of all fees are permitted by HIPAA and the HI-TECH Act as an action by the Plan (i.e. by a covered entity);
- c. Clinical programs that are the basis of the fee and/or disclosure are validated as clinical appropriate, do not influence product selection, and do not constitute marketing, as that term is defined by the HIPAA Privacy Standards and the HI-TECH Act; and
- d. The manufacturer or FDA limits distribution of the specialty medication to only those pharmacies that provide the utilization data.

3.2.2.1.6 Interest on Rebates / Payments – In connection with Rebate/Manufacturer Payments that are to be passed through and payments to pharmacies for claims, the following applies:

3.2.2.1.6.1 So long as the timing requirements of this RFP and Attachment are met, per Performance Guarantee 22 in Attachment P-9, as to the payments being remitted to the State or Purchasing Pool Participant (i.e. plan sponsor of a PPP), the Contractor may retain any interest or earnings on such funds during the limited period that such funds are held by the Contractor; and

3.2.2.1.6.2 Interest may be retained so long as the funds being held by the Contractor and on which it has earnings are commingled funds in the Contractor's own accounts that are not client-specific holdings (e.g., the Contractor receives a quarterly Rebate payment that is based on utilization of all members in all client plans administered by the Contractor and the Contractor has yet to analyze each plan's/client's utilization to properly attribute such Rebates to each plan/client so that the funds may be properly treated consistent with the client contract).

3.2.2.1.7 Annual Market Checks -- The Contractor shall participate in an Annual Market Check (see Section 1.2.1). If the Annual Market Check report validates an aggregate annualized savings of greater than 1% over the Contractor's proposed rates, the parties will discuss, in good faith, revisions to the pricing terms. Any revisions to the pricing terms resulting from the parties' negotiations will be effective January 1 of the following year, but no sooner than 30 days after completion of the Annual Market Check report. If the parties do not agree on any resulting revisions to pricing after the Annual Market Check the State of Maryland Department of Budget and Management may terminate this agreement upon 90 days prior notice.

3.2.2.3 Maryland Rx Purchasing Pool

3.2.2.3.1 The Contractor shall administer the Maryland Rx Purchasing Pool in accordance with COMAR 17.03.15, as amended, and other applicable law. The regulations are available on-line at: http://www.dsd.state.md.us/comar/SubtitleSearch.aspx?search=17.04.15.*.

3.2.2.3.2 Eligible members of Maryland Rx Purchasing Pool include the State of Maryland Employee and Retiree Health and Welfare Benefits Program participants, eligible local government entities, and qualifying not-for-profit organizations in Maryland. The State self-insured Plan is administered through the State Employee and Retiree Health and Welfare Benefits Program and is the only guaranteed member of the Maryland Rx Program Purchasing Pool.

3.2.2.3.3 The other entities will be entitled to participate in the Maryland Rx Program, and to secure PBM services from the Contractor. Such Purchasing Pool Members must agree to self-insure their respective plans and the risk of benefits coverage for their respective plans. Each Purchasing Pool Participant will be able to contract directly with the Contractor for pharmacy and prescription benefits management services on the terms and conditions described in this RFP, but by way of a separate contract with the Contractor. Drug purchases and enrollment from all participating Purchasing Pool Members will be aggregated to set certain cost and payment terms.

3.2.2.3.4 Drug ingredient cost and pricing terms, Dispensing Fees, and Rebates must be guaranteed by the Contractor and provided by the Contractor for the State and each Purchasing Pool Participant of the Maryland Rx Program. The Contractor may negotiate separate administrative services and separate administrative fees for each Purchasing Pool Participant in connection with providing administrative services for the Purchasing Pool Participant's prescription benefits plan. The State shall pay administrative fees to the Contractor for the administrative services in accordance with Attachment F: Financial Proposal for Functional Area 1.

3.2.2.3.5 Each Purchasing Pool Member shall set the premiums (including employer and employee portion as applicable) for its own self-insured plan and is not limited by premiums and employer contributions set by the State for the State's Plan.

3.2.2.3.6 The Contractor shall publicize and market the existence of the Maryland Rx Program.

- g. Pharmacy and prescription benefits management and administration services for the self-insured plan of each Purchasing Pool Member in accordance with terms and conditions set by the Contractor and the Purchasing Pool Member.

3.2.2.3.7.2 Services for Maryland Rx Program Management. The Contractor shall:

- a. Provide to the Department annual reports detailing aggregate population and utilization information for the Maryland Rx Program;
- b. Provide to the Department annual reports indicating the administrative fee costs and aggregate enrollment for each Purchasing Pool Member;
- c. Implement pricing discounts and guarantees, Dispensing Fee guarantees, Rebate guarantees for the State and all Purchasing Pool Members, and administrative fees for the State, at the beginning of the next month after which aggregate population goals for the Maryland Rx Program have been met which trigger changes in the pricing discounts and guarantees, Dispensing Fee guarantees, Rebates guarantees, and administrative fees; and
- d. Include in the aggregate enrollment for the Maryland Rx Program, for purposes of meeting the enrollment tiers at which pricing elements change, the enrollment of any Purchasing Pool Member that leaves the Maryland Rx Program but continues with the Contractor as its pharmacy/prescription benefits manager.

3.2.2.4 EGWP

3.2.2.4.1 The Offeror agrees to provide services for the State's EGWP program under the Medicare Drug rules, the EGWP Benefit will be deemed to be an EGWP administered by the Contractor, and each EGWP Enrollee will be deemed to be a Part D enrollee of Contractor who is covered by the EGWP benefit. The design of and administration of the EGWP Benefit is subject to the applicable requirement of the Medicare Drug Rules. The Department shall cooperate with Contractor and, upon Contractor's request, do, execute, acknowledge and deliver such further acts, reports and instruments as may be reasonably required or appropriate to administer the EGWP Benefit in compliance with Medicare Drug Rules, applicable state insurance laws and other applicable laws.

3.2.2.4.1.1 EGWP Benefit: The EGWP Benefit will satisfy all actuarial equivalence standards set forth in the Medicare Drug Rules. Department hereby agrees to cooperate with Contractor to perform the necessary actuarial equivalence calculations to determine whether the EGWP Benefit meets the foregoing actuarial equivalence standards prior to

the Effective Date. If the Contractor determines that the EGWP Benefit does not meet the actuarial equivalence standards, then Department shall cooperate with the Contractor to make necessary adjustments to the EGWP Benefit design to meet the actuarial equivalence standards.

3.2.2.4.2 Enrollment: By requesting a Member's enrollment as an EGWP Enrollee in the EGWP Benefit, Department represents that such EGWP Enrollee's eligibility as a Member in the Commercial Benefit will immediately terminate. An EGWP Enrollee may not have dual coverage under the EGWP Benefit and the Commercial Benefit; and therefore, after any EGWP Enrollee's enrollment in the EGWP Benefit, all Prescription Drug Claims and Member Submitted Claims submitted to Contractor under the Contract shall be treated as Prescription Drug Claims and shall be processed by Contractor in accordance with the EGWP Benefit. The following are required services under the terms of this RFP for EGWP enrollment and disenrollment.

3.2.2.4.2.1 Enrollment File: No later than thirty (30) days prior to the Effective Date and the first day of each EGWP Benefit enrollment period thereafter, the Department shall provide an Enrollment File to Contractor via the State's communication medium that lists those Part D Eligible Retirees for whom Department intends to make application for enrollment in the EGWP Benefit for that contract year. Department shall communicate all new enrollments (i.e., individuals who become eligible to participate in the EGWP Benefit outside of an annual election period), requested retroactive enrollments of Part D Eligible Retirees, and disenrollments from the EGWP Benefit via the State's communication medium. Contractor agrees to process retroactive enrollment requests pursuant to the requirements of the Medicare Drug Rules.

3.2.2.4.2.2 Contractor's Responsibilities: Contractor shall implement the Enrollment File following confirmation of the eligibility of the Part D Eligible Retirees listed on the Enrollment File with CMS eligibility files. A Part D Eligible Retiree will not be enrolled in the EGWP Benefit unless such individual is listed on both the Enrollment File submitted by Department and the CMS eligibility files. If an individual is listed on the Enrollment File provided by Department, but is not eligible for participation according to CMS eligibility files, then Contractor shall notify Department in a timely manner regarding such individual's ineligibility. Contractor will work with Department to determine if such individual has been rejected due to an administrative or clerical error (e.g., data field standards errors, rejections related to information input by Contractor related to the EGWP Benefit into the CMS system, etc.), or an error requiring individual retiree contact, and if so in either case, Contractor will take appropriate action and attempt to correct such error and resubmit the individual through the CMS system. Department acknowledges and agrees that Contractor may update in the Enrollment File any and all information concerning Part D Eligible Retirees upon receipt of corrected information from CMS, and Contractor may use such corrected information to obtain a Part D Eligible Retiree's enrollment in the EGWP Benefit. For all Part D Eligible Retirees that have been included by Department in the Enrollment File, but who are ultimately determined to be ineligible for participation in the EGWP Benefit, Contractor shall notify the individual of his or her ineligibility in the EGWP Benefit and take all other action as required by applicable law. Contractor shall communicate to Department any changes to a Part D Eligible Retiree's information in the Enrollment File based upon updates or corrections received from CMS.

3.2.2.4.2.3 Incomplete Enrollment File Information: Department's submission to Contractor of an inaccurate or incomplete Enrollment File (e.g., missing date of birth, last name, first name, etc.) or otherwise of incomplete information with respect to any individual Part D Eligible Retiree may result in a rejection of the Part D Eligible Retiree's enrollment in the EGWP Benefit. Contractor will provide Department with regular reports providing the details of all such incomplete information needed to enroll Part D Eligible Retirees. Department acknowledges and agrees that Contractor may contact Department's Part D Eligible Retirees to obtain the

information required hereunder and that Contractor will update the Enrollment File on Department's behalf to reflect additional information needed to complete enrollment of the Part D Eligible Retirees in the EGWP Benefit. If Contractor, using reasonable efforts, is not able to obtain all missing information from a Part D Eligible Retiree within twenty-one (21) Business Days after receiving Department's initial request for enrollment of the Part D Eligible Retiree in the EGWP Benefit, then Department's request shall be deemed cancelled and Contractor shall notify the individual of his or her non-enrollment in the EGWP Benefit and shall take all other action as required by applicable law.

3.2.2.4.2.4 Effective Date of Application for Enrollment into EGWP Benefit: Notwithstanding any provision of this RFP to the contrary, the effective date of the application for any Part D Eligible Retiree whom the Contractor seeks to enroll in the EGWP Benefit hereunder shall be the date on which the application for enrollment is entered by the Contractor into its enrollment system, subject however to any adjustments that the Contractor may make for retroactive enrollments as necessary to enroll the Part D Eligible Retiree in the EGWP Benefit.

3.2.2.4.2.5 Individual Disenrollment: If Department or Contractor determines that an EGWP Member is no longer eligible to participate as an EGWP Member in the EGWP Benefit (an "Ineligible Member"), such Ineligible Member shall be disenrolled in accordance with the Medicare Drug Rules.

3.2.2.4.2.6 Group Disenrollment: If, upon the expiration of the then term of the Contract, Department plans to disenroll its EGWP Enrollees from the EGWP Benefit using a group disenrollment process, then Department shall implement the following procedures:

3.2.2.4.2.6.1 Notification to EGWP Members: Department shall provide at least twenty-one (21) days (or such other minimum days' notice as required by the Medicare Drug Rules) prior written notice to each EGWP Member that Department plans to disenroll him or her from the EGWP Benefit and shall include with such written notification an explanation as to how the EGWP Member may contact CMS for information on other Medicare Part D options that might be available to the EGWP Member; and

3.2.2.4.2.6.2 Information to Contractor: Department shall provide all the information to Contractor that is required for Contractor to submit a complete disenrollment request transaction to CMS, as set forth in the Medicare Drug Rules.

3.2.2.4.2.7 Voluntary Disenrollment: If an EGWP Enrollee makes a voluntary request to be disenrolled from the EGWP Benefit (the "Voluntary Disenrollee") to Department, then Department shall notify Contractor at least sixty (60) days prior to the effective date of such Voluntary Disenrollee's disenrollment, in a manner and format as outlined by the Department. If Department does not timely notify Contractor of such Voluntary Disenrollee's disenrollment in the EGWP Benefit, then Contractor shall submit a retroactive disenrollment request to CMS. Department acknowledges that CMS may only grant up to a ninety (90) day retroactive disenrollment in such instances. If the Voluntary Disenrollee makes his or her request directly to Contractor, then Contractor shall direct the Voluntary Disenrollee to initiate the disenrollment with the Department.

3.2.2.4.3 EGWP Plan Administration Service: The Contractor will be responsible to provide all EGWP plan administration, billing, payment, and CMS coordination services as provided in the Compliance Checklist of Attachment P: Technical Proposal for Functional Area 2. The services include, but are not limited, to the following:

- a. Claims processing including proper application of discounts, COB, quality assurance, utilization management, TrOOP balances, coverage appeals and Explanation of Benefits (EOBs);
- b. Enrollee Communications, including opt out letter;
- c. Formulary and medication management services;
- d. Program reporting;
- e. Monthly premium billing and invoicing; and
- f. CMS reimbursement reporting and end-of-year reconciliation.

3.3 Security Requirements

- (b) At all times at any facility, the Contractor’s personnel shall cooperate with State site requirements that include but are not limited to being prepared to be escorted at all times, providing information for badge issuance, and wearing the badge in a visible location at all times.

3.3.2 Criminal Background Check

The Contractor shall obtain from each prospective employee a signed statement permitting a criminal background check. The Contractor shall secure at its own expense a Maryland State Police and/or FBI background check and shall provide the Contract Manager with completed checks on all new employees prior to assignment. The Contractor may not assign an employee with a criminal record to work under this Contract unless prior written approval is obtained from the Contract Manager.

3.3.3 Information Technology

For purposes of this solicitation and the resulting Contract:

- (a) "Sensitive Data" means information that is protected against unwarranted disclosure, to include Personally Identifiable Information (PII), Protected Health Information (PHI) or other private/confidential data, as specifically determined by the State. Sensitive Data includes information about an individual that (1) can be used to distinguish or trace an individual’s identity, such as name, social security number, date and place of birth, mother’s maiden name, or biometric records; (2) is linked or linkable to an individual, such as medical, educational, financial, and employment information; (3) falls within the definition of “personal information” under Md. Code Ann., Com. Law § 14-3501(d); or (4) falls within the definition of “personal information" under Md. Code Ann., State Gov’t § 10-1301(c).
- (b) “Relevant subcontractor” includes any subcontractor that assists the Contractor in the critical functions of the Contract, handles Sensitive Data, and/or assists with any related implemented system, excluding subcontractors that provide secondary services that are not pertinent to assisting the Contractor in the critical functions of the Contract, handling Sensitive Data, and/or assisting with any related implemented system.

- (c) The Contractor, including any relevant subcontractor(s), shall implement administrative, physical, and technical safeguards to protect State data that are no less rigorous than accepted industry standards for information security such as those listed below, and shall ensure that all such safeguards, including the manner in which State data is collected, accessed, used, stored, processed, disposed of and disclosed, comply with applicable data protection and privacy laws as well as the terms and conditions of this solicitation and resulting Contract.
- (d) The Contractor, including any and all subcontractor(s), agrees to abide by all applicable federal, State and local laws concerning information security and comply with current State of Maryland Department of Information Technology Security Policy: <http://doit.maryland.gov/support/Pages/SecurityPolicies.aspx>. The State IT Security Policy may be revised from time to time. The Contractor and all subcontractors shall comply with all such revisions. - (c) Establish policies and procedures to implement and maintain mechanisms for regular internal vulnerability testing of operating system, application, and network devices supporting the services provided under this Contract. Such testing is intended to identify outdated software versions, missing software patches, device or software misconfigurations, and to validate compliance with or deviations from the Contractor's and/or subcontractor's security policy. The Contractor and any relevant subcontractor(s) shall evaluate all identified vulnerabilities for potential adverse effect on the system's security and/or integrity and remediate the vulnerability promptly or document why remediation action is unnecessary or unsuitable. The Department shall have the right to inspect these policies and procedures and the performance of vulnerability testing to confirm the effectiveness of these measures for the services being provided under this Contract.
- (d) Where website hosting or Internet access is the service provided or part of the service provided, the Contractor and any relevant subcontractor(s) shall conduct regular external vulnerability testing. External vulnerability testing is an assessment designed to examine the Contractor's and subcontractor's security profile from the Internet without benefit of access to internal systems and networks behind the external security perimeter. The Contractor and any relevant subcontractor(s) shall evaluate all identified vulnerabilities on Internet-facing devices for potential adverse effect on the system's security and/or integrity and remediate the vulnerability promptly or document why remediation action is unnecessary or unsuitable. The Department shall have the right to

inspect these policies and procedures and the performance of vulnerability testing to confirm the effectiveness of these measures for the services being provided under this Contract.

At a minimum, the implemented measures should be consistent with the most current State of Maryland Department of Information Technology's Information Security Policy (<http://doit.maryland.gov/support/Pages/SecurityPolicies.aspx>), including specific requirements for password length, complexity, history, and account lockout.
- (g) Ensure State data under this service is not processed, transferred, or stored outside of the United States.
- (h) Ensure that State data is not comingled with the Contractor's and subcontractor's other clients' data through the proper application of data compartmentalization security measures. This includes but is not limited to classifying data elements and controlling access to those elements based on the classification and the user's access or security level.
- (i) Apply data encryption to protect State data, especially Sensitive Data, from improper disclosure or alteration. Data encryption should be applied to State data in transit over networks and, where possible, State data at rest within the system, as well as to State data when archived for backup purposes. Encryption algorithms utilized for this purpose must comply with current Federal Information Processing Standards (FIPS), "Security Requirements for Cryptographic Modules", FIPS PUB 140-2.

<http://doit.maryland.gov/support/Pages/SecurityPolicies.aspx>
- (k) Retain the aforementioned logs and review them at least daily to identify suspicious or questionable activity for investigation and documentation as to their cause and perform remediation, if required. The Department shall have the right to inspect these policies and procedures and the Contractor or subcontractor's performance to confirm the effectiveness of these measures for the services being provided under this Contract.
- (l) Ensure system and network environments are separated by properly configured and updated firewalls to preserve the protection and isolation of Sensitive Data from unauthorized access as well as the separation of production and non-production environments.
- (m) Restrict network connections between trusted and untrusted networks by physically and/or logically isolating systems supporting the services being provided under the Contract from unsolicited and unauthenticated network traffic.

- (n) Review at regular intervals the aforementioned network connections, documenting and confirming the business justification for the use of all service, protocols, and ports allowed, including the rationale or compensating controls implemented for those protocols considered insecure but necessary.
- (o) Ensure that the Contractor's and any subcontractor's personnel shall not connect any of their own equipment to a State LAN/WAN without prior written approval by the State. The Contractor/subcontractor shall complete any necessary paperwork as directed and coordinated with the Contract Manager to obtain approval by the State to connect Contractor/subcontractor-owned equipment to a State LAN/WAN.

3.3.3.2 Contingency / Disaster Recovery Plans

- (a) The Contractor and any relevant subcontractor(s) shall have robust contingency and disaster recovery plans in place to ensure that the services provided under this Contract will be maintained in the event of disruption to the Contractor/subcontractor's operations (including, but not limited to, disruption to information technology systems), however caused.
- (b) The contingency and disaster recovery plans must be designed to ensure that services under this Contract are restored after a disruption within 24 hours in order to avoid unacceptable consequences due to the unavailability of services.
- (c) The Contractor and any relevant subcontractor(s) shall test the contingency/disaster recovery plans at least twice annually to identify any changes that need to be made to the plan(s) to ensure a minimum interruption of service. Coordination shall be made with the State to ensure limited system downtime when testing is conducted. At least one annual test shall include backup media restoration and failover/fallback operations.
- (d) Such contingency and disaster recovery plans shall be available for the Department to inspect and to practically test at any reasonable time, and shall be subject to regular updating, revision, and testing throughout the term of the Contract.

- Names, titles, and contact information for progressively higher levels of personnel in the Contractor's organization who would become involved in resolving a problem;
- For each individual listed in the Contractor's PEP, the maximum amount of time a problem will remain unresolved with that individual before the problem escalates to the next contact person listed in the Contractor's PEP;

- Expedited escalation procedures and any circumstances that would trigger expedited escalation procedures;
- The method of providing feedback on resolution progress, including the frequency of feedback to be provided to the State;
- Contact information for persons responsible for resolving issues after normal business hours (e.g., evenings, weekends, holidays, etc.) and on an emergency basis; and
- A process for updating and notifying the Contract Manager of any changes to the PEP.

Nothing in this section shall be construed to limit any rights of the Contract Manager or the State which may be allowed by the Contract or applicable law.

3.9 SOC 2 Type 2 Audit Report

This section applies to the Contractor and any relevant subcontractor who provides services for the Department's identified critical functions, handles Sensitive Data [see RFP Section 3.3.3(c)], and/or hosts any related implemented system for the State under the Contract. For purposes of this section, "relevant subcontractor" includes any subcontractor that assists the Contractor in the critical functions of the Contract, handles Sensitive Data, and/or assists with any related implemented system, excluding subcontractors that provide secondary services that are not pertinent to assisting the Contractor in the critical functions of the Contract, handling Sensitive Data, and/or assisting with any related implemented system.

The Contractor shall have an annual audit performed, by an independent audit firm of the Contractor's choosing, of the Contractor's and any relevant subcontractor's handling of Sensitive Data and the Department's critical functions, which are identified as Insurance Claims Processing Services (collectively referred to as the "Information Functions and/or Processes"), and shall address all areas relating to Information Technology security and operational processes (see RFP Section 3.3.3.). These services provided by the Contractor and any relevant subcontractor that shall be covered by the audit will collectively be referred to as the "Information Functions and/or Processes." Such audits shall be performed in accordance with audit guidance: *Reporting on Controls at a Service Organization Relevant to Security, Availability, Processing Integrity, Confidentiality, or Privacy (SOC 2)* as published by the American Institute of Certified Public Accountants (AICPA) and as updated from time to time, or according to the most current audit guidance promulgated by the AICPA or similarly-recognized professional organization, as agreed to by the Department, to assess the security of outsourced client functions or data (collectively, the "Guidance") as follows:

- 3.9.1 The type of audit to be performed in accordance with the Guidance is a SOC 2 Type 2 Audit (referred to as the "SOC 2 Audit" or "SOC 2 Report"). The initial SOC 2 Audit shall be scheduled and completed within a timeframe to be specified by the Contract Manager. All subsequent SOC 2 Audits that are arranged after this initial audit shall be performed on annual basis and submitted to the Contract Manager by May 1 for the preceding calendar year.
- 3.9.2 The SOC 2 Audit shall report on the Contractor's and any relevant subcontractor's system(s) and the suitability of the design and operating effectiveness of controls of the Information Functions and/or Processes to meet the requirements of the Contract, including the Security Requirements identified in Section 3.3,

relevant to the following trust principles: Processing Integrity, Security, Availability, Confidentiality, and Privacy as defined in the aforementioned Guidance.

- 3.9.3 The audit scope of each year's SOC 2 Report may need to be adjusted (including the inclusion or omission of the relevant trust services principles of Security, Availability, Confidentiality, Processing Integrity, and/or Privacy) to accommodate any changes to the Contractor's and any relevant subcontractor's environment since the previous SOC 2 Report. Such changes may include but are not limited to the addition of Information Functions and/or Processes through modifications to the Contract, or due to changes in information technology or operational infrastructure implemented by the Contractor and/or subcontractor. The Contractor and any relevant subcontractor shall ensure that the audit scope of each year's SOC 2 Report engagement shall accommodate these changes by including in the SOC 2 Report all appropriate controls related to the current environment supporting the Information Functions and/or Processes, including those controls required by the Contract.
- 3.9.4 The scope of the SOC 2 Report shall include work performed by any subcontractors that provide essential support to the Contractor for the Information Functions and/or Processes for the services provided to the Department under the Contract. The Contractor shall ensure the audit includes all subcontractors operating in performance of the Contract.
- 3.9.5 All SOC 2 Audits, including those of the Contractor and any relevant subcontractor, shall be performed at no additional expense to the Department.
- 3.9.6 The Contractor and all relevant subcontractors shall promptly provide a complete copy of the final SOC 2 Report(s) to the Contract Manager upon completion of each SOC 2 Audit engagement.
- 3.9.7 The Contractor shall provide to the Contract Manager, within 30 calendar days of the issuance of each SOC 2 Report, a documented corrective action plan which addresses each audit finding or exception contained in a SOC 2 Report. The corrective action plan shall identify in detail the remedial action to be taken by the Contractor and/or subcontractor(s) along with the date(s) when each remedial action is to be implemented.
- 3.9.8 If the Contractor, including any relevant subcontract, currently has an annual information security assessment performed that includes the operations, systems, and repositories of the Information Functions and/or Processes being provided to the Department under the Contract, and if that assessment generally conforms to the content and objective of the Guidance, the Department will determine in consultation with appropriate State government technology and audit authorities whether the Contractor's and any relevant subcontractor's current information security assessments are acceptable in lieu of the SOC 2 Report(s).
- 3.9.9 If the Contractor and any relevant subcontractor fails during the Contract term to obtain an annual SOC 2 Report by the date specified in RFP Section 3.9.1, the Department shall have the right to retain an independent audit firm to perform an audit engagement of a SOC 2 Report of the Information Functions and/or Processes utilized or provided by the Contractor and any relevant subcontractor under the Contract. The Contractor and any relevant subcontractor agrees to allow the independent audit firm to access its facility/ies for purposes of conducting this audit engagement(s), and will provide the necessary support and cooperation to the independent audit firm that is required to perform the audit engagement of the SOC 2 Report. The Department will invoice the Contractor for the expense of the SOC 2 Report(s), or deduct the cost from future payments to the Contractor.

3.10 Liquidated Damages

See separately attached Excel Spreadsheet FA 1 Attachment: P-9 Performance Guarantees and FA 2 Attachment P-9 Performance Guarantees.

3.11 End of Contract Transition

The Contractor shall cooperate in the orderly transition of services from the Contract awarded under this solicitation to any subsequent contract for similar services. The transition period shall begin ninety (90) days before the Contract end date, or the end date of any final exercised option or contract extension. The Contractor shall work toward a prompt and timely transition, proceeding in accordance with the directions of the Contract Manager. The Contract Manager may provide the Contractor with additional instructions to meet specific transition requirements prior to the end of Contract.

SECTION 4 – PROPOSAL FORMAT

4.1 Two Part Submission

Offerors shall submit Proposals in separate volumes:

- Volume I – TECHNICAL PROPOSAL
- Volume II – FINANCIAL PROPOSAL

4.2 Proposals

4.2.1 Volume I – Technical Proposal, and Volume II – Financial Proposal shall be sealed separately from one another. It is preferred, but not required, that the name, email address, and telephone number of the Offeror be included on the outside of the packaging for each volume. Each Volume shall contain an unbound original, so identified, and six (6) copies. Unless the resulting package will be too unwieldy, the Department’s preference is for the two (2) sealed Volumes to be submitted together in a single package including a label bearing:

- The RFP title and number,
- Name and address of the Offeror, and
- Closing date and time for receipt of Proposals

To the Procurement Officer (see Section 1.5 “Procurement Officer”) prior to the date and time for receipt of Proposals (see Section 1.11 “Proposals Due (Closing) Date and Time”).

4.2.2 An electronic version (on Compact Disk/CD, Digital Versatile Disc/DVD, or Universal Serial Bus/USB Flash/Thumb Drive) of Volume 1-Technical Proposal in Microsoft Word format must be enclosed with the original Volume I - Technical Proposal submission along with a complete version of Volume 1 including all Attachments in an Adobe.pdf format. An electronic version (on CD, DVD, or USB Flash Drive) of Volume II - Financial Proposal in Microsoft Word or Microsoft Excel format must be enclosed with the original Volume II - Financial Proposal submission. Each CD/DVD/USB Flash Drive must be labeled on the outside with the RFP title and number, name of the Offeror, and volume number. Each CD/DVD/USB Flash Drive must be packaged with the original copy of the appropriate Proposal (Technical or Financial).

4.2.3 A second electronic version of Volume I and Volume II in searchable Adobe .pdf format shall be submitted on CD, DVD, or USB Flash Drive for Public Information Act (PIA) requests. This copy shall be redacted so that confidential and/or proprietary information has been removed (see Section 1.14 “Public Information Act Notice”).

4.2.4 Beginning with Tab B (see RFP Section 4.4.2.3), all pages of both Proposal volumes shall be consecutively-numbered from beginning (Page 1) to end (Page “x”). The Title Page, Table of Contents, and any Claim of Confidentiality (Tabs A and A-1; see RFP Sections 4.4.2.1 and 4.4.2.2), should be numbered using small Roman numerals (e.g., i, ii, iii, iv, v, etc.).

4.2.5 Proposals and any modifications to Proposals will be shown only to State employees, members of the Evaluation Committee, or other persons deemed by the Department to have a legitimate interest in them.

4.3 Delivery

Offerors may either mail or hand-deliver Proposals.

- 4.3.1 For U.S. Postal Service deliveries, any Proposal that has been received at the appropriate mailroom, or typical place of mail receipt, for the respective procuring unit by the time and date listed in the RFP will be deemed to be timely. If an Offeror chooses to use the U.S. Postal Service for delivery, the Department recommends that it use Express Mail, Priority Mail, or Certified Mail only as these are the only forms for which both the date and time of receipt can be verified by the Department. It could take several days for an item sent by first class mail to make its way by normal internal mail to the procuring unit and an Offeror using first class mail will not be able to prove a timely delivery at the mailroom.
- 4.3.2 Hand-delivery includes delivery by commercial carrier acting as agent for the Offeror. For any type of direct (non-mail) delivery, an Offeror is advised to secure a dated, signed, and time-stamped (or otherwise indicated) receipt of delivery.
- 4.3.3 After receipt, a Register of Proposals identifying each Offeror will be prepared. The Register of Proposals will be open to inspection only after the Procurement Officer makes a determination recommending the award of the Contract.

4.4 Volume I – Technical Proposal

Note: No pricing information is to be included in the Technical Proposal (Volume 1). Pricing information is to be included only in the Financial Proposal (Volume II).

4.4.1 Format of Technical Proposal

Inside a sealed package described in Section 4.2 “Proposals,” the unbound original, six (6) copies, and the electronic version shall be provided. The RFP sections are numbered for ease of reference. Section 4.4.2 sets forth the order of information to be provided in the Technical Proposal, e.g., Section 4.4.2.1 “Title and Table of Contents,” Section 4.4.2.2 “Claim of Confidentiality,” Section 4.4.2.3 “Transmittal Letter,” Section 4.4.2.4 “Executive Summary,” etc. In addition to the instructions below, responses in the Offeror’s Technical Proposal should reference the organization and numbering of Sections in the RFP (e.g., “Section 3.2.1 Response . . . ; “Section 3.2.2 Response . . . ,” etc.). This Proposal organization will allow State officials and the Evaluation Committee (see RFP Section 5.1) to “map” Offeror responses directly to RFP requirements by Section number and will aid in the evaluation process.

All electronic submissions must be formatted for printing and without password protection.

- 4.4.2 **The Technical Proposal** shall include the following documents and information in the order specified as follows. Each section of the Technical Proposal shall be separated by a TAB as detailed below:

4.4.2.1 Title Page and Table of Contents (Submit under TAB A)

The Technical Proposal should begin with a Title Page bearing the name and address of the Offeror and the name and number of this RFP. A Table of Contents shall follow the Title Page for the Technical Proposal, organized by section, subsection, and page number.

4.4.2.2 Claim of Confidentiality (If applicable, submit under TAB A-1)

Any information which is claimed to be confidential is to be noted by reference and included after the Title Page and before the Table of Contents, and if applicable, also in the Offeror’s Financial Proposal. An explanation for each claim of confidentiality shall be included (see Section 1.14 “Public Information Act Notice”). The entire Proposal should not be given a blanket confidentiality

designation. Any confidentiality designation must apply to specific sections, pages, or portions of pages of the Proposal.

4.4.2.3 **Transmittal Letter (Submit under TAB B)**

A Transmittal Letter shall accompany the Technical Proposal. The purpose of this letter is to transmit the Proposal and acknowledge the receipt of any addenda. The Transmittal Letter should be brief and signed by an individual who is authorized to commit the Offeror to the services and requirements as stated in this RFP. The Transmittal Letter should include the following:

- Name and address of the Offeror;
- Name, title, e-mail address, and telephone number of primary contact for the Offeror;
- Solicitation Title and Solicitation Number that the Proposal is in response to;
- Signature, typed name, and title of an individual authorized to commit the Offeror to its Proposal;
- Federal Employer Identification Number (FEIN) of the Offeror, or if a single individual, that individual's Social Security Number (SSN);
- Offeror's eMM number;
- Offeror's MBE certification number (if applicable);
- Acceptance of all State RFP and Contract terms and conditions (see Section 1.24); if any exceptions are taken, they are to be noted in the Executive Summary (see Section 4.4.2.4); and
- Acknowledgement of all addenda to this RFP.

4.4.2.4 **Executive Summary (Submit under TAB C)**

The Offeror shall condense and highlight the contents of the Technical Proposal in a separate section titled "Executive Summary." The Summary shall identify the Service Category(ies) and Region(s) for which the Offeror is proposing to provide services (if applicable). In addition, the Summary shall indicate whether the Offeror is the subsidiary of another entity, and if so, whether all information submitted by the Offeror pertains exclusively to the Offeror. If not, the subsidiary Offeror shall include a guarantee of performance from its parent organization as part of its Executive Summary (see RFP Section 1.22 for more information).

The Summary shall also identify any exceptions the Offeror has taken to the requirements of this RFP, the Contract (Attachment A), or any other attachments. Exceptions to terms and conditions may result in having the Proposal deemed unacceptable or classified as not reasonably susceptible of being selected for award.

If the Offeror has taken no exceptions to the requirements of this RFP, the Contract (Attachment A), or any other attachments, the Executive Summary shall so state.

4.4.2.5 **Minimum Qualifications Documentation (Submit under TAB D)**

The Offeror shall submit any Minimum Qualifications documentation that may be required, as set forth in Section 2 "Offeror Minimum Qualifications."

4.4.2.6 **Offeror Technical Response to RFP Requirements and Proposed Work Plan (Submit under TAB E)**

- a. The Offeror shall address each Scope of Work requirement (Section 3.2) in its Technical Proposal and describe how its proposed services, including the services of any proposed subcontractor(s), will meet or exceed the requirement(s). If the State is seeking Offeror

agreement to any requirement(s), the Offeror shall state its agreement or disagreement. Any paragraph in the Technical Proposal that responds to a Scope of Work (Section 3.2) requirement shall include an explanation of how the work will be done. Any exception to a requirement, term, or condition may result in having the Proposal classified as not reasonably susceptible of being selected for award or the Offeror deemed not responsible.

- b. The Offeror shall give a definitive **section-by-section** description of the proposed plan to meet the requirements of the RFP, i.e., a Work Plan. The Work Plan shall include the specific methodology and techniques to be used by the Offeror in providing the required services as outlined in RFP Section 3, Scope of Work. The description shall include an outline of the overall management concepts employed by the Offeror and a project management plan, including project control mechanisms and overall timelines. Project deadlines considered contract deliverables must be recognized in the Work Plan.
- c. The Offeror shall identify the location(s) from which it proposes to provide the services, including, if applicable, any current facilities that it operates, and any required construction to satisfy the State's requirements as outlined in this RFP.
- d. The Offeror shall provide a draft Problem Escalation Procedure (PEP) that includes, at a minimum, titles of individuals to be contacted by the Department's Contract Manager should problems arise under the Contract and explain how problems with work under the Contract will be escalated in order to resolve any issues in a timely manner. Final procedures shall be submitted as indicated in RFP Section 3.5.
- e. All required signatures, explanations, and attachments, including Attachment P (see Section 3.2.2.2.2), as described in this RFP must be included in the Offeror's Technical Proposal. Proposals are incorporated into the Contract.

4.4.2.7 **Experience and Qualifications of Proposed Staff (Submit under TAB F)**

The Offeror shall identify the number and types of staff proposed to be utilized under the Contract.

The Offeror shall describe in detail how the proposed staff's experience and qualifications relate to their specific responsibilities, including any staff of proposed subcontractor(s), as detailed in the Work Plan. The Offeror shall include individual résumés for the Key Personnel, including Key Personnel for any proposed subcontractor(s), who are to be assigned to the project if the Offeror is awarded the Contract. Each résumé should include the amount of experience the individual has had relative to the Scope of Work set forth in this solicitation. Letters of intended commitment to work on the project, including letters from any proposed subcontractor(s), shall be included in this section.

The Offeror shall provide an Organizational Chart outlining personnel and their related duties. The Offeror shall include job titles and the percentage of time each individual will spend on his/her assigned tasks. Offerors using job titles other than those commonly used by industry standards must provide a crosswalk reference document.

4.4.2.8 **Offeror Qualifications and Capabilities (Submit under TAB G)**

The Offeror shall include information on past experience with similar projects and/or services. The Offeror shall describe how its organization can meet the requirements of this RFP and shall also include the following information:

4.4.2.9 **References (Submit under TAB H)**

At least three (3) references are requested from customers who are capable of documenting the Offeror's ability to provide the services specified in this RFP. References used to meet any Offeror Minimum Qualifications (see Section 2) may be used to meet this request. Each reference shall be from a client for whom the Offeror has provided services within the past five (5) years and shall include the following information:

- a. Name of client organization;
- b. Name, title, telephone number, and e-mail address, if available, of point of contact for client organization; and
- c. Value, type, duration, and description of services provided.

The Department reserves the right to request additional references and to utilize references not provided by an Offeror.

4.4.2.10 **List of Current or Prior State Contracts (Submit under TAB I)**

Provide a list of all contracts with any entity of the State of Maryland for which the Offeror is currently performing services or for which services have been completed within the last five (5) years. For each identified contract, the Offeror is to provide:

- a. The State contracting entity;
- b. A brief description of the services/goods provided;
- c. The dollar value of the contract;
- d. The term of the contract;
- e. The State employee contact person (name, title, telephone number, and, if possible, e-mail address); and
- f. Whether the contract was terminated before the end of the term specified in the original contract, including whether any available renewal option was not exercised.

Information obtained regarding the Offeror's level of performance on State contracts will be used by the Procurement Officer to determine the responsibility of the Offeror and considered as part of the experience and past performance evaluation criteria of the RFP.

4.4.2.11 **Financial Capability (Submit under TAB J)**

An Offeror must include in its Proposal a commonly-accepted method to prove its fiscal integrity. If available, the Offeror shall include Financial Statements, preferably a Profit and Loss (P&L) statement and a Balance Sheet, for the last two (2) years (independently audited preferred).

In addition, the Offeror may supplement its response to this Section by including one or more of the following with its response:

- a. Dunn and Bradstreet Rating;
- b. Standard and Poor's Rating;

- c. Lines of credit;
- d. Evidence of a successful financial track record; and
- e. Evidence of adequate working capital.

4.4.2.12 **Certificate of Insurance (Submit under TAB K)**

The Offeror shall provide a copy of its current certificate of insurance showing the types and limits of insurance in effect as of the Proposal submission date. The current insurance types and limits do not have to be the same as described in Section 3.4. See Section 5.6 for the required insurance certificate submission for the recommended Offeror.

4.4.2.13 **Subcontractors (Submit under TAB L)**

The Offeror shall provide a complete list of all subcontractors that will work on the Contract if the Offeror receives an award, including those utilized in meeting the MBE and/or VSBE subcontracting goal, if applicable. This list shall include a full description of the duties each subcontractor will perform and why/how each subcontractor was deemed the most qualified for this project. See Sections 4.4.2.6 and 4.4.2.7 for additional Offeror requirements related to Subcontractors.

4.4.2.14 **Legal Action Summary (Submit under TAB M)**

This summary shall include:

- d. In instances where litigation is on-going and the Offeror has been directed not to disclose information by the court, provide the name of the judge and location of the court.

4.4.2.15 **Economic Benefit Factors (Submit under TAB N)**

The Offeror shall submit with its Proposal a narrative describing benefits that will accrue to the Maryland economy as a direct or indirect result of its performance of this Contract. Proposals will be evaluated to assess the benefit to Maryland's economy specifically offered. The economic benefit offered should be consistent with the Offeror's Total Proposal Price from Attachment F, the Financial Proposal Form. See COMAR 21.05.03.03A(3).

Proposals that identify specific benefits as being contractually enforceable commitments will be rated more favorably than Proposals that do not identify specific benefits as contractual commitments, all other factors being equal.

Offerors shall identify any performance guarantees that will be enforceable by the State if the full level of promised benefit is not achieved during the Contract term.

As applicable, for the full duration of the Contract, including any renewal period, or until the commitment is satisfied, the Contractor shall provide to the Procurement Officer or other designated agency personnel reports of the actual attainment of each benefit listed in response to this section. These benefit attainment reports shall be provided ~~quarterly~~ upon the Procurement Officer's

request but not more frequently than quarterly, unless elsewhere in these specifications a different reporting frequency is stated.

Please note that in responding to this section, the following do not generally constitute economic benefits to be derived from this Contract:

- a. generic statements that the State will benefit from the Offeror's superior performance under the Contract;
- b. descriptions of the number of Offeror employees located in Maryland other than those that will be performing work under this Contract; or
- c. tax revenues from Maryland based employees or locations, other than those that will be performing, or used to perform, work under this Contract.

Discussion of Maryland-based employees or locations may be appropriate if the Offeror makes some projection or guarantee of increased or retained presence based upon being awarded this Contract.

Examples of economic benefits to be derived from a contract may include any of the following. For each factor identified below, identify the specific benefit and contractual commitments and provide a breakdown of expenditures in that category:

- a. The Contract dollars to be recycled into Maryland's economy in support of the Contract, through the use of Maryland subcontractors, suppliers and joint venture partners. Do not include actual fees or rates paid to subcontractors or information from your Financial Proposal;
- b. The number and types of jobs for Maryland residents resulting from the Contract. Indicate job classifications, number of employees in each classification and the aggregate payroll to which the Offeror has committed, including contractual commitments at both prime and, if applicable, subcontract levels. If no new positions or subcontracts are anticipated as a result of this Contract, so state explicitly;
- c. Tax revenues to be generated for Maryland and its political subdivisions as a result of the Contract. Indicate tax category (sales taxes, payroll taxes, inventory taxes and estimated personal income taxes for new employees). Provide a forecast of the total tax revenues resulting from the Contract;
- d. Subcontract dollars committed to Maryland small businesses and MBEs; and
- e. Other benefits to the Maryland economy which the Offeror promises will result from awarding the Contract to the Offeror, including contractual commitments. Describe the benefit, its value to the Maryland economy, and how it will result from, or because of the Contract award. Offerors may commit to benefits that are not directly attributable to the Contract, but for which the Contract award may serve as a catalyst or impetus.

4.4.3 **Additional Required Technical Submissions (Submit under TAB O)**

4.4.3.1 The following documents shall be completed, signed, and included in the Technical Proposal, under TAB O that follows the material submitted in response to Section 4.4.2.

The Offeror shall complete the Financial Proposal Form only as provided in the Financial Proposal Instructions and the Financial Proposal Form itself.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

SECTION 5 – EVALUATION COMMITTEE, EVALUATION CRITERIA, AND SELECTION PROCEDURE

5.1 Evaluation Committee

Evaluation of Proposals will be performed in accordance with COMAR 21.05.03 by a committee established for that purpose and based on the evaluation criteria set forth below. The Evaluation Committee will review Proposals, participate in Offeror oral presentations and discussions, and provide input to the Procurement Officer. The Department reserves the right to utilize the services of individuals outside of the established Evaluation Committee for advice and assistance, as deemed appropriate.

5.2 Technical Proposal Evaluation Criteria

The criteria to be used to evaluate each Technical Proposal are listed below in descending order of importance. Unless stated otherwise, any subcriteria within each criterion have equal weight.

5.2.1 Offeror’s Technical Response to RFP Requirements and Work Plan (See RFP Section 4.4.2.6)

The State prefers an Offeror’s response to work requirements in the RFP that illustrates a comprehensive understanding of work requirements and mastery of the subject matter, including an explanation of how the work will be done. Proposals which include limited responses to work requirements such as “concur” or “will comply” will receive a lower ranking than those Proposals that demonstrate an understanding of the work requirements and include plans to meet or exceed them.

5.2.2 Experience and Qualifications of Proposed Staff (See RFP Section 4.4.2.7)

5.2.3 Offeror Qualifications and Capabilities, including proposed Subcontractors (See RFP Sections 4.4.2.8 – 4.4.2.14)

5.2.4 Economic Benefit to State of Maryland (See RFP Sections 4.4.2.15)

5.3 Financial Proposal Evaluation Criteria

All Qualified Offerors (see Section 5.5.2.4) will be ranked from the lowest (most advantageous) to the highest (least advantageous) price based on the Total Proposal Price within the stated guidelines set forth in this RFP and as submitted on **Attachment F** - Financial Proposal Form.

~~The Financial Proposal Form is used to calculate the Offeror’s Total Proposal Price, which will be the sum of the total fees from both “FA1 Attachment F Commercial and Maryland Rx Purchasing Pool” and “FA2 Attachment F EGWP.”~~
For FA1-Attachment F, the “Total for the Duration of the Contract” found in Column L and Row 99137 will be multiplied by .95 for the F-4 Tab (Pricing for Fewer than 150,000 Purchasing Pool Participants) and by .05 for the F-5 Tab (Pricing for More than 149,999 Purchasing Pool Participants) and the products added together to arrive at a weighted total as displayed in the F-7 Tab for FA-1 Attachment F. For FA2-Attachment F, the EGWP Total for Contract Years 1 and 2 found in Column G, Row 99137/193 will be multiplied by .95 for the F-4 Tab (Pricing for Fewer than 150,000 Purchasing Pool Participants) and by .05 for the F-5 Tab (Pricing for More than 149,999 Purchasing Pool Participants) and the products added together to arrive at a weighted total as displayed in the F-7 Tab for FA-2 Attachment F. The weighted totals for FA-1 Attachment F and FA-2

Attachment F will be added to arrive at the Offeror's Total Proposal Price, by which an Offeror's Financial Proposal will be evaluated.

5.4 Reciprocal Preference

Although Maryland law does not generally authorize procuring units to favor resident Offerors in awarding procurement contracts, many other states do grant their resident businesses preferences over Maryland contractors. Therefore, COMAR 21.05.01.04 permits procuring units to apply a reciprocal preference in favor of a Maryland resident business under the following conditions:

- The Maryland resident business is a responsible Offeror;
- The most advantageous offer is from a responsible Offeror whose principal office or principal operations through which it would provide the services required under this RFP is in another state;
- The other state gives a preference to its resident businesses through law, policy, or practice; and
- The Maryland resident preference does not conflict with a federal law or grant affecting the procurement Contract.

The preference given shall be identical to the preference that the other state, through law, policy, or practice gives to its resident businesses.

5.5 Selection Procedures

5.5.1 General

The Contract will be awarded in accordance with the Competitive Sealed Proposals (CSP) method found at COMAR 21.05.03. The CSP method allows for the conducting of discussions and the revision of Proposals during these discussions. Therefore, the State may conduct discussions with all Offerors that have submitted Proposals that are determined to be reasonably susceptible of being selected for contract award or potentially so. However, the State reserves the right to make an award without holding discussions.

In either case (i.e., with or without discussions), the State may determine an Offeror to be not responsible and/or an Offeror's Proposal to be not reasonably susceptible of being selected for award at any time after the initial closing date for receipt of Proposals and prior to Contract award. If the State finds an Offeror to be not responsible and/or an Offeror's Technical Proposal to be not reasonably susceptible of being selected for award, that Offeror's Financial Proposal will subsequently be returned if the Financial Proposal is unopened at the time of the determination.

5.5.2 Selection Process Sequence

5.5.2.1 A determination is made that the MDOT Certified MBE Utilization and Fair Solicitation Affidavit (**Attachment D-1A**) is included and is properly completed, if there is an MBE goal. In addition, a determination is made that the Veteran-Owned Small Business Enterprise (VSBE) Utilization Affidavit and Subcontractor Participation Schedule (**Attachment M-1**) is included and is properly completed, if there is a VSBE goal. Finally, a determination is made that all Offeror Minimum Qualifications, if any (See RFP Section 2), have been satisfied.

5.5.2.2 Technical Proposals are evaluated for technical merit and ranked. During this review, oral presentations and discussions may be held. The purpose of such discussions will be to assure a full understanding of the State's requirements and the Offeror's ability to perform the services, as well as

to facilitate arrival at a Contract that is most advantageous to the State. Offerors will be contacted by the State as soon as any discussions are scheduled.

- 5.5.2.3 Offerors must confirm in writing any substantive oral clarifications of, or changes in, their Technical Proposals made in the course of discussions. Any such written clarifications or changes then become part of the Offeror's Technical Proposal. Technical Proposals are given a final review and ranked.
- 5.5.2.4 The Financial Proposal of each Qualified Offeror (a responsible Offeror determined to have submitted an acceptable Proposal) will be evaluated and ranked separately from the Technical evaluation. After a review of the Financial Proposals of Qualified Offerors, the Evaluation Committee or Procurement Officer may again conduct discussions to further evaluate the Offeror's entire Proposal.
- 5.5.2.5 When in the best interest of the State, the Procurement Officer may permit Qualified Offerors to revise their initial Proposals and submit, in writing, Best and Final Offers (BAFOs). The State may make an award without issuing a request for a BAFO.

5.5.3 Award Determination

Upon completion of the Technical Proposal and Financial Proposal evaluations and rankings, each Offeror will receive an overall ranking. The Procurement Officer will recommend award of the Contract to the responsible Offeror that submitted the Proposal determined to be the most advantageous to the State. In making this most advantageous Proposal determination, technical factors will receive equal weight with financial factors.

5.6 Documents Required upon Notice of Recommendation for Contract Award

Upon receipt of a Notification of Recommendation for Contract Award, the following documents shall be completed, signed if applicable with original signatures, and submitted by the recommended awardee within five (5) Business Days, unless noted otherwise. Submit three (3) copies of each of the following documents:

- a. Contract (**Attachment A**),

To the extent that any products created as a deliverable under this Contract are not works made for hire for the State, the Contractor hereby relinquishes, transfers, and assigns to the State all of its rights, title, and interest (including all intellectual property rights) to all such products created under this Contract, and will cooperate reasonably with the State in effectuating and registering any necessary assignments.

Each officer, employee and/or subcontractor to whom any of the Department's confidential information is to be disclosed shall be advised by Contractor of and bound by confidentiality and intellectual property terms substantively equivalent to those of this Contract.

7. Patents, Copyrights, and Intellectual Property

7.1 If the Contractor furnishes any design, device, material, process, or other item, which is covered by a patent, trademark or service mark, or copyright or which is proprietary to, or a trade secret of, another, the Contractor shall obtain the necessary permission or license to permit the State to use such item or items.

7.2 The Contractor will defend or settle, at its own expense, any claim or suit against the State alleging that any such item furnished by the Contractor infringes any patent, trademark, service mark, copyright, or trade secret. If a third party claims that a product infringes that party's patent, trademark, service mark, trade secret, or copyright, the Contractor will defend the State against that claim at Contractor's expense and will pay all damages, costs, and attorneys' fees that a court finally awards, provided the State: (a) promptly notifies the Contractor in writing of the claim; and (b) allows Contractor to control and cooperates with Contractor in, the defense and any related settlement negotiations. The obligations of this paragraph are in addition to those stated in Section 7.3 below.

Each party shall, however, be permitted to disclose relevant confidential information to its officers, agents, and employees to the extent that such disclosure is necessary for the performance of their duties under this Contract, provided that the data may be collected, used, disclosed, stored, and disseminated only as provided by and consistent with the law. The provisions of this section shall not apply to information that: (a) is lawfully in the public domain; (b) has been independently developed by the other party without violation of this Contract; (c) was already in the possession of such party; (d) was supplied to such party by a third party lawfully in possession thereof and legally permitted to further disclose the information; or (e) which such party is required to disclose by law.

The Contractor shall ensure that all data is

Contractor shall use its best efforts to assure that at no time shall any actions undertaken by the Contractor under this Contract (or any failures to act when Contractor has a duty to act) damage or create any vulnerabilities in data bases, systems, platforms, and/or applications with which the Contractor is working hereunder.

10. Indemnification

- 10.1 The Contractor shall hold harmless and indemnify the State from and against any and all losses, damages, claims, suits, actions, liabilities, and/or expenses, including, without limitation, attorneys' fees and disbursements of any character that arise from, are in connection with or are attributable to the performance or nonperformance of the Contractor or its subcontractors under this Contract.
- 10.2 This indemnification clause shall not be construed to mean that the Contractor shall indemnify the State against liability for any losses, damages, claims, suits, actions, liabilities, and/or expenses that are attributable to the sole negligence of the State or the State's employees.

- 10.5 The Contractor shall immediately notify the Procurement Officer of any claim or suit made or filed against the Contractor or its subcontractors regarding any matter resulting from, or relating to, the Contractor's obligations under the Contract, and will cooperate, assist, and consult with the State in the defense or investigation of any claim, suit, or action made or filed against the State as a result of, or relating to, the Contractor's performance under this Contract.
- 10.6 This Section 10 shall survive termination of this Contract.

11. Non-Hiring of Employees

Code Ann., General Provisions Article, § 5-101, whose duties as such official or employee include matters relating to or affecting the subject matter of this Contract, shall, during the pendency and term of this Contract and while serving as an official or employee of the State, become or be an employee of the Contractor or any entity that is a subcontractor on this Contract.

12. Disputes

This Contract shall be subject to the provisions of Md. Code Ann., State Finance and Procurement Article, Title 15, Subtitle 2, and COMAR 21.10 (Administrative and Civil Remedies). Pending resolution of a claim, the Contractor shall proceed diligently with the performance of the Contract in accordance with the Procurement Officer's decision. Unless a lesser period is provided by applicable statute, regulation, or the Contract, the Contractor must file a written notice of claim with the Procurement Officer within thirty (30) days after the basis for the claim is known or should have been known, whichever is earlier. Contemporaneously with or within thirty (30) days of the filing of a notice of claim, but no later than the date of final payment under the Contract, the Contractor must submit to the Procurement Officer its written claim containing the information specified in COMAR 21.10.04.02.

13. Maryland Law

- 13.1 This Contract shall be construed, interpreted, and enforced according to the laws of the State of Maryland.

- 13.2 The Maryland Uniform Computer Information Transactions Act (Commercial Law Article, Title 22 of the Annotated Code of Maryland), does not apply to this Contract or to any purchase order or Notice to Proceed issued under this Contract, or any software, or any software license required hereunder.
- 13.3 Any and all references to the Maryland Code, Annotated contained in this Contract shall be construed to refer to such Code sections as are from time to time amended.

14. Nondiscrimination in Employment

The Contractor agrees: (a) not to discriminate in any manner against an employee or applicant for employment because of race, color, religion, creed, age, sex, sexual orientation, gender identification, marital status, national origin, ancestry, genetic information, or any otherwise unlawful use of characteristics, or disability of a qualified individual with a disability unrelated in nature and extent so as to reasonably preclude the performance of the employment, or the individual's refusal to submit to a genetic test or make available the results of a genetic test; (b) to include a provision similar to that contained in subsection (a), above, in any underlying subcontract except a subcontract for standard commercial supplies or raw materials; and (c) to post and to cause subcontractors to post in conspicuous places available to employees and applicants for employment, notices setting forth the substance of this clause.

15. Contingent Fee Prohibition

The Contractor warrants that it has not employed or retained any person, partnership, corporation, or other entity, other than a bona fide employee, bona fide agent, bona fide salesperson, or commercial selling agency working for the business, to solicit or secure the Contract, and that the business has not paid or agreed to pay any person, partnership, corporation, or other entity, other than a bona fide employee, bona fide agent, bona fide salesperson, or commercial selling agency, any fee or any other consideration contingent on the making of this Contract.

16. Non-availability of Funding

If the General Assembly fails to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal period of this Contract succeeding the first fiscal period, this Contract shall be canceled automatically as of the beginning of the fiscal year for which funds were not appropriated or otherwise made available; provided, however, that this will not affect either the State's rights or the Contractor's rights under any termination clause in this Contract. The effect of termination of the Contract hereunder will be to discharge both the Contractor and the State from future performance of the Contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the Contract. The State shall notify the Contractor as soon as it has knowledge that funds may not be available for the continuation of this Contract for each succeeding fiscal period beyond the first.

17. Termination for Cause

If the Contractor fails to fulfill its obligations under this Contract properly and on time, or otherwise violates any provision of the Contract, the State may terminate the Contract by written notice to the Contractor. The notice shall specify the acts or omissions relied upon as cause for termination. All finished or unfinished work provided by the Contractor shall, at the State's option, become the State's property. The State shall pay the Contractor fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by the Contractor's breach. If the damages are more than the compensation payable to the Contractor, the Contractor will remain liable after termination and the State can affirmatively collect damages. Termination hereunder, including the termination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.11B.

18. Termination for Convenience

The performance of work under this Contract may be terminated by the State in accordance with this clause in whole, or from time to time in part, whenever the State shall determine that such termination is in the best interest of the State. The State will pay all reasonable costs associated with this Contract that the Contractor has incurred up to the date of termination, and all reasonable costs associated with termination of the Contract; provided, however, the Contractor shall not be reimbursed for any anticipatory profits that have not been earned up to the date of termination. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.12A(2).

19. Delays and Extensions of Time

The Contractor agrees to prosecute the work continuously and diligently and no charges or claims for damages shall be made by it for any delays, interruptions, interferences, or hindrances from any cause whatsoever during the progress of any portion of the work specified in this Contract.

Time extensions will be granted only for excusable delays that arise from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to, acts of God, acts of the public enemy, acts of the State in either its sovereign or contractual capacity, acts of another Contractor in the performance of a contract with the State, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of either the Contractor or the subcontractors or suppliers.

20. Suspension of Work

The State unilaterally may order the Contractor in writing to suspend, delay, or interrupt all or any part of its performance for such period of time as the Procurement Officer may determine to be appropriate for the convenience of the State.

21. Pre-Existing Regulations

In accordance with the provisions of Md. Code Ann., State Finance and Procurement Article, § 11-206, the regulations set forth in Title 21 of the Code of Maryland Regulations (COMAR 21) in effect on the date of execution of this Contract are applicable to this Contract.

23. Political Contribution Disclosure

The Contractor shall comply with Md. Code Ann., Election Law Article, Title 14, which requires that every person that enters into a contract for a procurement with the State, a county, or a municipal corporation, or other political subdivision of the State, during a calendar year in which the person receives a contract with a governmental entity in the amount of \$200,000 or more, shall, file with the State Board of Elections statements disclosing: (a) any contributions made during the reporting period to a candidate for elective office in any primary or general election; and (b) the name of each candidate to whom one or more contributions in a cumulative amount of \$500 or more were made during the reporting period. The statement shall be filed with the State Board of Elections: (a) before execution

Additional information is available on the State Board of Elections website: http://www.elections.state.md.us/campaign_finance/index.html.

24. Documents Retention and Inspection Clause

The Contractor and subcontractors shall retain and maintain all records and documents relating to this Contract for a period of five (5) years after final payment by the State hereunder or any applicable statute of limitations or federal retention requirements (such as HIPAA), whichever is longer, and shall make them available for inspection and audit by authorized representatives of the State, including the Procurement Officer or designee, at all reasonable times. All records related in any way to the Contract are to be retained for the entire time provided under this section. In the event of any audit, the Contractor shall provide assistance to the State, without additional compensation, to identify, investigate, and reconcile any audit discrepancies and/or variances. This Section 24 shall survive expiration or termination of the Contract.

25. Right to Audit

25.1 The State reserves the right, at its sole discretion and at any time, to perform an audit of the Contractor's and/or subcontractor's performance under this Contract. An audit is defined as a planned and documented independent activity performed by qualified personnel including but not limited to State and federal auditors, to determine by investigation, examination, or evaluation of objective evidence from data, statements, records, operations and performance practices (financial or otherwise) the Contractor's compliance with the Contract, including but not limited to adequacy and compliance with established procedures and internal controls over the Contract services being performed for the State.

25.2 Upon three (3) Business Days' notice, the Contractor and/or any subcontractors shall provide the State reasonable access to their respective records to verify conformance to the terms of the Contract. The Department may conduct these audits with any or all of its own internal resources or by securing the services of a third party accounting or audit firm, solely at the Department's election. The Department may copy, at its own expense, any record related to the services performed and provided under this Contract.

25.3 The right to audit shall include any of the Contractor's subcontractors including but not limited to any lower tier subcontractor(s) that provide essential support to the Contract services. The Contractor and/or subcontractor(s) shall ensure the Department has the right to audit such subcontractor(s).

25.4 The Contractor and/or subcontractors shall cooperate with Department and Department's designated accountant or auditor and shall provide the necessary assistance for the Department or Department's designated accountant or auditor to conduct the audit.

25.5 This Section shall survive expiration or termination of the Contract.

26. Compliance with Laws

The Contractor hereby represents and warrants that:

26.1 It is qualified to do business in the State and that it will take such action as, from time to time hereafter, may be necessary to remain so qualified;

- 26.2 It is not in arrears with respect to the payment of any monies due and owing the State, or any department or unit thereof, including but not limited to the payment of taxes and employee benefits, and that it shall not become so in arrears during the term of this Contract;
- 26.3 It shall comply with all federal, State and local laws, regulations, and ordinances applicable to its activities and obligations under this Contract; and
- 26.4 It shall obtain, at its expense, all licenses, permits, insurance, and governmental approvals, if any, necessary to the performance of its obligations under this Contract.

27. Cost and Price Certification

By submitting cost or price information, the Contractor certifies to the best of its knowledge that the information submitted is accurate, complete, and current as of the date of its Bid/Proposal.

The price under this Contract and any change order or modification hereunder, including profit or fee, shall be adjusted to exclude any significant price increases occurring because the Contractor furnished cost or price information which, as of the date of its Bid/Proposal, was inaccurate, incomplete, or not current.

28. Subcontracting; Assignment

The Contractor may not subcontract any portion of the services provided under this Contract without obtaining the prior written approval of the Procurement Officer, nor may the Contractor assign this Contract or any of its rights or obligations hereunder, without the prior written approval of the Procurement Officer provided, however, that a Contractor may assign monies receivable under a contract after due notice to the State. Any subcontracts shall include such language as may be required in various clauses contained within this Contract, exhibits, and attachments. The Contract shall not be assigned until all approvals, documents, and affidavits are completed and properly registered. The State shall not be responsible for fulfillment of the Contractor's obligations to its subcontractors.

29. Liability

For breach of this Contract, negligence, misrepresentation, or any other contract or tort claim, Contractor shall be liable as follows:

- 29.1 For infringement of patents, copyrights, trademarks, service marks, and/or trade secrets, as provided in Section 7 of this Contract;
- 29.2 Without limitation for damages for bodily injury (including death) and damage to real property and tangible personal property; and
- 29.3 For all other claims, damages, losses, costs, expenses, suits, or actions in any way related to this Contract, regardless of the form Contractor's liability for third party claims arising under Section 10 of this Contract shall be unlimited if the State is not immune from liability for claims arising under Section 10.

30. Commercial Nondiscrimination

- 30.1 As a condition of entering into this Contract, Contractor represents and warrants that it will comply with the State's Commercial Nondiscrimination Policy, as described at Md. Code Ann., State Finance and Procurement Article, Title 19. As part of such compliance, Contractor may not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, sexual identity, genetic information or an individual's refusal to submit to a genetic test or make available the results of a genetic test or on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall

Contractor retaliate against any person for reporting instances of such discrimination. Contractor shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that this clause does not prohibit or limit lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the marketplace. Contractor understands that a material violation of this clause shall be considered a material breach of this Contract and may result in termination of this Contract, disqualification of Contractor from participating in State contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party.

30.2 The Contractor shall include the above Commercial Nondiscrimination clause, or similar clause approved by the Department, in all subcontracts.

30.3 As a condition of entering into this Contract, upon the request of the Commission on Civil Rights, and only after the filing of a complaint against Contractor under Md. Code Ann., State Finance and Procurement Article, Title 19, as amended from time to time, Contractor agrees to provide within sixty (60) days after the request a complete list of the names of all subcontractors, vendors, and suppliers that Contractor has used in the past four (4) years on any of its contracts that were undertaken within the State of Maryland, including the total dollar amount paid by Contractor on each subcontract or supply contract. Contractor further agrees to cooperate in any investigation conducted by the State pursuant to the State's Commercial Nondiscrimination Policy as set forth at Md. Code Ann., State Finance and Procurement Article, Title 19, and to provide any documents relevant to any investigation that are requested by the State. Contractor understands that violation of this clause is a material breach of this Contract and may result in contract termination, disqualification by the State from participating in State contracts, and other sanctions.

31. Prompt Pay Requirements

31.1 If the Contractor withholds payment of an undisputed amount to its subcontractor, the Department, at its option and in its sole discretion, may take one or more of the following actions:

- a. Not process further payments to the contractor until payment to the subcontractor is verified;
- b. Suspend all or some of the contract work without affecting the completion date(s) for the contract work;
- c. Pay or cause payment of the undisputed amount to the subcontractor from monies otherwise due or that may become due;
- d. Place a payment for an undisputed amount in an interest-bearing escrow account; or
- e. Take other or further actions as appropriate to resolve the withheld payment.

31.2 An "undisputed amount" means an amount owed by the Contractor to a subcontractor for which there is no good faith dispute. Such "undisputed amounts" include, without limitation:

- a. Retainage which had been withheld and is, by the terms of the Contract between the Contractor and subcontractor, due to be distributed to the subcontractor; and
- b. An amount withheld because of issues arising out of a Contract or occurrence unrelated to the Contract under which the amount is withheld.

31.3 An act, failure to act, or decision of a Procurement Officer or a representative of the Department, concerning a withheld payment between the Contractor and a subcontractor under this provision, may not:

- a. Affect the rights of the contracting parties under any other provision of law;
- b. Be used as evidence on the merits of a dispute between the Department and the contractor in any other proceeding; or
- c. Result in liability against or prejudice the rights of the Department.

- 31.4 The remedies enumerated above are in addition to those provided under COMAR 21.11.03.13 with respect to subcontractors that have contracted pursuant to the Minority Business Enterprise (MBE) program.
- 31.5 To ensure compliance with certified MBE subcontract participation goals, the Department may, consistent with COMAR 21.11.03.13, take the following measures:
- a. Verify that the certified MBEs listed in the MBE participation schedule actually are performing work and receiving compensation as set forth in the MBE participation schedule.
 - b. This verification may include, as appropriate:
 - i. Inspecting any relevant records of the Contractor;
 - ii. Inspecting the jobsite; and
 - iii. Interviewing subcontractors and workers.
 - iv. Verification shall include a review of:
 - (a) The Contractor's monthly report listing unpaid invoices over thirty (30) days old from certified MBE subcontractors and the reason for nonpayment; and
 - (b) The monthly report of each certified MBE subcontractor, which lists payments received from the Contractor in the preceding thirty (30) days and invoices for which the subcontractor has not been paid.
 - c. If the Department determines that the Contractor is not in compliance with certified MBE participation goals, then the Department will notify the Contractor in writing of its findings, and will require the Contractor to take appropriate corrective action. Corrective action may include, but is not limited to, requiring the Contractor to compensate the MBE for work performed as set forth in the MBE participation schedule.
 - d. If the Department determines that the Contractor is in material noncompliance with MBE contract provisions and refuses or fails to take the corrective action that the Department requires, then the Department may:
 - i. Terminate the contract;
 - ii. Refer the matter to the Office of the Attorney General for appropriate action; or
 - iii. Initiate any other specific remedy identified by the contract, including the contractual remedies required by any applicable laws, regulations, and directives regarding the payment of undisputed amounts.
 - e. Upon completion of the Contract, but before final payment or release of retainage or both, the Contractor shall submit a final report, in affidavit form under the penalty of perjury, of all payments made to, or withheld from, MBE subcontractors.

32. Living Wage

If a Contractor subject to the Living Wage law fails to submit all records required under COMAR 21.11.10.05 to the Commissioner of Labor and Industry at the Department of Labor, Licensing and Regulation, the agency may withhold payment of any invoice or retainage. The agency may require certification from the Commissioner on a quarterly basis that such records were properly submitted.

33. Variations in Estimated Quantities

Unless specifically indicated otherwise in the State's solicitation or other controlling documents related to the Scope of Work, any sample amounts provided are estimates only and the Department does not guarantee a minimum or maximum number of units or usage in the performance of this Contract.

34. Contract Manager and Procurement Officer

The work to be accomplished under this Contract shall be performed under the direction of the Contract Manager. All matters relating to the interpretation of this Contract shall be referred to the Procurement Officer for determination.

If to the Contractor:

36. Liquidated Damages

36.1 The Contract requires the Contractor to make good faith efforts to comply with the Minority Business Enterprise (“MBE”) Program and Contract provisions. The State and the Contractor acknowledge and agree that the State will incur economic damages and losses, including, but not limited to, loss of goodwill, detrimental impact on economic development, and diversion of internal staff resources, if the Contractor does not make good faith efforts to comply with the requirements of the MBE Program and pertinent MBE Contract provisions. The parties further acknowledge and agree that the damages the State might reasonably be anticipated to accrue as a result of such lack of compliance are difficult or impossible to ascertain with precision and that liquidated damages represent a fair, reasonable, and appropriate estimation of damages.

Upon a determination by the State that the Contractor failed to make good faith efforts to comply with one or more of the specified MBE Program requirements or pertinent MBE Contract provisions and without the State being required to present any evidence of the amount or character of actual damages sustained, the Contractor agrees to pay liquidated damages to the State at the rates set forth below. Such liquidated damages are intended to represent estimated actual damages and are not intended as a penalty. The Contractor expressly agrees that the State may withhold payment on any invoices as an offset against liquidated damages owed. The Contractor further agrees that for each specified violation, the agreed-upon liquidated damages are reasonably proximate to the loss the State is anticipated to incur as a result of each violation.

- 36.1.1 Failure to submit each monthly payment report in full compliance with COMAR 21.11.03.13B(3): \$31.65 per day until the monthly report is submitted as required.
 - 36.1.2 Failure to include in its agreements with MBE subcontractors a provision requiring submission of payment reports in full compliance with COMAR 21.11.03.13B(4): \$112.10 per MBE subcontractor.
 - 36.1.3 Failure to comply with COMAR 21.11.03.12 in terminating, canceling, or changing the scope of work/value of a contract with an MBE subcontractor and/or amendment of the MBE participation schedule: the difference between the dollar value of the MBE participation commitment on the MBE participation schedule for that specific MBE firm and the dollar value of the work performed by that MBE firm for the Contract.
 - 36.1.4 Failure to meet the Contractor's total MBE participation goal and subgoal commitments: the difference between the dollar value of the total MBE participation commitment on the MBE participation schedule and the MBE participation actually achieved.
 - 36.1.5 Failure to promptly pay all undisputed amounts to a subcontractor in full compliance with the prompt payment provisions of the Contract: \$100 per day until the undisputed amount due to the subcontractor is paid.
- 36.2 Notwithstanding the assessment or availability of liquidated damages, the State reserves the right to terminate the Contract and to exercise any and all other rights or remedies which may be available under the Contract or which otherwise may be available at law or in equity.

37. Parent Company Guarantee

(**Corporate name of Contractor's Parent Company**) hereby guarantees absolutely the full, prompt, and complete performance by (**Contractor**) of all the terms, conditions and obligations contained in this Contract, as it may be amended from time to time, including any and all exhibits that are now or may become incorporated hereunto, and other obligations of every nature and kind that now or may in the future arise out of or in connection with this Contract, including any and all financial commitments, obligations, and liabilities. (**Corporate name of Contractor's Parent Company**) may not transfer this absolute guaranty to any other person or entity without the prior express written approval of the State, which approval the State may grant, withhold, or qualify in its sole and absolute subjective discretion. (**Corporate name of Contractor's Parent Company**) further agrees that if the State brings any claim, action, suit or proceeding against (**Contractor**), (**Corporate name of Contractor's Parent Company**) may be named as a party, in its capacity as Absolute Guarantor.

38. Federal Department of Health and Human Services (DHHS) Exclusion Requirements

The Contractor agrees that it will comply with federal provisions (pursuant to §§ 1128 and 1156 of the Social Security Act and 42 C.F.R. 1001) that prohibit payments under certain federal health care programs to any individual or entity that is on the List of Excluded Individuals/Entities maintained by DHHS. By executing this contract, the Contractor affirmatively declares that neither it nor any employee is, to the best of its knowledge, subject to exclusion. The Contractor agrees, further, during the term of this contract, to check the List of Excluded Individuals/Entities prior to hiring or assigning individuals to work on this Contract, and to notify the Department immediately of any identification of the Contractor or an individual employee as excluded, and of any DHHS action or proposed action to exclude the Contractor or any Contractor employee.

39. Compliance with Federal HIPAA and State Confidentiality Law

- 39.1 The Contractor acknowledges its duty to become familiar with and comply, to the extent applicable, with all requirements of the federal Health Insurance Portability and Accountability Act (HIPAA), 42 U.S.C. § 1320d et seq., and implementing regulations including 45 C.F.R. Parts 160 and 164. The Contractor also agrees to

comply with the Maryland Confidentiality of Medical Records Act (MCMRA), Md. Code Ann. Health-General §§ 4-301 et seq. This obligation includes:

- (a) As necessary, adhering to the privacy and security requirements for protected health information and medical records under HIPAA and MCMRA and making the transmission of all electronic information compatible with the HIPAA requirements;
- (b) Providing training and information to employees regarding confidentiality obligations as to health and financial information and securing acknowledgement of these obligations from employees to be involved in the contract; and
- (c) Otherwise providing good information management practices regarding all health information and medical records.

39.2 Based on the determination by the Department that the functions to be performed in accordance with the scope of work set forth in the solicitation constitute business associate functions as defined in HIPAA, the Contractor shall execute a business associate agreement as required by HIPAA regulations at 45 C.F.R. 164.501 and in the form as required by the Department.

39.3 Protected Health Information as defined in the HIPAA regulations at 45 C.F.R. 160.103 and 164.501, means information transmitted as defined in the regulations, that is individually identifiable; that is created or received by a healthcare provider, health plan, public health authority, employer, life insurer, school or university, or healthcare clearinghouse; and that is related to the past, present, or future physical or mental health or condition of an individual, to the provision of healthcare to an individual, or to the past, present, or future payment for the provision of healthcare to an individual. The definition excludes certain education records as well as employment records held by a covered entity in its role as employer.

40. Limited English Proficiency

The Contractor shall provide equal access to public services to individuals with limited English proficiency in compliance with Md. Code Ann., State Government Article, §§ 10-1101 et seq., and Policy Guidance issued by the Office of Civil Rights, Department of Health and Human Services, and DHMH Policy 02.06.07.

41. Miscellaneous

41.1 Any provision of this Contract which contemplates performance or observance subsequent to any termination or expiration of this Contract shall survive termination or expiration of this Contract and continue in full force and effect.

41.2 If any term contained in this Contract is held or finally determined to be invalid, illegal, or unenforceable in any respect, in whole or in part, such term shall be severed from this Contract, and the remaining terms contained herein shall continue in full force and effect, and shall in no way be affected, prejudiced, or disturbed thereby.

IN WITNESS THEREOF, the parties have executed this Contract as of the date hereinabove set forth.

- (2) Fail to notify the certified minority business enterprise before execution of the contract of its inclusion in the Bid/Proposal;
- (3) Fail to use the certified minority business enterprise in the performance of the contract; or
- (4) Pay the certified minority business enterprise solely for the use of its name in the Bid/Proposal.

Without limiting any other provision of the solicitation on this project, it is understood that if the certification is false, such false certification constitutes grounds for the State to reject the Bid/Proposal submitted by the Bidder/Offeror on this project, and terminate any contract awarded based on the Bid/Proposal.

ATTACHMENTS D – MINORITY BUSINESS ENTERPRISE FORMS

MBE ATTACHMENT D-1A MBE UTILIZATION AND FAIR SOLICITATION AFFIDAVIT & MBE PARTICIPATION SCHEDULE - INSTRUCTIONS

PLEASE READ BEFORE COMPLETING THIS DOCUMENT

This form includes Instructions and the MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule which must be submitted with the Bid/Proposal. If the Bidder/Offeror fails to accurately complete and submit this Affidavit and Schedule with the Bid or Proposal as required, the Procurement Officer shall deem the Bid non-responsive or shall determine that the Proposal is not reasonably susceptible of being selected for award.

1. Contractor shall structure its procedures for the performance of the work required in this Contract to attempt to achieve the minority business enterprise (MBE) subcontractor participation goal stated in the Invitation for Bids or Request for Proposals. Contractor agrees to exercise good faith efforts to carry out the requirements set forth in these Instructions, as authorized by the Code of Maryland Regulations (COMAR) 21.11.03.
2. MBE Goals and Subgoals: Please review the solicitation for information regarding the Contract’s MBE overall participation goals and subgoals. After satisfying the requirements for any established subgoals, the Contractor is encouraged to use a diverse group of subcontractors and suppliers from any/all of the various MBE classifications to meet the remainder of the overall MBE participation goal.
3. MBE means a minority business enterprise that is certified by the Maryland Department of Transportation (“MDOT”). Only MBEs certified by MDOT may be counted for purposes of achieving the MBE participation goals. In order to be counted for purposes of achieving the MBE participation goals, the MBE firm, including an MBE Prime, must be MDOT-certified for the services, materials or supplies that it is committed to perform on the MBE Participation Schedule.
4. Please refer to the MDOT MBE Directory at www.mdot.state.md.us to determine if a firm is certified with the appropriate North American Industry Classification System (“NAICS”) Code **and** the product/services description (specific product that a firm is certified to provide or specific areas of work that a firm is certified to perform). For more general information about NAICS, please visit www.naics.com. Only those specific products and/or services for which a firm is certified in the MDOT Directory can be used for purposes of achieving the MBE participation goals. **WARNING:** If the firm’s NAICS Code is in **graduated status**, such services/products **may not be counted** for purposes of achieving the MBE participation goals. A NAICS Code is in the graduated status if the term “Graduated” follows the Code in the MDOT MBE Directory.
5. **Guidelines Regarding MBE Prime Self-Performance:** Please note that when a certified MBE firm participates as a Prime contractor on a Contract, a procurement agency may count the distinct, clearly defined portion of the work of the Contract that the certified MBE firm performs with its own workforce toward fulfilling up to, but no more than, fifty-percent (50%) of the MBE participation goal (overall), including up to one hundred percent (100%) of not more than one of the MBE participation subgoals, if any, established for the Contract.
 - ✓ In order to receive credit for self-performance, an MBE Prime must be certified in the appropriate NAICS code to do the work and must list its firm in the MBE Participation Schedule, including the certification category under which the MBE Prime is self-performing and include information regarding the work it will self-perform.

- ✓ For the remaining portion of the overall goal and the remaining subgoals, the MBE Prime must also identify on the MBE Participation Schedule the other certified MBE subcontractors used to meet those goals or request a waiver.
 - ✓ These guidelines apply to the work performed by the MBE Prime that can be counted for purposes of meeting the MBE participation goals. These requirements do not affect the MBE Prime’s ability to self-perform a greater portion of the work in excess of what is counted for purposes of meeting the MBE participation goals.
 - ✓ Please note that the requirements to meet the MBE participation overall goal and subgoals are distinct and separate. If the Contract has subgoals, regardless of MBE Prime’s ability to self-perform up to 50% of the overall goal (including up to 100% of any subgoal), the MBE Prime must either commit to other MBEs for each of any remaining subgoals or request a waiver. As set forth in **Attachment D1-B Waiver Guidance**, the MBE Prime’s ability to self-perform certain portions of the work of the Contract will not be deemed a substitute for the good faith efforts to meet any remaining subgoal or the balance of the overall goal.
 - ✓ In certain instances where the percentages allocated to MBE participation subgoals add up to more than 50% of the overall goal, the portion of self-performed work that an MBE Prime may count toward the overall goal may be limited to less than 50%. Please refer to GOMA’s website (www.goma.maryland.gov) for the MBE Prime Regulations Q&A for illustrative examples.
6. Subject to items 1 through 5 above, when a certified MBE performs as a participant in a joint venture, a procurement agency may count a portion of the total dollar value of the Contract equal to the distinct, clearly-defined portion of the work of the contract that the certified MBE performs with its own workforce towards fulfilling the Contract goal, and not more than one of the Contract subgoals, if any.
 7. As set forth in COMAR 21.11.03.12-1, once the Contract work begins, the work performed by a certified MBE firm, including an MBE prime, can only be counted towards the MBE participation goal(s) if the MBE firm is performing a commercially useful function on the Contract. Please refer to COMAR 21.11.03.12-1 for more information regarding these requirements.
 8. If you have any questions as to whether a firm is certified to perform the specific services or provide specific products, please contact MDOT’s Office of Minority Business Enterprise at 1-800-544-6056 or via email to mbe@mdot.state.md.us sufficiently prior to the submission due date.
 9. Worksheet: The percentage of MBE participation, calculated using the percentage amounts for all of the MBE firms listed on the Participation Schedule **MUST** at least equal the MBE participation goal **and** subgoals (if applicable) set forth in the solicitation. If a Bidder/Offeror is unable to achieve the MBE participation goal and/or any subgoals (if applicable), the Bidder/Offeror must request a waiver in Item 1 of the MBE Utilization and Fair Solicitation Affidavit (**Attachment D-1A**) or the Bid will be deemed not responsive, or the Proposal determined to be not susceptible of being selected for award. You may wish to use the Subgoal summary below to assist in calculating the percentages and confirm that you have met the applicable MBE participation goal and subgoals, if any.

MBE UTILIZATION AND FAIR SOLICITATION AFFIDAVIT
& MBE PARTICIPATION SCHEDULE

This MBE Utilization and Fair Solicitation Affidavit and MBE Participation Schedule must be completed in its entirety and included with the Bid/Proposal. If the Bidder/Offeror fails to accurately complete and submit this Affidavit and Schedule with the Bid or Proposal as required, the Procurement Officer shall deem the Bid non-responsive or shall determine that the Proposal is not reasonably susceptible of being selected for award.

In connection with the Bid/Proposal submitted in response to Solicitation No. F10B6400005R, I affirm the following:

1. MBE Participation (PLEASE CHECK ONLY ONE)

I acknowledge and intend to meet IN FULL both the overall certified Minority Business Enterprise (MBE) participation goal of 5 percent:

Therefore, I am not seeking a waiver pursuant to COMAR 21.11.03.11. I acknowledge that by checking the above box and agreeing to meet the stated goal and subgoal(s), if any, I must complete the MBE Participation Schedule (Item 4 below) in order to be considered for award.

OR

I conclude that I am unable to achieve the MBE participation goal and/or subgoals. I hereby request a waiver, in whole or in part, of the overall goal and/or subgoals. I acknowledge that by checking this box and requesting a partial waiver of the stated goal and/or one or more of the stated subgoal(s) if any, I must complete the MBE Participation Schedule (Item 4 below) for the portion of the goal and/or subgoal(s) if any, for which I am not seeking a waiver, in order to be considered for award.

2. Additional MBE Documentation

I understand that if I am notified that I am the apparent awardee or as requested by the Procurement Officer, I must submit the following documentation within 10 Business Days of receiving notice of the potential award or from the date of conditional award (per COMAR 21.11.03.10), whichever is earlier:

- (a) Good Faith Efforts Documentation to Support Waiver Request (**Attachment D-1C**)
- (b) Outreach Efforts Compliance Statement (**Attachment D-2**);
- (c) MBE Subcontractor/MBE Prime Project Participation Statement (**Attachments D-3A/B**);
- (d) Any other documentation, including additional waiver documentation if applicable, required by the Procurement Officer to ascertain Bidder or Offeror responsibility in connection with the certified MBE participation goal and subgoals, if any.

I understand that if I fail to return each completed document within the required time, the Procurement Officer may determine that I am not responsible and therefore not eligible for contract award. If the Contract has already been awarded, the award is voidable.

3. Information Provided to MBE firms

In the solicitation of subcontract quotations or offers, MBE firms were provided not less than the same information and amount of time to respond as were non-MBE firms.

4. MBE Participation Schedule

Set forth below are the (i) certified MBEs I intend to use, (ii) the percentage of the total Contract amount allocated to each MBE for this project and, (iii) the items of work each MBE will provide under the Contract. I have confirmed with the MDOT database that the MBE firms identified below (including any self-performing MBE prime firms) are performing work activities for which they are MDOT certified.

WAIVER GUIDANCE

GUIDANCE FOR DOCUMENTING GOOD FAITH EFFORTS TO MEET MBE PARTICIPATION GOALS

In order to show that it has made good faith efforts to meet the Minority Business Enterprise (MBE) participation goal (including any MBE subgoals) on a contract, the Bidder/Offeror must either (1) meet the MBE Goal(s) and document its commitments for participation of MBE Firms, or (2) when it does not meet the MBE Goal(s), document its Good Faith Efforts to meet the goal(s).

I. Definitions

MBE Goal(s) – “MBE Goal(s)” refers to the MBE participation goal and MBE participation subgoal(s).

Good Faith Efforts – The “Good Faith Efforts” requirement means that when requesting a waiver, the Bidder/Offeror must demonstrate that it took all necessary and reasonable steps to achieve the MBE Goal(s), which, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to obtain sufficient MBE participation, even if those steps were not fully successful. Whether a Bidder/Offeror that requests a waiver made adequate good faith efforts will be determined by considering the quality, quantity, and intensity of the different kinds of efforts that the Bidder/Offeror has made. The efforts employed by the Bidder/Offeror should be those that one could reasonably expect a Bidder/Offeror to take if the Bidder/Offeror were actively and aggressively trying to obtain MBE participation sufficient to meet the MBE contract goal and subgoals. Mere *pro forma* efforts are not good faith efforts to meet the MBE contract requirements. The determination concerning the sufficiency of the Bidder's/Offeror's good faith efforts is a judgment call; meeting quantitative formulas is not required.

Identified Firms – “Identified Firms” means a list of the MBEs identified by the procuring agency during the goal setting process and listed in the procurement as available to perform the Identified Items of Work. It also may include additional MBEs identified by the Bidder/Offeror as available to perform the Identified Items of Work, such as MBEs certified or granted an expansion of services after the procurement was issued. If the procurement does not include a list of Identified Firms, this term refers to all of the MBE Firms (if State-funded) the Bidder/Offeror identified as available to perform the Identified Items of Work and should include all appropriately certified firms that are reasonably identifiable.

Identified Items of Work – “Identified Items of Work” means the Bid/Proposal items identified by the procuring agency during the goal setting process and listed in the procurement as possible items of work for performance by MBE Firms. It also may include additional portions of items of work the Bidder/Offeror identified for performance by MBE Firms to increase the likelihood that the MBE Goal(s) will be achieved. If the procurement does not include a list of Identified Items of Work, this term refers to all of the items of work the Bidder/Offeror identified as possible items of work for performance by MBE Firms and should include all reasonably identifiable work opportunities.

MBE Firms – “MBE Firms” refers to a firm certified by the Maryland Department of Transportation (“MDOT”) under COMAR 21.11.03. Only MDOT-certified MBE Firms can participate in the State's MBE Program.

II. Types of Actions Agency will Consider

The Bidder/Offeror is responsible for making relevant portions of the work available to MBE subcontractors and suppliers and to select those portions of the work or material needs consistent with the available MBE subcontractors and suppliers, so as to facilitate MBE participation. The following is a list of types of actions the procuring agency will consider as part of the Bidder's/Offeror's Good Faith Efforts when the Bidder/Offeror fails to meet the MBE Goal(s). This list is not intended to be a mandatory checklist, nor is it intended to be exclusive or exhaustive. Other factors or types of efforts may be relevant in appropriate cases.

A. Identify Bid/Proposal Items as Work for MBE Firms

1. Identified Items of Work in Procurements

(a) Certain procurements will include a list of Bid/Proposal items identified during the goal setting process as possible work for performance by MBE Firms. If the procurement provides a list of Identified Items of Work, the Bidder/Offeror shall make all reasonable efforts to solicit quotes from MBE Firms to perform that work.

(b) Bidders/Offerors may, and are encouraged to, select additional items of work to be performed by MBE Firms to increase the likelihood that the MBE Goal(s) will be achieved.

2. Identified Items of Work by Bidders/Offerors

(a) When the procurement does not include a list of Identified Items of Work or for additional Identified Items of Work, Bidders/Offerors should reasonably identify sufficient items of work to be performed by MBE Firms.

(b) Where appropriate, Bidders/Offerors should break out contract work items into economically feasible units to facilitate MBE participation, rather than perform these work items with their own forces. The ability or desire of a Prime contractor to perform the work of a contract with its own organization does not relieve the Bidder/Offeror of the responsibility to make Good Faith Efforts.

B. Identify MBE Firms to Solicit

1. MBE Firms Identified in Procurements

(a) Certain procurements will include a list of the MBE Firms identified during the goal setting process as available to perform the items of work. If the procurement provides a list of Identified MBE Firms, the Bidder/Offeror shall make all reasonable efforts to solicit those MBE firms.

(b) Bidders/offers may, and are encouraged to, search the MBE Directory to identify additional MBEs who may be available to perform the items of work, such as MBEs certified or granted an expansion of services after the solicitation was issued.

2. MBE Firms Identified by Bidders/Offerors

(a) When the procurement does not include a list of Identified MBE Firms, Bidders/Offerors should reasonably identify the MBE Firms that are available to perform the Identified Items of Work.

(b) Any MBE Firms identified as available by the Bidder/Offeror should be certified to perform the Identified Items of Work.

C. Solicit MBEs

1. Solicit all Identified Firms for all Identified Items of Work by providing written notice. The Bidder/Offeror should:

(a) provide the written solicitation at least 10 days prior to Bid/Proposal opening to allow sufficient time for the MBE Firms to respond;

(b) send the written solicitation by first-class mail, facsimile, or email using contact information in the MBE Directory, unless the Bidder/Offeror has a valid basis for using different contact information; and

(c) provide adequate information about the plans, specifications, anticipated time schedule for portions of the work to be performed by the MBE, and other requirements of the contract to assist MBE Firms in responding. (This information may be provided by including hard copies in the written solicitation or by electronic means as described in C.3 below.)

2. “All” Identified Firms includes the MBEs listed in the procurement and any MBE Firms you identify as potentially available to perform the Identified Items of Work, but it does not include MBE Firms who are no longer certified to perform the work as of the date the Bidder/Offeror provides written solicitations.

3. “Electronic Means” includes, for example, information provided *via* a website or file transfer protocol (FTP) site containing the plans, specifications, and other requirements of the contract. If an interested MBE cannot access the information provided by electronic means, the Bidder/Offeror must make the information available in a manner that is accessible to the interested MBE.

4. Follow up on initial written solicitations by contacting MBEs to determine if they are interested. The follow up contact may be made:

(a) by telephone using the contact information in the MBE Directory, unless the Bidder/Offeror has a valid basis for using different contact information; or

(b) in writing *via* a method that differs from the method used for the initial written solicitation.

5. In addition to the written solicitation set forth in C.1 and the follow up required in C.4, use all other reasonable and available means to solicit the interest of MBE Firms certified to perform the work of the contract. Examples of other means include:

(a) attending any pre-bid meetings at which MBE Firms could be informed of contracting and subcontracting opportunities; and

(b) if recommended by the procurement, advertising with or effectively using the services of at least two minority focused entities or media, including trade associations, minority/women community organizations, minority/women contractors' groups, and local, state, and federal minority/women business assistance offices listed on the MDOT Office of Minority Business Enterprise website.

D. Negotiate With Interested MBE Firms

Bidders/Offerors must negotiate in good faith with interested MBE Firms.

1. Evidence of negotiation includes, without limitation, the following:

(a) the names, addresses, and telephone numbers of MBE Firms that were considered;

(b) a description of the information provided regarding the plans and specifications for the work selected for subcontracting and the means used to provide that information; and

(c) evidence as to why additional agreements could not be reached for MBE Firms to perform the work.

2. A Bidder/Offeror using good business judgment would consider a number of factors in negotiating with subcontractors, including MBE subcontractors, and would take a firm's price and capabilities as well as contract goals into consideration.

3. The fact that there may be some additional costs involved in finding and using MBE Firms is not in itself sufficient reason for a Bidder's/Offeror's failure to meet the contract MBE goal(s), as long as such costs are reasonable. Factors to take into consideration when determining whether an MBE Firm's quote is excessive or unreasonable include, without limitation, the following:

(a) the dollar difference between the MBE subcontractor's quote and the average of the other subcontractors' quotes received by the Bidder/Offeror;

(b) the percentage difference between the MBE subcontractor's quote and the average of the other subcontractors' quotes received by the Bidder/Offeror;

(c) the percentage that the MBE subcontractor's quote represents of the overall contract amount;

(d) the number of MBE firms that the Bidder/Offeror solicited for that portion of the work;

(e) whether the work described in the MBE and Non-MBE subcontractor quotes (or portions thereof) submitted for review is the same or comparable; and

(f) the number of quotes received by the Bidder/Offeror for that portion of the work.

4. The above factors are not intended to be mandatory, exclusive, or exhaustive, and other evidence of an excessive or unreasonable price may be relevant.

5. The Bidder/Offeror may not use its price for self-performing work as a basis for rejecting an MBE Firm's quote as excessive or unreasonable.

6. The "average of the other subcontractors' quotes received" by the Bidder/Offeror refers to the average of the quotes received from all subcontractors. Bidder/Offeror should attempt to receive quotes from at least three subcontractors, including one quote from an MBE and one quote from a Non-MBE.

7. A Bidder/Offeror shall not reject an MBE Firm as unqualified without sound reasons based on a thorough investigation of the firm's capabilities. For each certified MBE that is rejected as unqualified or that placed a subcontract quotation or offer that the Bidder/Offeror concludes is not acceptable, the Bidder/Offeror must provide a written detailed statement listing the reasons for this conclusion. The Bidder/Offeror also must document the steps taken to verify the capabilities of the MBE and Non-MBE Firms quoting similar work.

(a) The factors to take into consideration when assessing the capabilities of an MBE Firm, include, but are not limited to the following: financial capability, physical capacity to perform, available personnel and equipment, existing workload, experience performing the type of work, conduct and performance in previous contracts, and ability to meet reasonable contract requirements.

(b) The MBE Firm's standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of bids in the efforts to meet the project goal.

E. Assisting Interested MBE Firms

When appropriate under the circumstances, the decision-maker will consider whether the Bidder/Offeror:

1. made reasonable efforts to assist interested MBE Firms in obtaining the bonding, lines of credit, or insurance required by the procuring agency or the Bidder/Offeror; and
2. made reasonable efforts to assist interested MBE Firms in obtaining necessary equipment, supplies, materials, or related assistance or services.

III. Other Considerations

In making a determination of Good Faith Efforts the decision-maker may consider engineering estimates, catalogue prices, general market availability and availability of certified MBE Firms in the area in which the work is to be performed, other bids or offers and subcontract bids or offers substantiating significant variances between certified MBE and Non-MBE costs of participation, and their impact on the overall cost of the contract to the State and any other relevant factors.

The decision-maker may take into account whether a Bidder/Offeror decided to self-perform subcontract work with its own forces, especially where the self-performed work is Identified Items of Work in the procurement. The decision-maker also may take into account the performance of other Bidders/Offerors in meeting the contract. For example, when the apparent successful Bidder/Offeror fails to meet the contract goal, but others meet it, this reasonably raises the question of whether, with additional reasonable efforts, the apparent successful Bidder/Offeror could have met the goal. If the apparent successful Bidder/Offeror fails to meet the goal, but meets or exceeds the average MBE participation obtained by other Bidders/Offerors, this, when viewed in conjunction with other factors, could be evidence of the apparent successful Bidder/Offeror having made Good Faith Efforts.

IV. Documenting Good Faith Efforts

At a minimum, a Bidder/Offeror seeking a waiver of the MBE Goal(s) or a portion thereof must provide written documentation of its Good Faith Efforts, in accordance with COMAR 21.11.03.11, within 10 Business Days after receiving notice that it is the apparent awardee. The written documentation shall include the following:

A. Items of Work (Complete Good Faith Efforts Documentation Attachment D-1C, Part 1)

A detailed statement of the efforts made to select portions of the work proposed to be performed by certified MBE Firms in order to increase the likelihood of achieving the stated MBE Goal(s).

B. Outreach/Solicitation/Negotiation

1. The record of the Bidder's/Offeror's compliance with the outreach efforts prescribed by COMAR 21.11.03.09C(2)(a). **(Complete Outreach Efforts Compliance Statement – Attachment D-2).**

2. A detailed statement of the efforts made to contact and negotiate with MBE Firms including:

(a) the names, addresses, and telephone numbers of the MBE Firms who were contacted, with the dates and manner of contacts (letter, fax, email, telephone, etc.) **(Complete Good Faith Efforts Attachment D-1C- Part 2, and submit letters, fax cover sheets, emails, etc. documenting solicitations);** and

(b) a description of the information provided to MBE Firms regarding the plans, specifications, and anticipated time schedule for portions of the work to be performed and the means used to provide that information.

C. Rejected MBE Firms (Complete Good Faith Efforts Attachment D-1C, Part 3)

1. For each MBE Firm that the Bidder/Offeror concludes is not acceptable or qualified, a detailed statement of the reasons for the Bidder's/Offeror's conclusion, including the steps taken to verify the capabilities of the MBE and Non-MBE Firms quoting similar work.

2. For each certified MBE Firm that the Bidder/Offeror concludes has provided an excessive or unreasonable price, a detailed statement of the reasons for the Bidder's/Offeror's conclusion, including the quotes received from all MBE and Non-MBE firms bidding on the same or comparable work. **(Include copies of all quotes received.)**

3. A list of MBE Firms contacted but found to be unavailable. This list should be accompanied by an MBE Unavailability Certificate (see **D-1B - Exhibit A** to this Part 1) signed by the MBE contractor or a statement from the bidder/offeror that the MBE contractor refused to sign the MBE Unavailability Certificate.

D. Other Documentation

1. Submit any other documentation requested by the Procurement Officer to ascertain the Bidder's/Offeror's Good Faith Efforts.

2. Submit any other documentation the Bidder/Offeror believes will help the Procurement Officer ascertain its Good Faith Efforts.

Identify those items of work that the Bidder/Offeror made available to MBE Firms. This includes, where appropriate, those items the Bidder/Offeror identified and determined to subdivide into economically feasible units to facilitate the MBE participation. For each item listed, show the anticipated percentage of the total contract amount. It is the Bidder's/Offeror's responsibility to demonstrate that sufficient work to meet the goal was made available to MBE Firms, and the total percentage of the items of work identified for MBE participation equals or exceeds the percentage MBE goal set for the procurement. Note: If the procurement includes a list of Bid/Proposal items identified during the goal setting process as possible items of work for performance by MBE Firms, the Bidder/Offeror should make all of those items of work available to MBE Firms or explain why that item was not made available. If the Bidder/Offeror selects additional items of work to make available to MBE Firms, those additional items should also be included below.

Identify the MBE Firms solicited to provide quotes for the Identified Items of Work made available for MBE participation. Include the name of the MBE Firm solicited, items of work for which bids/quotes were solicited, date and manner of initial and follow-up solicitations, whether the MBE provided a quote, and whether the MBE is being used to meet the MBE participation goal. MBE Firms used to meet the participation goal must be included on the MBE Participation Schedule. Note: If the procurement includes a list of the MBE Firms identified during the goal setting process as potentially available to perform the items of work, the Bidder/Offeror should solicit all of those MBE Firms or explain why a specific MBE was not solicited. If the Bidder/Offeror identifies additional MBE Firms who may be available to perform Identified Items of Work, those additional MBE Firms should also be included below. ATTACHMENT F – FINANCIAL PROPOSAL INSTRUCTIONS

Additional instructions for completing the Financial Proposal will be provided in the Excel workbook labeled Attachment F, Financial Proposal.

In order to assist Offerors in the preparation of their Financial Proposal and to comply with the requirements of this solicitation, Financial Proposal Instructions and a Financial Proposal Form have been prepared. Offerors shall submit their Financial Proposal on the Financial Proposal Form in accordance with the instructions on the Financial Proposal Form and as specified herein. Do not alter the Financial Proposal Form or the Proposal may be determined to be not reasonably susceptible of being selected for award. The Financial Proposal Form is to be signed and dated, where requested, by an individual who is authorized to bind the Offeror to the prices entered on the Financial Proposal Form.

The Financial Proposal Form is used to calculate the Offeror's Total Proposal Price. Follow these instructions carefully when completing your Financial Proposal Form:

- A) All Unit and Extended Prices must be clearly entered in dollars and cents, e.g., \$24.15. Make your decimal points clear and distinct.
- B) All Unit Prices must be the actual price per unit the State will pay for the specific item or service identified in this RFP and may not be contingent on any other factor or condition in any manner.
- C) All calculations shall be rounded to the nearest cent, i.e., .344 shall be .34 and .345 shall be .35.
- D) Any goods or services required through this RFP and proposed by the vendor at **No Cost to the State** must be clearly entered in the Unit Price, if appropriate, and Extended Price with **\$0.00**.
- E) Every blank in every Financial Proposal Form shall be filled in. Any changes or corrections made to the Financial Proposal Form by the Offeror prior to submission shall be initialed and dated.
- F) Except as instructed on the Financial Proposal Form, nothing shall be entered on or attached to the Financial Proposal Form that alters or proposes conditions or contingencies on the prices. Alterations and/or conditions may render the Proposal not reasonably susceptible of being selected for award.
- G) It is imperative that the prices included on the Financial Proposal Form have been entered correctly and calculated accurately by the Offeror and that the respective total prices agree with the entries on the Financial Proposal Form. Any incorrect entries or inaccurate calculations by the Offeror will be treated as provided in COMAR 21.05.03.03E and 21.05.02.12, and may cause the Proposal to be rejected.
- H) If option years are included, Offerors must submit pricing for each option year. Any option to renew will be exercised at the sole discretion of the State and will comply with all terms and conditions in force at the time the option is exercised. If exercised, the option period shall be for a period identified in the RFP at the prices entered in the Financial Proposal Form.
- I) All Financial Proposal prices entered below are to be fully loaded prices that include all costs/expenses associated with the provision of services as required by the RFP. The Financial Proposal price shall include, but is not limited to, all: labor, profit/overhead, general operating, administrative, and all other expenses and costs necessary to perform the work set forth in the solicitation. No other amounts will be paid to the Contractor. If labor rates are requested, those amounts shall be fully-loaded rates; no overtime amounts will be paid.
- J) Unless indicated elsewhere in the RFP, sample amounts used for calculations on the Financial Proposal Form are typically estimates for evaluation purposes only. Unless stated otherwise in the RFP, the Department does not guarantee a minimum or maximum number of units or usage in the performance of this Contract.
- K) Failure to adhere to any of these instructions may result in the Proposal being determined not reasonably susceptible of being selected for award.

- L) The totals from each Offeror's FA 1 and FA 2 Proposals will be **weighted and** added **in the manner described in Section 5.3** to arrive at the Total Proposal Price by which each Offeror's Financial Proposal is evaluated.

ATTACHMENT F – FINANCIAL PROPOSAL FORM

The Financial Proposal Form shall contain all price information in the format specified on these pages. Complete the Financial Proposal Form only as provided in the Financial Proposal Instructions. Do not amend, alter or leave blank any items on the Financial Proposal Form. If option years are included, Offerors must submit pricing for each option year. Failure to adhere to any of these instructions may result in the Proposal being determined not reasonably susceptible of being selected for award.

A Contractor/Subcontractor who reduces the wages paid to an employee based on the employer's contribution to an employee's deferred compensation plan shall not lower the employee's wage rate below the minimum wage as set in Md. Code Ann., Labor and Employment Article, §3-413.
- I. Under Md. (submit with Bid/Proposal)

This document **MUST BE** included with the Bid/Proposal. If the Bidder/Offeror fails to complete and submit this form with the Bid/Proposal, the procurement officer may determine that the Bid is non-responsive or that the Proposal is not reasonably susceptible of being selected for award.

In conjunction with the Bid/Proposal submitted in response to Solicitation No. F10B6400005R, I affirm the following:
